Oracle® Database Gateway

Release Notes

11*g* Release 1 (11.1) for AIX 5L Based Systems (64-Bit), HP-UX PA-RISC (64-Bit), HP-UX Itanium, Solaris Operating System (SPARC 64-Bit), Linux x86, and Linux x86-64

This document contains important information that was not included in the platform-specific or product-specific documentation for this release.

This document may be updated after it is released. To check for updates to this document and to view other Oracle documentation, refer to the Documentation section on the Oracle Technology Network (OTN) Web site:

http://www.oracle.com/technology/documentation/

This document contains the following topics:

- Oracle Database Patch Requirements
- Documentation Accessibility

1 Oracle Database Patch Requirements

If you are using any of the 11*g* Release 1 (11.1) gateways listed below with Oracle Database 10*g* Release (10.2) or earlier, you need to download database Patch 5965763 from the Oracle*Metalink* Web site.

- Oracle Database Gateway for Sybase **11***g* Release 1 (11.1)
- Oracle Database Gateway for SQL Server **11***g* Release 1 (11.1)
- Oracle Database Gateway for Informix **11***g* Release 1 (11.1)
- Oracle Database Gateway for Teradata **11***g* Release 1 (11.1)
- Oracle Database Gateway for ODBC **11***g* Release 1 (11.1)

2 Oracle Database Gateway for ODBC

Before configuring the gateway you must link the Database Gateway for ODBC using the steps below:

1. Set the environment variable $ORACLE_HOME to the directory in which the gateway is installed

2. Issue the following command:

   ```
   make -f  $ORACLE_HOME/rdbms/lib/ins_rdbms.mk idg4odbc
   ```

This issue is tracked with Oracle bug 6412911.

ORACLE®

3 Documentation Accessibility

Our goal is to make Oracle products, services, and supporting documentation accessible, with good usability, to the disabled community. To that end, our documentation includes features that make information available to users of assistive technology. This documentation is available in HTML format, and contains markup to facilitate access by the disabled community. Accessibility standards will continue to evolve over time, and Oracle is actively engaged with other market-leading technology vendors to address technical obstacles so that our documentation can be accessible to all of our customers. For more information, visit the Oracle Accessibility Program Web site at

http://www.oracle.com/accessibility/

Accessibility of Code Examples in Documentation

Screen readers may not always correctly read the code examples in this document. The conventions for writing code require that closing braces should appear on an otherwise empty line; however, some screen readers may not always read a line of text that consists solely of a bracket or brace.

Accessibility of Links to External Web Sites in Documentation

This documentation may contain links to Web sites of other companies or organizations that Oracle does not own or control. Oracle neither evaluates nor makes any representations regarding the accessibility of these Web sites.

TTY Access to Oracle Support Services

Oracle provides dedicated Text Telephone (TTY) access to Oracle Support Services within the United States of America 24 hours a day, seven days a week. For TTY support, call 800.446.2398.
