1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Recurring Deposits

A Recurring Deposit is a special kind of Deposit offered by banks. It is an investment plan in which investments are made in small installments at fixed intervals systematically. Customers of the Bank makes regular deposits and are entitled to earn fixed returns on their investment.

It is a deposit held at a bank for a fixed term, generally ranging from a month to a few years – term range depends on the product type) If compared to regular savings accounts, the interest earned on recurring deposit is higher.

Customers opt to invest in recurring deposits as they are a safe and secure mode of investment and yield higher returns than regular checking or savings accounts.

Pre-requisites

- Recurring Deposit products are maintained in the Core Banking Application
- Recurring Deposit products are enabled for specific User type
- Transaction access is provided to retail customers.
- Recurring Deposit accounts are maintained in the Core system under a party ID mapped to the customer.

Features Supported In the Application

The retail module of the application supports the following features:

- Apply for a New Recurring Deposit
- View Recurring Deposit Details
- Edit Maturity Instruction
- Redeem Recurring Deposit
- View Recurring Deposit Statement
- Request Statement
- Calculate installments for Recurring Deposit

3.1 Recurring Deposit Widget

The Recurring Deposit widget showcases a summary of the accounts held by the customer. It provides the facility for users to access all the important features and information related to the account immediately after logging in.

Recurring Deposits

This section lists down all the active and closed recurring deposits that the customer holds with the bank.

- **Active Accounts:** Each account displays the basic details such as the name of the primary account holder, account number in the masked format and account nickname. Further options to view deposit details or statement and to do redemption are provided on selection of any deposit account. The customer can view further details by clicking **more option available on** each account.
- **Closed Accounts:** This displays the number of accounts of the customer that are in closed status. The customer can view further details by clicking more option available on each account.
- **More options:** It provides the facility for users to access all the important features like:
 - Deposit Details
 - View Statement (Only for Active Accounts)
 - Request Statement
 - Redemption

New Recurring Deposit:

The customer can click on the **New Recurring Deposit** link provided in this widget to book new recurring deposit.

[Home](#)

4. New Recurring Deposit

New Recurring Deposit page enables the customer to book a new recurring deposit account. The multiple Recurring Deposit products are maintained at bank level. . The customer can select any product offer in order to apply for a recurring deposit of choice.

While applying for a recurring deposit, the customer is required to identify the installment amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single or joint. Additionally, the customer is also required to select the current or savings account from which funds are to be debited in order to fund the deposit.

In case of joint accounts, Recurring Deposit is booked by default on joint name if single holding pattern is not selected by the customer. It also allows customer to select the holding pattern to singly for creating a new RD so that he/she can liquidate my Recurring Deposit's online conveniently.

In case of single RD account, customer can also add a nominee in the recurring deposit who will be entitled to receive the money upon death of the account holder.

Note: It is mandatory to update the PAN number (valid for India specific region) :

>> If the customer creates a new recurring deposit installment of value more than or equal to Rs. 50,000.

>> If at any given point of time while creating a new recurring deposit the cumulative deposits (Fixed plus recurring) for a customer in that financial year is more than Rs. 5,00,000.

How to reach here:

Dashboard > Toggle menu > Accounts > Recurring Deposits > New Recurring Deposit
OR

Dashboard > My Accounts Widget > Recurring Deposit > Recurring Deposit Widget > New Recurring Deposit

To open a new recurring deposit:

1. If user do not know his recurring deposit Installments, then click Calculate **My Installments**. **The Recurring Deposit Installment Calculator** screen appear. Calculate the monthly installment for the recurring deposit, and then click on the Proceed to Recurring Deposit Booking link. The **Recurring Deposit Booking** screen appears.

Note: This option is applicable if the user accessing the menu from Toggle menu.

OR

If user already know his recurring deposit Installments, then click I **Know my Installments** to book a new recurring deposit.

The **Recurring Deposit Booking** screen appears.

7. Redemption

In times of financial emergencies, the primary source of funds for most people is their savings and investments. The facility to liquidate funds becomes imperative in such cases. The redeem Recurring Deposit feature enables customers to quickly liquidate their Recurring Deposit in any such situations.

Using this option, the customer can redeem the entire amount of a recurring deposit. On premature closure of your Recurring Deposit, interest will be paid as per the rate of interest applicable for the tenure during which the deposit was kept with subject to penal rates as applicable.

Customers can choose to payout the funds from a deposit through any of the following methods:

- Transfer to own account
- Transfer to internal account
- Transfer to a domestic account
- Transfer to a international account

How to reach here:

Dashboard > My Accounts Widget > Recurring Deposits > More Information > Redemption

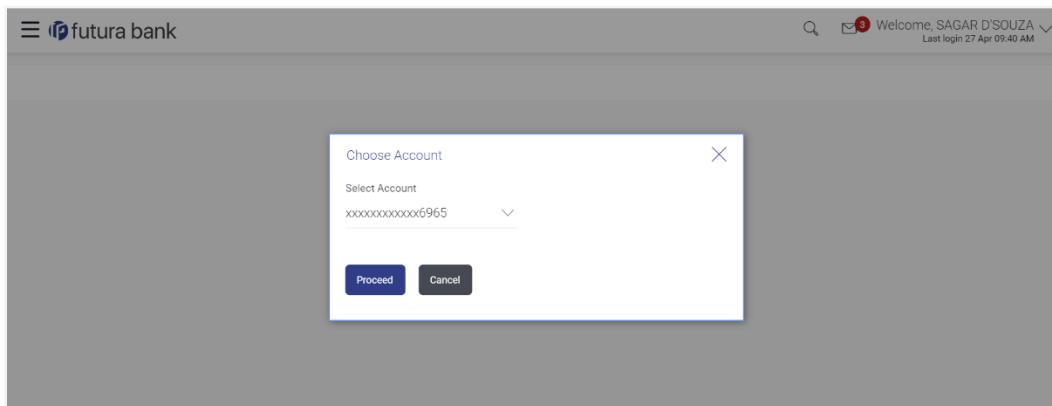

OR

Dashboard > Toggle menu > Accounts > Recurring Deposits > Redemption

To redeem the recurring deposit:

1. From the **Select Account** list of **Select Account** popup window, select the appropriate account for redemption.

The **Pre-generated Statement** screen appears.

Pre-generated Statement

The screenshot shows the 'View Statement' page for a Futura Bank account. A modal window titled 'Pre Generated Statement' is open, displaying instructions and a search interface. The instructions state: 'The document is password protected, it is a combination of the first 4 letters of your name (in capital letters) followed by your date of birth (in DDMM format). Example, if your name is Roopa Lal and date of birth is 23-12-1980, then your password is ROOP2312'. Below this, it says 'Select a period to download your pre-generated Statements.' and provides dropdown menus for 'Year' (set to 2018) and 'Month' (set to All Months), along with a 'Search' button. A table below the search interface shows a list of statements:

Statement Number	From	To	Download
AT3MSOG190811297	4/1/18	3/22/19	PDF

The background interface includes account details like 'Account Number', 'Balance: ₹1,000.00', and navigation options like 'E-Statement', 'Request Statement', and 'Pre-Generated Statement'. A 'Download' button is visible on the right side of the modal.

10. Recurring Deposit Calculator

The Recurring Deposit calculator enables users to identify the monthly installment amount payable for Recurring Deposit of a certain amount for a specific duration. This calculator is beneficial to user as it gives the user an opportunity to identify whether opening new recurring deposit for a specific amount and duration is preferable or not.

How to reach here:

Dashboard > Toggle menu > Accounts > Recurring Deposits > New Recurring Deposit

To calculate installment of recurring deposit:

1. The New Recurring Deposit - Calculate My Installments Calculator screen appears.
OR
Click I Know my Installments to book a new recurring deposit.
The Recurring Deposit Booking screen appears.

Recurring Deposit Calculator

Field Description

Field Name	Description
Product	The recurring deposit product where customer wish to invest into.

Field Name	Description
Target Amount	The customer is required to define the currency and amount in which the deposit is to be opened. Note: If the deposit product supports only a single currency this field is displayed as a label (instead of a list for selection).
Deposit Tenure	The tenure of the deposit in terms of a period i.e. years/ months after which the deposit should mature. Note: The minimum and maximum tenure allowed for which a deposit can be opened.
Frequency: Years/ Months	The amount of time in years, months and/ or days that the customer is willing to deposit the amount.
Inflation Rate	The current inflation rate of the country.

2. From the **Select Product** list, select an appropriate recurring deposit product available in application.
3. From the **Target Amount** list, select an appropriate type of currency along with the estimated deposit maturity amount.
4. In the **Deposit Tenure** field, select an appropriate value **Years**, and **Months** field enter an appropriate values.
5. In the **Inflation Rate** field, enter the current inflation rate of the country.
6. Click **Calculate**.
The system calculates and displays the monthly installment for the recurring deposit required along with the **Proceed to Recurring Deposit Booking** link.
OR
Click **Reset** to clear the calculated details.

Note:

- 1) Click on **Proceed to Recurring Deposit Booking** link to book a new recurring deposit account. Refer **Recurring Deposit Booking** screen for more details.
- 2) The calculator pre-populates the values of previous details entered by the customer.

11. Account Nickname

A user may wish to assign nicknames to deposit accounts so as to be able to easily identify them. The **Add Nickname** feature enables users to easily assign nicknames to any deposit account. Once a nickname is assigned to an account, it is displayed on various transactions in addition to the standard account description. This option also allows user to modify or delete the nickname whenever required.

To assign a nickname to a deposit account:

- Click  **Add Nickname** option available on the specific deposit details page.
- In the **ADD Nickname** field, enter the nickname you want to use.

Add Nickname- Example

The screenshot shows the Futura Bank web interface. At the top, there's a navigation bar with 'Default Dashboard', 'ATM/Branch', and 'English'. Below that, the user is logged in as 'SAGAR P D'SOUZA'. The main content area is titled 'Deposit Details' and has several tabs: 'Deposit Details', 'View Statement', 'Redemption', 'Request Statement', and 'Edit Maturity Instruction'. The 'Deposit Details' tab is active, showing a table with columns for 'Customer Name', 'Account Number', 'Current Balance', and 'Product Name'. The 'Add Nickname' button is highlighted with a red box. Below the table, there are sections for 'Account Details', 'Deposit Details', and 'Maturity Details'. The 'Account Details' section shows customer information like ID, holding pattern, status, branch, and nomination. The 'Deposit Details' section shows start date, term, interest rate, value date, installment amount, and total number of installments. The 'Maturity Details' section shows maturity amount and date, with an 'Edit' button.

Field Description
