

# Oracle® Communications Evolved Communications Application Server

Release Notes

Release 7.0

E61921-01

August 2015

---

These release notes describe the new and changed documentation contained in the documentation update for release 7.0 of Oracle Communications Evolved Communications Application Server (OCECAS).

## New Documents

The following documents have been added to the Release 7.0 OCECAS documentation:

- *Oracle Communications Evolved Communications Application Server Operator's Guide*  
Describes the tasks that an operator performs to create and use services. It includes the following chapters:
  - Working with Control Flows
  - Working with Resources
  - Working with Change Sets
  - Working with Subscriber Data
  - Accessing Service Data with the RESTful APIAlso contains appendices that describe the default enhanced subscriber store (ESS) schema and external references for supported OCECAS interactions.
- *Oracle Communications Evolved Communications Application Server RESTful API Reference*  
Complete reference for the OCECAS RESTful APIs for provisioning subscribers and accessing services.
- *Oracle Communications Evolved Communications Application Server Compliance Guide*  
Details OCECAS's compliance with 3GPP and GSMA standards, and with the RFC 3588 document.

## Documentation Updates

The following updates have been implemented in the Release 7.0 OCECAS documentation.

- *Oracle Communications Evolved Communications Application Server System Administrator's Guide*
  - New chapter: "Managing Media Servers"

- The “Configuration Overview” has been updated.
- The following sections have been added to “Managing Evolved Communications Application Server”:
  - \* OCECAS Statistics
  - \* Enabling Charging in the Runtime Domains
- The following sections have been updated in “Managing Evolved Communications Application Server”:
  - \* Managing Telemetry
  - \* Managing SRVCC
  - \* Managing the Conference Feature
  - \* Managing the Diameter Node
- The duplicated OCCAS-related chapters have been removed (Parts II - IV). See the OCCAS product documentation instead.
- The “Session Design Center” chapter has been removed. See *Oracle Communications Evolved Communications Application Server Concepts* and *Oracle Communications Evolved Communications Application Server Operator’s Guide* for information on the Session Design Center.
- The *Oracle Communications Evolved Communications Application Server Installation Guide* has been updated to address several issues.
- All outstanding documentation bugs have been resolved.

## Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

### Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe

use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications. Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners. Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.
