Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Checking Account Application

This topic describes the structure of the Checking Account application, which captures information regarding the applicant's personal, employment, nominee information and financial information.

Oracle Banking Digital Experience supports both single as well as joint applications for checking account products (depending on whether the product, as maintained in the mid-office system, supports joint applications). If the product supports joint applications, the option to apply jointly will be provided on the kickoff page. On selecting this option, the application form will be adapted to also capture information of joint applicants. This will include the joint applicant's personal information and, depending on the maintenances in the mid-office system with regards to capture of financial and employment information, might also include sections to capture this information of the joint applicant.

The application form is Optical Character Recognition (OCR) enabled so as to save the applicant's time and effort in filling out the application form. The inline document upload feature that is provided on various sections of the form, enables the applicant to upload supporting documents to have the specific section prefilled with information.

Online KYC of the prospect (primary applicant as well as joint applicant) can also be conducted by means of liveness check or through integration with third party identity verification service providers. For more information, please refer **User Manual Oracle Banking Digital Experience Originations - KYC Modes**. Once the online KYC of the applicants are completed successfully, the personal information sections of each applicant will be prefilled with information fetched from the identification proof documents uploaded as part of the online KYC process.

In case the applicant is an existing digital banking customer (only supported in case of single applicant applications and not joint applications), he/she can simply provide his/her online banking credentials to have his/her personal information and if required, his/her employment and information sections of the form prefilled with information as maintained with the bank.

The application form also has the feature of QR code scan enablement which can be used to continue applications on mobile devices.

The application tracker has been built so as to enable tracking of the application once it has been submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved. Additionally, the applicant can view documents that have been uploaded as part of the application form and can also view details as defined in the application form in PDF format.

Note

1. *Oracle Banking Digital Experience* is integrated with Oracle KYC to fetch the applicant's risk level (high risk or low risk) along with the reference number for the same as generated in the Oracle KYC system, at the time of application submission. Oracle Banking Digital Experience will further send this information to the mid office system to be utilized as required.
2. *Oracle Banking Digital Experience* only allows joint application forms when the primary applicant is a new customer of the bank. The joint applicant can either be a new customer or an existing one.

Following are the steps involved in the application submission:

- **Product Selection:** All the products belonging to the selected product category will be listed here. Each product will be listed as a separate card which will display the name and image of the product along with a short description, features and the options to view further details, or to apply for the product. The additional option to select the product so as to compare it with others within the same category will also be provided on each card. You can select a maximum of three products for comparison.
- **Kick Off:** This page serves as an introduction to the application form. You can also view the documents required to be uploaded as part of the application. As an applicant, you can identify how you are going to proceed with the application – whether you want to apply for a single or joint account, If you, the primary applicant, are a new/unregistered user, you can continue as a guest, or if you are an existing online banking customer (not supported in case of joint application forms) you can login with your online banking credentials to have your information pre-populated in the application.
- **Mobile Verification:** This step is applicable if you are filling out the application as a new/unregistered user. You will be instructed to enter your mobile number, after which the system will identify whether your mobile number is already registered with the bank or not. You will then be required to enter the OTP sent to this mobile number in order to proceed with the application form. Please note – as of this release, mobile verification is applicable only for the primary applicant even in the case of joint application forms.
- **Online KYC:** Online KYC of the applicant/s can be done through any of the following modes, depending on which mode has been enabled by the bank in the **Originations Workflow Maintenance** screen available to bank administrators.
 1. Liveness Check – Selfie Capture
 2. (National) ID Verification

For more information on Online KYC and modes, please refer to the user manual **User Manual Oracle Banking Digital Experience Originations - KYC Modes**

- **Personal Information:** This section captures information pertaining to the applicants' personal information which will include full name, date of birth, address details, etc. In case, you have skipped online KYC, you can opt to upload an identity proof document to have the information on this section pre-populated or you can alternately enter the required information manually. In case of joint application forms, there will be two sections to capture personal information i.e. one to capture the personal information of the primary applicant and another to capture the personal information of the joint applicant.
- **Employment Information:** Employment details for the primary and/or joint applicant might need to be collected or could be an optional part of the form, based on the bank administrator's settings in the Originations Workflow Maintenance screen.

The first record should be that of your current main source of income. You can include additional entries to document other current or past employment details.

- **Financial Information:** The capture of financial information is dependent on the maintenances in the mid office system that impact the product being applied for. Additionally, if the overdraft feature is opted for, it would be mandatory to capture the financial information of atleast one applicant in the form, as identified on the kickoff page.
- **Checking Account Specifications:** The bank may offer certain add-on services for the account. These might include a Debit Card, Passbook, Cheque Book, Access to Direct Banking, Phone Banking, etc. In this section, you can define your preferences with regards to these features. You can also specify the currency in which you would like the account to be maintained and define your preferences regarding account statement frequency and mode of delivery. In case of joint account applications forms, you will be able to provide specifications related to optional services available to both the primary as well as the joint applicant separately. There will also be an additional sub section under this section in which you can specify the mode of operation of the account.
- **Nominee Information:** If you wish to do so, you can specify details of your nominee in this section. Nominee details will include basic information such as name, date of birth, address etc. In case the nominee is a minor, you will have to mandatorily also specify information of the nominee's guardian.
- **Review and Submit:** Once you have filled out all the information required in the account application form, you will be displayed this information on the review page. You can verify the details provided and if required, can edit the information in any sections by selecting the option provided against each section.
- **Terms of Service:** On having reviewed the application, you can then proceed to view the terms and conditions of the account application you are applying for. In case of joint account application forms, this section will list down the terms and conditions specific to the product being applied for, as well as terms and conditions that are required to be read and accepted by each of the applicants, separately. The signature sub section will also have a provision to capture the signature of both applicants.

Digital signatures can be added by uploading a document containing the applicant's signature or by physically signing the provided space in case the application is being filled out from a touchscreen device.

- **Fund your account:** This step will be part of the application form if it has been configured for Checking Account applications. Through this step you will be able to fund your new account if you wish to do so. If you opt to fund your account, you will be required to specify the initial deposit amount and then proceed to furnish information regarding mode of transfer. In case of single applications, if you are a prospect applicant, you will be navigated to the payment gateway where you will be able to specify information related to the mode of transfer. If you are an existing customer you will be provided with the additional feature of being able to select any of your existing savings or checking accounts that you hold with the bank, from which to transfer funds. The same will be the case if in the case of joint applications, the primary applicant is a prospect or an existing customer.

Note

In case a prospect is applying, this step will be part of the application form only if host integration is third party.

- **Confirmation:** Once you have submitted your application after having reviewed it and having accepted the terms and conditions, a confirmation page will be displayed. This page will display a success message along with the application reference number. You can

track your application on the basis of this reference number. Additionally, this page will also contain a button, by clicking on which you can navigate to the application tracker.

Apart from the **Review and Submit** and **Confirmation** steps, the sequence of the remaining steps may vary based on the configuration maintained for the product applications, by the bank.

To apply for a checking account:

1. Perform any of the following steps to navigate to the **Checking Account** application.
 - a. From the Bank Portal page, go to the **Product Offerings** section, and then click the **Retail** tab. Under the **Retail** tab, click **Checking Accounts**.
 - b. From the Bank Portal page, click **Customer Services**, then click **Our Products**. The **Product Offerings** screen is loaded, click **Personal**, and then click **Checking Accounts**.

1.4 Kick Off Page

This topic describes the product application kick off page and the options available to the applicant to proceed with the application form.

This page provides information pertaining to the application that you are required to fill out in order to apply for the product. The information will cover the eligibility criteria you are required to meet in order to apply for the product and the documents that can serve as various proofs including ID proof, address proof etc. This page also provides the means by way of which you can proceed with the application form – as an existing customer of the bank or as a guest who has no current relationship with the bank.

In case the product you have selected, allows for joint applications, this page will also provide the option by way of which you can choose to apply for a single account or joint account. In case you select the option to apply jointly, the eligibility criteria will reflect the conditions that both you, as the primary applicant, as well as the joint applicant, will need to meet in order to be able to apply for the account. Also, if the product allows for an overdraft facility, and you decide to apply for a joint account, the option to apply for an overdraft will appear on this page. If you opt to apply for the overdraft option, an additional field will appear asking you to indicate whose financial details you will provide. The bank needs to confirm that at least one applicant can meet the overdraft terms to enable the overdraft feature. Therefore, depending on your choice, the application form will include a section to capture the financial details of the primary applicant, the joint applicant, or both applicants.

If you are an existing customer of the bank with online access (this applies only to single applications), you can select the option provided and continue to log in using your online banking credentials. In this case, you will be required to only specify information pertaining to the account. Information related to your personal details, etc will not be required to be entered as it is already available with the bank.

On the other hand, if you are new to the bank, you will be required to furnish all information including information pertaining to your personal details and will also be provided with the option to complete online KYC. You will also be required to upload mandatory documents such as ID proof, proof of employment etc. to support your application.

Note

1. In case of Joint Applications, OBDX only supports two applicants to apply i.e. the primary applicant along with one joint applicant.
2. Currently, joint online applications are only available to primary applicants are new to the bank. The joint applicant can either be a prospect or a current customer of the bank.

1. Perform any of the following actions:
 - a. From the **Product Listing** page, click **Apply Now** proceed to the application form for that specific product.
 - b. From the **Product Details** page, click **Apply Now** proceed to the application form for that specific product.

1.5 Mobile Number Verification

This topic describes the registration process for guest customers, enabling them to track submitted applications and retrieve abandoned applications.

This step is applicable only for prospect/guest customers. Even in the case of joint applications, at present, it is only the primary applicant's mobile that gets verified. This check is used to register guest customers so that they can track submitted applications and also retrieve applications that were abandoned before submission. This check is also used to

identify whether the applicant is truly a new customer or if he/she is already an existing customer of the bank. Additionally, the system is able to identify if there are any existing applications in draft mode for the mobile number defined and can provide applicants with the option to continue with those applications if they wish to do so.

Once the mobile verification process is completed, the auto save capability of the application is enabled. Any entry/changes you make to the application form will get saved automatically.

1.6 Personal Information

This topic describes the section of the application in which personal information of the applicant/s is captured.

You can opt to upload your ID proof so as to have your information pre-populated on the basis of the ID document. In the case of joint applications, the personal information of both applicants i.e., the primary applicant as well as the joint applicant will need to be captured. There will be two separate sections to capture this information of each applicant, which will have headers as Primary Applicant – Personal, Joint Applicant – Personal, respectively.

Note

In case the joint applicant is an existing customer of the bank, the section in which personal information of the joint applicant is to be entered, will not be part of the application form.

1.8 Financial Profile

This topic describes the section which captures information about the applicant/s financial details pertaining to their income, expenses, assets, and liabilities.

If the applicant does not have any assets or liabilities or does not want to furnish that information as part of this application, you can select the options provided against each card to skip providing that specific information.

In the case of joint application forms, the sections in which you can specify financial information of each applicant will be displayed as **Primary Applicant – Finances** and **Joint Applicant – Finances** respectively.

This section will be included in the application form depending on whether it is mandatory or not as maintained in the mid-office system. If you wish to apply for the overdraft feature (considering the product supports this feature), you will be required to furnish your financial information. In the case of joint application forms, you can specify whose financial information is to be specified - the primary applicant's, the joint applicant's, or both. This information is captured on the kickoff page. Based on your selection users choice, the application form will display the section(s) where the financial details of the chosen applicant can be entered.

1.9 Joint Applicant Information

This topic documents the section of the joint application information in which joint applicant information can be entered.

This step is displayed in joint application forms only. You will be able to specify whether the joint applicant is an existing customer of the bank or not. If the joint applicant is an existing customer of the bank, you will only be required to specify their customer ID, their name and date of birth. The system will validate this information and you can proceed with the application form. You will not be required to provide any personal information of the applicant since this information is already available with the bank. The employment and financial information sections of the joint applicant (if enabled for the product application) will be displayed and can be modified. If the joint applicant is new to the bank, you will be required to furnish personal as well as employment and financial information (if enabled for the product application) of the joint applicant.

This section documents the joint applicant information screen, which captures the relationship of the joint applicant with the bank—specifically, whether they are an existing customer or a new customer. It also details the fields displayed if the option indicating that the joint applicant is an existing customer, is selected.

For information on all other sections that capture the joint applicant's details if they are new to the bank—such as Personal Information (including the sub-sections Basic Information, Identity, and Contact), Employment Information, and Financial Information—please refer to the respective sections labeled as such in this user manual.

Figure 1-15 Joint Applicant Information

The screenshot displays the 'Premier Checking Account' application interface. At the top, a progress bar shows eight steps: 1. Primary Applicant - Personal (completed with a green checkmark), 2. Joint Applicant - Personal (current step), 3. Checking Account Specifications, 4. Primary Applicant - Employment, 5. Joint Applicant - Employment, 6. Primary Applicant - Finances, 7. Joint Applicant - Finances, and 8. Nominee. Below the progress bar, the 'Joint Applicant Information' section is titled. It asks, 'Is the Joint Applicant an existing customer of the bank?' with two radio button options: 'Yes' and 'No'. The 'No' option is selected. Below the options are 'Continue' and 'Back' buttons. At the bottom, a link states 'Scan QR-code anytime to continue on mobile.'

1. Select **Yes**, if the Joint Applicant is an existing customer of the bank.

1.12 Review and Submit

This topic describes how to review and edit your application summary.

Each step of the application is available as a section. The order of the section will be the same as the order of the steps in the application, except for the Personal Information panel and the Documents panel. These panels always appear first and last respectively. In the case of joint application forms as well, the personal information of both applicants will appear first starting with the information of the primary applicant and followed by the joint applicant's information. You can modify the information in any section by selecting the link provided against each section.

1.13 Terms of Service

This topic describes the terms and conditions associated with the product for which you are applying.

You will be required to read the terms and conditions and then click on the checkbox to provide your acknowledgment to having agreed to the terms and conditions.

You can also provide your digital signature at this step. If you are applying for the product from a touchscreen device, you can also digitally sign the area identified. Alternately, you can upload a document containing your signature.

In the case of joint application forms, the consent of each applicant to certain terms and conditions, will be required. Hence, in this case, there will be two separate sub sections capturing the consents of each applicant, in addition to the sub section capturing the primary applicant's consent to product specific terms and conditions. Each individual consent subsection of the applicants will be marked with the name of the respective applicant and their role, such as Primary Applicant or Joint Applicant, to clarify whose consent needs to be obtained. Similarly, in the case of joint applications, each applicant can also provide their digital signatures, if they wish to do so. The sub sections capturing the signatures of each applicant will also be labelled with the name as well as the role of the applicant.

1.15 Submitted Application - Confirmation

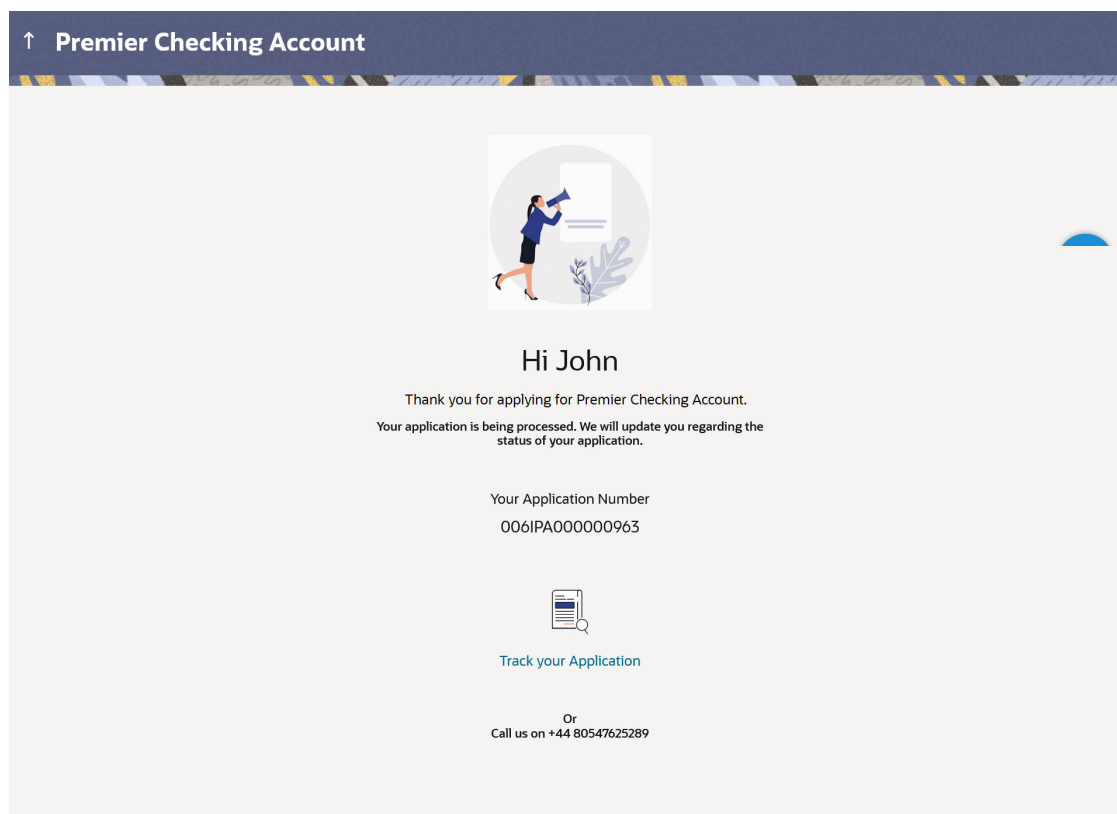

This topic describes the confirmation page that appears once the application is submitted.

The confirmation page appears once you have submitted your application. This page displays the name of the product that you have applied for along with the application reference number. In the case of insta-account applications, instead of the application reference number, the account number of the newly opened account will be displayed. It also provides a link by means of which you can track your application.

Note

In case of non-insta account application or if, for any reason (such as KYC verification failure), the account number could not be generated, the application reference number will be displayed along with the link to track the application.

Figure 1-25 Confirmation

- Perform any of the following actions:
 1. In case of insta account application processed successfully:
 1. Click **Register for Online Banking** link to navigate to the **Registration** page.
For information on **Registration**, refer to the **Oracle Banking Digital Experience Retail Customer Services** user manual.
 2. In case of non-insta account application or if the insta account application could not be processed instantly:
 1. Click **Track your application** link to navigate to the **Application Tracker Login** page.
For information on the **Application Tracker**, refer to the **Oracle Banking Digital Experience Retail Originations Application Tracker User Manual**.

1.16 Existing User

This topic describes the product application process for existing customers.

An application form being initiated by an existing online banking customer of the bank (registered user) will differ from that of one being initiated by a new/unregistered user.

You will be able to apply as an existing customer either by selecting the provided option on the kickoff page and proceeding to specify your login credentials (applicable if you have applied via the bank portal page) or by selecting the product of choice from the product showcase available to you post login via the hamburger menu. In either case, the application form will vary from that of a prospect applicant's.

The system will identify your KYC status and depending on the status, you will either be allowed to proceed with the application or not i.e. if your Re-KYC is active you will be allowed to enter and submit your application form but if your Re-KYC is pending, you will not be allowed to apply for the product and will be displayed a message informing you of the same.

Note

At present, the system does not support joint applications by existing customers of the bank i.e. the primary applicant can only be new to the bank if applying for a joint account. The joint applicant, however, can be new to the bank or an existing customer of the bank.

The checking account application form for existing customers will comprise of the following sections:

1. **Kickoff Page** - Regardless of whether you are applying from the bank's portal (pre-login page) or after having logged into the bank's website/application, you will be displayed a kickoff page. In addition to the eligibility criteria that need to be met in order to apply for the product, you will be displayed the fields applicable to application type (single or joint) and the subsequent fields related to overdraft if you opt to apply for a joint account.
2. **Employment Information** – This section will only be part of the application form if employment information is to be captured for the product you have selected and if your employment information is either not maintained with the bank at all or if the information is maintained but is not current.
3. **Financial Profile** – Like employment information, the financial information section will also be part of the application form only if you have specified that you are currently employed by having selected the provided option on the disclaimer modal window displayed once you select a product for application. Subsequently, if you have identified that you are currently employed, this section will be part of the application form only if financial profile is configured for the product you have selected as well as certain factors such as whether your financial information is already maintained with the bank or not and if maintained whether the information is current or not. Hence, the financial information section will only be part of the application form if your information is either not maintained with the bank at all or if the information is maintained but is not current.
4. **Account Preferences** – This section will be part of the application form and you will be required to define the currency in which you would like the account to be maintained and define your preferences regarding account statement frequency and mode of delivery.
5. **Nominee Information** – This section will be part of the application form if it is configured for the product that you are applying for. You can add information pertaining to the nominee that you wish to add to the account in this section.
6. **Terms of Service** – You will be required to read through and accept the terms and conditions related to the online application of the product you have selected.
7. **Fund your Account** – If this step is configured for checking account applications, it will appear as part of your application form. You will be able to specify your preference with regards to funding your account. If you opt to fund your account, you will be required to specify the amount that is to be deposited in your account and also select the mode through which you will be making the transfer.
8. **Review** - The details filled in the application form will be displayed. The user can edit the information in any section by clicking the edit icon displayed against the section header.
9. **Confirm** – Once you have submitted your application, you will be displayed a confirmation page. If the application is processed instantly, the account number as generated by the

bank will be displayed along with the link to access the Current & Savings Accounts (summary) page. In case the application is being processed through the non-insta or manual processing mode, the application reference number along with the link to access the Application Tracker will be displayed.

FAQ

1. Can I proceed with the application if I am an existing customer of the bank but do not have online banking access?

You will need to first onboard yourself on the digital banking platform. You can do so by selecting the 'Register for online banking access' link on the kick off page or by selecting the 'Register Now' option provided on the login page. Once you have completed the registration process, you can login and proceed with application initiation. Please note that currently existing customer applications are supported only for single applicant applications and not for joint applications.

2. Can I add a joint applicant while applying for any of the products?

Yes, provided the product you have selected supports this feature. If the joint account option is available for the chosen product, the user must provide details of both applicants, i.e, the primary applicant as well as the joint applicant. An account applied for online can have a maximum of two joint account holders. **Note:** Please be aware that at this time, only a prospective customer can start the joint application process i.e. in order to apply for a joint account, the primary applicant needs to be new to the bank. The joint applicant can be an existing customer or new to the bank.

3. I am applying for the product as a guest user. The address that is mentioned in the document that I have uploaded in support of the application is different from my current permanent address. Can I update that information in the application form?

Yes, all the information that is fetched from your document is displayed in editable format in the Personal Information section. You can update the required details and submit your application. However, please note that once your mobile number, as provided in the Mobile Verification page, is verified, you will not be able to modify it in the Personal Information section.

4. How many products can I apply for as part of a bundled application?

Out of the box, you can add a maximum of three products in a bundle. This number is configurable by the Bank and may change.

5. Can I cancel one of the product applications that has been submitted as part of a bundled application?

No. Currently, it is not possible to cancel a specific product application that is part of a bundled application. You can however, cancel the entire bundled application, if you wish to do so.

6. If I am applying for a product as an existing user, can I update my personal information while initiating an application?

No, you cannot update any personal details while applying as an existing online banking customer. You may contact the bank to update your personal information before applying for a new product.

7. For how long I can access and resume my applications that are saved as drafts?

This is based on the Bank's purging policy. The draft applications will be available for x days in the application tracker before they are purged by the bank.

8. Can I apply for a product that I have already applied for and that the bank is currently processing?

Yes, you can still submit an application for the same product. The decision to process or reject either of the two (or more) applications will rest on the bank.

- 9. I have started my application on my laptop. However, I have realized that some of the documents that I need to upload are available on my tablet. Do I need to abandon the application that I started on my laptop to restart the entire process on my tablet?**

No, you can scan the QR code available on every step of the application form, post the Mobile Verification step, and resume the application from your tablet or mobile device.

- 10. Can bank administrators define the sequence in the steps of the application forms?**

Yes, bank administrators can configure the sequence of steps in the application forms of all product categories supported for online application, through the Origination Workflow Maintenance feature available on the OBDX platform.

- 11. How does National ID verification work?**

The bank can integrate with government or other third party systems (which store and maintain data of National ID holders), through available hook points. Online authentication will be performed to verify the identity claim of the ID holder and to fetch the required personal information.

- 12. How does OCR work?**

The bank can integrate with the third party adapters that provide OCR services, through available hook points. The system will be able to prefill certain fields in the Personal Information section from data fetched from the applicant's uploaded documents.

Similarly, an out of box integration is available with the internal 'Document verification framework'.

Extensibility hooks can be used to support OCR for most identity and financial documents.
