1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

3. Education Loan Application

An education loan is a loan that is provided to students to help them cover the cost of their education and associated costs such as tuition, supplies, cost of living, etc.

The education loan application has been built so as to capture information of the loan and course being applied for as well as basic personal and parent/guardian information of the applicant. In cases where the applicant has identified that he/she is currently employed, the application form will also consist of sections in which the applicant can define his/her employment and financial information.

The application form is OCR (Optical Character Recognition) enabled so as to save the prospect applicant's time and effort in filling out the application form. At present, only the personal information section gets prefilled with information fetched through OCR based on the document uploaded.

Online KYC of the prospect can also be conducted by means of liveliness check or through integration with third party identity verification service providers.

If online KYC through liveliness check is enabled for the product application, the applicant will be provided with the option to initiate a video call with a bank executive. The applicant will be required to first upload images of the identification document he/she wishes to submit for online KYC. The bank executive in turn, will verify, by means of the video call, that the photograph as per the ID provided is truly that of the applicant's.

If online KYC through ID verification is enabled, the prospect will be required to define his/her Identification number along with other basic personal information such as name and date of birth so as to enable the bank to conduct online KYC of the applicant.

In both cases, once the applicant's identity is verified successfully, he/she will be able to proceed with the application form. The personal information section will also be prefilled with information as fetched on the basis of the identification provided.

Existing digital banking customers can simply provide their online banking credentials to have the personal information section of the form prefilled with information as maintained with the bank.

Additional features that have been built into the application are enabling google map integration for capture of addresses, QR code scan enablement to continue applications on mobile devices, etc.

The application tracker has been built so as to enable tracking of the application once it has been submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved. Additionally, the applicant can view documents that have been uploaded as part of the application form and can also view details as defined in the application form in PDF format.

Note: The following is applicable for this release:

1) Only USA Driver's License is supported for OCR.

2) When the host is OFLO, it is mandatory for the student i.e. the applicant to be currently employed. The condition where in, if the student is not employed, details of the parent/guardian will be required, is not supported with OFLO as the host.

Following are the steps involved in the application submission:

 Product Selection: All the products belonging to the selected product category will be listed here. Each product will be listed as a separate card which will display the name and image of the product along with a short description, features and the options to view further details, or

to apply for the product. The additional option to select the product so as to compare it with others within the same category will also be provided on each card. You can select a maximum of three products for comparison.

- **Disclaimer (Modal Window):** This modal window will contain the list of terms and conditions that need to be met in order to apply for the product selected. Additionally the option by which you can specify whether you are currently employed or not will also be provided on this window. The sections of the application form will be defined based on you selection i.e. if you identify that you are currently employed the application form will, in addition to other sections, also contain sections to capture your employment and financial information. This window will appear only for prospects (i.e. after the applicant selects the option **Continue as guest** on the kick off page) when the host is OFLO, and there will be no option to select whether the applicant is currently employed or not. Instead, a disclaimer stating that the applicant is currently employed will be displayed as part of the terms.
- Kick Off: This page serves as an introduction to the application form. The various steps involved in an application are displayed on this page. In case of education loans, a modal window containing disclaimers as well as an option for you to identify your current employment status, is displayed before the kick off page. The steps of the application form will be determined by the option selected on this modal window, i.e. if you have indicated that you are currently employed, the application form will, in addition to other sections, also contain the Employment and Financial Profile sections. You can also view the documents required to be uploaded as part of the application. As an applicant, you can identify how you are going to proceed with the application. If you are a new/unregistered user, you can continue as a guest, or if you are an existing online banking customer you can login with your online banking credentials to have your information pre-populated in the application.
- **Mobile Verification:** This step is applicable if you are filling out the application as a new/unregistered user. You will be instructed to enter your mobile number, after which the system will identify whether your mobile number is already registered with the bank or not. You will then be required to enter the OTP sent to this mobile number in order to proceed with the application form.
- Liveliness Check: This step will be enabled if it is configured for the product category you have applied for and is applicable only to new/unregistered users. You will be provided with the option to initiate a video call with a bank executive who will verify your identity and will also undertake liveliness checks. In order to enable the bank executive to verify your identity, you will be required to first upload images of an ID document that contains your most recent photograph. On completion of this step, if the bank executive has successful verified your identity and conducted other checks, you will be able to proceed with the application form. Your personal information will be prepopulated on the basis of the information defined in your ID document.
- **Upload Documents**: At this step, you will be required to upload the supporting documents that can serve as proof of identity, address proof, etc. If you are a new/unregistered user, you will be able to upload a document so as to have your personal information prepopulated on the basis of the information defined in this document.
- **ID Verification:** This step will be enabled if it is configured for the product category you have applied for and is applicable only to new/unregistered users. You can select an ID that you would like to provide for verification and can enter the ID number in the provided input field. You will be sent an OTP to the mobile number defined against your ID. Your ID will be verified once you have entered the correct OTP in the provided field. Subsequently, your information, as fetched from the third party service providers on the basis of Identification provided, will be pre-populated in the personal information section.
- Personal Information This section captures information pertaining to your personal information which will include your full name, date of birth, address details, etc. In case ID verification, Liveliness Check or OCR are enabled, the details are pre-populated based on

either the ID number (in case of ID Verification) or uploaded document (in the case of Liveliness Check and OCR). In case of OCR, information will be prepopulated in editable mode. In case of information populated through ID verification or Liveliness Check, information will not be editable.

If you are an existing online banking customer, the information in this section will be prepopulated on the basis of your details as registered with the bank. Modification of personal information is not allowed for existing online banking customers.

- **Course & Loan Requirements** In this section you are required to specify information pertaining to your course and loan requirements.
- Employment Information You can provide information pertaining to your employment, in this step. In addition to defining information of your primary employment, you can also furnish past employment details and/or other current employment details. This step will be part of the application form only if you have identified that you are currently employed by selecting the provided option on the disclaimer modal window.
- Financial Profile In this section, you can furnish details pertaining to your Income, Expense, Assets and Liabilities. This step will be part of the application form only if you have identified that you are currently employed by selecting the provided option on the disclaimer modal window.
- Parent & Guardian Information In this section you can provide basic information about your parent/guardian. If your parent/guardian is an existing customer of the bank, you can specify your parent/guardian's customer ID. This section will not be part of the application form when the host is OFLO.
- Review and Submit Once you have filled out all the information required in the education loan application form, you will be displayed this information on the review page. You can verify the details provided and if required, can edit the information in any sections by selecting the option provided against each section.
- **Terms of Service** On having reviewed the application, you can then proceed to view the terms and conditions of the education loan you are applying for. You can also add a digital signature by means of uploading a document containing your signature or by physically signing the provided space if you are filling out the application from a touchscreen device.
- Confirmation Once you have submitted your application after having reviewed it and having
 accepted the terms and conditions, a confirmation page will be displayed. This page will
 display a success message along with the application reference number. You can track your
 application on the basis of this reference number. Additionally, this page will also contain a
 button, by clicking on which you can navigate to the application tracker.

Apart from the **Review and Submit** and **Confirmation** steps, the sequence of the remaining steps may vary based on the configuration maintained for the product applications, by the bank.

3.6 Mobile Verification

This step is applicable only for prospect/guest customers and appears if you have selected the **Continue as guest** option on the Kick Off page. This check is used to register guest customers so that they can track submitted applications and also retrieve applications that were abandoned before submission. This check is also used to identify whether the applicant is truly a new customer of if he/she is already an existing customer of the bank. Additionally, the system is able to identify if there are any existing applications in draft mode for the mobile number defined and can provide applicants with the option to continue with those applications if they wish to do so.

Once the mobile verification process is completed, the auto save capability of the application is enabled. Any entry/changes you make to the application form will get saved automatically.

3.7 Liveliness Check

If liveliness check is enabled for the product application, you will be provided with the option to have your KYC verified through liveliness check. If you opt to go through with liveliness check, you will be required to first upload images of an ID proof document. Once you have uploaded these images, you will be placed in a video call with a bank executive who will verify whether the identity proof you have provided is valid or not. The bank executive will also conduct other checks that comprise of liveliness check and will proceed to provide either positive or negative feedback. If the bank executive has approved the liveliness check, you will be able to proceed with the application form and your personal information section will be prefilled with data as fetched from the ID proof that you have provided as part of this step. However, if the feedback is negative, you will be informed of the same and the bank will conduct your KYC check manually. You will still be allowed to proceed with the application form. However, your personal information section will not be prefilled with information and you will be required to enter all information manually.

3.18 Existing User

An application form being initiated by an existing online banking customer of the bank (registered user) will differ from that of one being initiated by a new/unregistered user.

You will be able to apply as an existing customer either by selecting the provided option on the kick-off page and proceeding to specify your login credentials (applicable if you have applied via the bank portal page) or by selecting the product of choice from the product showcase available to you post login via the hamburger menu. In either case, the application form will vary from that of a prospect customer's.

The system will identify your KYC status and depending on the status, you will either be allowed to proceed with the application or not i.e. if your Re-KYC is active you will be allowed to enter and submit your application form but if your Re-KYC is pending, you will not be allowed to apply for the product and will be displayed a message informing you of the same.

The education loan application form for existing customers will comprise of the following sections:

- 1. **Upload Documents** This section will be part of the application form only if mandatory documents are not already available against your records in the bank's database.
- 2. Employment Information This section will only be part of the application form if you have specified that you are currently employed by having selected the provided option on the disclaimer modal window displayed once you select a product for application. Subsequently, if you have identified that you are currently employed, this section will be part of the application form only if employment information is to be captured for the product you have selected and if your employment information is either not maintained with the bank at all or if the information is maintained but is not current.
- 3. Financial Profile Like employment information, the financial information section will also be part of the application form only if you have specified that you are currently employed by having selected the provided option on the disclaimer modal window displayed once you select a product for application. Subsequently, if you have identified that you are currently employed, this section will be part of the application form only if financial profile is configured for the product you have selected as well as certain factors such as whether your financial information is already maintained with the bank or not and if maintained whether the information form if your information is either not maintained with the bank at all or if the information is maintained but is not current.
- 4. **Course & Loan Information** This section will be part of the application form and you will be required to specify details pertaining to the course you are applying for along with details about the loan for which you wish to apply in order to finance your education.
- 5. **Parent/Guardian Information** In this section of the application form you can specify basic information of your parent or guardian. This section will not appear in the case the host is OFLO.
- 6. **Terms of Service** You will be required to read through and accept the terms and conditions related to the online application of the product you have selected.
- 7. **Confirm** Once you have submitted your application, you will be displayed a confirmation page. This page will contain a success message along with the application reference number that you will be able to use to track your application in the application tracker.

FAQ

1. Can I proceed with the application if I am an existing customer of the bank but do not have online banking access?

You will need to first onboard yourself on the digital banking platform. You can do so by selecting the 'Register for online banking access' link on the kick off page or by selecting the 'Register Now' option provided on the login page. Once you have completed the registration process, you can login and proceed with application initiation.

2. Can I add a joint applicant while applying for any of the products?

No, as of now you can apply only as a single applicant. Adding joint applicants is not supported currently.

3. I am applying for the product as a guest user. The address that is mentioned in the document that I have uploaded in support of the application is different from my current permanent address. Can I update that information in the application form?

Yes, all the information that is fetched from your document is displayed in editable format in the Personal Information section. You can update the required details and submit your application. However, please note that once your mobile number, as provided in the Mobile Verification page, is verified, you will not be able to modify it in the Personal Information section.
