TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom

a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such

Contributions

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

1.2. "Contributor Version" means the combination of the Original Code, prior Modifications used by a Contributor, and the Modifications made by that particular Contributor.

1.3. "Covered Code" means the Original Code or Modifications or the combination of the Original Code and Modifications, in each case including portions thereof.

1.4. "Electronic Distribution Mechanism" means a mechanism generally accepted in the software development community for the electronic transfer of data.

1.5. "Executable" means Covered Code in any form other than Source Code.

1.6. "Initial Developer" means the individual or entity identified as the Initial Developer in the Source Code notice required by Exhibit A.

1.9. "Modifications" means any addition to or deletion from the substance or structure of either the Original Code or any previous Modifications. When Covered Code is released as a series of files, a

Modification is:

A. Any addition to or deletion from the contents of a file containing Original Code or previous Modifications.

B. Any new file that contains any part of the Original Code or previous Modifications.

1.10. "Original Code" means Source Code of computer software code which is described in the Source Code notice required by Exhibit A as Original Code, and which, at the time of its release under this License is not already Covered Code governed by this License.

1.11. "Source Code" means the preferred form of the Covered Code for making modifications to it, including all modules it contains, plus any associated interface definition files, scripts used to control compilation and installation of an Executable, or a list of source code differential comparisons against either the Original Code or another well known, available Covered Code of the Contributor's choice. The Source Code can be in a compressed or archival form, provided the appropriate decompression or de-archiving software is widely available for no charge.

1.12. "You" means an individual or a legal entity exercising rights under, and complying with all of the terms of, this License or a future version of this License issued under Section 6.1. For legal entities, "You" includes any entity which controls, is controlled by, or is under common control with You. For purposes of this definition, "control" means (a) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (b) ownership of fifty percent (50%) or more of the outstanding shares or beneficial ownership of such entity.

2. Source Code License.

2.1. The Initial Developer Grant.

The Initial Developer hereby grants You a world-wide, royalty-free, non-exclusive license, subject to third party intellectual property claims:

(a) to use, reproduce, modify, display, perform, sublicense and distribute the Original Code (or portions thereof) with or without Modifications, or as part of a Larger Work; and

(b) under patents now or hereafter owned or controlled by Initial Developer, to make, have made, use and sell ("Utilize") the Original Code (or portions thereof), but solely to the extent that

any such patent is reasonably necessary to enable You to Utilize the Original Code (or portions thereof) and not to any greater extent that may be necessary to Utilize further Modifications or combinations.

2.2. Contributor Grant.

Each Contributor hereby grants You a world-wide, royalty-free, non-exclusive license, subject to third party intellectual property claims:

(a) to use, reproduce, modify, display, perform, sublicense and distribute the Modifications created by such Contributor (or portions thereof) either on an unmodified basis, with other Modifications, as Covered Code or as part of a Larger Work; and

(b) under patents now or hereafter owned or controlled by Contributor, to Utilize the Contributor Version (or portions thereof), but solely to the extent that any such patent is reasonably necessary to enable You to Utilize the Contributor Version (or portions thereof), and not to any greater extent that may be necessary to Utilize further Modifications or combinations.

3. Distribution Obligations.

3.1. Application of License.

The Modifications which You create or to which You contribute are governed by the terms of this License, including without limitation Section 2.2. The Source Code version of Covered Code may be distributed only under the terms of this License or a future version of this License released under Section 6.1, and You must include a copy of this License with every copy of the Source Code You distribute. You may not offer or impose any terms on any Source Code version that alters or restricts the applicable version of this License or the recipients' rights hereunder. However, You may include an additional document offering the additional rights described in Section 3.5.

3.2. Availability of Source Code.

Any Modification which You create or to which You contribute must be made available in Source Code form under the terms of this License either on the same media as an Executable version or via an accepted Electronic Distribution Mechanism to anyone to whom you made an Executable version available; and if made available via Electronic Distribution Mechanism, must remain available for at least twelve (12) months after the date it initially became available, or at least six (6) months after a subsequent version of that particular Modification has been made available to such recipients. You are responsible for ensuring that the Source Code version remains available even if the Electronic Distribution Mechanism is maintained by a third party.

3.3. Description of Modifications.

You must cause all Covered Code to which you contribute to contain a file documenting the changes You made to create that Covered Code and the date of any change. You must include a prominent statement that the Modification is derived, directly or

indirectly, from Original Code provided by the Initial Developer and including the name of the Initial Developer in (a) the Source Code, and (b) in any notice in an Executable version or related documentation in which You describe the origin or ownership of the Covered Code.

3.4. Intellectual Property Matters

(a) Third Party Claims.

If You have knowledge that a party claims an intellectual property right in particular functionality or code (or its utilization under this License), you must include a text file with the source code distribution titled "LEGAL" which describes the claim and the party making the claim in sufficient detail that a recipient will know whom to contact. If you obtain such knowledge after You make Your Modification available as described in Section 3.2, You shall promptly modify the LEGAL file in all copies You make available thereafter and shall take other steps (such as notifying appropriate mailing lists or newsgroups) reasonably calculated to inform those who received the Covered Code that new knowledge has been obtained.

(b) Contributor APIs.

If Your Modification is an application programming interface and You own or control patents which are reasonably necessary to implement that API, you must also include this information in the LEGAL file.

3.5. Required Notices.

You must duplicate the notice in Exhibit A in each file of the Source Code, and this License in any documentation for the Source Code, where You describe recipients' rights relating to Covered Code. If You created one or more Modification(s), You may add your name as a Contributor to the notice described in Exhibit A. If it is not possible to put such notice in a particular Source Code file due to its

structure, then you must include such notice in a location (such as a relevant directory file) where a user would be likely to look for such a notice. You may choose to offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Code. However, You may do so only on Your own behalf, and not on behalf of the Initial Developer or any Contributor. You must make it absolutely clear than any such warranty, support, indemnity or

liability obligation is offered by You alone, and You hereby agree to indemnify the Initial Developer and every Contributor for any liability incurred by the Initial Developer or such Contributor as a result of

warranty, support, indemnity or liability terms You offer.

3.6. Distribution of Executable Versions.

You may distribute Covered Code in Executable form only if the requirements of Section 3.1-3.5 have been met for that Covered Code, and if You include a notice stating that the Source Code version of the Covered Code is available under the terms of this License, including a description of how and where You have fulfilled the obligations of Section 3.2. The notice must be conspicuously included in any notice in an Executable version, related documentation or collateral in which You

describe recipients' rights relating to the Covered Code. You may distribute the Executable version of Covered Code under a license of Your choice, which may contain terms different from this License,

provided that You are in compliance with the terms of this License and that the license for the Executable version does not attempt to limit or alter the recipient's rights in the Source Code version from the rights set forth in this License. If You distribute the Executable version under a different license You must make it absolutely clear that any terms which differ from this License are offered by You alone, not by the Initial

Developer or any Contributor. You hereby agree to indemnify the Initial Developer and every Contributor for any liability incurred by the Initial Developer or such Contributor as a result of any such terms You offer.

3.7. Larger Works.

You may create a Larger Work by combining Covered Code with other code not governed by the terms of this License and distribute the Larger Work as a single product. In such a case, You must make sure the requirements of this License are fulfilled for the Covered Code.

4. Inability to Comply Due to Statute or Regulation.

If it is impossible for You to comply with any of the terms of this License with respect to some or all of the Covered Code due to statute or regulation then You must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and the code they affect. Such description must be included in the LEGAL file described in Section 3.4 and must be included with all distributions of the Source Code. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a recipient of ordinary skill to be able to understand it.

5. Application of this License.

This License applies to code to which the Initial Developer has attached the notice in Exhibit A, and to related Covered Code.

6. Versions of the License.

6.1. New Versions.

Floris van den Berg may publish revised and/or new versions of the License from time to time. Each version will be given a distinguishing version number.

6.2. Effect of New Versions.

Once Covered Code has been published under a particular version of the License, You may always continue to use it under the terms of that version. You may also choose to use such Covered Code under the terms of any subsequent version of the License published by Floris van den Berg

No one other than Floris van den Berg has the right to modify the terms applicable to Covered Code created under this License.

6.3. Derivative Works.

If you create or use a modified version of this License (which you may only do in order to apply it to code which is not already Covered Code governed by this License), you must (a) rename Your license so that the phrases "FreelImage", "FreelImage Public License", "FIPL", or any confusingly similar phrase do not appear anywhere in your license and (b) otherwise make it clear that your version of the license contains terms which differ from the FreelImage Public License. (Filling in the name of the Initial Developer, Original Code or Contributor in the notice described in Exhibit A shall not of themselves be deemed to be modifications of this License.)

7. DISCLAIMER OF WARRANTY.

COVERED CODE IS PROVIDED UNDER THIS LICENSE ON AN "AS IS" BASIS, WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED,

INCLUDING, WITHOUT LIMITATION, WARRANTIES THAT THE COVERED CODE IS FREE OF DEFECTS, MERCHANTABLE, FIT FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE COVERED CODE IS WITH YOU. SHOULD ANY COVERED CODE PROVE DEFECTIVE IN ANY RESPECT, YOU (NOT THE INITIAL DEVELOPER OR ANY OTHER CONTRIBUTOR) ASSUME THE COST OF ANY NECESSARY SERVICING, REPAIR OR CORRECTION. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS LICENSE. NO USE OF ANY COVERED CODE IS AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.

8. TERMINATION.

This License and the rights granted hereunder will terminate automatically if You fail to comply with terms herein and fail to cure such breach within 30 days of becoming aware of the breach. All sublicenses to the Covered Code which are properly granted shall survive any termination of this License. Provisions which, by their nature, must remain in effect beyond the termination of this License shall survive.

9. LIMITATION OF LIABILITY.

UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER TORT (INCLUDING NEGLIGENCE), CONTRACT, OR OTHERWISE, SHALL THE INITIAL DEVELOPER, ANY OTHER CONTRIBUTOR, OR ANY DISTRIBUTOR OF COVERED CODE, OR ANY SUPPLIER OF ANY OF SUCH PARTIES, BE LIABLE TO YOU OR ANY OTHER PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES, EVEN IF SUCH PARTY SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY SHALL NOT APPLY TO LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM SUCH PARTY'S NEGLIGENCE TO THE EXTENT APPLICABLE LAW PROHIBITS SUCH LIMITATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THAT EXCLUSION AND LIMITATION MAY NOT APPLY TO YOU.

10. U.S. GOVERNMENT END USERS.

The Covered Code is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire Covered Code with only those rights set forth herein.

11. MISCELLANEOUS.

This License represents the complete agreement concerning subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. This License shall be governed by Dutch law provisions (except to the extent applicable law, if any, provides otherwise), excluding its conflict-of-law provisions. With respect to disputes in which at least one party is a citizen of, or an entity chartered or registered to do business in, the The Netherlands: (a) unless otherwise agreed in writing, all disputes relating to this License (excepting any dispute relating to intellectual property rights) shall be subject to final and binding arbitration, with the losing party paying all costs of arbitration; (b) any

arbitration relating to this Agreement shall be held in Almelo, The Netherlands; and (c) any litigation relating to this Agreement shall be subject to the jurisdiction of the court of Almelo, The Netherlands with the losing party responsible for costs, including without limitation, court costs and reasonable attorneys fees and expenses. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not apply to this License.

12. RESPONSIBILITY FOR CLAIMS.

Except in cases where another Contributor has failed to comply with Section 3.4, You are responsible for damages arising, directly or indirectly, out of Your utilization of rights under this License, based

on the number of copies of Covered Code you made available, the revenues you received from utilizing such rights, and other relevant factors. You agree to work with affected parties to distribute responsibility on an equitable basis.

ComponentOne LLC

End-User License Agreement for ComponentOne Software

IMPORTANT-READ CAREFULLY: This End User License Agreement (this "EULA") contains the terms and conditions regarding your use of the SOFTWARE (as defined below). This EULA contains material limitations to your rights in that regard. You should read this EULA carefully and treat it as valuable property.

I. THIS EULA.

1. Software Covered by this EULA. This EULA governs your use of the ComponentOne, LLC ("C1") software product(s) enclosed or otherwise accompanied herewith (individually and collectively, the "SOFTWARE"). The term "SOFTWARE" includes, to the extent provided by C1: 1) any revisions, updates and/or upgrades thereto; 2) any data, image or executable files, databases, data engines, computer software, or similar items customarily used or distributed with computer software products; 3) anything in any form whatsoever intended to be used with or in conjunction with the SOFTWARE; and 4) any associated media, documentation (including physical, electronic and on-line) and printed materials (the "Documentation").
2. This EULA is a Legally Binding Agreement Between You and C1. If you are acting as an agent of a company or another legal person, such as an officer or other employee acting for your employer, then "you" and "your" mean your principal, the entity or other legal person for whom you are acting. However, importantly, even if you are acting as an agent for another, you may still be personally liable for violation of federal and State laws, such as copyright infringement.

This EULA is a legally binding agreement between you and C1. You intend to be legally bound to this EULA to the same extent as if C1 and you physically signed this EULA. By installing, copying, or otherwise using the SOFTWARE, you agree to be bound by the terms and conditions contained in this EULA. If you do not agree to all of the terms and conditions contained in this EULA, you may not install or use the SOFTWARE. If, for whatever reason, installation has begun or has been completed, you should cancel installation or un-install the SOFTWARE, as the case may be. (You may click on the "exit" button or its equivalent to immediately abort installation.) If you do not agree to all of these terms and conditions, then you must promptly return the SOFTWARE to the place of business from which you obtained it in accordance with any return policies of such place of business. Return policies may vary between or among resellers, and you must comply with your particular reseller's return policies as agreed at the point of purchase. If the place of business from which you purchased the SOFTWARE does not honor a complete refund for a period of thirty (30) days from the date of proof of purchase, then you may return the SOFTWARE directly to C1 for a period of thirty (30) days from the date of your purchase. To return the product directly to C1, you must obtain a C1 Return Authorization Number by contacting C1, and you must forward all items purchased, including the proof of purchase, directly to C1. The return must be postage-prepaid, and post-marked within thirty (30) days from the proof of purchase, time being of the essence. The return option to C1 is only available to the original purchaser of an unopened factory packaged item.

II. YOUR LICENSE TO DEVELOP AND TO DISTRIBUTE.

As provided in more detail below, this EULA grants you two licenses: 1) a license to use the SOFTWARE to develop other software products (the "Development License"); and 2) a license to use and/or distribute the Developed Software (the "Distribution License"). Both of these licenses (individually and collectively, the "Licenses") are explained and defined in more detail below.

1. Definitions. The following terms have the respective meanings as used in this EULA:

"Network Server" means a computer with one or more computer central processing units (CPU's) that operates for the purpose of serving other computers logically or physically connected to it, including, but not limited to, other computers connected to it on an internal network, intranet or the Internet. "Web Server" means a type of Network Server that serves other computers more particularly connected to it over an intranet or the Internet.

"Developed Software" means those computer software products that are developed by or through the use of the SOFTWARE. "Developed Web Server Software" means those Developed Software products that reside logically or physically on at least one Web Server and are operated (meaning the computer software instruction set is carried out) by the Web Server's central processing unit(s) (CPU). "Developed Legacy Software" means those Developed Software products that are not Developed Web Server Software, including, for example, stand-alone applications and applications accessed by a file server only. "Redistributable Files" means the SOFTWARE files or other portions of the SOFTWARE that are provided by C1 and are identified as such in the Documentation for distribution by you with the Developed Software. "Developer" means a human being or any other automated device using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Developer Seat License" means that each Developer using or otherwise accessing the programmatic interface or the SOFTWARE must obtain the right to do so by purchasing a separate End User License. "Network Server CPU License" means that a separate End User License must be purchased for each CPU operating the computer software at issue in the reference.

"Source Code" shall mean computer software code or programs in human readable format, such as a printed listing of such a program written in a high-level computer language. The term "Source Code" includes, but is not limited to, documents and materials in support of the development effort of the SOFTWARE, such as flow charts, pseudo code and program notes.

2. Your Development License. You are hereby granted a limited, royalty-free, non-exclusive right to use the SOFTWARE to design, develop, and test Developed Software, on the express condition that, and only for so long as, you fully comply with all terms and conditions of this EULA.

The SOFTWARE is licensed to you on a Developer Seat License basis.

The Developer Seat License means that you may perform a single install of the SOFTWARE for use in designing, testing and creating Developed Software by a single Developer on a single computer with a single set of input devices, so long as such computer is used only by one Developer. Conversely, you may not install or use the SOFTWARE on a computer that is a network server or a computer at which the SOFTWARE is used by more than one Developer. You may not network the SOFTWARE or any component part of it, where it is or may be used by more than one Developer unless you purchase an additional Development License for each Developer. You must purchase another separate license to the SOFTWARE in order to add additional developer seats, whether the additional developers are accessing the SOFTWARE in a stand-alone environment or on a computer network. If the SOFTWARE is used to create Developed Web Server Software, then you may perform a single install of

the SOFTWARE for use in designing, testing and creating Developed Web Server Software by a single Developer on a single computer or Network Server, either with a single CPU only. An additional Network Server CPU License is required for each additional CPU on the single computer or Network Server, as the case may be, upon which the SOFTWARE and/or the Developed Web Server

Software is installed and a separate license for each separate computer. That is, for Developed Web Server Software, if the computer or Network Server operating the SOFTWARE has 2 CPU's, then you would need to purchase one additional Network Server CPU License (beyond the one Developer Seat License granted in this EULA).

In all cases, you may not use C1's name, logo, or trademarks to market your Developed Software without the express written consent of C1; (b) you must include the following C1 copyright notice in your Developed Software documentation and/or in the "About Box" of your Developed Software, and wherever the copyright/rights notice is located in the Developed Software ("Portions Copyright © ComponentOne, LLC 1991-2002. All Rights Reserved."); (c) agree to indemnify, hold harmless, and defend C1, its suppliers and resellers, from and against any claims or lawsuits, including attorney's fees that may arise from the use or distribution of your Developed Software; (d) you may use the SOFTWARE only to create Developed Software that is significantly different than the SOFTWARE.

3. Your Distribution License.

a. License to Distribute Developed Legacy Software. Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Legacy Software on a royalty-free basis, provided that the Developed Legacy Software incorporates the SOFTWARE as an integral part of the Developed Software in machine-language compiled format (customarily an ".exe", or ".dll", etc.). You may not distribute, bundle, wrap or subclass the SOFTWARE as Developed Software which, when used in a "design time" development environment, exposes the programmatic interface of the SOFTWARE. You may distribute, on a royalty-free basis, Redistributable Files with Developed Legacy Software only.

b. License to Distribute Developed Web Server Software. Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Web Server Software, provided that you must purchase one Network CPU License for each CPU operating the Developed

Web Server Software (and/or Redistributable Files called or otherwise used directly by the Developed Web Server Software). You may purchase an additional Network CPU License by purchasing an additional separate End User License for the SOFTWARE; one Network CPU License is included in this

EULA. Notwithstanding the foregoing, however, you may distribute or transfer, free of royalties, the Redistributable Files (and/or any Developed Legacy Software) to the extent that they are used separately on a single CPU on the client/workstation side of the network served by the Web Server.

4. Specific Product Limitations. Notwithstanding anything in this EULA to the contrary, if the license you have purchased is for any of the following products, then the following additional limitations will apply:

a. ComponentOne Reports for .NET Designer Edition. ComponentOne Reports for .NET Designer Edition includes at least: 1) one dynamic link

library (c1.win.c1reportdesigner.dll) file known as C1ReportDesigner Component, 2) one executable (ReportDesigner.exe) file known as C1ReportDesigner Application and, 3) the Source Code of the C1ReportDesigner Application. The C1ReportDesigner Component is subject to the general terms and restrictions set forth in this EULA. The C1ReportDesigner Application is an executable file used to design and prepare reports; the C1ReportDesigner Application may be distributed, free of royalties, only in conjunction with the Developed Software.

Subject to the terms and conditions in this EULA, C1 hereby grants you the right to use the

C1ReportDesigner Application Source Code. You are hereby also granted the right to modify such Source Code and to create derivative works that are based on the licensed Source Code. You may distribute the derivative works that you develop, solely in object code format and exclusively in conjunction with and/or as a part of the Developed Software. You are expressly not granted the right to distribute, disclose or otherwise make available to any third party the licensed Source Code, any modified version, derivative work, or any portion thereof, in source code format.

C1 shall retain all right, title and interest in and to the licensed Source Code, and all C1 updates, modifications or enhancements thereof. Nothing herein shall be deemed to transfer any ownership or title rights in and to the licensed Source Code from C1 to you.

SOURCE CODE IS LICENSED TO YOU AS IS. C1 DOES NOT AND SHALL NOT PROVIDE YOU WITH ANY TECHNICAL SUPPORT FOR YOUR SOURCE CODE LICENSE.

b. VSVIEW Reporting Edition. VSVIEW Reporting Edition includes at least one executable file listed as "VSRptX.exe" (where X indicates the version number i.e.7,8, etc.), known as "Designer." The file "VSRptX.exe", or any upgrade or future versions of the Designer, are subject to the restrictions set forth in this EULA and may not be distributed with your Developed Software or in any other way.

c. VSForum. VSForum is intended to be installed on a Network Server. C1 grants to you the following rights to the SOFTWARE: a) Installation: You may install one copy of the SOFTWARE on a single Network Server; b) Use: When installed and initialized, the SOFTWARE creates a database file which contains the embodiment of a discussion forum (the database hereinafter referred to as the "Forum"). You may use the SOFTWARE to create one Forum on one Network Server only, which server may be connected at any point to an unlimited number of workstations or computers operating on one or more networks. You are specifically NOT LICENSED to create or operate multiple Forums. To create or to operate more than one FORUM, you must purchase one additional SOFTWARE license for each additional Forum.

d. Doc-to-Help and ComponentOne Natural Search. You may use Doc-To-Help to create online help, manuals or other documentation in electronic or printed format (the "Output Documents"). You may distribute and incorporate in such Output Documents those files identified in the documentation as Redistributable Files. Except for those specific Redistributable Files, you MAY NOT distribute the SOFTWARE, in any format, to others.

e. Studio Products. You may not share the component parts of the Studio Products licensed to you with other Developers, nor may you allow the use and/or installation of such components by other Developers.

f. ComponentOne Response and SOAP Channel. ComponentOne Response is intended to be installed on a Network Server. C1 grants to you the following rights to the SOFTWARE: a) Installation: You may install one copy of the SOFTWARE on a single Network Server; b) Use: When installed and initialized, the SOFTWARE creates a database file which contains the embodiment of a solution knowledge base (the database hereinafter referred to as the "Knowledge Base").

You may use the SOFTWARE to create Knowledge Bases on one Network Server only. To create or to operate Knowledge Bases in more than one Network Server, you must purchase one additional SOFTWARE license for each additional Network Server.

5. Updates/Upgrades; Studio Subscription. Subject to the terms and conditions of this EULA, the Licenses are perpetual. Updates and upgrades to the SOFTWARE may be provided by C1 from time-to-time, and, if so provided by C1, are provided upon the terms and conditions offered at that time by C1 in its sole discretion. C1 may provide updates and upgrades to the SOFTWARE for free or for any charge, at any time or never, and through its chosen manner of access and distribution, all in C1's sole and complete discretion.

C1 licenses certain of its separately-licensed products bundled together in a product suite, called the C1 "Studio" product line (the "Studio Products"). The exact separately-licensed products that are bundled into the Studio Products may change from time-to-time in C1's sole discretion. If the SOFTWARE is identified as a C1 "Studio" product, then the SOFTWARE is one of the Studio Products. The SOFTWARE and the Studio Products are revised from time-to-time (meaning, for example, revised with updates, upgrades and, in the case of Studio products, possibly changes to which specific products are included in the bundle). For you to be entitled to receive any such revisions to the SOFTWARE or the Studio Products, as the case may be, you must have a valid SOFTWARE license or a valid Studio subscription. The original purchaser of the SOFTWARE or of a Studio product receives a one-year subscription from the date of purchase of the SOFTWARE. After one year, the Studio subscription and/or the SOFTWARE license must be renewed to continue to be entitled to receive the SOFTWARE and/or the Studio Products revisions as the case may be.

6. Serial Number. Within the packaging of the SOFTWARE, a unique serial number (the "Serial Number") is included, which allows for the registration of the SOFTWARE. The Serial Number is subject to the restrictions set forth in this EULA and may not be disclosed or distributed either with your Developed Software or in any other way. The disclosure or distribution of the Serial Number shall constitute a breach of this EULA, the effect of which shall be the automatic termination and revocation of all the rights granted herein.
7. Evaluation Copy. If you are using an "evaluation copy" or similar version, specifically designated as such by C1 on its website or otherwise, then the Licenses are limited as follows: a) you are granted a license to use the SOFTWARE for a period of thirty (30) days counted from the day of installation (the "Evaluation Period"); b) upon completion of the Evaluation Period, you shall either i) delete the SOFTWARE from the computer containing the installation, or you may ii) contact C1 or one of its authorized dealers to purchase a license of the SOFTWARE, which is subject to the terms and limitations contained herein; and c) any Developed Software may not be distributed or used for any commercial purpose.

III. INTELLECTUAL PROPERTY.

1. Copyright. You agree that all right, title, and interest in and to the SOFTWARE (including, but not limited to, any images, photographs, animations, video, audio, music, text, and “applets” incorporated into the SOFTWARE), and any copies of the SOFTWARE, and any copyrights and other intellectual properties therein or related thereto are owned exclusively by C1, except to the limited extent that C1 may be the rightful license holder of certain third-party technologies incorporated into the SOFTWARE. The SOFTWARE is protected by copyright laws and international treaty provisions. The SOFTWARE is licensed to you, not sold to you. C1 reserves all rights not otherwise expressly and specifically granted to you in this EULA.
2. Backups. You may either: (a) copy the SOFTWARE solely for backup or archival purposes; or (b) install the SOFTWARE on a single computer, provided you keep the original solely for backup or archival purposes. Notwithstanding the foregoing, you may not copy the Documentation.
3. General Limitations. You may not reverse engineer, decompile, or disassemble the SOFTWARE, except and only to the extent that applicable law expressly permits such activity notwithstanding this limitation.
4. Software Transfers. You may not rent or lease the SOFTWARE. You may transfer the SOFTWARE to another computer, provided that it is completely removed from the computer from which it was transferred. You may permanently transfer all of your rights under the EULA, provided that you retain no copies, that you transfer all the SOFTWARE (including all component parts, the media and printed materials, any dates, upgrades, this EULA and, if applicable, the Certificate of Authenticity), and that the recipient agrees to the terms and conditions of this EULA as provided herein. If the SOFTWARE is an update or upgrade, any transfer must include all prior versions of the SOFTWARE.
5. Termination. Without prejudice to any other rights it may have, C1 may terminate this EULA and the Licenses if you fail to comply with the terms and conditions contained herein. In such an event, you must destroy all copies of the SOFTWARE and all of its component parts.
6. Export Restrictions. You acknowledge that the SOFTWARE is of U.S. origin. You acknowledge that the license and distribution of the SOFTWARE is subject to the export control laws and regulations of the United States of America, and any amendments thereof, which restrict exports and re-exports of software, technical data, and direct products of technical data, including services and Developed Software. You agree that you will not export or re-export the SOFTWARE or any Developed Software, or any information, documentation and/or printed materials related thereto, directly or indirectly, without first obtaining permission to do so as required from the United States of America Department of Commerce's Bureau of Export Administration ("BXA"), or other appropriate governmental agencies, to any countries, end-users, or for any end-uses that are restricted by U.S. export laws and regulations, and any amendments thereof, which include, but are not limited to, the following:

Restricted Countries: Restricted Countries currently include, but are not necessarily limited to Cuba, Iran, Iraq, Libya, Montenegro, North Korea, Serbia, Sudan, and Syria.

Restricted End-Users: Any End-User whom you know or have reason to know will use SOFTWARE or Developed Software in the design, development, or production of missiles and missile technology, nuclear weapons and weapons technology, or chemical and biological weapons. Any national of any of the Restricted Countries, wherever located, who

intends to transmit or transport the SOFTWARE or Developed Software to one of the Restricted Countries.

Restricted End-Uses: Any use of SOFTWARE and Developed Software related to the design, development, or production of missiles and missile technology, nuclear weapons and weapons technology, or chemical and biological weapons.

These restrictions change from time to time. You represent and warrant that neither the BXA nor any other United States federal agency has suspended, revoked or denied your export privileges. C1 acknowledges that it shall use reasonable efforts to supply you with all reasonably necessary information regarding the SOFTWARE and its business to enable you to fully comply with the provisions of this Section. If you have any questions regarding your obligations under United States of America export regulations, you should contact the Bureau of Export Administration, United States Department of Commerce, Exporter Counseling Division, Washington DC. U.S.A. (202) 482-4811, <http://www.bxa.doc.gov>.

7. U.S. Government Restricted Rights. The SOFTWARE and documentation are provided with RESTRICTED RIGHTS. For solicitations issued before December 1, 1995, by the United States of America, its agencies and/or instrumentalities (the "Government"), other than the Department of Defense, the use, duplication or disclosure of the software and documentation provided to the Government under this EULA shall be subject to the RESTRICTED RIGHTS as set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software - Restricted Rights clause at 48 CFR ch.1 52.227-19. For solicitations issued before September 29, 1995, by the Department of Defense, the use, duplication or disclosure of the software and documentation provided under this EULA shall be subject to the RESTRICTED RIGHTS as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at 48 CFR ch.2 252.227-7013. You will comply with any requirements of the Government to obtain such RESTRICTED RIGHTS protection, including without limitation, the placement of any restrictive legends on the SOFTWARE, and any license agreement used in connection with the distribution of the SOFTWARE. Manufacturer is ComponentOne, LLC, 4516 Henry Street, Suite 501, Pittsburgh, Pennsylvania 15213 USA. For solicitations issued by the Government on or after December 1, 1995 and the Department of Defense on or after September 29, 1995, the only rights provided in the software and documentation provided herein shall be those contained in this EULA. Under no circumstances shall C1 be obligated to comply with any Governmental requirements regarding the submission of or the request for exemption from submission of cost or pricing data or cost accounting requirements. For any distribution of the SOFTWARE that would require compliance by C1 with the Government's requirements relating to cost or pricing data or cost accounting requirements, you must obtain an appropriate waiver or exemption from such requirements for the benefit of C1 from the appropriate Government authority before the distribution and/or license of the SOFTWARE to the Government.

IV. WARRANTIES AND REMEDIES.

1. Limited Warranty. C1 warrants that the original media, if any, are free from defects for ninety (90) days from the date of delivery of the SOFTWARE. EXCEPT AS OTHERWISE PROVIDED IN THE PRECEDING SENTENCE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW,

C1 EXPRESSLY DISCLAIMS ANY WARRANTY FOR THE SOFTWARE, DOCUMENTATION AND ANYTHING ELSE PROVIDED BY C1 HEREBY AND C1 PROVIDES THE SAME IN "AS IS" CONDITION WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK ARISING OUT OF USE OR PERFORMANCE OF THE SOFTWARE AND DOCUMENTATION REMAINS WITH YOU. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHERS WHICH VARY FROM STATE TO STATE.

2. Limited Remedy. C1's entire liability and your exclusive remedy under this EULA shall be, at C1's sole option, either (a) return of the price paid for the SOFTWARE; (b) repair the SOFTWARE through updates distributed online or otherwise in C1's discretion; or (c) replace the SOFTWARE with SOFTWARE that substantially performs as described in the SOFTWARE documentation, provided that you return the SOFTWARE in the same manner as provided in Section 1.2 for return of the SOFTWARE for non-acceptance of this EULA. Any media for any repaired or replacement SOFTWARE will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. THESE REMEDIES ARE NOT AVAILABLE OUTSIDE OF THE UNITED STATES OF AMERICA. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL C1 BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFIT, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE, EVEN IF C1 HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES/JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES IN CERTAIN CASES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. V. MISCELLANEOUS.

1. This is the Entire Agreement. This EULA (including any addendum or amendment to this EULA included with the SOFTWARE) is the final, complete and exclusive statement of the entire agreement between you and C1 relating to the SOFTWARE. This EULA supersedes any prior and contemporaneous proposals, purchase orders, advertisements, and all other communications in relation to the subject matter of this EULA, whether oral or written. No terms or conditions, other than those contained in this EULA, and no other understanding or agreement which in any way modifies these terms and conditions, shall be binding upon the parties unless entered into in writing executed between the parties, or by other non-oral manner of agreement whereby the parties objectively and definitively act in a manner to be bound (such as by continuing with an installation of the SOFTWARE, "clicking-through" a questionnaire, etc.) Employees, agents and other representatives of C1 are not permitted to orally modify this EULA.

2. You Indemnify C1. You agree to indemnify, hold harmless, and defend C1 and its suppliers and resellers from and against any and all claims or lawsuits, including attorney's fees, which arise out of or result from your breach of any of the terms and conditions of this EULA.
3. Interpretation of this EULA. If for any reason a court of competent jurisdiction finds any provision of this EULA, or any portion thereof, to be unenforceable, that provision of this EULA will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this EULA will continue in full force and effect. Formatives of defined terms shall have the same meaning of the defined term. Failure by either party to enforce any provision of this EULA will not be deemed a waiver of future enforcement of that or any other provision. Except as otherwise required or superseded by law, this EULA is governed by the laws of the Commonwealth of Pennsylvania, without regard to its conflict of laws principles. The parties consent to the personal jurisdiction and venue of the Commonwealth of Pennsylvania, in the County of Allegheny, and agree that any legal proceedings arising out of this EULA shall be conducted solely in such Commonwealth. If the SOFTWARE was acquired outside the United States, then local law may apply.

CryptoSys (tm) API Developer Licence Agreement

This is a legal document. Please read these terms carefully before installing the Software as installation or use will indicate your acceptance to all of the terms of this licence agreement.

IF YOU DO NOT AGREE TO THE TERMS, DO NOT INSTALL OR USE THE SOFTWARE.

D.I. Management Services Pty Limited ABN 78 083 210 584 ("the Author") is willing to license the enclosed 'CryptoSys API' software and documentation ("the Software") to you only upon the condition that you accept all of the terms contained in this licence agreement.

The Author hereby grants you a single non-exclusive, non-transferable licence to use the Software as a developer tool in accordance with these terms.

The Software is a development tool that provides a programming interface to cryptographic functions. You may not use the Software to develop another similar cryptographic programming interface or as a component of one.

Provided your application's main purpose is not merely providing a programming interface to the cryptographic functions, you may include the main executable DLL either as part of your own applications for installation on your client's computers or in your own in-house applications. Only the main executable DLL may be distributed to others or used as part of in-house applications, and it must be

distributed as an integral part of your own application, not separately. There is no limit on the number of end users you may distribute it to in this manner.

This licence permits you to use the Software as a developer tool by one (1) developer on one (1) computer only. Use as a developer tool on more than one computer or by more than one developer requires the purchase of separate licence for each separate computer or developer.

This licence is issued only to the original purchaser of the Software and cannot be transferred or assigned.

The Software and related documentation may not be reproduced or distributed separately by any means. You are not permitted to copy, sell, rent, lease, sub-licence or lend the Software to any third parties except under the terms of this licence.

You must keep your licence ID number confidential and must not divulge it to or make it available to any third party.

The copyright in and title to all intellectual property rights in the Software and related documentation remain with the Author at all times.

Without prejudice to any other rights, the Author may terminate this licence if you do not observe its terms and conditions. In such an event, you must destroy all copies of the Software.

The Author makes no representations concerning either the merchantability of the Software or its suitability for any particular purpose. It is provided "as is" without express or implied warranty of any kind. Because of the various hardware and software environments into which software may be put, no warranty of fitness for a particular purpose is offered. Good data processing procedure dictates that any software be thoroughly tested with non-critical data before relying on it.

In no event shall the Author be liable for any damages in connection with or arising out of the use of the Software by any person whatsoever, including incidental, indirect, special or consequential damages, or any damages related to loss of use, revenue or profits, even if the Author has been advised of the possibility of such damages. By using the Software you expressly agree to such a waiver.

This licence shall be governed and interpreted by the laws of the State of New South Wales, Australia, without regard to your choice of legal jurisdiction and you expressly agree that the venue for resolution of disputes, if any, arising out of this licence or the

performance of the Software, shall be in New South Wales.

Unlicensed / evaluation versions of this control can be installed without limitation and redistributed as long as the contents of the original installation package are not altered in any way.

RESTRICTIONS ON USE

You may make a reasonable number of copies of the Software solely for backup and recovery purposes. Any such copies shall in all respects be subject to the terms and conditions of this Agreement.

You shall not make copies of the Software additional to those expressly permitted in this Licence Agreement.

You shall not copy any written documentation accompanying the Software.

You shall not remove or obscure any copyright and trademark notices or other proprietary notices relating to the Software.

You are not permitted to reverse engineer, disassemble or de-compile the Software. You may not modify, adapt, translate, rent, resell or create similar software based on it. You shall not use the Software in any way other than in a manner specifically licensed under this Agreement.

INTELLECTUAL PROPERTY RIGHTS

The copyright, patents, trade marks and all other intellectual property rights in the Software and related documentation are owned by and remain the property of Connetica Software or its suppliers and are protected by national laws and international treaty provisions. You do not obtain any rights in the Software other than those expressly granted in this Agreement.

TERMINATION

This Agreement is effective until terminated. This Agreement will terminate automatically if you fail to comply with any provision of this Agreement. Upon notice of termination from Connetica Software you shall destroy the documentation and all copies of the Software promptly.

UPDATE POLICY

Connetica Software may create, from time to time, updated versions of the Software. Connetica Software will make any such updated versions available to licensees at the discretion of Connetica Software. If you acquire an updated version of the Software then all copies of the previous version must be destroyed and not used, except for one copy which may be retained solely for archival purposes.

WARRANTY

Subject to the limitations upon its liability, Connetica Software warrants that:

for a period of 90 days from you purchasing the Software, it will materially conform to the electronic documentation provided with it; and

with respect to any physical diskette(s), the same shall be free from defects in materials and workmanship for a period of 90 days from purchase.

In the event of notification within the warranty period, Connetica Software shall replace the defective Software and/or diskette(s). Your remedy for breach of the warranties shall be limited to replacement of the defective materials and shall not encompass any other damages.

Save as stated herein, Connetica Software expressly disclaims all other conditions, warranties, terms and undertakings, expressed or implied, statutory or otherwise, relating to the Software and related documentation or technical support including but not limited to warranties of quality, performance, satisfactory quality or fitness for a particular purpose.

LIMITATION OF LIABILITY

Nothing in this Agreement shall limit Connetica Software's liability for:

fraud or other criminal act;

personal injury or death caused by our negligence;

any other liability that cannot be excluded by law.

Connetica Software accepts no liability for any indirect or consequential loss or damage, or for any loss of data, profit, revenue, anticipated savings or business, however caused and even if foreseeable or made known to Visual Software.

Connetica Software's maximum liability to you for any cause whatsoever will be limited to the amount paid for the Software.

SEVERABILITY

If a Court or other competent authority decides that any provision of this Agreement is void or otherwise ineffective in whole or in part then any other part and the other terms and conditions of this Agreement shall continue in full force and effect.

THIRD PARTY RIGHTS

The parties do not intend that any term of this Agreement shall be enforceable solely by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person who is not a party to this Agreement.

ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the parties with respect to the subject matter of this Agreement and supersedes all previous agreements, arrangements or undertakings between the parties relating to the subject matter of this Agreement and any representations or warranties previously given or made to it.

ASSIGNMENT

You may not assign this Agreement nor any of its rights or obligations hereunder nor sub-license the use (in whole or in part) of the Software without Connetica Software's prior consent.

NOTICES

All notices shall be given:

To Connetica Software via e-mail at support@connetica.co.uk;

to you at either the e-mail or postal address you provide during any ordering process.

Notice will be deemed received when an e-mail is received in full (or else on the next business day if it is received on a weekend or a public holiday in the place of receipt) or 3 days after the date of posting.

GOVERNING LAW

This Agreement is governed by and interpreted in accordance with English law. Any disputes or claims relating to this Agreement shall be subject to the exclusive jurisdiction of the English Courts.

The use of this product constitutes your acceptance of the following terms and conditions and your Agreement to abide by them.

This is a legal Agreement between you, the end user, and devSoft Inc. By using this package, you are agreeing to be bound by the terms of this Agreement.

You, the single developer, are granted a nonexclusive license to use this software under the terms stated in this Agreement. This license allows you to use this software in your design environment as well as distribute executables that use it as a runtime component. There are no royalties, or runtime fees for such distribution, nor any other limitations on the distribution of your applications. We do however require that runtime components developed by devSoft Inc. be distributed in their original format, without any changes or modifications of any kind.

You may only install one registered copy of this software in a single workstation at any time. Use of a registered copy in more than one workstation is against the terms of this licensing Agreement. In particular, you are specifically prohibited from distributing a registered version of this software except as a runtime component of one of your applications.

You may not rent or lease the software, but you may transfer it on a permanent basis if the person receiving it agrees to the terms of the Agreement. If the software is an update, any transfer must include the update and all prior versions.

THE SOFTWARE AND ACCOMPANYING DOCUMENTATION ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY YOU.

devSoft Inc. will not be liable for any special, incidental, consequential, indirect or similar damages due to the loss of data, loss of business profits, business interruption or any other reason arising from the use of this software. In no event shall devSoft Inc.'s liability for any damages ever exceed the price paid for the license to use the software, regardless of the form of the claim. Because some states do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

If any provision of this Agreement is found void, invalid or unenforceable, it will not affect the validity of the balance of this Agreement, which shall remain valid and enforceable according to its terms.

Should you have any questions concerning this Agreement please contact devSoft Inc., P. O. Box 13821, RTP, NC 27709. or via e-mail at: sales@dev-soft.com

Pegasus Imaging Corporation

SmartScan Xpress ICR/OCR/OMR License Agreement

Pegasus Imaging Corporation SOFTWARE LICENSE AGREEMENT

GRANT OF LICENSE. This Pegasus Imaging Corporation, ("PEGASUS") Agreement ("License") permits Licensee ("LICENSEE") the right to use one copy of a properly registered Pegasus Development Toolkit ("TOOLKIT") for development purposes on any single computer, provided the TOOLKIT is in use on only one computer at any time. TOOLKIT is "in-use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into the permanent memory (i.e. hard disk, CD-ROM, or other storage device) of that computer.

REDISTRIBUTION OF THE TOOLKIT RUNTIMES. PEGASUS does not grant any runtime licenses with the TOOLKIT purchase, except by specific exemptions described on our licensing web pages. For Runtime Licensing information, please visit our website (<http://www.pegasusimaging.com/licensing.htm>), or contact our sales staff. Any rights to distribute TOOLKIT runtimes as part of the LICENSEE's software application or derivative works ("PRODUCT"), require you to acknowledge and uphold this License Agreement and agree to notify PEGASUS immediately of any changes in status or violations. In cases where PEGASUS grants the LICENSEE a right to use, reproduce, display or otherwise distribute or transfer copies of TOOLKIT runtimes, LICENSEE agrees and affirms the following:

- a. LICENSEE is not using PEGASUS' name, logo, or trademarks to market PRODUCT without prior written approval of PEGASUS.
- b. LICENSEE agrees to indemnify, hold harmless, and defend PEGASUS from and against any claims or lawsuits, including attorney's fees, that arise or result from the use or distribution of PRODUCT.
- c. Only the TOOLKIT runtimes can be distributed. Distribution of the TOOLKIT development kit, documentation, source code, or the distribution unlock codes, is a violation of this agreement.
- d. LICENSEE includes a statement substantially similar to the following within derivative work's documentation and about box: "This product contains portions of imaging code owned by Pegasus Imaging Corporation, Tampa, FL, (www.pegasusimaging.com). ALL RIGHTS RESERVED."

If ANY of the above terms are not applicable to LICENSEE's situation, or any of the above cannot be complied with, or LICENSEE needs modifications to this license, for any reason; then LICENSEE shall obtain an expanded direct license from PEGASUS for derivative works, (available by phone at: 813-875-7575, x321, by e-mail at: sales@jpg.com or by fax at: 813-875-7705).

PEGASUS reserves the right to charge the LICENSEE up to ten times the normal license price for the use of each unlicensed copy of PRODUCT. The license granted herein and all of your rights to use or maintain possession of TOOLKIT shall terminate immediately upon breach of any material provisions of this Agreement.

This license grants rights to LICENSEE for only the PEGASUS code (TOOLKIT) mentioned above and does not convey any other rights of use or distribution to PEGASUS technology.

COPYRIGHT. The Software is owned by PEGASUS or Pegasus Imaging Corporation and is protected by United States copyright laws and international treaty provisions. LICENSEE may not remove or alter the copyright notice from any copy of the Software or any copy of the written materials, accompanying the Software.

OTHER RESTRICTIONS. This PEGASUS License Agreement is LICENSEE's proof of license to exercise the rights granted herein and must be retained by LICENSEE. LICENSEE may not rent, lease or transfer TOOLKIT or parts thereof. LICENSEE may not reverse engineer, decompile or disassemble TOOLKIT.

NO WARRANTY. ANY USE BY LICENSEE OF THE SOFTWARE IS AT THE LICENSEE'S OWN RISK. THE SOFTWARE IS PROVIDED FOR USE ONLY WITH WINDOWS PRODUCTS AND RELATED APPLICATION SOFTWARE AND/OR HARDWARE PRODUCTS. THE SOFTWARE IS PROVIDED FOR USE "AS IS" WITHOUT WARRANTY OF ANY KIND.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, PEGASUS DISCLAIMS ALL WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. PEGASUS IS NOT OBLIGATED TO PROVIDE ANY UPDATES TO THE SOFTWARE.

NO LIABILITY FOR CONSEQUENTIAL DAMAGES. In no event shall PEGASUS be liable for any damages whatsoever (including, without limitation, incidental, direct, indirect and consequential damages, damages for loss of business profits, business interruption, loss of business information, or other pecuniary loss) arising out of the use or inability to use this PEGASUS product, even if PEGASUS has been advised of the possibility of such damages. Because some states/countries do not allow the exclusion

or limitation of liability for consequential or incidental damages, the above limitation may not apply to LICENSEE.

INDEMNIFICATION BY LICENSEE. If LICENSEE distributes TOOLKIT in violation of this Agreement, LICENSEE agrees to indemnify, hold harmless and defend PEGASUS and its suppliers from and against any claims or lawsuits, including attorney's fees that arise or result from the use or distribution of TOOLKIT in violation of this Agreement.

This Agreement is governed by the laws of the State of Florida. The program and data contained in this TOOLKIT Product are provided with Restricted Rights. Use, duplication, or disclosure by the U.S. Government is subject to restrictions as set forth in FAR 52.227-14 (Alternate III) or subparagraph (c)(1)(II) of the rights in technical data and computer software clause at 252.227-7013. Manufacturer is Pegasus Imaging Corporation, 4001 Riverside Drive, Tampa, FL 33603.

The foregoing license is subject to the following conditions: (i) Xceed shall retain all rights, title and interest in and to all corrections, modifications and derivative works of the Source Code created by Licensee, including all copyrights subsisting therein, to the extent such corrections, modifications or derivative works contain copyrightable code or expression derived from the Source Code; (ii) Licensee may not distribute or disclose the Source Code, or any portions or modifications or derivative works thereof, to any third party, in source code form; (iii) Licensee acknowledges that the Source Code contains valuable and proprietary trade secrets of Xceed, and agrees to expend every effort to insure its confidentiality; (iv) Under no circumstances may the Source Code be used, in whole or in part, as the basis for creating a product that provides the same, or substantially the same, functionality as any Xceed product; (v) If Licensee distributes a compiled version of the modified Source Code or portions thereof, Licensee must distribute it in accordance with the conditions listed in section 3 ("GRANT OF DUPLICATION AND DISTRIBUTION LICENSE") regarding the distribution of Redistributable Files; and (vi) Licensee will not request technical support or error corrections from Xceed on issues arising out of any modifications of the Source Code.
