## 3. Loans & Finances

Islamic Banking is a Banking system that is based on the principles of sharia (Islamic law) and guided by the Islamic economics. The Shariah Laws provide guidance on each and every aspect of human life, and the laws which govern and guide financial and commercial transactions define Islamic Banking activities.

Islamic Finance is an amount of money that is financed by the bank for a certain period of time. Banks charge profit rate for the amount financed. Hence, Islamic Finance accounts are valuable income generating assets for banks. It is therefore important for banks to enrich the end user's servicing experience so as to increase user satisfaction and retention. In order to achieve this, banks are constantly making efforts to enhance the digital banking experience for their customers by introducing and revamping servicing features on the digital platform.

The application provides a platform by which banks are able to offer their users an enriching digital banking experience in servicing their customers.

Users can manage their banking requirements efficiently and effectively through the OBDX selfservice channels. The loans & finances module offers users a host of services that include, but are not limited to, viewing their account details, schedules and balances and also the facility to make repayments.

#### Note: In application

1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, or Account Currency.

2) Bank can configure the fields to be shown as additional values in the accounts drop-down.

3) Eligibility Calculator: This feature is currently available for conventional loans only

4) Installment Calculator: This feature is currently available for conventional loans only

#### **Features Supported In Application**

The loans & finances module of the OBDX application supports the following features:

- Loans & Finances widget
- Loans & Finances Summary
- View Loan & Finance Details (Active & Closed)
- Repayment
- Disbursement Inquiry
- View Repayment Schedule
- Account Statements

#### **Pre-requisites**

- Transaction access is provided to retail user.
- Islamic Finance accounts are maintained in the core banking system under a party ID mapped to the user.

### 3.1 Relationship Overview Widget

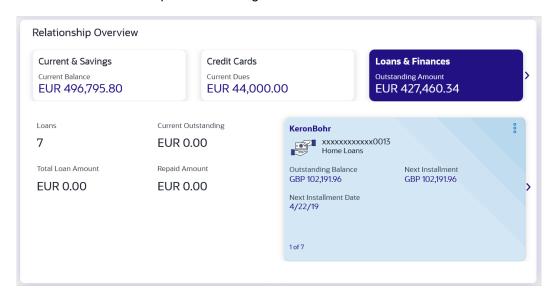

The retail overview widget displays an overview of the customer's holdings with the bank. The **Relationship Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Investments and Credit Cards. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of **Loans & Finances**. On selection of account type **Loans & Finances**, details of the loan accounts held with the bank are displayed. This includes a summary of both Islamic and Conventional active loan accounts held by the customer along with the basic details of each loan account. General details such as the total count of loan accounts, the total loan amount, the current outstanding, and repaid amount all loan accounts held with the bank, are also displayed.

Basic details of each individual loan account are displayed as cards. Each card displays basic information of the loan account which comprises of the loan account number, the product name, the names of the loan account holders, current outstanding balance, next installment amount, and next installment due date. The total count of the loan accounts that the customer holds with the bank is also displayed. Each card also has a kebab menu which enables the customer to quickly access related screens.

A maximum of five cards are displayed in the stack. In case the customer has more than five loan accounts with the bank, the last card in the stack will contain an additional button labelled **View All**. Clicking on this button will navigate the customer to the Loans & Finances (Summary) screen.

Note: The number of cards to be displayed in the Relationship Overview widget will remain the same across all modules and is configurable.

#### How to reach here:

#### Dashboard > Relationship Overview widget > Loans & Finances

#### **Home**

# 4. Loans & Finances Summary

The Loans & Finances summary page provides users with a holistic view of all their loan accounts held with the bank.

All the active loan accounts of the user are listed as records. Each record comprises of information such as the loan account number, account nickname (if assigned), product name, sanctioned loan amount, and current outstanding balance.

The user can navigate to other Loans & Finances screens by selecting the desired option under the kebab menu provided against each loan record.

#### How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans & Finances > Loans & Finances OR Dashboard > Relationship Overview Widget > Loans & Finances Cards > View All OR Access through the kebab menu of transactions available under the **Loans** & **Finances** module

## 8. Repayment

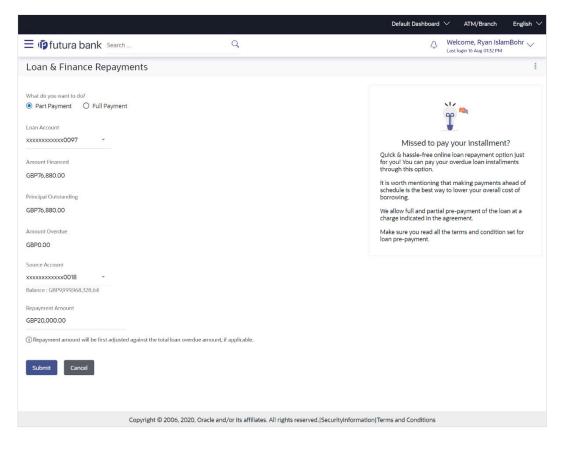

Customers can make a payment equal to the installment amount, lower than or more than the installment amount of the finance account. If the amount is higher than the installment amount, it can be considered as partial payoff or full settlement (depending upon the penalties and charges settings at the host). User can access account related transactions from the kebab menu.

**Note:** If customer makes a payment equal to the total outstanding financed amount (inclusive of arrears), it may lead to settlement of the finance account, depending upon the configuration (premature penalty/any charges) at the host system.

## 10. Account Nickname

Customer can assign a specific name to a Islamic Finance account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

#### How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans & finances > Loans & finances Details > Kebab menu > Add/Edit Nickname

#### To add nickname to account:

1. Click on the icon on the screen, and click **Add/Edit Nickname** option to add nickname to an account. The **Add/Edit Nickname** popup appears.
