
Accessing Sun Documentation Online

A broad selection of Sun system documentation is located at the following web site:

<http://www.sun.com/products-n-solutions/hardware/docs>

To locate the most current documentation at this site, select a product category. The documents at that location may include updated information that did not ship with your product, such as product notes, release notes, late-breaking news, or later revisions of manuals.

Ordering Sun Documentation

You can also purchase printed copies of select Sun documentation from iUniverse, the Sun documentation provider, at:

<http://corppub.iuniverse.com/marketplace/sun/>

Sun Welcomes Your Comments

Sun is interested in improving its documentation and welcomes your comments and suggestions. You can email your comments to Sun at:

docfeedback@sun.com

October 2002, Revision A

501-6009/501-5838/501-5814 501-5815/501-5798/501-5816 Processor Module Patch Requirements

for a Sun Enterprise™ 10000 System

The enhanced processor modules included in this shipment require that the SSP patch be at or later than the version that is specified in the table.

Ensure that the necessary SSP version and patch level is installed. SSP 3.4 & SSP 3.5 requires the disabling of SSP failover before patch installation. Run `autoconfig` when an enhanced processor is installed as a replacement module in the Sun Enterprise™ 10000 system.

Note – The minimum SSP version release is 3.3.

SSP version	Patch ID
3.5	No patch required
3.4	110304-05 or next patch
3.3	108885-09 or next patch
