STEWART TAX SERVICES

9999 4TH ST.

MORAGA, CA 94887

Instructions to Recipients

Amounts shown may be subject to self-employment (SE) tax. If your net income from self-employment is \$400 or more, you must file a return and compute your SE tax on Schedule SE (Form 1040). See Pub. 533, Self-Employment Tax, for more information. If no income or social security and Medicare taxes were withheld and you are still receiving these payments, see Form 1040-ES, Estimated Tax for Individuals.

Individuals must report as explained below. Corporations, fiduciaries, or partnerships report the amounts on the proper line of your tax return. Boxes 1 and 2. Report rents from real estate on Schedule E (Form 1040). If you provided significant services to the tenant, sold real estate as a business, or rented personal property as a business, report on Schedule C or C-EZ (Form 1040). For royalties on timber, coal, and iron ore, see Pub. 544, Sales and Other Dispositions of Assets. Box 3. Generally, report this amount on line 21 of Form 1040 and identify the payment. The amount shown may be payments received as the beneficiary of a deceased employee, prizes, awards, taxable damages, Indian gaming profits, or other taxable income. If it is trade or business income, report this amount on Schedule C, C-EZ, or F (Form 1040). Box 4. Shows backup withholding or withholding on Indian gaming profits. Generally, a payer must backup withhold at a 30% rate if you did not furnish your taxpayer identification number. See Form W-9, Request for Taxpayer Identification Number and Certification, for more information. Report this amount on your income tax return as tax withheld. Box 5. An amount in this box means the fishing boat operator considers you self-employed. Report this amount on Schedule C or C-EZ (Form 1040). See Pub. 595, Tax Highlights for Commercial Fishermen.

Box 6. Report on Schedule C or C-EZ (Form 1040). Box 7. Shows nonemployee compensation. If you are in the trade or business of catching fish, box 7 may show cash you received for the sale of fish. If payments in this box are SE income, report this amount on Schedule C, C-EZ, or F (Form 1040), and complete Schedule SE (Form 1040). You received this form instead of Form W-2 because the payer did not consider you an employee and did not withhold income tax or social security and Medicare taxes. Contact the payer if you believe this form is incorrect or has been issued in error. If you believe you are an employee, report this amount on line 7 of Form 1040 and call the IRS for information on how to report any social security and Medicare taxes. Box 8. Shows substitute payments in lieu of dividends or tax-exempt interest received by your broker on your behalf after transfer of your securities for use in a short sale. Report on line 21 of Form 1040. Box 9. If marked, \$5,000 or more of sales of consumer products was paid to you on a buy-sell, deposit-commission, or other basis. A dollar amount does not have to be shown. Generally, report any income from your sale of these products on Schedule C or C-EZ (Form 1040). Box 10. Report this amount on line 8 of Schedule F (Form 1040). Box 13. Shows your total compensation of excess golden parachute payments subject to a 20% excise tax. See the Form 1040 instructions for line 58. Box 14. Shows gross proceeds paid to an attorney in connection with legal services. Report only the taxable part as income on your return. Box 15. Other information may be provided to you in box 15. Boxes 16-18. Shows state or local income tax withheld from the payments.

Instructions for Recipient

Box 1. Shows the total unemployment compensation paid to you this year. Report this amount as income on the unemployment compensation line of your income tax return. If you expect to receive these benefits in the future, you can ask the payer to withhold Federal income tax from each payment. Or, you can make estimated tax payments using **Form 1040-ES**, Estimated Tax for individuals.

Box 2. Shows refunds, credits, or offsets of state or local income tax you received. It may be taxable to you if you deducted the state or local income tax paid as an itemized deduction on your Federal income tax return. Even if you did not receive the amount shown, for example, because it was credited to your state or local estimated tax, it is still taxable if it was deducted. If you received interest on this amount, report it as interest income on your tax return. See the instructions for your tax return.

Box 3. Identifies the tax year for which the refunds, credits, or offsets shown in box 2 were made. If there is no entry in this box, the refund is for 2001 taxes.

Box 4. Shows backup withholding or withholding you requested on unemployment compensation, commodity Credit Corporation loans, or certain crop disaster payments. Generally, a payer must backup withhold on certain payments at a 30% rate if you did not give your taxpayer identification number to the payer.

See **Form W-9**, Request for Taxpayer Identification Number and Certification, for information on backup withholding. **Include this amount on your income tax return as tax withheld.**

Box 5. Reserved

Box 6. Shows taxable grants you received from a Federal, State, or local government.

Box 7. Shows Department of Agriculture payments that are taxable to you. If the payer shown is anyone other than the Department Agriculture, it means the payer has received a payment, as a nominee, that is taxable to you. This may represent the entire agricultural subsidy payment received on your behalf by the nominee, or it may be your pro rata share of the original payment. See **Pub 225**, Farmer's Tax Guide, and the **Instructions for Schedule F**, Profit or Loss From Farming, for information about where to report this income.

Box 8. If this box is checked, the refunds, credits, or offsets in box 2 are attributable to an income tax that applies exclusively to income from a trade or business and is not a tax of general application. If taxable, report the amount in box 2 on Schedule C, C-EZ, or F (Form 1040), as appropriate
