This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT RIGHTS

Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are "commercial computer software" or "commercial technical data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, duplication, disclosure, modification, and adaptation shall be subject to the restrictions and license terms set forth in the applicable Government contract, and, to the extent applicable by the terms of the Government contract, the additional rights set forth in FAR 52.227-19, Commercial Computer Software License (December 2007).

Oracle America, Inc., 500 Oracle Parkway, Redwood City, CA 94065.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications which may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information on content, products and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third party content, products and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third party content, products or services.

Preface

This guide provides an overview of installing Oracle Utilities Business Intelligence.

This preface contains these topics:

- **Audience**
- **Related Documents**
- **Conventions**

Audience

Oracle Utilities Business Intelligence Quick Install Guide is intended for anyone interested in the process of installing Oracle Utilities Business Intelligence.

Related Documents

For more information, see these Oracle documents:

- *Oracle Utilities Business Intelligence Installation Guide*
- *Oracle Utilities Business Intelligence Database Administrator's Guide*

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Chapter 1

Oracle Utilities Business Intelligence Installation Overview

This section provides a high-level overview of the installation steps for Oracle Utilities Business Intelligence (BI) version 2.4.0 and selected additional software. For more information, see *Oracle Utilities Business Intelligence Installation Guide*.

Refer to My Oracle Support for up-to-date additional information on Oracle Utilities Business Intelligence installation.

Oracle Utilities Business Intelligence Media Pack Contents

The Oracle Utilities Business Intelligence Media Pack consists of the following packages:

- Oracle Utilities Business Intelligence Version 2.4.0 Release Notes
- Oracle Utilities Business Intelligence Version 2.4.0 Quick Install Guide
- Oracle Utilities Business Intelligence Version 2.4.0 Install Documentation
- Oracle Utilities Business Intelligence Version 2.4.0 User Documentation
- Oracle Utilities Business Intelligence Version 2.4.0 Supplemental Documentation
- Oracle Utilities Application Framework V4.1.0
- Oracle Utilities Business Intelligence Version 2.4.0 for <OS Platform>
- Oracle Utilities Business Intelligence Version 2.4.0 Oracle Database for <OS Platform>

Components for Oracle Utilities Business Intelligence

The system includes the following components:

- All application processes and HTML/JSP pages that make up the user interface
- This Installation Guide, which describes the installation/upgrade process
- The latest User Documentation
- Release Notes describing functional changes for this version
- Database installation
- Data Dictionary
- System Table Guide

Network Environment Overview

The application is split into multiple tiers:

Tier 1: Browser-Based Client

The central facility in the Oracle Utilities Business Intelligence browser-based client is Internet Explorer.

Operating System: Windows XP SP2 or higher, Windows 7

The following Operating System / Web Browser software is supported:

- For OBIEE:
 - Windows XP SP3 or higher with Internet Explorer 7.0 or higher, or 8.0 or higher, or Firefox 3.6 or higher
 - Windows 7 with Internet Explorer 8.0 or higher, or Firefox 3.6 or higher
- For OUBI:
 - Windows XP SP3 or higher with Internet Explorer 7.0 or higher, or 8.0 or higher
 - Windows 7 with Internet Explorer 8.0 or higher

Tier 2: Web Application Server

Oracle Utilities Business Intelligence supports the following Web application servers:

- Oracle WebLogic 11gR1 (10.3.5)

Tier 3: Database Server

Oracle Utilities Business Intelligence supports the following databases:

- Oracle Database 11.2.0.2

Certified and Supported Platforms

The installation has been certified to operate on many operating system, application server, and database server combinations. For the software requirements for each of these combinations, see the *Oracle Utilities Business Intelligence Installation Guide*.

The following table details the browser, operating system and application server combinations on which Oracle Utilities Business Intelligence 2.4.0 has been tested and certified.

Browser	Operating System (Client)	Operating System (Server)	Chipset	Application Server	Database
IE 7.x	Windows XP SP3	AIX 6.1 (64-bit)	Power 64-bit	WebLogic 10.3.5	Oracle 11.2.0.2
		Oracle Linux 5.6 (64-bit)	x86_64	WebLogic 10.3.5	Oracle 11.2.0.2
IE 8.x	Windows 7	Red Hat Enterprise Linux 5.6 (64-bit)			
Firefox 3.x (OBIEE only)		Sun Solaris 10 (64-bit)	SPARC	WebLogic 10.3.5	Oracle 11.2.0.2
		Windows 2008 Server SP2 (32-bit)	x86	WebLogic 10.3.5	Oracle 11.2.0.2

Oracle Database Servers

Oracle Utilities Business Intelligence 2.4.0 is supported with Oracle Database Enterprise Edition Server 11.2.0.2 on any of the operating systems listed above.

The Oracle Client version 11.2.0.2 is required for this version of the database server.

Oracle WebLogic Server Information

The following Oracle WebLogic Server Editions are supported:

- Oracle WebLogic Server Standard Edition.
- Oracle WebLogic Server Enterprise Edition.

Installing Oracle Utilities Business Intelligence

For additional information on installing Oracle Utilities Business Intelligence, see the Oracle Utilities Business Intelligence *Installation Guide*.

To install Oracle Utilities Business Intelligence Version 2.4.0:

1. Install all required third-party software.
2. Install database. See *Oracle Utilities Business Intelligence Database Administrator's Guide* for complete details.
3. Install map data.
4. Install Oracle Utilities Application Framework version 4.1.0 (Application server only).
5. Install Oracle Utilities Business Intelligence Version 2.4.0 (Application server only).
6. Generate Application Viewer items (this includes the Data Dictionary).

Oracle VM Support

Oracle Utilities Business Intelligence 2.4.0 and Oracle Utilities Advanced Spatial and Operational Analytics 2.3.0 are supported on Oracle VM 2.2.1 for supported releases of Oracle Enterprise Linux and Microsoft Windows operating systems.

Oracle Support Policy Regarding VMware

Please refer to My Oracle Support knowledge base article 249212.1 for Oracle's support policy regarding VMWare.

Installation and Configuration Overview

The following diagram provides an overview of the steps that need to be taken to install and configure Oracle Utilities Business Intelligence:

Additional Information for Installing Other Oracle Software

Please read this section and follow directions if you purchased a license from Oracle for any of the following products:

- Oracle WebLogic 10.3.5
- Oracle Fusion Middleware MapViewer 11.1.1.2
- Oracle Business Intelligence Suite Enterprise Edition

Oracle WebLogic 10.3.5

Customers must download Oracle WebLogic Server from the Oracle Software Delivery Cloud. The version of Oracle WebLogic Server is in the Oracle Utilities Business Intelligence Version 2.4.0 Supported Platforms Summary section.

Note: If you install a temporary license for Oracle WebLogic, please note that this license is limited to 5 non-current users. You will need to install the full license.

Install the Oracle WebLogic license

To apply a full license you will need to complete the following steps:

1. The license keys for Oracle WebLogic products are located at - <http://licensecodes.oracle.com/bea.html>
2. The following products are supported: Oracle WebLogic Server Standard Edition and Oracle WebLogic Server Enterprise Edition.
3. At the time of release of this document the license key on the Web site for Oracle WebLogic Server Standard Edition is BEA WebLogic Server Advantage Edition. The license key for Oracle WebLogic Server Enterprise Edition on the Web site is BEA WebLogic Server Premium Edition.
4. Shut down the Oracle Utilities Business Intelligence application server.
5. Follow the instructions from the Oracle WebLogic installation document to install the license key.
6. Start the Oracle Utilities Business Intelligence application server.

Oracle Business Intelligence Suite Enterprise Edition

Oracle Utilities Business Intelligence Version 2.4.0 and Oracle Utilities Advanced Spatial and Operational Analytics are supported with Oracle Business Intelligence Suite Enterprise Edition 11.1.1.5.0.

Contacting Oracle Support
