Viewing Current Documentation

To see the most current online documents, go to this web site:

<http://docs.sun.com/app/docs/prod/blade.x6250>

The web site might contain more current information than the printed documentation. For critical updates to product information, see the version of the document on the web site. To verify whether a document on the web site is more recent than the document that you have, refer to the final two digits of the part number for that document. (Example: XXX-XXXX-10)

Translated versions of some documents are available in French, Simplified and Traditional Chinese, Japanese, and Korean. English documentation may be more frequently updated than translated documentation.
