This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT RIGHTS Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are "commercial computer software" or "commercial technical data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, duplication, disclosure, modification, and adaptation shall be subject to the restrictions and license terms set forth in the applicable Government contract, and, to the extent applicable by the terms of the Government contract, the additional rights set forth in FAR 52.227-19, Commercial Computer Software License (December 2007). Oracle USA, Inc., 500 Oracle Parkway, Redwood City, CA 94065.

This software is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications which may create a risk of personal injury. If you use this software in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure the safe use of this software. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software in dangerous applications.

Oracle Tuxedo JCA Adapter Release Notes

Oracle Tuxedo JCA Adapter 11g Release 1 (11.1.1.2)
Date: December 2010

Revision Date	Summary of Change
December 2010	Added Interoperability information.
November 2010	Added Simplified Configuration and Deployment enhancements
August 2010	GA Release

This chapter contains the following topics:

- [About This Oracle Tuxedo JCA Adapter Release](#)
- [Oracle Tuxedo JCA Adapter Installation Prerequisites](#)
- [Oracle Tuxedo JCA Adapter Platform Support](#)
- [Interoperability](#)
- [Where to Get Product Documentation](#)
- [Contacting Oracle Customer Support](#)

About This Oracle Tuxedo JCA Adapter Release

Oracle Tuxedo JCA Adapter is JCA-based resource adapter. It provides bi-directional connectivity between JCA1.5 compliant application servers and the Oracle Tuxedo system.

Features

Oracle Tuxedo JCA Adapter 11g Release 1 (11.1.1.2) includes the following enhancement(s):

- Simplified Configuration and Deployment

For more information, see the [Oracle Tuxedo JCA Overview](#).

Oracle Tuxedo JCA Adapter Installation Prerequisites

Oracle Tuxedo JCA Adapter is contained in a single resource archive file (`com.oracle.tuxedo.TuxedoAdapter.rar`), which can be downloaded from the Oracle product download Web site: <http://www.oracle.com/technology/software/index.html>.

Installation requires the following prerequisites:

- Access to JDK 1.5 or later
- 5 MB free disk space
- A text editor or XML editor
- Requires unrestricted strength jurisdiction policy file if encryption is required

For more information, see the [Oracle Tuxedo JCA Adapter Users Guide](#).

Oracle Tuxedo JCA Adapter Platform Support

The following application servers are certified for use with Oracle Tuxedo JCA Adapter:

- Oracle WebLogic Server 10g Release 3
- IBM WebSphere 7.0
- RedHat JBoss 5.1.0.GA

Oracle Tuxedo JCA Adapter is expected to run on all OS platforms supported by these application servers.

Where to Get Product Documentation

Documentation for this product is available from the Oracle corporate Web site at <http://www.oracle.com/technology/documentation/index.html>.

To access the .PDF files, open the Oracle Tuxedo JCA Adapter documentation home page, click the .PDF files button and select the document you want to view or print. If you do not have the Adobe Acrobat Reader, you can get it for free from the Adobe Web site at <http://www.adobe.com>.

Interoperability

Oracle Tuxedo JCA Adapter 11g Release 1 (11.1.1.2) is interoperable with most Oracle Tuxedo releases. [Table 1](#) lists Oracle Tuxedo release interoperability and limitations.

Table 1 Oracle Tuxedo Releases Interoperability and Limitations.

Oracle Tuxedo Release Interoperability	Limitation(s)
Oracle Tuxedo 6.5e	Requires interoperate set to "YES", no AES256, no user identity propagation, no SSL, no Remote Access Point registration
Oracle Tuxedo 7.1 to 8.0	No AES 256, no SSL, no dynamic Remote Access Point registration
Oracle Tuxedo 7.1 to 9.0	No AES 256, no SSL, no dynamic Remote Access Point registration
Oracle Tuxedo 10.1 to 11gR1 11.1.1.1.0	No dynamic Remote Access Point registration
Oracle Tuxedo 11gR1 11.1.1.2.1	No known limitations to date.

Contacting Oracle Customer Support

If you have any questions about this Oracle Tuxedo JCA Adapter version, or if you have problems installing and running the Oracle Tuxedo JCA Adapter, contact Oracle Customer Support through Oracle Web Support at <http://www.oracle.com/bea/support.html>.

When contacting Customer Support, be prepared to provide the following information:

- Your name, e-mail address, phone number, and fax number

- Your company name and company address
- Your machine type and authorization codes
- The name and version of the products you are using
- A description of the problem and the content of pertinent error messages
