

# Oracle® Retail Warehouse Management System

Release Notes

Release 16.0.1

E88128-01

June 2017

---

This document highlights the major changes for Release 16.0.1 of Oracle Retail Warehouse Management System (RWMS).

## Overview

Oracle Retail Warehouse Management System (RWMS) is an N-tier warehouse management system with a flexible and robust technical architecture. It has thin client support for industry standard browsers and can be accessed through the internet. RWMS supports both Radio Frequency (RF) terminals and GUI clients.

RWMS mainly helps to control the movement of products within a warehouse and complete the different value added services. It ensures that resources such as people, equipment, space, and so on are utilized efficiently in the distribution process.

## Hardware and Software Requirements

See the *Oracle Retail Warehouse Management System Installation Guide*, Release 16.0.1, for information about the following:

- Hardware and software requirements
- Oracle Retail application software compatibility information

## Noteworthy Defect Fixes

The following table contains issues that have been fixed for the current release.

Fixed Issue/Defect	Defect Number
In RWMS, from the On Task Dashboard, clicking <b>Fetch All for Unscheduled POs</b> does not display any records.	25496965
The RWMS help file system is accessible from both ADF and the legacy URL.	25497109
User created favorite ADF editors are inaccessible.	25551772
RWMS displays an error for <i>Invalid Value, Type, or Size specified for Column Value</i> .	25559022
While distributing a stock order, the Distribute screen displays all of the manual waves irrespective of wave status.	25569483
Users receive ADF_FACES error with ADF navigation.	25569636

<b>Fixed Issue/Defect</b>	<b>Defect Number</b>
There are issues with ADF navigation when multiple screens are open.	25570141
RWMS does not consider the unit pick system code mentioned in the order queries.	25575870
When the automate_wave batch is run from the manual script launch editor, RWMS displays an invalid set name error.	25576637
When performing FPL Management, RWMS does not update the stock in the From Location (FPL) for certain conditions. This results in incorrect inventory in RWMS, causing stock differences between RMS and RWMS.	25591458
In the Container Inquiry Screen, when a child container is scanned, users are unable to view child container details.	25598417
The Shift Definition screen displays wrong start and end time.	25633969
When a palette is full and then using the F5(FULL) option, RWMS displays an error message that the container is empty.	25666309
Child containers are not updated with the new distro_nbr after re-assignment.	25679561
Upon splitting a Distributed Container, RWMS splits the Unit quantity but the distributed unit quantity remains as is in the original container.	25684270
When returning a container to stock after reassignment, RWMS displays a DMS error.	25701542
When using the Purge Pick Dir on the Confirm Paper Unit Pick screen, all picks are being purged instead of just the row selected for the pick to be purged, from other pick from locations.	25738540
RWMS displays an Invalid reason code error when adding multiple reason codes using paper return processing.	25755676
The Working Days Editor cannot create record for desired working day and time.	25759016
RWMS displays a DMS error occurs while trying to modify the scp hashing_ algorithm.	25809881
When moving a pallet with labeled children from storage to RTV, the INV_DISPOSITION of the pallet and the children are not being updated to RIP even though the putaway date is NULL on the pallet.	25904524

## Known Issues

The following table contains known issues for the current release.

<b>Known Issue/Defect</b>	<b>Defect Number</b>
The substitute pick process in unit picking is causing a DMS error.	18324157
When performing preplanned container picks (generic labels) from forward case locations to shipping with transport assets enabled, the F5 Full function is not working and errors are encountered.	19466508
When unit picking an item with an associated transport item, the transport item is not being captured in container asset table.	20891330

## Related Documentation

For more information, see the following document in the Oracle Retail Warehouse Management System 16.0.1 documentation set:

- *Oracle Retail Warehouse Management System Data Model*
- *Oracle Retail Warehouse Management System Installation Guide*

## Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

### Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

**U.S. GOVERNMENT END USERS:** Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

#### **Value-Added Reseller (VAR) Language**

##### **Oracle Retail VAR Applications**

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
