Sun Fire™ 15K/12K Systems Getting Started

Accessing the Documentation Files

The full documentation set for the Sun Fire 15K/12K systems is available on the documentation CD.

1. **Insert the documentation CD into a CD-ROM or DVD-ROM drive.**
   - If you are accessing the documentation CD from a Power Macintosh, PC, or if your system is running Volume Manager, the CD-ROM will mount automatically.
   - If your system is not running Volume Manager, become superuser and mount the CD-ROM manually by typing:

```
# mkdir -p /cdrom/sunfire_15K_docs

# mount -o ro -F hfs /dev/dsk/c0t6d0s2 /cdrom/sunfire_15K_docs
```

   The above command applies to workstations with SCSI drives. If your workstation has an IDE drive, the device is `/dev/dsk/c0t2d0s2`.

2. **Open the `sunfire_15K_docs` directory to access the PDF files with Adobe® Acrobat Reader. If you do not have Adobe Acrobat Reader installed, you can download it at no cost, at:**
   `http://www.adobe.com/products/acrobat/readstep.html`
