Purpose

This guide is designed to help acquaint you with the Oracle Banking application. This guide provides answers to specific features and procedures that the user need to be aware of the module to function successfully.

Audience

This document is intended for the following audience:

- Customers
- Partners

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to

build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Related Resources

For more information on any related features, refer to the following documents:

- Oracle Banking Digital Experience Installation Manuals
- Oracle Banking Digital Experience Licensing Manuals

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.

Acronyms and Abbreviations

The list of the acronyms and abbreviations used in this guide are as follows:

Table 1 Acronyms and Abbreviations

Abbreviation	Description
OBDX	Oracle Banking Digital Experience

Basic Actions

Most of the screens contain icons to perform all or a few of the basic actions. The actions which are called here are generic, and it varies based on the usage and the applicability. The table below gives a snapshot of them:

Table 2 Basic Actions and Descriptions

Action	Description
Back	In case you missed to specify or need to modify the details in the previous segment, click Back to navigate to the previous segment.
Cancel	Click Cancel to cancel the operation input midway without saving any data. You will be alerted that the input data would be lost before confirming the cancellation.
Next	On completion of input of all parameters, click Next to navigate to the next segment.
Save	On completion of input of all parameters, click Save to save the details.
Save & Close	Click Save & Close to save the data captured. The saved data will be available in View Business Product with <i>In Progress</i> status. You can work on it later by picking it from the View Business Product .
Submit	On completing the input of all parameters, click Submit to proceed with executing the transaction.
Reset	Click Reset to clear the data entered.
Refresh	Click Refresh to update the transaction with the recently entered data.
Download	Click Download to download the records in PDF or XLS format.

Symbols and Icons

The following are the symbols/icons you are likely to find in this guide:

1

Term Deposit

This topic describes how the application enables users to open and manage term deposits throughout their life cycle, from creation to maturity.

As the name suggests, a Term Deposit is a deposit held at a bank for a fixed term, generally ranging from a month to a few years. If compared to regular savings accounts, the interest earned on a term deposit is higher.

Customers choose to invest in term deposits because they offer a safe and secure mode of investment with higher returns compared to regular checking or savings accounts.

Prerequisites

- Transaction access is provided to retail customers.
- Term Deposit accounts are maintained in the host system under a party ID mapped to the customer.

Note

In application

1. Account searchable drop-down allows user to search using criteria such as Account Number, Account Name, Account Currency, or Branch Code.
2. Bank can configure the fields to be shown as additional values in the accounts drop-down.

Features Supported In the Application

The retail module of the application supports the following features:

- [Overview Widget](#)
- [View Term Deposits Summary](#)
- [View Term Deposit Details](#)
- [Edit Maturity Instructions](#)
- [Top Up Term Deposit](#)
- [Redeem Term Deposit](#)
- [View Term Deposit Statement](#)
- [Request Statement](#)
- [Apply for a New Term Deposit](#)
- [Calculate Deposit Maturity Amount](#)

- [Overview Widget](#)

This topic describes the Overview widget, which displays the customer's holdings across various account types, including Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments.

1.1 Overview Widget

This topic describes the Overview widget, which displays the customer's holdings across various account types, including Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments.

The retail overview widget displays an overview of the customer's holdings with the bank. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Investments and Credit Cards. It is a container and user can scroll from left to right, right to left. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of **Term Deposits**. On selection of account type **Term Deposits**, details of the term deposit accounts held with the bank are displayed on next page. This Term Deposit summary page displays the of both Islamic and Conventional active term deposit accounts held by the customer along with the basic details of each term deposit. General details such as the total count of term deposit accounts, the total current balance, the total principal and maturity amounts across all term deposits held with the bank, are also displayed.

Basic details of individual term deposits are displayed as records. Each record displays basic information of the deposit which comprises of the term deposit account number, the product name, current balance, maturity amount, maturity date, and the **More Actions** menu.

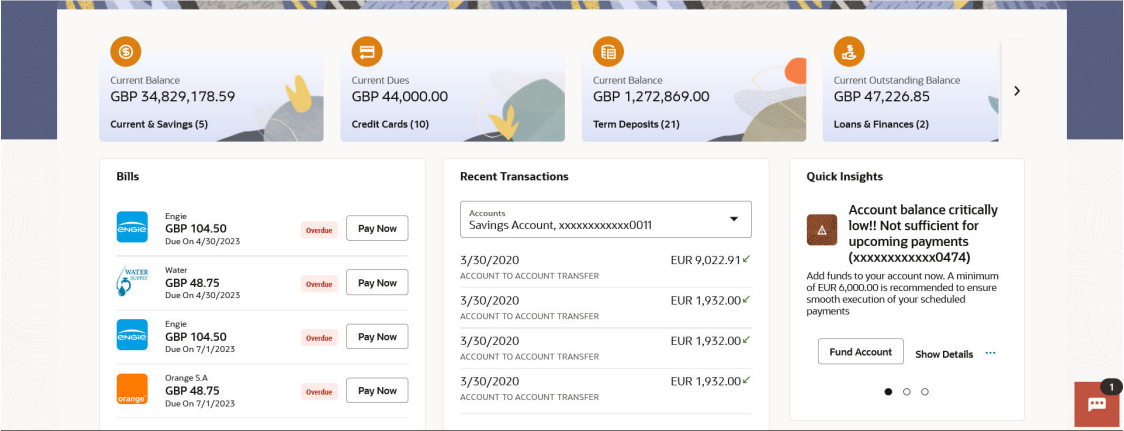

Note

The number of cards to be displayed in the Overview widget will remain the same across all modules and is configurable.

If the retail user does not have any term deposit accounts, system displays the text message and the card which re-directs user to the **New Term Deposits** screen.

1. On the Dashboard, click **Overview** widget, and then click **Term Deposits**. The **Term Deposits Summary** screen appears.

Figure 1-1 Overview widget

2

Term Deposits Summary

This topic describes the Term Deposits summary page, which provides users with a comprehensive overview of all their term deposits held with the bank.

All the active term deposits of the user are listed as records. Each record comprises of information such as the term deposit account number, account nickname (if assigned), product name, current balance, maturity date and maturity amount. Click on the specific account to view further details of that account or view the summary of transactions undertaken through that account.

Note

1. If the retail user has no term deposit accounts, the system shows a message and a card that directs the user to the New Term Deposits screen.
2. The left swipe and Long Press gesture is implemented on mobile and tablets devices.

Long press gesture - Users can now press and hold on the screen for a longer time to reveal more options or actions. This feature is accessible in the Account Listing, allowing users to access Redeem, Top Up, and Edit Maturity Instructions functions.

The **More Actions** menu on the right top corner of the page lists the relevant allowed actions based on the account status.

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on **Manage Columns** option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note

1. The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
2. The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

Perform anyone of the following navigation to access the **Term Deposits Summary** screen.

- From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Term Deposits** tab.
- From the Dashboard, click **Overview** widget, click **Term Deposits** card.
- From the Search bar, type **Term Deposits – Term Deposits** and press **Enter**.
- Access through the **Term Deposits** tab available on footer of all pages.

The **Accounts** summary screen appears.

Table 2-1 (Cont.) Term Deposits Summary - Field Description

Field Name	Description
Maturity Amount	The value of the term deposit at the time of maturity.

Perform one of the following actions:

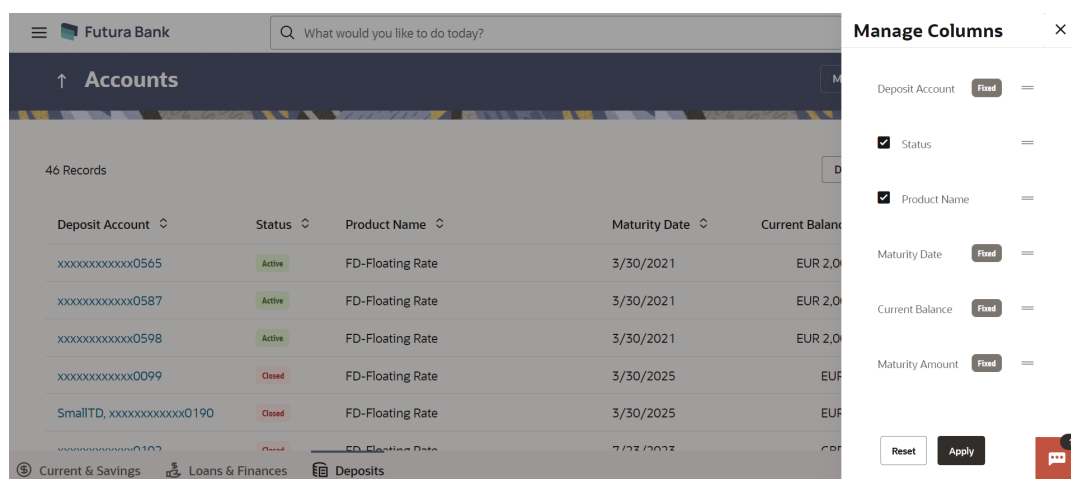

- Click on the **New Term Deposit** to open a new term deposit.
- Click on the **More Actions** menu to access other Deposits account related transactions.
- Click on the  **Download** icon to download the records in CSV & PDF format.
- Click the  **Manage Columns** icon to setup a column preference by rearranging or removing columns.

Figure 2-2 Term Deposits Accounts – Manage Columns setup

Perform one of the following actions:

- Click **Apply** to apply the new changes to the table.
- Click **Reset** to clear the data entered.

3

New Term Deposit under Oracle FLEXCUBE Universal Banking

This topic describes the information for applying for new term deposits under Oracle FLEXCUBE Universal Banking.

The New Deposit page enables the customer to apply for a new term deposit. All the term deposit offerings of the bank are available for selection on this page. The customer can select any product offer in order to apply for a term deposit of choice.

While applying for a term deposit, the customer is required to identify the amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single or joint. Additionally, the customer is also required to define maturity instructions and also to select the current or savings account from which funds are to be debited in order to fund the deposit.

Certain cases, specific to India region, might require the customer to specify his/her PAN (Permanent Account Number) while applying for a new term deposit. These could be if the customer is creating a new term deposit that exceeds a value defined by the bank or if, at any given point in time, while creating a new term deposit, the cumulative value of the deposits (Fixed as well as Recurring Deposits) held by the customer exceeds a certain amount.

The term deposit offerings of the bank available are:

- [Opening conventional Term Deposit account](#)

Note

The Product mapping should be done for the user segment, so that concerned TD products are available for the user.

Perform anyone of the following navigation to access the **New Term Deposit** screen.

- From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Term Deposits** tab.

Under **Term Deposits** , click on the **New Term Deposit**.

- From the Search bar, type **Term Deposits -New Term Deposit** and press **Enter**.
- On the Dashboard, click **Overview** widget, click **Term Deposit** card, then click **Term Deposits** tab, then click on the **New Term Deposit**

The **New Term Deposit** screen appears.

- [New Conventional Term Deposit](#)
This topic provides the systematic instructions for user to apply for new term deposits.

3.1 New Conventional Term Deposit

This topic provides the systematic instructions for user to apply for new term deposits.

The **Small & Medium Business** user can open new conventional term deposit account based on the CASA accounts. In case of premature withdrawal from conventional term deposit, the maturity amount goes to CASA account with same local currency.

To open a new conventional term deposit:

1. To access the **New Term Deposit** screen, refer **Step 1- New Term Deposit under Oracle FLEXCUBE Core Banking** transaction.

The **New Term Deposit** screen appears.

Redemption under Oracle FLEXCUBE Universal Banking

This topic provides the systematic instructions for users to quickly liquidate their term deposits when necessary.

In times of financial emergencies, the primary source of funds for most people is their savings and investments. The facility to liquidate funds becomes imperative in such cases. The redeem term deposit feature enables customers to quickly liquidate their term deposits in any such situations.

Using this option, the customer can redeem either the entire amount or a partial amount of a term deposit.

Customers can choose to payout the funds from a deposit through any of the following methods for premature withdrawal or full redemption:

- Transfer to own account
- Transfer to internal account
- Transfer to a domestic account
- Transfer to international account

To redeem the term deposit:

1. Perform anyone of the following navigation to access the **Redeem Term Deposit** screen.
 - From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Deposits** tab, and then click on the **Deposit Account Number** .

From the **Deposit Details** page, click on the **More Actions**, and then click on the **Redeem Term Deposit**.

- From the Search bar, type **Deposits – Redeem Term Deposit** and press **Enter**.
- On the Dashboard, click **Overview** widget, click **Deposits** card, then click on the **Deposit Account Number** .

From the **Deposit Details** page, click on the **More Actions**, and then click on the **Redeem Term Deposit**.

The **Redeem Term Deposits** screen appears.

Figure 4-1 Redeem Term Deposit
Note

The fields which are marked as Required are mandatory.

For more information on fields, refer to the field description table.

Table 4-1 Redeem Term Deposit - Field Description

Field Name	Description

Term Deposit Details

This topic provides the systematic instructions for users to view details pertaining to a specific term deposit held by the customer.

The deposit details page displays details of a specific term deposit of the customer. Details such as holding pattern and names of account holders, the current status of the deposit, the interest rate applicable and the deposit amounts and dates, are displayed. There are three main section **Account Details**, **Recent Transactions**, and **Additional Information**. To navigate between the different sections, **Recent Transactions**, and **Additional Information** the user can use the bookmark options available on top right corner.

The **Account Details** section provide general information about the deposit account such as the current balance, nickname, status of the account and product name, maturity amount, maturity date, and rate of interest. The **Recent Transactions** sections displays the entries along with each transaction amount and reference details. The **Additional Information** section displays the account holding pattern and the names of all the account holders, the branch in which the account is held along with original principal amount, current principal amount, maturity date, maturity amount, rate of interest, hold amount, deposit date, value date, deposit term etc.

Perform anyone of the following navigation to access the **Term Deposit Details** screen.

- On the Dashboard, click **Overview** widget, click **Term Deposits** card, then click on the **Term Deposit Account Number**.
- From the Search bar, type **Term Deposits – Term Deposits Details** and press **Enter**.
- From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Deposit** tab, and then click hen click on the **Term Deposit Account Number** .

The **Term Deposit Details** screen appears.

Edit Maturity Instructions

This topic provides the systematic instructions for user to modify the maturity instruction associated with a term deposit.

At any point in time, a customer may want to change the maturity instruction set for a term deposit. The Edit Maturity Instruction feature enables a customer to change the maturity instruction that was set at the time the deposit was being opened.

To edit the maturity instructions:

1. Perform any one of the following navigation to access the **Edit Maturity Instructions** screen.
 - a. From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Deposits** tab, and then click on the **Deposits Account Number**.
 - b. From the **Deposits Details** page, click on the **More Actions**, and then click on the **Edit Maturity Instructions**.
 - c. From the Search bar, type **Term Deposits – Edit Maturity Instructions** and press **Enter**.
 - d. On the Dashboard, click **Overview** widget, click **Term Deposits** card, then click **Deposits Account Number**. From the **Deposits Details** page, click on the **More Actions**, and then click on the **Edit Maturity Instructions**.

The **Edit Maturity Instructions** screen appears.

Figure 6-1 Edit Maturity Instructions

The screenshot displays the 'Edit Maturity Instructions' interface. At the top, there's a header bar with the title 'Edit Maturity Instructions' and a search bar containing 'xxxxxxxxxxxx0585'. Below the header, the form is organized into sections. The first section shows 'Term Deposit Product' as 'FD-Floating Rate'. The second section shows 'Deposit Amount' as 'EUR 1,000.00'. The third section shows 'Maturity Date' as '3/30/2021'. The fourth section has a dropdown for 'Maturity Instructions' currently set to 'Close on Maturity'. The fifth section has a dropdown for 'Pay To' currently set to 'Internal Account'. The sixth section has a text input for 'Account Number' with masked characters '*****'. The seventh section has a text input for 'Confirm Account Number' with the value '1123544'. At the bottom, there's a navigation bar with tabs for 'Current & Savings', 'Loans & Finances', and 'Deposits'. A 'Cancel' button and a 'Submit' button are located in the top right corner of the form area.

Note

The fields which are marked as **Required** are mandatory.

- a. Verify the details and click **Confirm**.
The confirm screen is displayed with a success message along with the reference number.
 - b. Click **Back** to navigate back to the previous screen.

- c. Click **Cancel** to cancel the transaction.
- 9. Perform any one of the following actions:
 - a. Click the **Transaction Details** to view the details of the transaction.
 - b. Click the **Deposit Details** link to view the deposit account details.
 - c. Click the **View Accounts** link to visit Term Deposit Summary page.
 - d. Click the **Open New Deposit** link to open a new deposit account.
 - e. Click the **Go To Dashboard** link to navigate back to dashboard page.

7

Top Up

This topic provides the systematic instructions for users to invest additional funds in an existing term deposit.

This feature enables a customer to invest some amount, he might have, in an existing term deposit. Customers can top-up an existing term deposit with the desired and permissible top-up amount.

The application not only displays the current investment position of the term deposit, but also has the provision to calculate the revised maturity amount, interest rate and total investment. The customer can fund the top-up using any of his current or savings accounts held with the bank.

To top-up the term deposit:

1. Perform anyone of the following navigation to access the **Top Up** screen.
 - a. From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Deposits** tab, and then click on the **Deposits Account Number**.
 - b. From the **Deposits Details** page, click on the **More Actions**, and then click on the **Top Up**.
 - c. From the Search bar, type **Term Deposits – Top Up** and press **Enter**.
 - d. On the Dashboard, click **Overview** widget, click **Term Deposits** card, then click **Deposits Account Number**.
 - e. From the **Deposits Details** page, click on the **More Actions**, and then click on the **Top Up**.

The **Top Up** screen appears.

Figure 7-1 Top Up

The screenshot shows the 'Top Up' screen of a banking application. At the top, there is a header bar with the title 'Top Up' and a dropdown menu showing 'xxxxxxxxxxxx0383'. Below the header, the current deposit balance is displayed as 'EUR 1,000.00'. A 'Source Account' dropdown menu is set to 'xxxxxxxxxxxx0474', with a balance of 'GBP 567,761.09' shown below it. The 'Top Up Amount' is entered as 'EUR 2,000.00'. A note states 'Top Up should be in multiples of EUR 1,000.00'. A button labeled 'Calculate Maturity Amount' is present. At the bottom, there is a navigation bar with three tabs: 'Current & Savings Accounts', 'Loans & Finances', and 'Term Deposits'. A red notification bubble with the number '1' is located in the bottom right corner.

Account Nickname

This topic provides the systematic instructions to customers for assigning nicknames to any account.

A customer may wish to assign nicknames to deposit accounts so as to be able to easily identify them. The **Add/Edit Nickname** feature enables customers to easily assign nicknames to any deposit account. Once a nickname is assigned to an account, it is displayed on various transactions in addition to the standard account description. This option also allows customer to modify or delete the nickname whenever required.

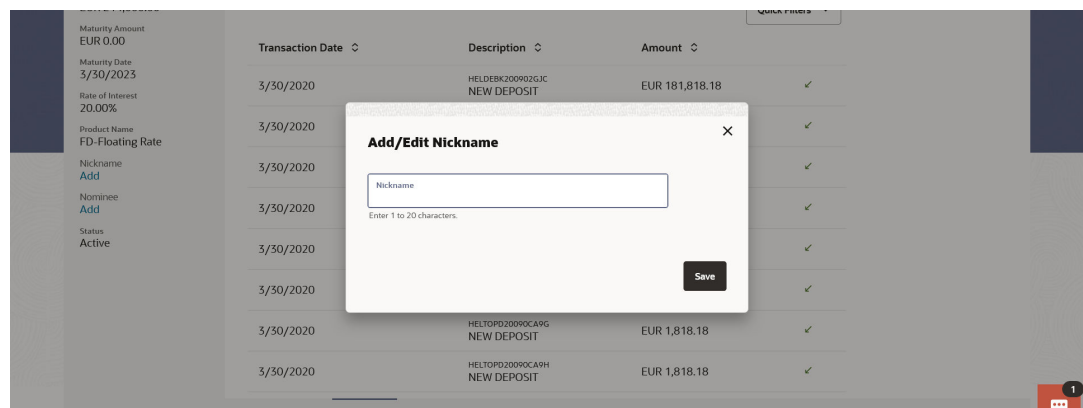

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

To add/edit nickname against a deposit account:

1. Perform anyone of the following navigation to access the **Deposit Details** screen.
 - a. From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Term Deposits** tab, and then click on the **Deposit Account Number**.
 - b. From the **Deposits Details** page, goto **Deposit Details** section.
2. Perform any one of the following actions:
 - a. Click on the **Add** link if nickname is not assigned to the account.
 - b. Click on the nickname if nickname is already been assigned to modify the nickname.

The **Add/Edit Nickname** popup appears.

Figure 9-1 Add/Edit Nickname

Note

The fields which are marked as **Required** are mandatory.

For more information on fields, refer to the field description table.

Table 9-1 Add/Edit Nickname - Field Description

Field Name	Description
Nickname	Specify a nickname to be assigned to the account. If a nickname has already been assigned to the account, it will be displayed in editable mode.

3. In the **Nickname** field, enter the nickname you want to use.
4. Perform any one of the following actions:
 - a. Click **Save** to save your changes.

Nicknames will be displayed on various transactions instead of the standard account description.
 - b. Click **Delete** to delete the nickname.

10

FAQ

1. What is the advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it.

2. What is Total Maturity Amount?

The total maturity amount is the amount that the deposit is worth at the time of maturity.

3. How does a term deposit work?

A term deposit offers a fixed interest rate for a fixed term. Interest rates differ based on the deposit term, the amount of the deposit and the interest payment frequency.

4. When will I start earning interest on my term deposit?

You will begin to earn interest from the day your term deposit is opened with the bank and not on the day the application is submitted.

5. Can I open a term deposit in joint names?

Yes, it is possible to open the term deposit with joint holders. Details of the holders have to be provided while opening the deposit. The maximum number of joint holders that can be added depends on the bank's offerings.

6. Can I modify the term deposit details?

Yes, you can modify the maturity instructions defined for your term deposit as well as top up the deposit amount. Both these options are provided on the Term Deposit Details screen.

7. What happens to my term deposit at maturity?

This will depend on the maturity instructions defined by you at the time the deposit was opened. Based on your selection at that point, at the time of maturity, the deposit would either be renewed or the amount will get credited to a specified account. If the funds are to be withdrawn at maturity, you can provide the details of the account to which the maturity proceeds are to be credited.

8. Can I add funds to my term deposit?

If the term deposit product has a facility for top up, then an option will be provided to add funds into the term deposit. The maximum amount with which you can top up the deposit will be defined by the bank and displayed on the top up page.

9. Can I redeem the term deposit before the maturity date?

Yes, depending on the bank's offerings, it is possible to redeem the term deposit amount either partially or fully before the maturity date.

10. Can the maturity amount be credited into my account held with another bank?

Yes, it is possible to setup instructions to credit the maturity amount into another bank account.
