

Netra SPARC T3-1BA Blade Server

Start Here

This document provides documentation links, safety information, and technical support information for Oracle's Netra SPARC T3-1BA blade server.

Where to Find the Documentation

- For installation instructions and technical details, refer to the *Netra SPARC T3-1BA Blade Server User's Guide*.
- For software and firmware installation and upgrades, refer to the *Netra SPARC T3-1BA Blade Server Product Notes*.

You can find these documents and related documents at:

<http://www.oracle.com/pls/topic/lookup?ctx=nst31ba&id=homepage>

Safety Considerations

For general safety information, refer to *Important Safety Information for Sun Hardware Systems*, which shipped with the product. For product-specific safety information, refer to the online *Netra SPARC T3-1BA Blade Server Safety and Compliance Guide*.

Product Documentation

You can view and print a broad selection of documentation, including localized versions, at:

<http://www.oracle.com/technetwork/indexes/documentation/index.html>

Technical Support

If you have technical questions about this product that are not answered in this document, go to:

<https://support.oracle.com>

When you call, tell them that the product was purchased separately and is not associated with a system. Have the product identification information ready when you call. You can find the part number, serial number, and revision level on labels on the product. If possible, have the product in front of you when you contact support.
