Copyright © 1992-2005, Oracle. All rights reserved.

The Programs (which include both the software and documentation) contain proprietary information; they are provided under a license agreement containing restrictions on use and disclosure and are also protected by copyright, patent, and other intellectual and industrial property laws. Reverse engineering, disassembly, or decompilation of the Programs, except to the extent required to obtain interoperability with other independently created software or as specified by law, is prohibited.

The information contained in this document is subject to change without notice. If you find any problems in the documentation, please report them to us in writing. This document is not warranted to be error-free. Except as may be expressly permitted in your license agreement for these Programs, no part of these Programs may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose.

If the Programs are delivered to the United States Government or anyone licensing or using the Programs on behalf of the United States Government, the following notice is applicable:

U.S. GOVERNMENT RIGHTS

Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are “commercial computer software” or “commercial technical data” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Programs, including documentation and technical data, shall be subject to the licensing restrictions set forth in the applicable Oracle license agreement, and, to the extent applicable, the additional rights set forth in FAR 52.227-19, Commercial Computer Software--Restricted Rights (June 1987). Oracle Corporation, 500 Oracle Parkway, Redwood City, CA 94065.

The Programs are not intended for use in any nuclear, aviation, mass transit, medical, or other inherently dangerous applications. It shall be the licensee’s responsibility to take all appropriate fail-safe, backup, redundancy and other measures to ensure the safe use of such applications if the Programs are used for such purposes, and we disclaim liability for any damages caused by such use of the Programs.

The Programs may provide links to Web sites and access to content, products, and services from third parties. Oracle is not responsible for the availability of, or any content provided on, third-party Web sites. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Oracle is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Oracle is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.

About This PeopleBook Preface

PeopleBooks provide you with the information that you need to implement and use PeopleSoft applications.

This preface discusses:

- Related documentation.
- Comments and suggestions.

Documentation Updates and Printed Documentation

This section discusses how to:

- Obtain documentation updates.
- Order printed documentation.

Obtaining Documentation Updates

You can find updates and additional documentation for this release, as well as previous releases, on the PeopleSoft Customer Connection website. Through the Documentation section of PeopleSoft Customer Connection, you can download files to add to your PeopleBook Library. You'll find a variety of useful and timely materials, including updates to the full PeopleSoft documentation that is delivered on your PeopleBooks CD-ROM.

Important! Before you upgrade, you must check PeopleSoft Customer Connection for updates to the upgrade instructions. PeopleSoft continually posts updates as the upgrade process is refined.

See Also

PeopleSoft Customer Connection, <https://www.peoplesoft.com/corp/en/login.jsp>

Ordering Printed Documentation

You can order printed, bound volumes of the complete PeopleSoft documentation that is delivered on your PeopleBooks CD-ROM. PeopleSoft makes printed documentation available for each major release shortly after the software is shipped. Customers and partners can order printed PeopleSoft documentation by using any of these methods:

- Web
- Telephone
- Email

Web

From the Documentation section of the PeopleSoft Customer Connection website, access the PeopleBooks Press website under the Ordering PeopleBooks topic. The PeopleBooks Press website is a joint venture between PeopleSoft and MMA Partners, the book print vendor. Use a credit card, money order, cashier's check, or purchase order to place your order.

Telephone

Contact MMA Partners at 877 588 2525.

Email

Send email to MMA Partners at peoplebookspress@mmapartner.com.

Comments and Suggestions

Your comments are important to us. We encourage you to tell us what you like, or what you would like to see changed about PeopleBooks and other PeopleSoft reference and training materials. Please send your suggestions to:

PeopleSoft Product Documentation Manager PeopleSoft, Inc. 4460 Hacienda Drive Pleasanton, CA 94588

Or send email comments to doc@peoplesoft.com.

While we cannot guarantee to answer every email message, we will pay careful attention to your comments and suggestions.

CHAPTER 1

PeopleSoft Supply Planning Reports

This appendix provides an overview of PeopleSoft Supply Planning reports and enables you to view a summary table of all reports.

Note. For samples of these reports, see the Portable Document Format (PDF) files published on CD-ROM with the documentation.

PeopleSoft Supply Planning Reports: Reports A to Z

This table lists the PeopleSoft Supply Planning reports, sorted alphanumerically by report ID. The reports listed are all Structured Query Reports (SQRs). If you need more information about a report, refer to the links at the end of this appendix.

Report ID and Report Name	Description	Navigation	Run Control Page
PLS2002 Planning Report	Define the Planning report print options and filter criteria, and generate a summarized or detail Planning report.	Supply Planning, Solve Plan, Reports, Planning Report	PL_PLANNING_REPORT
PLS3001 Planning Data Inconsistency	Identify items to be planned and validate the items that are currently planned.	Supply Planning, Create Plan, Inconsistency Report	RUN_PLS3000
PLS4002 Planning Useup	Review discontinued items, their useup dates, and their substitute items.	Supply Planning, Commit Plan, Planning, Planning Useup Report	PL_USEUP_RPT
PLS4010 Planned Slow Moving Inventory	Generate a report for a specified planning instance that highlights items with on-hand inventory and little or no demand.	Supply Planning, Solve Plan, Reports, Planned Slow Moving Inventory Report	PL_SLOWMOVG_REQ
PLS4011 Planning Updates	Review the new and changed orders generated by the Post Update process for PeopleSoft Purchasing, Production, Inventory, and Order Management.	Supply Planning, Commit Plan, Planning, Planning Updates Report	PL_MESS_RPT
PLS4020 Excess Stock	Generate a report listing the quantity and value of on-hand stock levels that are above the excess and safety stock levels at period end.	Supply Planning, Solve Plan, Reports, Excess Stock	PL_XSTOCK_REQ

Report ID and Report Name	Description	Navigation	Run Control Page
PLS4030 Projected Stock Out	Generate a report that calculates the date at which an inventory level will fall to zero (or near zero).	Supply Planning, Solve Plan, Reports, Projected Stock Out	PL_STOCKOUT_REQ
PLS4040 Planning Reschedule	Generate a report listing all reschedules and cancellations of scheduled production, purchase orders, transfers, sales orders and quotes, buying agreements, extra demand, and stock requests.	Supply Planning, Solve Plan, Reports, Planning Reschedule	PL_RESCHED_REQ
PLS4050 Detail Resources	Generate a report listing the number of machines, crews, and tools used in a production process.	Supply Planning, Solve Plan, Reports, Detail Resources	SPL_DETAIL_RES_REQ

CHAPTER 2

Report Samples

This chapter provides report samples.

For the online samples of these reports, see the PDF files that are published on CD-ROM with your online documentation.

Problem Instance Details

Problem Instance: KL1P
Start Date: 01/03/2003
End Date: 04/02/2004
Current Date/Time: 04/03/2003 00:00:00
Early Fence: 02/02/2003
Base Currency: USD
