

# Oracle® Retail In-Store Space Collaboration

Release Notes

Release 13.2.4

February 2012

---

This document highlights the changes made to Oracle Retail In-Store Space Collaboration for this patch release. It includes the following sections:

- [Product Overview](#)
- [Database Version](#)
- [Overview of the 13.2.4 Patch Release](#)
- [Hardware and Software Requirements](#)
- [Technical Enhancements](#)
- [Noteworthy Defect Fix](#)
- [Known Issues](#)
- [Related Documentation](#)

## Product Overview

The Oracle Retail Macro Space Planning family consists of two products:

- Oracle Retail Macro Space Management (MSM).
- Oracle Retail In-Store Space Collaboration (ISSC).

A prerequisite for ISSC is the installation of MSM on the client's network.

ISSC is an internet-enabled companion to MSM. With an internet connection, it can be used to develop or edit store plans on site at the actual stores. This combination of internet based access with the use of laptop or tablet computers makes the software highly portable.

It provides access to store planning, merchandising, and performance information held within the central Oracle Retail Macro Space Planning database.

## Database Version

The installed version of ISSC needs to be compatible with the current version of the Macro Space Planning database. This version of ISSC is compatible with database version 13.2.4, the schema of which has been modified as a result of improvements made to MSM functionality.

## Overview of the 13.2.4 Patch Release

The 13.2.4 Release of Oracle Retail In-Store Space Collaboration does not contain any new functionality. Enhancements have been made to security in MSM, necessitating the installation of an updated version in ISSC.

## Hardware and Software Requirements

See the Oracle Retail Macro Space Planning Installation Guide for information about the following:

- Hardware and software requirements.
- Oracle Retail application software compatibility information.

## Technical Enhancements

The following technical enhancements have been made to In-Store Space Collaboration.

- ISSC conforms to the enhanced security in MSM.
- The ISSC client application can now operate on computers with the Windows 7 operating system installed.
- The ISSC server application can now operate with the Windows 2008 Server (64 bit) operating system.

---

---

**Note:** Macro Space Management still requires the Windows XP operating system.

---

---

For more information see the *Oracle Retail Macro Space Planning Installation Guide* and the *Oracle Retail Macro Space Management Administration Module User Guide*.

## Noteworthy Defect Fix

The following noteworthy defect has been fixed for this release.

Defect Number	Summary
12577528	If a planogram is placed in the Planner Module in MSM and 'exploded' in the Merchandiser module, then viewed in ISSC, neither the fixtures nor the products in the planogram will be visible in ISSC. This issue has now been corrected.

## Known Issues

The following significant issues exist in this release of the application.

Defect Number	Summary
12567527	The Sort Leftmost option in the Options dialog box is not functioning correctly. This can be addressed by manually selecting the fixtures in the sequence they should be populated. Alternatively, use the 'drag and drop' merchandising options.
13552822	The Find dialog box in the Front Graphical View does not accept extended characters such as apostrophes. Their use should be avoided.
13556155	If installed on Windows 7, ISSC may close when using the Pick option in the Print Planograms dialog box.

## Related Documentation

The following documentation is available with this release:

- *Oracle Retail In-Store Space Collaboration User Guide.*
- *Oracle Retail In-Store Space Collaboration Online Help.*

## Customer Support

To contact Oracle Customer Support, access My Oracle Support at the following URL:

<https://support.oracle.com>

When contacting Customer Support, please provide the following:

- Product version and program/module name
- Functional and technical description of the problem (include business impact)
- Detailed step-by-step instructions to re-create
- Exact error message received
- Screen shots of each step you take

## Oracle Retail Documentation on the Oracle Technology Network

In addition to being packaged with each product release (on the base or patch level), all Oracle Retail documentation is available on the following Web site:

[http://www.oracle.com/technology/documentation/oracle\\_retail.html](http://www.oracle.com/technology/documentation/oracle_retail.html)

## Documentation Accessibility

Our goal is to make Oracle products, services, and supporting documentation accessible to all users, including users that are disabled. To that end, our documentation includes features that make information available to users of assistive technology. This documentation is available in HTML format, and contains markup to facilitate access by the disabled community. Accessibility standards will continue to evolve over time, and Oracle is actively engaged with other market-leading technology vendors to address technical obstacles so that our documentation can be accessible to all of our customers. For more information, visit the Oracle Accessibility Program Web site at <http://www.oracle.com/accessibility/>.

### Accessibility of Code Examples in Documentation

Screen readers may not always correctly read the code examples in this document. The conventions for writing code require that closing braces should appear on an otherwise empty line; however, some screen readers may not always read a line of text that consists solely of a bracket or brace.

### Accessibility of Links to External Web Sites in Documentation

This documentation may contain links to Web sites of other companies or organizations that Oracle does not own or control. Oracle neither evaluates nor makes any representations regarding the accessibility of these Web sites.

### Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/support/contact.html> or visit <http://www.oracle.com/accessibility/support.html> if you are hearing impaired.

#### Value-Added Reseller (VAR) Language

##### Oracle Retail VAR Applications

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in

Oracle Retail Mobile Store Inventory Management.

(iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.

(iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
