

Sun™ ONE ECXpert 3.6.2, Update 1 Release Notes

Version 3.6.2, Update 1

Part Number 817-3724-10

July 2003

These release notes contain important information available at the time of release of Version 3.6.2, Update 1 of Sun™ Open Net Environment (Sun ONE) ECXpert. New features and enhancements, known limitations and problems, technical notes, and other information are addressed here. Read this document before you begin using ECXpert 3.6.2, Update 1.

The most up-to-date version of these release notes can be found at the Sun ONE documentation web site: http://docs.sun.com/db/coll/S1_IntegrationServer_B2B_362_AS2. Check the web site prior to installing and setting up your software and then periodically thereafter to view the most up-to-date release notes and manuals.

These release notes contain the following sections:

- [About ECXpert, Version 3.6.2, Update 1](#)
- [Hardware and Software Requirements](#)
- [Known Issues](#)
- [How to Report Problems and Provide Feedback](#)
- [Additional Sun Resources](#)

About ECXpert, Version 3.6.2, Update 1

Sun ONE ECXpert 3.6.2, Update 1 is an add-on to ECXpert, Version 3.6.2 that provides for the exchange of Applicability Statement 2 (AS2) business documents between trading partners.

Hardware and Software Requirements

The following hardware and software are required for this release of ECXpert.

Table 1 Hardware and Software Requirements

Component	Solaris Requirement	Windows Requirement
Operating system	Solaris 8 (SPARC® platforms)	Windows 2000 Professional
CPU	Sun Ultra™ 1 (or compatible) workstation	500 Mhz
RAM	256 Mbytes	256 Mbytes
Disk space	20 Mbytes for ECXpert and associated applications	30 Mbytes for ECXpert and associated applications

Known Issues

This section contains a list of the known issues at the time of the ECXpert 3.6.2, Update 1 release.

Command-Line Utility “as” Availability

NOTE In future versions of the product, the command-line utility `as` may not be present. As such, it is highly recommended that you not use this utility in any of your own customizations.

Windows Install and Uninstall: Harmless Error Message

Ignore the “Relocation error: Null relocation...” that occurs during installation and uninstallation on windows platforms. The following sample uninstall sessions highlights an example of the error to ignore.

```
C:\util\as2\as2Win>setup.bat --uninstall

##  AS2 Plugin Installer  ##
#####

- Uninstalling AS2 Plug-In -

A nonfatal internal JIT (3.10.107(x)) error 'Relocation error: NULL
relocation target' has occurred in :
'org/apache/crimson/parser/Parser2.maybeComment (Z)Z': Interpreting method.
Please report this error in detail to
http://java.sun.com/cgi-bin/bugreport.cgi

[wdeploy] Loading new configuration
[wdeploy] Web application delete successful
C:\util\as2\as2Win>
```

Stack Overflow Error

To work around a JDK stack overflow error for versions JDK 1.3.1_03, JDK 1.4.0_01, JDK 1.4.0_02, and JDK 1.4.1_01 on Solaris OE, increase the stack size for the Administration Server by editing the file `https-admserv/config/magnus.conf`. Include the following line immediately after the line that specifies the `RqThrottle` value:

```
StackSize 1024000
```

After editing the file, stop and start the server.

How to Report Problems and Provide Feedback

If you have problems with Sun ONE ECXpert, contact Sun customer support using one of the following mechanisms:

- Sun Software Support services online at <http://www.sun.com/service/sunone/software>

This site has links to the Knowledge Base, Online Support Center, and ProductTracker, as well as to maintenance programs and support contact numbers.

- The telephone dispatch number associated with your maintenance contract

So that we can best assist you in resolving problems, please have the following information available when you contact support:

- Description of the problem, including the situation where the problem occurs and its impact on your operation
- Machine type, operating system version, and product version, including any patches and other software that might be affecting the problem
- Detailed steps on the methods you have used to reproduce the problem
- Any error logs or core dumps

Sun Welcomes Your Comments

Sun is interested in improving its documentation and welcomes your comments and suggestions. Email your comments to Sun at this address:

docfeedback@sun.com

Please include the part number (817-3724-10) of the document in the subject line and the book title (*ECXpert 3.6.2, Update 1 Release Notes*) in the body of your email.
