

Where to Find Sun Ultra™ 27 Workstation Documentation

You can find the most up-to-date versions of all Sun Ultra 27 workstation documents at:

<http://docs.sun.com/app/docs/prod/ultra.work#hic>

Translated versions of some of these documents are also available after the initial release of the product. To view translated documents, select a language from the drop-down list and navigate to the Sun Ultra 27 Workstation document collection. Available translations include Simplified Chinese, Traditional Chinese, French, Japanese, Korean, Spanish, Italian, and German. English documentation is revised more frequently and might be more up-to-date than the translated documentation.

Sun Ultra 27 Workstation Documentation Task Table

The table below lists the documentation in the approximate order of the tasks that you might perform upon the delivery of a new system. Review the tasks on the left, then refer to the corresponding documents on the right.

For This Task	Refer to This Document
Review safety information.	<i>Sun Ultra 27 Workstation Safety and Compliance Guide 820-6775</i> <i>Important Safety Information About Sun Hardware 816-7190 (printed)</i>
Review known issues and workarounds.	<i>Sun Ultra 27 Workstation Product Notes 820-6774</i>
Install and set up the system; includes information about system cabling and power on, system setup, system and developer software, and configuring the preinstalled Solaris 10 operating system.	<i>Sun Ultra 27 Workstation Installation Guide 820-6771</i>
Install supported operating systems and configure system utilities.	<i>Sun Ultra 27 Workstation Linux and Solaris Operating System Installation Guide 820-6772</i>
Install supported Windows operating system and configure system utilities.	<i>Sun Ultra 27 Workstation Windows Operating System Installation Guide 820-6773</i>
Customize BIOS settings and RAID settings. Remove and replace hardware components. Troubleshoot and isolate server problems.	<i>Sun Ultra 27 Workstation Service Manual 820-6776</i>
