This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information on content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

Preface

This Net Change document describes additions to the EnterpriseOne Tools guides due to software updates and documentation corrections for JD Edwards EnterpriseOne Tools Release 8.98 Update 4.

How to Use This Document

This Net Change document is updated periodically as new information becomes available. To ensure that you are reading the latest version of this document, check the JD Edwards EnterpriseOne Tools Documentation Library. The most current version of the *JD Edwards EnterpriseOne Tools Net Change for Tools Documentation Library* is available on Oracle Technology Network at:

http://wd0338.oracle.com/archive/cd_ns/E17984_01/index.htm

Audience

This document is intended for all audiences of JD Edwards EnterpriseOne Tools documentation, including developers and administrators who are responsible for the JD Edwards EnterpriseOne environment.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.

Convention	Meaning
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Net Change for Tools Library, Release 8.98 Update 4

This chapter outlines revisions made to the JD Edwards EnterpriseOne Tools documentation library since JD Edwards EnterpriseOne Tools 8.98 Update 4 general availability (GA). It contains the following topics:

- [Section 1.1, "Documentation for Software Updates"](#)
- [Section 1.2, "Documentation Corrections"](#)

1.1 Documentation for Software Updates

This section outlines updates made to the EnterpriseOne Tools guides due to update to the software since EnterpriseOne Tools 8.98 Update 4 GA.

1.1.1 Security Administration Guide

The following table describes the update to the Security Administration Guide:

Date	Chapter / Appendix	Change Description
8/17/12	Setting Up Address Book Data Security	For Release 8.98.4.10, added information about INI file settings that you can use to enable or disable additional level of security for secured private data.
12/11/12	Configuring SSL for JDENET	With EnterpriseOne Tools release 8.98 Update 4.11, you can configure EnterpriseOne to use SSL to encrypt all JDENET message data passed between the enterprise server and clients.

1.2 Documentation Corrections

This section describes revisions made to the EnterpriseOne Tools guides due to reported documentation issues.

1.2.1 Security Administration Guide

The following table describes updates to the Security Administration Guide:

Date	Chapter / Appendix	Change Description
8/17/12	New chapter: Setting Up JD Edwards EnterpriseOne Single Sign-On Through Oracle Access Manager 11g	Added information about support of JD Edwards EnterpriseOne single sign-on configuration through Oracle Access Manager (OAM) 11g.
8/17/12	Setting Up Address Book Data Security	In the "Additional Level of Private Data Security with Release 8.98 Update 4" section, added additional details about how the system determines whether or not records with secured private data are displayed in other tools and reports other than the Address Book.
11/12/12	Setting Up JD Edwards EnterpriseOne Single Sign-On Through Oracle Access Manager 11g	Added the following step to clarify how to synchronize .ini file changes in Server Manager: "At the prompt, click the Synchronize button to synchronize the changes in all .ini files."
7/2/13	Working with User and Role Profiles	Removed the following statement from step 4 in the "How To Add Multiple Users" section because the functionality is not supported: "You have the option of picking one default role for everyone or running the report more than once for different roles."
