

# Oracle® Retail Markdown Optimization

Release Notes

Release 13.2.4

March 2012

---

Oracle Retail Markdown Optimization (MDO) Release 13.2.4 is a patch release for MDO 13.2. MDO 13.2.4 includes selected defect fixes for MDO 13.2 code.

Oracle Customer Support investigates submitted issues assuming that all released updates have been applied. It is the customer's decision when to apply a new release; however, delays in applying updates can complicate the support process.

## About Patch Releases

Oracle Retail patch releases are periodic releases that can include the following:

- New defect fixes and product enhancements

Documentation for patch releases includes the following:

- New and updated guides (for example, operations and user guides) that apply to the patch release level. These documents include all updates made since the last patch release. Documents revised for this patch release supersede and replace all previous document versions. See "[Related Documents](#)" for a list of the documents published for MDO 13.2.4.
- Defect reports for new fixes and enhancements for the patch release.

See the *Oracle Retail Markdown Optimization Installation Guide* for Release 13.2.4 for instructions about how to apply the defect fixes and enhancements that you have not already applied.

## Hardware and Software Requirements

See the *Oracle Retail Markdown Optimization Installation Guide* for information about the following:

- Hardware and software requirements
- Oracle Retail application software compatibility

## Applying the Patch Release

Before applying the MDO 13.2.4 patch release, be sure that:

- MDO 13.2 has been installed
- Patch releases MDO 13.2.1 through 13.2.3 have been applied

Before applying the new files over your code:

- Note whether any modules have been customized. If so, the customizations must be reapplied to the new version of the module, or the fix may need to be applied to the custom version of the code.
- Copy the original files to a different directory before you copy over them, in case you need to refer to them at a later date.

## Build IDs

**Table 1 Package Matrix Build IDs**

Component Name	Version Number
MDO 13.2.4	Price-13.2.4-533-201203080700-267985
Framework 3.4	Framework-3.4.0-24-201107132000-264065
Installer-3.4.0	Installer-3.4.0-23-201107132130-264065
Price 13.2.4	Pricefe-13.2.4-533-201203080700-267985
Suite 3.4	Suite-3.4.0-28-201107132030-264065
Enginepkg 5.6.3	Enginepkg-5.6.3-385-201107132145-264065
APC-MDO 13.2.3	APC_MDO-13.2.3-330-201107120200-264012
JRockit R28 (Java 6)	Jrockit jdk1.6.0_26-R28.1.4_x86_64

## Technical Enhancements

The following are technical enhancements for Oracle Retail Markdown Optimization Release 13.2.4.

## Software Operating Environment Upgrades

The following are enhancements to the software operating environment options for MDO 13.2.4:

- Oracle JRockit R28 (Java 6)  
MDO Release 13.2.4 is supported for use with the Oracle JRockit R28 implementation of Java 6 for Oracle Linux 64-bit and Oracle Solaris 64-bit operating systems.
- Oracle Internet Directory 11g Release 1  
MDO Release 13.2.4 is supported for use with Oracle Internet Directory (OID) 11gR1 (11.1.1.5).

## Noteworthy Defect Fixes

The following noteworthy defects have been fixed in this release:

Defect	Description
12821834	No error message appears when a table runs out of free space.
12907797	The What-if functionality takes a long time to refresh screen.
12955017	The refreshforecastcache.sh has performance issues.

Defect	Description
13422024	The approver_id does not update if you approve a declined worksheet.
13422890	The auto and manual collection process allows a single style to belong to 2 different pricing groups which causes weekly load failure.
13423185	You cannot add a new location cluster to an existing chain level price group.
13736276	The filter drop down menu in the Maintaining Merchandise screen does not populate a value.

## Related Documents

For more information, see the following documents in the Oracle Retail Markdown Optimization Release 13.2.4 documentation set:

- *Oracle Retail Markdown Optimization Installation Guide*

## Documentation Accessibility

Our goal is to make Oracle products, services, and supporting documentation accessible to all users, including users that are disabled. To that end, our documentation includes features that make information available to users of assistive technology. This documentation is available in HTML format, and contains markup to facilitate access by the disabled community. Accessibility standards will continue to evolve over time, and Oracle is actively engaged with other market-leading technology vendors to address technical obstacles so that our documentation can be accessible to all of our customers. For more information, visit the Oracle Accessibility Program Web site at <http://www.oracle.com/accessibility/>.

### Accessibility of Code Examples in Documentation

Screen readers may not always correctly read the code examples in this document. The conventions for writing code require that closing braces should appear on an otherwise empty line; however, some screen readers may not always read a line of text that consists solely of a bracket or brace.

### Accessibility of Links to External Web Sites in Documentation

This documentation may contain links to Web sites of other companies or organizations that Oracle does not own or control. Oracle neither evaluates nor makes any representations regarding the accessibility of these Web sites.

### Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/support/contact.html> or visit <http://www.oracle.com/accessibility/support.html> if you are hearing impaired.

This software and documentation may provide access to or information on content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

#### **Value-Added Reseller (VAR) Language**

##### **Oracle Retail VAR Applications**

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
