ORACLE®

Oracle® SuperCluster M8 and SuperCluster M7 Read This First

This document describes how to access the documentation for SuperCluster M8 and SuperCluster M7.

SuperCluster M8 and SuperCluster M7 Documentation Location

The documentation is available in the online documentation library at https://docs.oracle.com/cd/E58626_01/.

Go to this documentation library to access the most up-to-date information for your system. Download the entire library as a zip file by clicking on the Download Library link.

> **Note -** The SuperCluster M8 and SuperCluster M7 documentation was previously provided as a locally-installed image, in /opt/oracle/node/doc/E58626_01/index.html on the first compute server in the system, but is no longer installed locally on SuperCluster systems.

Reading Order	Document (Available in the Documentation Library)	Description
Documentation to be completed and returned to Oracle before the system can be shipped to your site:		
1.	*Oracle SuperCluster M8 and SuperCluster M7 Site Checklists*	Checklists that you must complete to verify that your site is ready for installation of your system. **Note -** Requires Microsoft Word.
2.	*Oracle SuperCluster M8 and SuperCluster M7 Configuration Worksheets*	Worksheets that you must complete to provide configuration information for your system. **Note -** Requires Microsoft Word.

Additional SuperCluster M8 and SuperCluster M7 documents

Links open the HTML Document.

To access PDF versions, go to the Documentation Library and click the Download link.

3.	*Oracle SuperCluster M8 and SuperCluster M7 Read This First*	(This document) How to locate the SuperCluster M8 and SuperCluster M7 and Exadata Storage Server documentation.
4.	*Oracle SuperCluster M8 and SuperCluster M7 Safety and Compliance Guide*	Safety and compliance information for the system.
5.	*Oracle SuperCluster M8 and SuperCluster M7 Security Guide*	Security guidelines for the system.
6.	*Oracle SuperCluster M8 and SuperCluster M7 Overview Guide*	Hardware and software overview information for the system. Information on PDomain and LDom configurations, and networking requirements.
7.	*Oracle SuperCluster M8 and SuperCluster M7 Installation Guide*	Hardware installation information for the system that is not included in other documents. Detailed cabling information.

Reading Order	Document (Available in the Documentation Library)	Description
8.	*Oracle SuperCluster M8 and SuperCluster M7 Administration Guide*	Software administration information for the system. Pointers to information on administering the operating system, database, domains, Oracle ILOM, Enterprise Manager Ops Center, hardware manager tool, EM Exadata plug-in, and ZFS storage appliance.
9.	*Oracle I/O Domain Administration Guide*	Procedures for creating and administering SuperCluster I/O Domains.
10.	*Oracle SuperCluster M8 and SuperCluster M7 Zones With Oracle Database on Database Domains Configuration Guide*	Describes how to set up zones with Oracle databases in Database Domains.
11.	*Oracle SuperCluster Systems Zones on Application Domains Configuration Guide*	Describes how to set up zones in Application Domains.
12.	*Oracle SuperCluster M7 Upgrade Configuration Worksheets*	Worksheets that you must complete to provide configuration information when upgrading the number of CMIOUs in your system. **Note -** Requires Microsoft Word.

Other relevant documentation is also available in the documentation library.

Oracle Exadata Storage Server Documentation Location

You can view documentation for the storage servers, which are used for the Database Domains, in the Oracle Exadata Storage Server Software section in the SuperCluster M8 and SuperCluster M7 documentation library at `https://docs.oracle.com/cd/E58626_01/`.

You can also view the storage server documentation in this directory on the storage servers that are installed in SuperCluster M8 and SuperCluster M7:

`/opt/oracle/cell/doc`

These documents listed in the Exadata Storage Server Software section apply to the storage servers that are installed in the system:

- *Exadata Storage Server Software Release Notes*
- *Exadata Storage Server Software User's Guide*

All other documents in the `/opt/oracle/cell/doc` directory do *not* apply to SuperCluster M8 and SuperCluster M7 and should not be used with the system.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle recognizes the influence of ethnic and cultural values and is working to remove language from our products and documentation that might be considered insensitive. While doing so, we are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is an ongoing, long-term process.

Product Documentation Library

Documentation and resources for this product and related products are available at https://docs.oracle.com/cd/E58626_01/.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info or visit http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs if you are hearing impaired.
