Preface

This preface includes the following topics:

- [Audience](#)
- [Documentation Accessibility](#)
- [Related Documents](#)
- [Conventions](#)

Audience

This document is intended for users who have a familiarity with and understanding of how each label and icon is used within each of the user interfaces in the Learning Tool.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Part I

Learning Tool Admin Customization

Before deploying Oracle Student Learning (OSL), the Learning Tool (LT) Admin can be customized by updating the labels and icons. For customization purposes, the labels and icons are set in resource bundles. To change labels or icons, the system administrator can modify the resource bundle.

Part I describes the labels, icons, LOVs, and other elements that may be customized within the LT Admin user interfaces (UIs). It includes the following topics:

- [Chapter 1, "Guide to Customizing Labels and Icons for Department Administrators"](#)
- [Chapter 2, "Guide to Customizing Labels and Icons for Department Curriculum Administrators"](#)
- [Chapter 3, "Guide to Customizing Labels and Icons for School Administrators"](#)
- [Chapter 4, "Guide to Customizing Labels and Icons for School Curriculum Administrators"](#)

Guide to Customizing Labels and Icons for Department Administrators

This chapter describes the labels and icons in the **Department Administrator** page, and its attributes. It contains the following topics:

- [Section 1.1, "Home Page"](#)
- [Section 1.2, "Institutions Page"](#)
- [Section 1.3, "People Page"](#)
- [Section 1.4, "Preference Page"](#)

1.1 Home Page

After a department administrator logs in, the LT Admin shows the **Home** page.

1.2.1.2 Edit Institution Group Page

The **Edit Institution Group** page is similar to the **Create Institution Group** page. The only difference is the "Edit Institution Group" label, which is part of the AdminWebBundle.properties file from the INSTGROUP.TEXT.EDIT_INSTITUTION_GROUP attribute.

1.2.1.3 View Institution Group Page

The **View Institution Group** page is similar to the **Create Institution Group** page. The only difference is the "View Institution Group" label, which is part of the AdminWebBundle.properties file from the INSTGROUP.TEXT.VIEW_INSTITUTION_GROUP attribute.

1.2.2 Institutions Page

When a department administrator navigates to the **Institution** tab, the **Search Institution** page is shown. The labels with the same attribute in the properties file are excluded in the following table.

Guide to Customizing Labels and Icons for Department Curriculum Administrators

This chapter describes the labels and icons in the **Department Curriculum Administrator** page, and its attributes. It contains the following topics:

- [Section 2.1, "Home Page"](#)
- [Section 2.2, "Manage Department Curricula"](#)

2.1 Home Page

After a department curriculum administrator logs in, the LT Admin shows the **Home** page. The department curriculum administrator **Home** page is similar to the department administrator **Home** page.

2.2 Manage Department Curricula

When a department curriculum administrator navigates to the **Department Curricula** page, the **Calendar**, **Curriculum Framework**, and **Graded Proficiency Set** tabs are shown.

2.2.1 Manage Calendar

The labels shown in the **Create Calendar** and **Edit** pop up have the same attributes as the **Search Calendar** page.

Guide to Customizing Labels and Icons for School Administrators

Most labels shown in the **Manage School Administrator** page are the same as the **Manage Department Administrator** page. There are some labels that the **Manage Department Administrator** page does not have. The following table shows these differences.

Figure 3–1 *Manage School Administrator*

The screenshot shows the 'Manage School Administrator' page in the OSL Learning Tool Admin interface. The page is divided into two main sections: 'Your Details' and 'Your Roles'.

Your Details:

- Display Name: DANIEL LEARY

Guide to Customizing Labels and Icons for School Curriculum Administrators

Some labels shown in the **Manage School Curriculum Administrator** page are the same as the **Manage Department Curriculum Administrator** page. There are some labels that the **Manage Department Curriculum Administrator** page does not have. The following tables shows the different labels with its corresponding attributes.

4.1 Manage Calendar

When a school curriculum administrator navigates to the **Calendar** tab under **School Curricula** tab, the **Search School Calendar** page is shown.

4.1.1 Search School Calendar Page

Figure 4–1 Search School Calendar

The screenshot shows the 'Search School Calendar' interface. At the top, there are navigation tabs: 'School Curricula' (selected), 'Classes', 'Calendar', 'Curriculum Framework', 'Graded Proficiency Set', 'Course', and 'Offering'. Below these is the 'School Calendars' section, which contains a search form. The search form has a 'Match' section with radio buttons for 'All' (selected) and 'Any'. Below this are four search criteria: 'Calendar Name' (Contains), 'Description' (Contains), 'Start Date' (Between), and 'End Date' (Between). Each criterion has a text input field and a date picker icon. At the bottom right of the search form are 'Search' and 'Reset' buttons. Below the search form is a 'Results' section with a table. The table has columns for 'Calendar Name', 'Start Date', 'End Date', and 'Description'. The table is currently empty, showing 'No results.' Below the table are icons for 'Adopt Department Calendar', 'Create Sub-Calendar', 'Edit Calendar', and 'Delete Calendar'.

When a school curriculum administrator clicks the **View** button, the **View School Graded Proficiency Set** page is shown. Most labels shown in the **View** page are the same as the **Create** page. The only difference is the “View School Graded Proficiency Set” label, which is part of the AdminWebBundle.properties file from the SCHOOLGRADEDPROFSET.TEXT.VIEW_GRADED_PROF_SET attribute.

4.4 Manage Course

When a school curriculum administrator navigates to the **Course** tab, the **Search Course** page is shown.

4.4.1 Search Course

4.4.2 Create Course

When a school curriculum administrator clicks the **Create** button, the **Create Course** page is shown.

Figure 4–10 Create Course

The screenshot shows a web application interface for creating a course. At the top, there are navigation tabs: 'Calendar', 'Curriculum Framework', 'Graded Proficiency Set', 'Course', and 'Offering'. The 'Course' tab is selected. The main content area is titled 'Create Course' and includes two buttons: 'Save and Return' and 'Cancel'. Below the title is a 'Course Details' section with the following fields:

- * Course Name: [Text input field]
- * Course Code: [Text input field]
- * Start Date: [Date picker showing 13 Jan 2012]
- End Date: [Date picker]
- Description: [Text area]

 Below the 'Course Details' section is a 'Selected Tags' section. It features a 'View' dropdown, an 'Add' button with a plus icon, and a 'Remove' button with a minus icon. A table below these buttons has a header 'Tag Name' and a single row containing the text 'No Tags have been added to this Course yet.' At the bottom right of the form, there are 'Save and Return' and 'Cancel' buttons.

When a school curriculum administrator clicks the **Edit** button, the **Edit Course** page is shown. Most labels in the **Edit Course** page are the same as the **Create Course** page. The only difference is the "Edit Course" label in the **Edit Course** page, which is from the COURSE.TEXT.EDIT_COURSE attribute.

In the **View Course** page, the labels are similar to the **Create Course** and **Edit Course** pages. The only difference is the "View Course" label, which is from the COURSE.TEXT.VIEW_COURSE attribute.

When a school curriculum administrator clicks the **Delete** button, the **Delete Course** pop up is shown. This pop up is labeled as "Delete Course" from the COURSE.TEXT.DELETE_COURSE attribute. The delete message is also a part of the AdminWebBundle.properties file from the COURSE.TEXT.DELETE_COURSE_CONFIRM_MSG attribute.

4.5 Manage Offering

When a school curriculum administrator navigates to the **Offering** tab, the **Search Offering** page is shown.

The only difference is the “Edit Offering” label in the **Edit Offering** page, which is from the OFFERING.TEXT.EDIT_OFFERING attribute.

In the **View Offering** page, the labels are similar to the **Create Offering** and **Edit Offering** pages. The only difference is the “View Offering” label, which is from the OFFERING.TEXT.VIEW_OFFERING attribute.

When a school curriculum administrator clicks the **Delete** button, the **Delete Offering** pop up is shown. This pop up is labeled as “Delete Offering” from the OFFERING.TEXT.DELETE_OFFERING attribute. The delete message is also from AdminWebBundle.properties file from the OFFERING.TEXT.DELETE_OFFERING_CONFIRM_MSG attribute.

4.6 Manage Class

When a school curriculum administrator navigates to the **Class** tab, the **Search Class** page is shown.

The delete message is also a part of the AdminWebBundle.properties file from the CLASS.TEXT.DELETE_CLASS_CONFIRM_MSG attribute.

Part II

Learning Tool Customization

Before deploying OSL, the LT can be customized by updating the labels and icons. For customization purposes, the labels and icons are set in resource bundles. To change labels or icons, the system administrator can modify the resource bundle.

Part II describes the labels, icons, LOVs, and other elements that may be customized within the Learning Tool UIs. It includes the following topics:

- [Chapter 5, "Guide to Customizing Labels and Icons for Teachers"](#)
- [Chapter 6, "Guide to Customizing Labels and Icons for Students"](#)
- [Chapter 8, "Guide to Customizing Labels and Icons for Basic Students"](#)

Guide to Customizing Labels and Icons for Teachers

This chapter describes the labels and icons in the Teacher UI of the LT, and its attributes. It contains the following topics:

- Section 5.1, "Global Menu"
- Section 5.2, "Home Area"
- Section 5.3, "Class Area"
- Section 5.4, "Learning Items"
- Section 5.5, "Curriculum Area"
- Section 5.6, "Observation Area"

5.1 Global Menu

After a teacher logs in, the LT shows the **Teachers** page. Every page contains the **Global Menu**.

Figure 5–1 Global Menu

Table 5–1 lists the icons in the **Global Menu**:

Table 5–1 Icons in the Global Menu

5.2 Home Area

When a teacher navigates to the Home area, the Home page is shown.

Figure 5–2 Home Area

The labels are displayed below the icons. [Table 5–3](#) describes the resource file of each label and its corresponding attributes.

5.3 Class Area

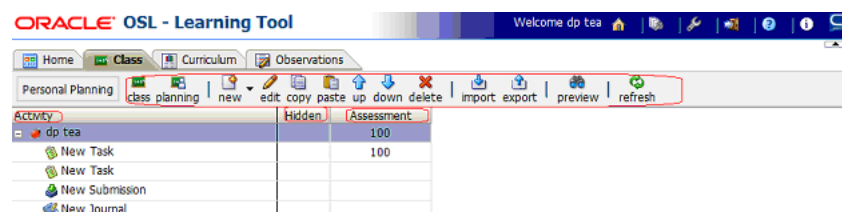

When a teacher navigates to the **Class** area, the **Class** page is shown.

5.3.1 Toolbar

The **Class** tab enables a teacher to prepare a Lesson Plan.

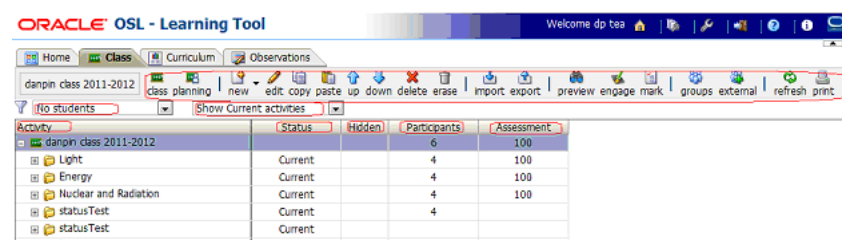

Most of the time, labels and icons are shown together. Some labels use the standard ADF buttons. Every icon has a short description attribute. [Table 5-4](#) describes the corresponding label and icon attributes. [Figure 5-3](#) illustrates the main tool bar for personal planning.

Guide to Customizing Labels and Icons for Parents

The labels and icons shown in the parents' Home, Activities, Curriculum and Observations pages are the same as the student user interface. For information on customizing labels and icons in the parent's user interface, see [Section 6.2](#) to [Section 6.5](#).

Figure 7–1 Parent's Page

The screenshot shows a user interface for a parent's page. At the top, the name "BEETON AARON" is displayed on the left and "ALEXANDER BIANCA" on the right. Below the name is a navigation bar with tabs for "Home", "Activities", "Progress", and "Observations". The "Observations" tab is selected. Below the navigation bar, there are two main sections: "Recent Observations" and "Current Activities".
