

Oracle® Retail Back Office

Release Notes

Release 13.4

E25262-01

December 2011

This document highlights the major changes for Release 13.4 of Oracle Retail Back Office.

Overview

Oracle Retail Back Office is a Web-based application used to access, maintain, and monitor store operations. The store, registers, and tills can be opened at the beginning of the business day, and the registers and store can be closed at the end of the day. Functionality to manage employee status, roles, items, pricing, tills, and data distribution is provided. Standard reports are available to help monitor store activity and performance.

Hardware and Software Requirements

See the *Oracle Retail Back Office Installation Guide* for information about the following:

- Hardware and software requirements
- Oracle Retail application software compatibility

Functional Enhancements

The following functional enhancement is included in this release.

Expanded Item Inquiry Criteria

The following search criteria is added to the Item Search screen:

- Color
- Department
- Item Type
- Size
- Style
- Unit of Measure

For more information, see the *Oracle Retail Back Office User Guide*.

Technical Enhancements

The following technical enhancement is included in this release.

Supported Software

The following changes are made to the stacks for this release.

- Oracle Stack:
 - Oracle WebLogic 10.3.5.0 Standard Edition
 - Oracle Database 11gR2 Enterprise Edition 11.2.0.2 (64-bit)
 - Oracle Java Standard Edition 6 Update 24 (JRE)
- IBM Stack:
 - IBM WebSphere ND 7.0.0.15 from WRS 7.1 Standard Edition
 - IBM WebSphere MQ 7.0.1.4 from WRS 7.1 Standard Edition

For more information, see the *Oracle Retail Back Office Installation Guide*.

Known Issues

The following issues occur in this release.

Integration with Oracle Retail Merchandise Operations Management

The integration between Oracle Retail Merchandise Operations Management (Retail Merchandising System, Price Management, and Sales Audit) and Oracle Retail Point-of-Service, Oracle Retail Back Office, and Oracle Retail Central Office is not supported for this release.

SourceForge AntInstaller Text Mode

When running the Oracle Retail Back Office installer in text mode, it terminates if invalid credentials for Oracle Configuration Manager (OCM) are entered on the Oracle Customer Information screen. This is a known issue with SourceForge AntInstaller 0.8.

Documentation on My Oracle Support

The following documents are available through My Oracle Support. Access My Oracle Support at the following URL:

<https://support.oracle.com>

Oracle Retail POS Suite Implementation Guide, Volume 3 - Base Product Extension Support (Doc ID 1277455.1)

This implementation guide volume describes the procedures to create modified installers which can be used to build and extend the POS Suite applications.

Oracle Retail Upgrade Guide (Doc ID 1073414.1)

Because the upgrade process varies among Oracle Retail applications, the *Oracle Retail Upgrade Guide* describes the approach that each Oracle Retail application takes for the upgrading, or uptaking, process, as well as product-specific upgrade assumptions and considerations. Actual procedures for the upgrade may be included in the application's Installation Guide.

Documentation Accessibility

Our goal is to make Oracle products, services, and supporting documentation accessible to all users, including users that are disabled. To that end, our documentation includes features that make information available to users of assistive technology. This documentation is available in HTML format, and contains markup to facilitate access by the disabled community. Accessibility standards will continue to evolve over time, and Oracle is actively engaged with other market-leading technology vendors to address technical obstacles so that our documentation can be accessible to all of our customers. For more information, visit the Oracle Accessibility Program Web site at <http://www.oracle.com/accessibility/>.

Accessibility of Code Examples in Documentation

Screen readers may not always correctly read the code examples in this document. The conventions for writing code require that closing braces should appear on an otherwise empty line; however, some screen readers may not always read a line of text that consists solely of a bracket or brace.

Accessibility of Links to External Web Sites in Documentation

This documentation may contain links to Web sites of other companies or organizations that Oracle does not own or control. Oracle neither evaluates nor makes any representations regarding the accessibility of these Web sites.

Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/support/contact.html> or visit <http://www.oracle.com/accessibility/support.html> if you are hearing impaired.

Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

Value-Added Reseller (VAR) Language

Oracle Retail VAR Applications

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
