Notes:

1) All database tests are performed using TCP-IP connectivity.

2) UDS 5.0.18 is certified on Solaris 9 with Oracle9i Server v9.2.0.1.0 w/ Net9 client.

3) This product conforms with SOAP v 1.1 as defined by the W3C.
For complete details, see http://www.w3.org/TR/2000/NOTE-SOAP-20000508.

4) The following platforms are supported for use with Sun ONE Unified Development Server, and Sun ONE Integration Server, EAI Edition. This does not imply the platforms are either certified or have been tested. Note that any problems experienced by customers using the following will need to be reproduced on a certified configuration before they can be addressed by engineering.
