No part of this product or document may be reproduced in any form by any means without prior written authorization of Sun and its licensors, if any. Third-party software, including font technology, is copyrighted and licensed from Sun suppliers.

Parts of the product may be derived from Berkeley BSD systems, licensed from the University of California. UNIX is a registered trademark in the U.S. and other countries, exclusively licensed through X/Open Company, Ltd.

Sun, Sun Microsystems, the Sun logo, SunSoft, SunDocs, SunExpress, and SunOS, OpenWindows, NFS, Sun Ultra, Ultra, JumpStart, Solaris, Solstice, Solstice AdminSuite, Solstice AdminTools, Solstice Autoclient, Solstice CacheOS, Disksuite, ToolTalk, X11/NeWS, Trusted NeWSprint, IPC, OpenBoot, SHIELD, XView, SunInstall, and Trusted Solaris are trademarks, registered trademarks, or service marks of Sun Microsystems, Inc. in the U.S. and other countries. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. in the U.S. and other countries. Products bearing SPARC trademarks are based upon an architecture developed by Sun Microsystems, Inc. X/Open® is a registered trademark and "X" device is a trademark of X/Open Company Limited, Netscape is a trademark of Netscape Communications Corporation, and PostScript is a trademark of Adobe Systems, Incorporated.

The OPEN LOOK and Sun™ Graphical User Interface was developed by Sun Microsystems, Inc. for its users and licensees. Sun acknowledges the pioneering efforts of Xerox in researching and developing the concept of visual or graphical user interfaces for the computer industry. Sun holds a non-exclusive license from Xerox to the Xerox Graphical User Interface, which license also covers Sun's licensees who implement OPEN LOOK GUIs and otherwise comply with Sun's written license agreements.

RESTRICTED RIGHTS: Use, duplication, or disclosure by the U.S. Government is subject to restrictions of FAR 52.227-14(g)(2)(6/87) and FAR 52.227-19(6/87), or DFAR 252.227-7015(b)(6/95) and DFAR 227.7202-3(a).

DOCUMENTATION IS PROVIDED "AS IS" AND ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, ARE DISCLAIMED, EXCEPT TO THE EXTENT THAT SUCH DISCLAIMERS ARE HELD TO BE LEGALLY INVALID.

Ce produit ou document est protégé par un copyright et distribué avec des licences qui en restreignent l'utilisation, la copie, la distribution, et la décompilation. Aucune partie de ce produit ou document ne peut être reproduite sous aucune forme, par quelque moyen que ce soit, sans l'autorisation préalable et écrite de Sun et de ses bailleurs de licence, s'il y en a. Le logiciel détenu par des tiers, et qui comprend la technologie relative aux polices de caractères, est protégé par un copyright et licencié par des fournisseurs de Sun.

Des parties de ce produit pourront être dérivées des systèmes Berkeley BSD licenciés par l'Université de Californie. UNIX est une marque déposée aux Etats-Unis et dans d'autres pays et licenciée exclusivement par X/Open Company, Ltd.

Sun, Sun Microsystems, le logo Sun, SunSoft, SunDocs, SunExpress, et Solaris SunOS, OpenWindows, NFS, Sun Ultra, Ultra, JumpStart, Solstice, Solstice AdminSuite, Solstice AdminTools, Solstice Autoclient, Solstice CacheOS, Disksuite, ToolTalk, X11/NeWS, Trusted NeWSprint, IPC, OpenBoot, SHIELD, XView, SunInstall, et Trusted Solaris sont des marques de fabrique ou des marques déposées, ou marques de service, de Sun Microsystems, Inc. aux Etats-Unis et dans d'autres pays. Toutes les marques SPARC sont utilisées sous licence et sont des marques de fabrique ou des marques déposées de SPARC International, Inc. aux Etats-Unis et dans d'autres pays. Les produits portant les marques SPARC sont basés sur une architecture développée par Sun Microsystems, Inc. .X/Open® est une marque enregistrées et "X" device est une marque de X/Open Company Limited, Netscape est une marque de Netscape Communications Corporation, et PostScript est une marque de Adobe Systems, Incorporated.

L'interface d'utilisation graphique OPEN LOOK et Sun™ a été développée par Sun Microsystems, Inc. pour ses utilisateurs et licenciés. Sun reconnaît les efforts de pionniers de Xerox pour la recherche et le développement du concept des interfaces d'utilisation visuelle ou graphique pour l'industrie de l'informatique. Sun détient une licence non exclusive de Xerox sur l'interface d'utilisation graphique Xerox, cette licence couvrant également les licenciés de Sun qui mettent en place l'interface d'utilisation graphique OPEN LOOK et qui en outre se conforment aux licences écrites de Sun.

CETTE PUBLICATION EST FOURNIE "EN L'ETAT" ET AUCUNE GARANTIE, EXPRESSE OU IMPLICITE, N'EST ACCORDEE, Y COMPRIS DES GARANTIES CONCERNANT LA VALEUR MARCHANDE, L'APTITUDE DE LA PUBLICATION A REPONDRE A UNE UTILISATION PARTICULIERE, OU LE FAIT QU'ELLE NE SOIT PAS CONTREFAISANTE DE PRODUIT DE TIERS. CE DENI DE GARANTIE NE S'APPLIQUERAIT PAS, DANS LA MESURE OU IL SERAIT TENU JURIDIQUEMENT NUL ET NON AVENU.

Contents

Global Index. 1

Preface

This document provides a global index that covers the following manuals:

- *Trusted Solaris Audit Administration* (805-8010-10)
- *Trusted Solaris Administration Overview* (805-8007-10)
- *Trusted Solaris Administrator's Procedures* (805-8008-10)
- *Trusted Solaris Developer's Guide* (805-8014-10)
- *Trusted Solaris Label Administration* (805-8011-10)
- *Trusted Solaris Installation and Configuration* (805-8009-10)
- *Trusted Solaris User's Guide* (805-8006-10)

How This Index is Organized

The global index begins on page 1 and uses the following prefixes to identify the manuals referred to:

- aa-Audit Admin (*Trusted Solaris Audit Administration*)
- ao-Admin Overview (*Trusted Solaris Administration Overview*)
- at-Admin Tasks (*Trusted Solaris Administrator's Procedures*)
- dg-Developer's Guide (*Trusted Solaris Developer's Guide*)
- la-Label Admin (*Trusted Solaris Label Administration*)
- ic-Installation & Configuration (*Trusted Solaris Installation and Configuration*)
- ug-User's Guide (*Trusted Solaris User's Guide*)

Global Index

Symbols

- (minus sign)
    in begin and finish scripts, ic:196
    in rules, ic:169
! (exclamation mark) rule field, ic:166
- audit flag prefix, aa:10
(pound sign)
    in profiles, ic:155
    in rules, ic:169
&& (ampersands) rule field, ic:166
+ audit flag prefix, aa:10
... (ellipsis points) rule field, ic:166
`/etc/passwd` file, ic:65
`/etc/shadow` file, ic:65
= (equals sign) in profile field, ic:182
> prompt, changing to `ok` prompt, ic:198
[] (brackets) rule field, ic:166
\ (backslash) in rules, ic:169
^- audit flag prefix, aa:10
^+ audit flag prefix, aa:10
