1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.5 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple

procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.6 Related Information Sources

3. Trade Finance

Trade finance is process of financing commerce, i.e. both domestic and international trade based transactions. It comprises a seller, a buyer along with other service providing institutions to facilitate transactions such as banks, insurers, credit rating agencies etc. This may be considered as a tool to safeguard against the distinct risks present in doing international trade viz. fluctuations in currency conversions, political conditions, creditworthiness of the buyer etc. Some of the majorly used tools are Letter of Credits, Import and Export Bills, Outward Guarantees.

In the Trade Finance module, you can initiate, amend and view Letter of Credits (LC). You can also view details of Import and Export Bills, and Export Bills under LC, and Outward Guarantees raised. User can initiate Collection and outward Guarantees. User can initiate standalone shipping Guarantee and also Shipping Guarantee under LC.

Note: This module is not supported on mobile devices.

Workflow

3.1 **Letter of Credit**

Letter of credit is a financial tool which acts as an obligation of the issuing bank to pay the agreed amount to the seller on behalf of the buyer, if buyer provides compliant documents about those goods as specifically mentioned in the sales contract or purchase agreement to the advising bank. They are governed by rules set by International Chamber of Commerce known as Uniform Customs and Practice for Documentary Credits (UCP 600).

These are of different types; most commonly used ones are irrevocable LC, transferable LC. Mostly they are used in situations where both parties i.e. seller and buyer are new to each other and are operating in different countries and seller thinks to safeguard his interests against multiple risks involved in the trade.

Bill is a trade transaction, in which the Exporter forwards the required commercial documents to the Importer's bank, against which the payment is to be done. Banks facilitates documents movement, makes the required checks and then process payments to the Exporter against the Bill.

There occurs some situations where the sales contract goes for some modification, and in order to replicate the same over Bills and Letter of Credits, acceptance from other party is also required. Using this option, user can accept or reject, the discrepancies raised in Import Bills or amendments under Export Letter of Credit. It is then forwarded for further approval from bank. A search facility is also provided to easily locate the discrepancy or amendment raised.

3.2 **Collection**

Import Collection offers a view about the Collection from the point of view of an Importer and Export Collection offers the same from the point of view of an Exporter.

3.3 **Guarantees**

It is a contract released by bank for its customer, who has signed an agreement to purchase goods from a supplier and agrees to fulfil any financial obligations to the supplier in case of default. In other words, if the debtor fails to settle a debt, the bank will cover it. Using this option, user can apply for an Outward Bank Guarantee. For the BG application, user must enter the details in the four tabs available in this option viz. Parties, Commitment Details, Bank Instructions and Guarantee. Any amendment raised by the counterparty can also be accepted or declined by customer.

3.4 **Other Party Maintenance**

To ease the user from filling up the details of beneficiary, a facility to maintain beneficiary is added. User can create add, edit or delete beneficiary details and also have different access type, if he wants to share the same beneficiary with other users. Also, it can be defined as in which transactions, user will be able to use the beneficiaries viz. LC, BG or Collection. This enables user to directly choose a beneficiary from the maintained list and save time of filling up the detail every time he is initiating a new transaction.

3.5 Shipping Guarantee

Shipping Guarantee refers to a written guarantee, issued by the bank which will bear joint liability, and is presented by the Importer to the goods carrier or its agent for picking up the goods in the case of arrival of cargo prior to the receipt of shipping documents. Shipping Guarantee is commonly used under L/C with full set of documents of title to goods. This helps Importer to pick up the goods in time to avoid port demurrage.

3.6 Application Tracker

User gets a simple tracking tool for all his applications which are either saved and can be fetched further for retrieval or which are submitted for further processing. He can also look for the pending clarifications received from bank, and reply to them.

3.7 Documents and Clause Maintenance

A corporate user can save the clauses under documents, so that it can use the same as and when required while initiating an LC. User also have an option to mark it to be available to other users of corporate.

3.8 Additional Conditions Maintenance

Additional Condition is required while creating Letter of Credits. A user can create (if maintenance is not already there), view and edit the additional conditions. User will have the facility to save his custom conditions and use as and when required. Each Condition is saved with the help of an identifier which is unique for the customer, and all identifiers needs to be mapped to codes of additional conditions as maintained by bank.

3.9 Assignee Maintenance

Assignee Maintenance allows the user to create (if maintenance is not already there), view and edit the assignee.

3.10 Islamic Transactions

Sharia laws also govern and guide how trade finance works, and Islamic Trade Finance caters to these needs. These transactions will be available to those users entitled for it. For details, refer *User Manual Oracle Banking Digital Experience Corporate Trade Finance - Islamic*

[Home](#)

4. Overview (Dashboard)

Trade Finance dashboard provides holistic information to the corporate user about its Trade Finance business in a simplified manner. It provides an overall understanding of the current position with respect to different trade instruments.

Below mentioned widgets are available in Trade Finance Overview:

- Trade 360
- Trade Instruments
- Quick Links

How to reach here:

Dashboard > Toggle menu > Trade Finance > Overview

Dashboard

Bi-Directional Flow:

The corporate user can click the link to request for clarification. Whenever the user submits a trade finance transaction, then the bank's trade finance team sends back the transaction with their comments or reason for rejection to the user, so that he can rectify the transaction and resubmit again.

Trade 360

This widget provides a Trade 360 view of user's all trade instruments of the selected party. The various tabs of trade instruments displays the total active contracts and their sum total.

This widget provides overall status of all of the existing Trade instruments so that one can have a better understanding of Trade Finance instruments and transactions. The user can see the summary of various active records and can download the report of all the contracts in a trade instrument.

Based on the selection, the Total Contracts and its equivalent LCY is also displayed.

The user can also see the graph which displays the sum total of transactions selected in various states as per the applicable filter such as Active/Expired/Liquidated etc.

5. Initiate a Letter of Credit

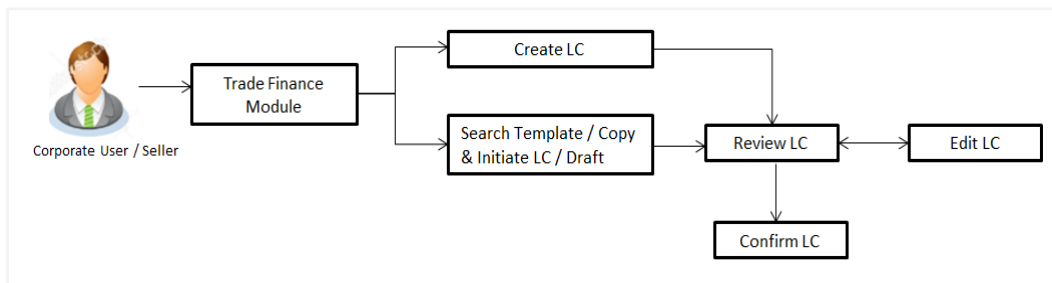

Using this option, you can initiate an Import Letter of Credit (LC) in the application. A Letter of Credit is a bank document which undertakes that the seller will receive payment against the stipulated documents, provided the terms and conditions have been satisfied.

An **Import Letter of Credit** provides the credit worthiness of the Importer, with the involvement of financial institutions such as banks.

Pre-Requisites

User must be having a valid corporate login credentials to get into the system. This will be under a maker – approver system, or as per user's access. User must be having a sanctioned limit /credit available for his perusal.

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Import Letter of Credit > Initiate Letter of Credit

OR

Dashboard > Trade Finance > Overview > Quick Links > Issue Letter of Credit

User has four options to initiate LC

- Using existing Templates
- Using existing Drafts
- Initiating LC (New Application)
- Copy & Initiate (Copying the contents of existing LC transaction and initiate)

Using existing Templates - Initiate LC Template Summarized View

This is a default view; the user is landed on this screen on accessing 'Initiate Letter of Credit' menu option. The summary of all the Initiated LC template of a corporate are listed with basic information of each LC. User can choose to check the complete details of a specific template by clicking on a card.

The screenshot displays the 'Letter of Credit Template' page in the Futura Bank system. The page header shows the bank logo, user name 'Welcome, corp checker', and last login time. The main content area lists seven templates, each with a title, update date, and a 'Public' or 'Private' status. Each template card displays the following fields: Beneficiary Name, Type, LC Amount, and Draft At.

Template Name	Updated on	Status	Beneficiary Name	Type	LC Amount	Draft At
Rittff0mp6	20 Nov 2020	Public	Bankofgerm	Non Revolving	£88,000.00

Click **Back** to go back to previous screen.
OR
Click **Cancel** to cancel the transaction. The **Dashboard** appears.
77. The success message initiation of LC creation appears along with the reference number.
Click **OK** to complete the transaction.

5.6 Initiate Back to Back Letter of Credit

Using this option, the user can initiate a Back to Back Letter of Credit (LC) in the application. This LC reduces the fund constraints problems of the exporter by providing the opportunity to open the LC against Export LC and to pay after getting the export proceeds.

The application will do the Amount and Expiry Date Validation with the underlying Export LC while listing the export LCs where Back to Back LC can be initiated.

System validates that Back to Back LC should not have maturity date/ tenor date/ expiry date greater than that in parent LC and the application amount of Back to back should not be more than parent export LC.

Once submitted by user, the application would be available in OBTFPM for bank user to process. The created LC will be available along with other initiated Import LCs and also available in application tracker for tracking purpose.

To initiate the Back to Back LC:

1. In the Initiate Letter of Credit - Back to Back Search Results screen, click **the Reference Number** link. The **Initiate Letter of Credit Back to Back** screen.

User can save LC application as a Draft so that it can be used if required in future. It can be re used only one time for LC Application initiation. User can search the saved LC draft using the draft name in search box. The saved drafts can be accessed from the **Draft** tab. The LC applications, which were saved as draft can also be saved as template after adding all other necessary fields.

Note: User cannot save application with attached document as Draft.

To save LC application as draft:

1. Enter the required details in LC application.
2. Click **Save As Draft**, and then select **Draft** option.

Save as Draft

Save ✕

The details filled will be saved as a draft which can be accessed from Drafts tab.

Name of the Draft

AutomationPrivatetemp1

Field Description

Field Name	Description
------------	-------------

Draft Name	Name of the draft.
-------------------	--------------------

3. In the **Draft Name** field, enter the desired name for the draft.
4. Click **Save** to save the draft.
The transaction details are saved as a draft which can be accessed from the **Draft** tab.
OR
Click **Cancel** to cancel the transaction.

FAQs**1. Can I create a Letter of Credit without providing Advising Bank Details?**

Yes, you can, but you will need to give the same later.

2. What if I do not want to have any tolerance?

Please put 0 in the fields under % and above %. By default application will take 10% tolerance, if no value has been provided which is in accordance to SWIFT guidelines.

3. When should I create a draft and when should I create a Template?

When you want to use the LC application again and again having the same, save it as template. While if you are leaving your create LC application to be filled at a later stage or usage on a later date, you can save it as draft.

4. Can I initiate LC from my mobile device?

Currently, you cannot perform any Trade Finance related transaction from mobile devices.

[Home](#)

6. Initiate Import LC Amendment

7.1.8.1 Advices Details

The screenshot shows the Futura Bank interface. At the top, there's a navigation menu and a user profile for 'Welcome, rcorp Checker' with a last login of 28 Aug 11:28 PM. Below this, the LC details are displayed: LC Reference No. 000ILUN20076BKC0 (ACTIVE), Product OBDX ILUN Import LC Usance Non Revolving, LC Amount £963,456.00, and Date of Expiry 31 Jul 2020. A 'View Advice' pop-up window is open, showing event details for a 'Booking LC or Guarantee Issue' on 11-JAN-20. The event description states: 'Debit Advice ----- 11-JAN-20 FIXNETIX FIXNETIX PKBANK41XXX Dear Sir(s), Our Reference : 000ILUN20076BKC0 LC Contract Amount : 963456 We have debited your account as follows : Value Date : 16-MAR-20 Account Debited : PK100001540018 LC Courier Charge GBP 150.00 Total GBP 150.00 Yours faithfully, ----- AUTHORISED SIGNATORY'. Below the pop-up, there's a table of advices with columns for Message ID, Description, and Action. The table lists four entries: Attached Documents, Amendments, Bills, and Shipping Guarantee, all with 'Debit Advice' descriptions and 'Booking LC or Guarantee Issue' actions, each with a 'Download' link. A chatbot icon is visible in the bottom right corner with the text 'Hey, I am here to help if you need it!'.

10. Settlement of Bills

Once the goods are shipped and the Importer receives the trade documents, the Exporter draws out the Bills to be paid by the Importer. With the introduction of the 'Settlement of Bill' transaction, the Importer can now liquidate the Bills he has received under his Import LC, i.e. he can instruct the bank to pay the Bills he has received, from one of his accounts. The user can also use one of his booked forward deals while settling the Bill.

The user can settle either multiple bills from his account, with or without a forex deal, or apply for a loan to settle the bills. The user can link the FX deals.

Using this option, user can settle one or more Bills under LC in the application.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Import Bill should exist for the party ID and party must having view rights for it

Workflow

These are explained in detail underneath.

How to reach here:

[Home](#)

11. Modify Bills

Using this option, you can modify the details of existing bills. You can search the required bill using different search criteria and download the bill list in different file formats.

The user can change the tenor which is automatically reflected in Maturity Date of the transaction. The user can change whether collaterals are to be used and whether Advance by Loan is required or Not.

User can further attach or change FX Deals, View the simulated charges, attach documents and submit transaction to Bank.

This transactions should follow the transaction aspects:

- Approval
- Audit Logs
- Send to Modify
- Bi-Directional Communication with Mid-Office

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Import Letter of Credit > Modify Bill

To modify the Bill:

1. The **Modify Bill** screen appears.

Modify Bill

The screenshot displays the 'Modify Bill' interface within the Futura Bank portal. At the top, the user is logged in as 'obdx checker' and the system shows the current date and time. The main content area is titled 'Modify Bill' and shows the bill details for 'GOODCARE PLC | ***044'. Below this, there are several search filters: 'Bill Reference Number', 'Importer Name' (set to 'All Parties'), 'Exporter Name', 'Bill Amount Range' (with a dropdown set to 'All' and fields for 'From' and 'To'), and 'Bill Date Range' (with fields for 'From' and 'To'). There are 'Search' and 'Reset' buttons at the bottom of the filter section. A small note at the bottom of the filter area reads: 'Displayed Local currency amount is indicative and actual amount may differ.' The footer of the page contains the copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

14. Initiate Bills

Using this option, user can initiate Bill in the application. It will be linked to a Letter of Credit.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place

Workflow

User has two options to initiate Bills

- Using existing Drafts
- Initiating Bills (New Application)

These are explained in detail underneath.

How to reach here:

Dashboard > Toggle menu > Trade Finance > Export Letter of Credit > Initiate Bills

OR

Dashboard > Trade Finance > Overview > Quick Links > Lodge Bill

14.1 Search Bills Drafts

User can save Bills application as a Draft so that it can be used if required in future. User can search the saved Bill draft using Draft Name.

Note: Bill Application saved as **Draft** can be used only one time for Bill Application initiation.

To search the Bill draft:

1. In the **Search** field, enter the draft name.
2. Click . The saved Bill draft appears based on search criteria.

Bills Draft - Search Result

Field Description

Field Name	Description
Search Result	
Draft Name	The name of the Bill application saved as draft.
Updated On	The date on which the draft was saved.
Beneficiary Name	Displays the name of the beneficiary of the bill.
Product	Displays the product type as coming from Host.
Amount	Displays the bill amount.

- Click **Initiate Bills** to initiate the bill transaction.

OR

Click  or  to view the initiate LC draft as Card or Tabular view.

14.2 Initiate a Bill

Using this option, the user can initiate a Bill in the application. To initiate a Bill in the application, the user has to enter details such as LC number, Parties details, and Bill details etc. The user can also give specific instructions to bank.

There also an option to allow substitution of documents while initiating Bill. The user, who is the first beneficiary of Transferable LC, and has received a drawing under the transferred LC wishes to initiate a drawing under parent LC with substitution of the received documents.

To initiate a Bill:

1. Click **Initiate Bills** on **Initiate Bills** screen.

Initiate Bills

FAQs**1. Where can I see if my Bill is linked to any LC?**

On the top of the view screen, the linked LC number is provided. In case user wants to view more about LC, view LC module can be used.

2. Why is approved date blank in discrepancies?

In cases where approvals for discrepancies are yet to be received, they remain blank.

[Home](#)

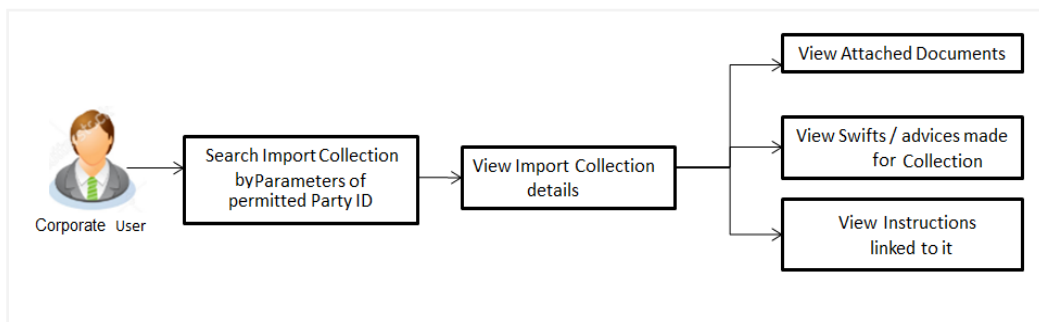

17. View Import Collection

Using this option, you can view the details of existing Import Collection in the application. You can search the required Import Collection using different search criteria and download the Import Collection list in different file formats.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Import Collection should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Collection > Import Collection > View Import Collection

To view Import Collection:

1. The **View Import Collection** screen appears.

View Import Collection

The screenshot shows the 'View Import Collection' interface for 'GOODCARE PLC | ***044'. The page includes a search form with the following fields:

- Collection Reference Number:** A text input field.
- Status:** A dropdown menu with the option 'Please Select'.
- Drawee:** A dropdown menu with the option 'All Parties'.
- Drawer:** A text input field.
- Collection Amount:** A range selector with 'All' selected, and 'From' and 'To' input fields.
- Collection Issuing Date:** A date range selector with 'From' and 'To' input fields and calendar icons.

At the bottom of the form are 'Search' and 'Reset' buttons. The page header shows 'futura bank' and a user greeting: 'Welcome, Acme Corporation Checker | Last login 24 Feb 06:03 PM'. The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Collection Reference Number	The Import Collection reference number.
Status	The current status of the Collection. The options are: <ul style="list-style-type: none"> • Active • Hold • Cancelled • Liquidated • Closed • Reversed
Drawee	The name of drawee. He is the receiver of Collection.
Drawer	The name of the drawer under the Collection.
Collection Amount From	The start of the Collection amount range used for searching the Collection.
Collection Amount To	The end of the Collection amount range used for searching the Collection.
Collection Date From	The start date of the Collection date range used for searching the Collection.
Collection Date To	The end date of the Collection date range used for searching the Collection.

2. From the **Drawee** list, select the appropriate option. Displays the all-party name mapped to user.
3. Click **Search**.
The **View Import Collection** screen appears with the search results.
OR
Click **Clear** to reset the search criteria.
OR
Click **Cancel** to cancel the transaction. The Dashboard appears.
4. Click the **Download** link to download the Import Collection details list. You can download the list in PDF formats.

18. Initiate Collection

Using this option, user can initiate Collection in the application.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place

Workflow

User has three options to initiate Collection

- Using existing Templates
- Using existing Drafts
- Initiating Collection (New Application)

These are explained in detail underneath.

How to reach here:

Dashboard > Toggle menu > Trade Finance > Collection > Export Collection > Initiate Export Collection

OR

Dashboard > Trade Finance > Overview > Quick Links > Raise Collection

18.1 Search Collection template

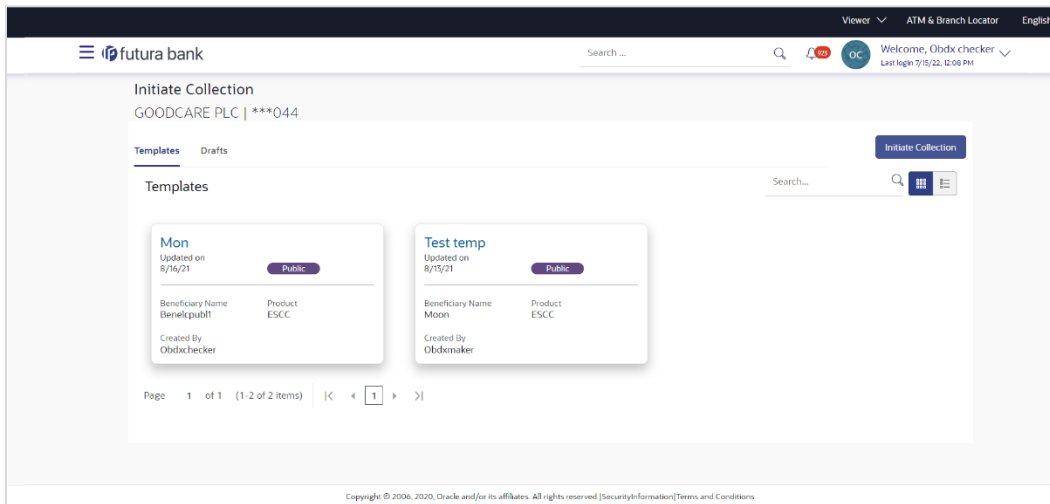

User can save Collection application as a Template so that same can be used for creation of similar kind of Collections, if required in future. User can search the saved Collection template using Template Name.

Note: Collection Application saved as **Template** can be re used any number of times for Collection Initiation.

To search the Collection template:

1. In the **Search** field, enter the template name.
2. Click . The saved Collection a template appears based on search criteria.

Collection Template - Search Result

Field Description

Field Name	Description
Name	The name using which template is stored and can be used to initiate a Collection application.
Updated On	The last updated date of the template.
Access Type	The type of access granted to template whether it is public or private.

[Home](#)

20. Modify Collection

Using this option, you can modify the details of existing Import Collection in the application. You can search the required import Collection using different search criteria and download the Import Collection list in different file formats.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single export Collection should exist for the party ID and party must having view rights for it

How to reach here:

Dashboard > Toggle menu > Trade Finance > Collection > Import Collection > Modify Collection > Modify Collection

To modify the Collection:

1. The **Modify Collection** screen appears.

Modify Collection

The screenshot displays the 'Modify Collection' interface. At the top, it shows the 'futura bank' logo and a search bar. The main heading is 'Modify Collection' followed by the identifier 'GOODCARE PLC | ***044'. Below this, there is a search form with several input fields: 'Collection Reference Number', 'Drawer' (with a dropdown menu currently showing 'All Parties'), 'Drawee', 'Collection Amount Range' (with a dropdown menu currently showing 'All'), and 'Collection Date Range' (with 'From' and 'To' date pickers). There are 'Search' and 'Reset' buttons at the bottom of the form. A small note at the bottom of the form reads: 'Displayed Local currency amount is indicative and actual amount may differ.' The footer of the page contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Collection Reference Number	The import collection reference number.
Drawee	The name of drawee. He is the receiver of collection.
Drawer	The name of the drawer under the collection.

Field Name	Description
Collection Amount From	The start of the collection amount range used for searching the Collection.
Collection Amount To	The end of the collection amount range used for searching the Collection.
Collection Issuing Date From	The start date of the collection issuing date range used for searching the Collection.
Collection Issuing Date To	The end date of the collection issuing date range used for searching the Collection.
Customer Reference Number	The customer reference number for the transaction.

-
2. Enter the search criteria and click **Search**.
The **Modify Collection** screen appears with the search results.
OR
Click **Reset** to reset the search criteria.

Note: Blank search is also allowed.

21. View Export Collection

Using this option, you can search, view and download the details of the Export Collection.

You can perform search on the Collection reference number, drawee name, drawer name, Collection amount etc. and view the details of an individual Export Collection. The individual Export Collection details are shown under various tabs. The system provides Export Collection details such as Collection amount, Collection documents, status, and parties to the Collection, bank details, bank instructions, etc. You can also download the Export Collection list in pdf format.

Pre-Requisites

- User must have a valid login credentials
- User must have certain Export Collection

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Collection > Export Collection >View Export Collection

To view Export Collection:

1. The **View Export Collection** screen appears.

View Export Collection

The screenshot shows the 'View Export Collection' page in the Futura Bank system. The page header includes the bank logo, user name 'Welcome, OBDX Checker', and last login time 'Last login 29 Apr 05:22 PM'. The form contains the following fields:

- Collection Reference Number:** A text input field.
- Drawer:** A dropdown menu with 'Please Select' as the current selection.
- Drawee:** A text input field.
- Collection Amount:** Two text input fields labeled 'From' and 'To'.
- Collection Issuing Date:** Two date picker fields labeled 'From' and 'To'.
- Status:** A dropdown menu with 'Please Select' as the current selection.
- Buttons:** 'Search' and 'Reset' buttons.

Click **Back** to go back to previous screen.
OR
Click **Cancel** to cancel the transaction. The **Dashboard** appears.
22. The success message appears along with the reference number. Click **OK** to complete the transaction.

[Home](#)

23. View Inward Guarantee

Using this option, you can view existing Inward guarantees in the application.

A guarantee from a lending institution ensures that the liabilities of a debtor will be met. In other words, if the applicant fails to fulfil a commitment, the lending institution will cover it. A Bank Guarantee enables user to show more credibility while doing business.

This option allows you to search for guarantees based on a certain search criterion. It allows you to view a list of Bank Guarantees (also called Inward Guarantee) for the selected customer. Details of an individual guarantee can be viewed and Exported in various formats.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Inward Guarantee should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Bank Guarantee > Inward Bank Guarantee > View Bank Guarantee

To view Inward guarantee:

1. The **View Inward Guarantee** screen appears.
2. Click  to filter based on the filter criteria. The Filter overlay screen appears.

The **View Inward Guarantee** screen appears.

23.3.1 View Attached Documents

View Inward Guarantee – Attached Documents tab

The screenshot shows the 'View Inward Guarantee' interface. At the top, it displays the bank logo and user information. Below, a summary card shows the guarantee number (000GUAD21Z51001), product (Guarantee Advising), contract amount (GBP 90,000.00), and maturity date (9/2/21). The main section is divided into 'View Guarantee Details' and 'Attached Documents'. The 'Attached Documents' section contains a table with the following data:

Sr No	Document Id	Document Category	Document Type	Remarks
1	3JPM_****13	IDPROOF	IDPROOF	Adhar card

Below the table, a note indicates: 'File size should not be more than 5 MB. Supported file types: .JPEG, .PNG, .DOC, .PDF, .TXT, .ZIP. Multiple files can be uploaded at a time. Displayed Local currency amount is indicative and actual amount may differ.'

Field Description

Field Name	Description
Sr No	The serial number of the attached document records.
Document Id	Displays the unique identification number for the attached document. Displays the link to download the attached document.
Document Category	Displays the category of the document uploaded.
Document Type	Displays the type of the document uploaded.
Remarks	Displays the notes added, if any, for attaching the document.

- Click the required link in the **Document ID** column to download the attached document.
OR
Click **Back**.
The **View Inward Guarantee** screen appears.

23.4 Linkages tab

This tab allows the user to link a deposit account while initiating a transaction.

View Inward Guarantee - Linkages tab

The screenshot shows the 'View Inward Guarantee' interface. At the top, there's a navigation bar with 'futura bank' logo, search, and user info. The main content area is titled 'View Inward Guarantee' and includes a summary table with fields: Guarantee Number (PKIGUAD211254001), Product (Guarantee Advising), Contract Amount (GBP 2,000.00), and Maturity Date (9/2/21). Below this, a sidebar on the left lists navigation options like 'View Guarantee Details', 'Amendments', 'Attached Documents', 'Linkages' (selected), 'Charges, Commissions & Taxes', 'Swift Messages', and 'Advices'. The main content area under 'Linkages' shows 'Total Linkage Amount GBP 0.00' and a table for 'Cash Collateral Linkages' with columns for Currency, Description, and Amount. Below that, there are sections for 'Deposit Linkages' and a pagination bar.

Field Description

Field Name	Description
Total Linkage Amount	The total linkage amount.
Cash Collateral Linkages	
Currency	The contract currency of cash collateral as maintained at back office. The user can change the currency.
Description	The description of collateral linkage.
Percent	Percentage of LC to be used as collateral – as maintained at OBTF.
Collateral Amount	Amount to be used as Collateral for LC.
Sr. No.	The serial number of the schedule record.
Account Number	The accounts that are mapped to the user.

Field Name	Description
Contribution Amount for Collateral	The amount to be used from the selected account towards the collateral.
Contribution Percentage	Percentage of the total collateral to be taken from the selected account.
Total Collateral Amount	Total amount to be used as Collateral for LC.
Deposit Linkages	
Account Number	The deposit account that has to be mapped to the transaction.
Amount	The amount that is to be linked for the transaction, and partial linkages to be supported.
Total Amount in Local Currency	The tentative total equivalent amount in local currency.

17. From the **Account Number** list, select the appropriate deposit account that has to be mapped to the transaction.
18. In the **Amount** field, enter the amount that is to be linked for the transaction.

23.5 Charges, Commissions & Taxes

This tab lists charges, Commissions & Taxes for the Inward Guarantee.

19. Click **Charges** tab to view list of commissions and charges for the Inward Bank.
The **Charges** detail appears in the **View Inward Guarantee** screen.
OR
Click **Back**.
The **View Inward Guarantee** screen appears.

View Inward Guarantee – Charges tab

The screenshot shows the 'View Inward Guarantee' page for FIXNETIX | ***154. The guarantee details are as follows:

Guarantee Number	Product	Contract Amount	Maturity Date
PK1GUAD200114011 Active	Guarantee Advising	GBP22,000.00	08 May 2020

The 'Charges, Commissions & Taxes' section is active, showing a table of charges:

Account No	Description of Charges	Date	Amount
xxxxxxxxxxxx0017	Export Advice charges	11 Jan 2020	GBP50.00
xxxxxxxxxxxx0017		11 Jan 2020	GBP50.00

Other sections like 'Taxes' and 'Commissions' show 'No data to display.' A 'Back' link is available at the bottom of the main content area.

 OR
 Click **Cancel** to cancel the transaction.
56. The review screen appears. It displays all the sections with their respective fields with an option to edit them individually.
 Verify the details, and click **Confirm**.
 OR
 Click **Back** to go back to previous screen.
 OR
 Click **Cancel** to cancel the transaction, The **Dashboard** appears.
57. The success message initiation of Outward Guarantee appears along with the reference number. Click **OK** to complete the transaction.

26.5 Save As Template

User can save Outward Guarantee application as a Template so that same can be used for creation of similar Guarantee, if required in future. The application allows the template access as public or private if saved as template.

- **Public:** A template marked as 'Public' is visible to all the users mapped to the Party ID for which the user has created the template. All such users will only be able to view and use this template, however they will not be able to edit or delete the template. Only the creator of the template is allowed to edit or delete the template.
- **Private:** A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use the template while initiating Guarantee and modify or delete such templates.

User can search the saved Outward Guarantee template by template name in search tab. The Outward Guarantee applications earlier saved as template can also be saved as draft while initiating an Outward Guarantee.

Note: User cannot save application with attached document as Template.

To save Guarantee application as template:

1. Enter the required details in Guarantee application.
2. Click **Save As** and then select **Template** option.

Save as Template

Field Description

Field Name	Description
Template Type	Indicates the type of access for the template. The options are: <ul style="list-style-type: none"> Public: A template marked as 'Public' is visible to all the users mapped to the Party ID of the user who created the template. All such users will only be able to view and use whereas they will not be able to edit and delete template. Only the creator of the template is allowed to edit or delete the template. Private: A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use while initiating Guarantee and modify or delete such template.
Template Name	Name of the template.

- From the **Template Type** list, select the appropriate option.
- In the **Template Name** field, enter the desired name for the template.
- Click **Save** to save the template.
The transaction details are saved as a template which can be access from the **Template** tab.
OR
Click **Cancel** to cancel the transaction.

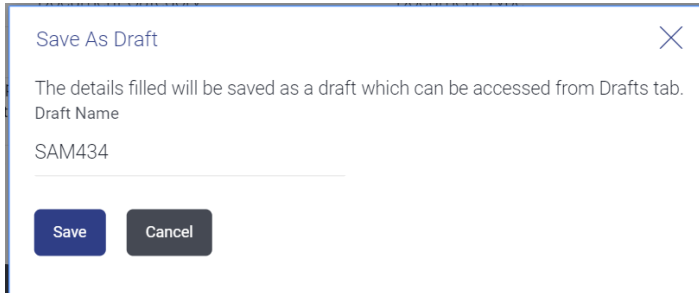

26.6 Save As Draft

User can save Guarantee application as a Draft so that it can be used if required in future. It can be re used only one time for Guarantee Application initiation. User can search the saved Guarantee draft using the draft name in search box. The saved drafts can be accessed from the **Draft** tab. The Guarantee applications, which were saved as draft can also be saved as template after adding all other necessary fields.

Note: User cannot save application with attached document as Draft.

To save Guarantee application as draft:

1. Enter the required details in Guarantee application.
2. Click **Save As**, and then select **Draft** option.

Save as Draft

Save As Draft

The details filled will be saved as a draft which can be accessed from Drafts tab.

Draft Name

SAM434

Save Cancel

Field Description

Field Name	Description
Draft Name	Name of the draft.

3. In the **Draft Name** field, enter the desired name for the draft.
4. Click **Save** to save the draft.
The transaction details are saved as a draft which can be access from the **Draft** tab.
OR
Click **Cancel** to cancel the transaction.

28. View Outward Guarantee

Using this option, you can view existing Outward Guarantees in the application.

A guarantee from a lending institution ensures that the liabilities of a debtor will be met. In other words, if the applicant fails to fulfil a commitment, the lending institution will cover it. A Bank Guarantee enables user to show more credibility while doing business.

Guarantees can be initiated in the system using the Initiate Guarantee option. This option allows you to search for guarantees based on a certain search criterion. It allows you to view a list of Bank Guarantees (also called Outward Guarantee) for the selected customer. Details of an individual guarantee can be viewed and Exported in various formats.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Outward Guarantee should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Bank Guarantee > Outward Bank Guarantee > View Bank Guarantee

Click **Cancel** to cancel the transaction. The **Dashboard** appears.

Note: When shipping Guarantee is linked with LC it cannot be saved as Draft, when it is not linked with LC, then it can be saved either as a draft or as a template.

[Home](#)

31. View shipping Guarantee

Using this option, you can view existing shipping guarantees in the application.

A guarantee from a lending institution ensures that the liabilities of a debtor will be met. In other words, if the applicant fails to fulfil a commitment, the lending institution will cover it. A Bank Guarantee enables user to show more credibility while doing business.

Guarantees can be initiated in the system using the Initiate Shipping Guarantee option. This option allows you to search for guarantees based on a certain search criterion. It allows you to view a list of guarantees for the selected customer. Details of an individual guarantee can be viewed and Exported in various formats.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single shipping guarantee should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Shipping Guarantee > View Shipping Guarantee

To view Shipping guarantee:

1. The **View Shipping Guarantee** screen appears.
2. Click  to filter based on the filter criteria. The **Filter** overlay screen appears.

View Shipping Guarantee - Search

35.1.1 Pending Clarification

The Bank will request for an online clarification from the user and the user receives requests for clarification. The pending for clarification requests are displayed as card. The user can click the individual card to view the details.

Pending Clarification

Field Description

Field Name	Description
Application Card	

Field Name	Description
Party Name	The option to select the party.
Pending Clarification Card	The Pending Clarification card displays the name of the card along with the other details like party name, Product name, amount and last updated date.
Application No	The reference no using which application was saved.
Party Name	The name of the party.
Transaction Name	The name of the transaction for which clarification s required.
Beneficiary Name	The name of the beneficiary.
Amount	The LC/ BG amount.
Last Updated On	The latest updated date of the clarification.

1. Select and click the Pending Clarification card whose details you want to view. The **Pending Clarification** detailed screen appears.

Pending Clarification – Details

The screenshot shows the 'Application Tracker' interface for 'Wayne Corp' with application number 'TA529120223334'. The application is in a 'Pending Clarification' state. Key details include: Product: 'OBDX Import LC Sight Revolving', Amount: '\$ 100000.00', and Updated on: '12 Dec 2018, 10.00 a.m.'. A message from Futura Bank dated 18 March 2020, 10.20 a.m. states that while scrutinizing the application, certain details are missing: 'COMMERCIAL INVOICES, BILL OF LADING, CERTIFICATE OF ORIGIN AND PACKING LIST MUST INDICATE THE FOLLOWING'. The missing details are listed as: A) LCAF NO, B) IRC NO, C) TAX IDENTIFICATION NO, D) BIN, and E) H.S. CODE. A text input area below the message contains the following text: 'Please use the details below COMMERCIAL INVOICES, BILL OF LADING, CERTIFICATE OF ORIGIN AND PACKING LIST MUST INDICATE THE FOLLOWING - NO8463856 A) LCAF NO - 9430 B) IRC NO - TR75869 C) TAX IDENTIFICATION NO - TL87327 D) BIN - 67327 E) H.S. CODE - 0000'. There is an 'Attach Documents' button and 'Send' and 'Clear Text' buttons at the bottom of the input area. Below the message box, there are two other messages from 12 March 2020: 'Few Corrections needed in the contract' and 'Further Clarification regarding the insurance policy is required'. At the bottom, there are two buttons: 'Documents' (View / Download your documents) and 'Application Details' (View your application details).

Field Description

Field Name	Description
Bank Message Window	The window displays the banks message which requires clarification.
Clarification Window	The window in which the user writes its clarification. The user can also attach the supporting documents for clarification. Once the clarification has been provided, user will not be able to modify the clarification or provide further clarification until bank sends a revised clarification request.

Field Name	Description
List of Clarifications	The previous communication between the bank and the user appears as list. User can click and view the details.
	<ol style="list-style-type: none"> 2. In the Clarification Window, enter the clarification. 3. Click the Attach Documents icon to attach the supporting documents. 4. Click Send to send the clarification to the bank. OR Click Clear Text to clear the entered details. OR Click the previous clarification list to view the earlier communication. 5. Click on an application card, it opens the application details screen as 'submitted' by the customer. OR Click the Documents (View/ Download Your Documents) icon to view and download the documents that are submitted. OR Click the Application Details (View Your Application) icon to view your submitted application. Refer Initiate LC or Initiate Guarantee transactions for more details. OR Click Close to cancel the operation and to navigate back to 'Dashboard'. OR Click Back to navigate back to the previous screen.
	<p>Note: Once bank accepts the clarification sent from OBDX, corporate user will receive an alert that clarification has been received and transaction will be processed if all in order.</p>

FAQs

1. **Can I see the changes which has been done by mid office to my initial application submitted through channel?**

User can only see the clarifications requested and provided and once the LC is issued, he can see the details using View LC.

2. **Can I change some part of my application, once submitted from channel?**

It can be done by calling bank directly and not from channel.

[Home](#)

36. Assign Proceeds

Using this option, user who is a beneficiary can assign the proceeds to assignee (third parties) which has to be received from the issuing or confirming bank.

The user can search an export LC against which he wants to assign the proceeds, he can verify the LC and view its summary of LC for reference. Post that he can provide the details of assignee such as name, address and account details and then add multiple assignees to a single Export LC with varying amount.

Once he submits the assignment, it proceeds to OBTFPM for entry in the contract.

The user can view the assignment done to the Export LC and have the facility to modify them until any bill has been booked/submitted. The user can also view and change the amount in the assignment details of all the bills under the export LC.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Outward Guarantee should exist for the party ID and party must having view rights for it

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter Of Credit > Export Letter of Credit > Assignee Management > Assignment of Proceeds

38. Transfer Letter of Credit

Using this option, a corporate user can initiate transferring an Export Letter of Credit (LC) received from issuing bank to the second beneficiary.

User can search the required LC which has to be transferred and enter the details required for the application such as second beneficiary details etc. and then submit the application to OBTFPM. Once submitted, the application can be tracked under app tracker and will follow bidirectional flow.

Pre-Requisites

User must be having a valid corporate login credentials to get into the system. This will be under a maker – approver system, or as per user's access.

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter Of Credit > Export Letter of Credit > Initiate Transfer LC

To initiate the Transfer LC:

1. Navigate to the **Transfer Letter of Credit** screen. The screen by default lands to the LC Details tab.

Transfer Letter of Credit

Field Description

Field Name	Description
LC Number	The parent LC number.
Beneficiary Name	The name of the LC beneficiary.

Field Name	Description
Date of Expiry From ,To	The expiry date range that is start and end date of the LC.
LC Amount	The currency under which the LC can be issued. Indicates the amount start and end range for the Letter of Credit.

2. Enter the search criteria and click **Apply**. The search result appears based on search criteria.
OR
Click **Cancel** to cancel the search.
OR
Click **Reset** to clear the search criteria

Note: Blank search is also allowed.

Transfer Letter of Credit – Search Result

The screenshot shows the 'Transfer Letter of Credit' search results page on the Futura Bank portal. At the top, there is a navigation bar with 'View', 'ATM & Branch Locator', and 'English' options. The user is logged in as 'Welcome, OBDX maker' with a last login time of '08 May 10:15 AM'. The main content area features a search filter section with the following fields:

- LC Number:** Input field
- Beneficiary Name:** Input field
- Date of Expiry:** From and To date pickers
- LC Amount Range:** All, From, and To dropdowns

Below the filters are three buttons: **Apply**, **Cancel**, and **Reset**. The search results are displayed in a table with the following columns:

LC Number	Beneficiary Name	Issue Date	Date of Expiry	LC Status	LC Amount	Outstanding Amount
PKIELAC21255004	NATIONAL FREIGHT CORP	05 May 2021	05 Aug 2021	ACTIVE	GBP10,000.00	GBP10,358.97
