About This PeopleBook

PeopleBooks provide you with the information that you need to implement and use PeopleSoft applications.

This preface discusses:

- Related documentation.
- Comments and suggestions.

Related Documentation

This section discusses how to:

- Obtain documentation updates.
- Order printed documentation.

Obtaining Documentation Updates

You can find updates and additional documentation for this release, as well as previous releases, on the PeopleSoft Customer Connection web site. Through the Documentation section of PeopleSoft Customer Connection, you can download files to add to your PeopleBook Library. You'll find a variety of useful and timely materials, including updates to the full PeopleSoft documentation that is delivered on your PeopleBooks CD-ROM.

Important! Before you upgrade, you must check PeopleSoft Customer Connection for updates to the upgrade instructions. PeopleSoft continually posts updates as the upgrade process is refined.

See Also

PeopleSoft Customer Connection web site, <http://www.peoplesoft.com/corp/en/login.asp>

Ordering Printed Documentation

You can order printed, bound volumes of the complete PeopleSoft documentation that is delivered on your PeopleBooks CD-ROM. PeopleSoft makes printed documentation available for each major release shortly after the software is shipped. Customers and partners can order printed PeopleSoft documentation by using any of these methods:

- Web
- Telephone
- Email

Web

From the Documentation section of the PeopleSoft Customer Connection web site, access the PeopleSoft Press web site under the Ordering PeopleBooks topic. The PeopleSoft Press web site is a joint venture between PeopleSoft and Consolidated Publications Incorporated (CPI), the book print vendor. Use a credit card, money order, cashier's check, or purchase order to place your order.

Telephone

Contact CPI at 800 888 3559.

Email

Send email to CPI at psoftpress@cc.larwood.com.

Comments and Suggestions

Your comments are important to us. We encourage you to tell us what you like, or what you would like to see changed about PeopleBooks and other PeopleSoft reference and training materials. Please send your suggestions to:

PeopleSoft Product Documentation Manager PeopleSoft, Inc. 4460 Hacienda Drive Pleasanton, CA 94588

Or send email comments to doc@peoplesoft.com.

While we cannot guarantee to answer every email message, we will pay careful attention to your comments and suggestions.

CHAPTER 1

PeopleSoft Resource Management Reports

This appendix provides an overview of PeopleSoft Resource Management reports and interactive reports.

Note. For samples of these reports and interactive reports, see the Portable Document Format (PDF) files published on CD-ROM with your documentation.

PeopleSoft Resource Management Reports: A to Z

This table lists the PeopleSoft Resource Management reports and interactive reports, sorted alphanumerically by report ID. The reports are Crystal reports, and are designated with a PeopleSoft Process Scheduler run control page ID. The remaining items in the list are interactive reports that you can generate during a business process or from the Interactive Reports folder. Interactive reports are not scheduled through the PeopleSoft Process Scheduler.

Report ID and Report Name	Description	Navigation	Run Control Page
RS_2020TUTR_RPT Scheduled Utilization	Compare scheduled utilization with optimal capacity for a specified organization unit and period of time. This interactive report supports the business process of managing resources.	Resource Management, Interactive Reports, Scheduled Utilization, Scheduled Utilization Click Generate Report.	not applicable
RS_2020TUTR_STAT Scheduled Utilization - Employee Statistics	View the resources in the Scheduled Utilization chart. This interactive report supports the business process of managing resources.	Click Go To Resource List in the Scheduled Utilization chart page.	not applicable

Report ID and Report Name	Description	Navigation	Run Control Page
RS_2030BENCH_RPT Unassigned Resources	Analyze resources who do not meet the threshold that you define for determining that a worker is assigned. This interactive report provides a chart and lists the unassigned and assigned resources in the organizational units represented by the tree node or detail value that you specify at run time. This interactive report supports the business process of assigning resources to projects.	Resource Management, Interactive Reports, Unassigned Resources, Unassigned Resources Click Generate Report.	not applicable
RS_2040WRKRCOM_DTL Assignments Ending (detail)	View information about a specific resource's specialties and schedule. This interactive report supports the business process of assigning resources to projects.	Select a resource name link on the Assignments Ending (summary) page.	not applicable
RS_2040WRKRCOM_RPT Assignments Ending (summary)	Analyze resources who might be available on a certain date with certain skills. View a list of resources who have assignments ending within a specified date range. This interactive report supports the business process of assigning resources to projects.	Resource Management, Interactive Reports, Assignments Ending, Assignments Ending Click Generate Report.	not applicable
RS_2045WRKRSCH_RPT Chart Resource Schedules	Displays a chart of resource schedules so you can quickly identify scheduled and available time. This interactive report supports the business process of assigning resources to projects.	Resource Management, Interactive Reports, Chart Resource Schedules, Chart Resource Schedules Click Generate Report.	not applicable
RS_2090AVST_RPT Average Staffing Time (chart)	View trends in staffing time by charting the average amount of time it takes to fulfill service orders in a specified period.	Resource Management, Interactive Reports, Average Staffing Time, Average Staffing Time Click Generate Report.	not applicable
RS_2090AVST_STATP Average Staffing Time (detail)	View the breakdown of the average staffing time by service order priority, staffing coordinator, or owning organization.	Click Go To Average Staffing Time per <Priority, Coordinator, or Owning Organization> on the Average Staffing Time chart page.	not applicable

Report ID and Report Name	Description	Navigation	Run Control Page
RS_2100COMP_DTL Most Requested Competencies & Accomplishments (detail)	<p>Identifies the most requested competencies and accomplishments to assist you in the recruitment of resources who best meet your historical or future needs.</p> <p>View lists containing the most requested competencies and accomplishments in descending order by number of requests. This interactive report supports the business process of managing resources.</p>	<p>Click anywhere in the Most Requested Competencies chart or Most Requested Accomplishments chart.</p>	not applicable
RS_2100COMP_RPT Most Requested Competencies & Accomplishments (chart)	<p>View charts containing the most requested competencies and accomplishments. Popularity is determined by the number of times that a particular competency or accomplishment appears on resource requests for a given business unit in a given time period. You can use this information to assist you in the recruitment of resources who best meet your historical needs. This interactive report supports the business process of managing resources.</p>	<p>Resource Management, Interactive Reports, Most Requested Competencies, Most Requested Competencies & Accomplishments</p> <p>Click Generate Report.</p>	not applicable
RS_OPT_ASSIGN_RPT Opt Solution Set (optimal solution set)	<p>View the most recent optimal solution set for a specified optimization set ID. This interactive report supports the business process of assigning resources to projects.</p>	<p>Resource Management, Reports, Resource Optimization, Opt Solution Set</p>	RUN_RS_OPTIMIZE
SRS2000 Service Order Listing	<p>View a list of service orders by status and priority. This report supports the business process of assigning resources to projects.</p>	<p>Resource Management, Reports, Service Order Listing, Service Order Listing</p> <p>Click Run to run the report by using PeopleSoft Process Scheduler.</p>	RUN_SRS2000-
SRS2015 Assignments Listing Report	<p>View a list of resources currently on assignment. This report supports the business process of assigning resources to projects.</p>	<p>Resource Management, Reports, Assignment Listing, Assignment Listing Report</p> <p>Click Run to run the report using the PeopleSoft Process Scheduler.</p>	RUN_SRS2015-

CHAPTER 2

Report Samples

This chapter provides report samples.

For the online samples of these reports, see the PDF files that are published on CD-ROM with your online documentation.

Scheduled Utilization

Scheduled Utilization

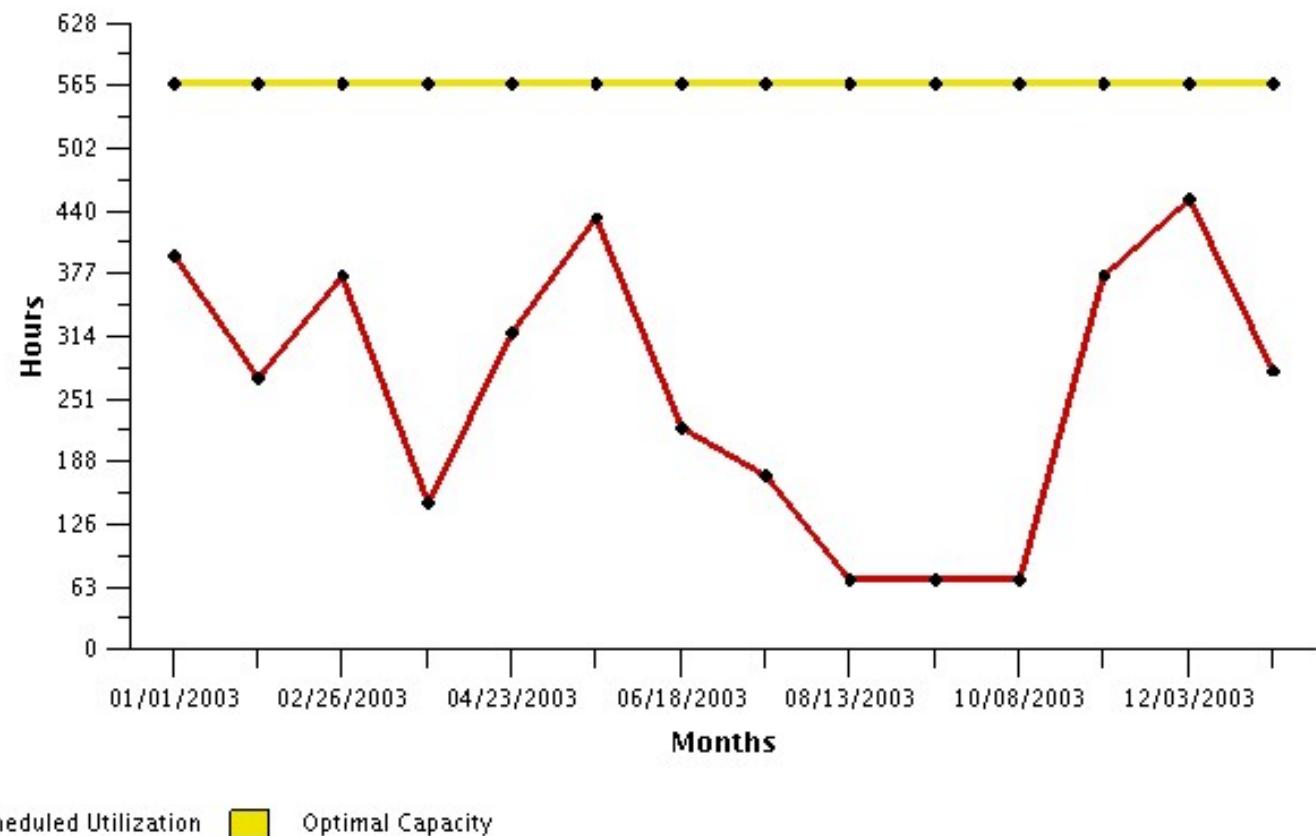

In order to run the report, you need to fill in a start and end date then click on the Generate Report button to create the Utilization chart. Click on the hyperlink Report Parameters at the right of the page to set more parameters for the chart. Click on the Go to Resource List hyperlink at the bottom of the page to view the Resources in the chart.
