This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

## Introduction

This Licensing Information document is a part of the product or program documentation under the terms of your Oracle license agreement and is intended to help you understand the program editions, entitlements, restrictions, prerequisites, special license rights, and/or separately licensed third party technology terms associated with the Oracle software program(s) covered by this document (the “Program(s)”). Entitled or restricted use products or components identified in this document that are not provided with the particular Program may be obtained from the Oracle Software Delivery Cloud website (<https://edelivery.oracle.com>) or from media Oracle may provide. If you have a question about your license rights and obligations, please contact your Oracle sales representative, review the information provided in Oracle’s Software Investment Guide (<http://www.oracle.com/us/corporate/pricing/software-investment-guide/index.html>), and/or contact the applicable Oracle License Management Services representative listed on <http://www.oracle.com/us/corporate/license-management-services/index.html>.

# Licensing Information

Product	Licensing Description
<p>Oracle Communications Converged Application Server</p>	<p>Oracle Communications Converged Application Server is the industry's most comprehensive web-telecom application server, delivering an open, standards-based service creation and execution platform for IP-based communications applications. As the telecom application server component of the Oracle Communications Network Applications product family, it enables service providers and enterprises to rapidly develop, and cost-effectively deploy, innovative, revenue-enhancing IP based communication and collaboration services.</p> <p><b>Includes the following products:</b></p> <ul style="list-style-type: none"> <li>• SIP Servlet Container (JSR 359) and Diameter protocol enhancements package for Oracle WebLogic Server.</li> <li>• Oracle WebLogic Server Enterprise Edition with the following restrictions: Oracle WebLogic Server Enterprise Edition may be used only for the purposes of running the Oracle Communications Converged Application Server and must run on the same processor as the Oracle Communications Converged Application Server. The Oracle WebLogic Server can be used to host any Java EE or Java application logic that is accessed by clients strictly using the SIP and/or Diameter protocols. If customers want to deploy the Oracle WebLogic Server on a different processor from the Oracle Communications Converged Application Server or if they want to access any of the Java EE or Java application logic deployed in the Oracle WebLogic Server without SIP and/or Diameter protocols, then the customer needs to purchase a full use license of Oracle WebLogic Server Enterprise Edition.</li> <li>• Oracle Communications Converged Application Server does NOT entitle the right to use applications which are based on the following features: <ul style="list-style-type: none"> <li>○ Diameter Base Protocol</li> <li>○ On-line and Off-line Charging (Diameter)</li> <li>○ Profile Application (Diameter)</li> </ul> </li> </ul> <p>To use these features, you must purchase Oracle Communications Converged Application Server, Enterprise Edition.</p> <p><b>Prerequisites:</b></p> <p>Coherence Enterprise Edition for Oracle Applications</p> <hr/> <p>Each licensable module of Oracle Communications Converged Application Server includes the ability and rights to use the SIP Servlet Container and all publicly supported APIs as per the included Javadocs and according to the product documentation, with the exception of the Diameter Base Protocol implementation and dependent APIs, such as On-line and Off-line Charging, the Diameter Base Protocol API, and the Profile API.</p> <p>Oracle Communications Converged Application Server binaries include all of the minimally necessary Oracle WebLogic Suite components and will install the Oracle WebLogic Server, which is essential for its operation.</p> <p>It is <b>NOT</b> possible to install Oracle Communications Converged Application Server over a pre-existing installation of the Oracle WebLogic Server. Oracle Communications Converged Application Server may only be installed using the provided Oracle Communications Converged Application Server binaries, which install the minimal set of necessary Oracle WebLogic Server Enterprise Edition components.</p>
<p>Oracle Communications Converged Application Server, Enterprise Edition</p>	<p><b>Includes the following products:</b></p> <ul style="list-style-type: none"> <li>• All features included in Oracle Communications Converged Application Server</li> <li>• Diameter Base Protocol</li> <li>• On-line and Off-line Charging (Diameter)</li> <li>• Profile Application (Diameter)</li> </ul> <p><b>Prerequisites:</b></p> <p>Coherence Enterprise Edition for Applications</p>
