Viewing Current Documentation

To see the most current version of a document, go to this web site:

<http://docs.sun.com/app/docs/prod/sf.x4100>

This web site contains the most recent information. For critical updates to product information, see the product notes or release notes. To verify if a document is more recent than the document that you have, refer to the final two digits of the part number for that document. (For example XXX-XXXX-12 is newer than XXX-XXXX-10.)

Translated versions of some documents might be available at: <http://docs.sun.com>

Select a language from the drop-down list and navigate to the Sun Blade 6048 modular system document collection. Available translations for the Sun Blade 6048 modular system documentation include Simplified Chinese, Traditional Chinese, French, Japanese, and Korean. English documentation is revised more frequently and might be more up-to-date than the translated documentation.
