CHAPTER 1 : SIGN IN

At the beginning of each Oracle FLEXCUBE Lending and Leasing session and prior to working with any account, you must sign in at your workstation. Oracle FLEXCUBE Lending and Leasing then enables you to “enter” the system and open the pages available to your level of responsibility. To sign in to Oracle FLEXCUBE Lending and Leasing, you need to have your own user id and password. Each user id is attached to a responsibility level, or “profile,” that controls the user’s access to various areas of the system. Your user id is also associated to all the applications you process.

This chapter explains how to sign in and sign off from the Oracle FLEXCUBE Lending and Leasing system.

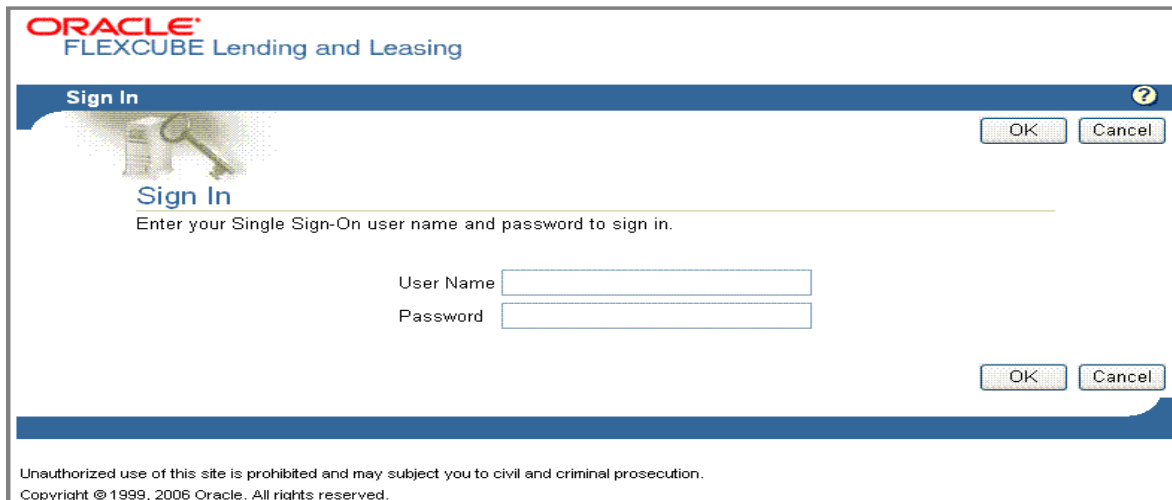

Signing On

The ability to sign in is automatically disabled after a specified number of days of inactivity. The user id and password required to sign in to Oracle FLEXCUBE Lending and Leasing may be different from the user id and password used to sign in to your computer or network. If you are unsure of your user id and password for Oracle FLEXCUBE Lending and Leasing, contact your system administrator.

To sign in to Oracle FLEXCUBE Lending and Leasing

- 1 Follow the guidelines for your business to begin a Oracle FLEXCUBE Lending and Leasing session.

After starting Oracle FLEXCUBE Lending and Leasing, the Sign In page appears.

ORACLE
FLEXCUBE Lending and Leasing

Sign In ?

OK Cancel

Sign In

Enter your Single Sign-On user name and password to sign in.

User Name

Password

OK Cancel

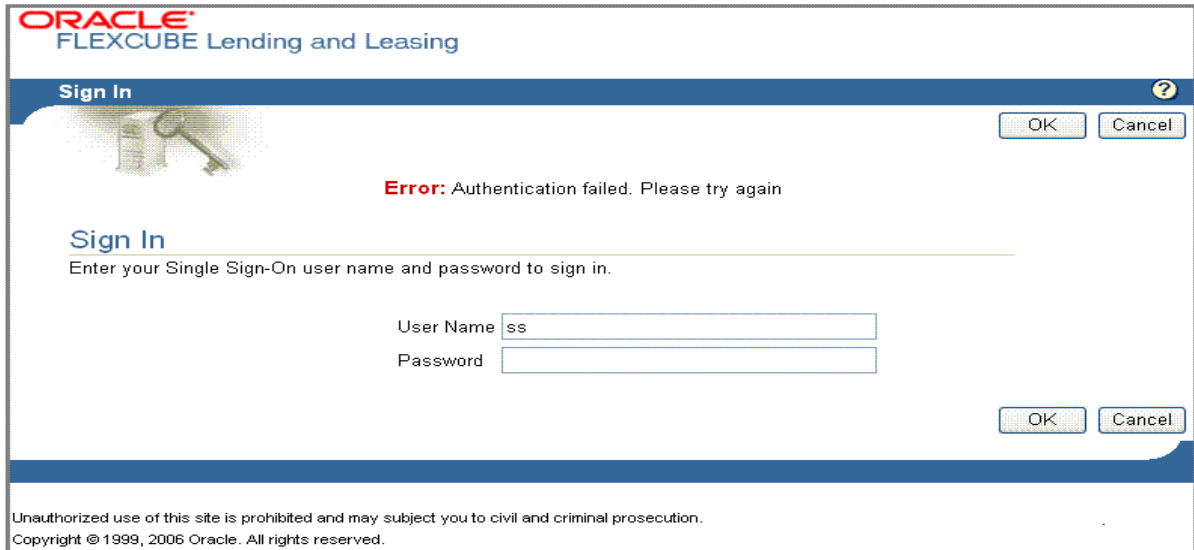

Unauthorized use of this site is prohibited and may subject you to civil and criminal prosecution.
Copyright © 1999, 2006 Oracle. All rights reserved.

- 2 In the **User Name** field, type your user identification name.
- 3 Press **TAB** to move to the **Password** field.
-or-
Click the **Password** field.
- 4 In the **Password** field, type your password.
- 5 Click **OK**.

-or-
Press **ENTER**.

Note: If you click **Cancel**, Oracle FLEXCUBE Lending and Leasing closes the Sign In page.

If your user id or password is inaccurate, Oracle FLEXCUBE Lending and Leasing displays the following:

The screenshot shows the Oracle FLEXCUBE Lending and Leasing Sign In page. At the top, the Oracle logo and "FLEXCUBE Lending and Leasing" are displayed. Below this is a "Sign In" header with a help icon. A red error message reads: "Error: Authentication failed. Please try again". Below the error message is a "Sign In" section with the instruction: "Enter your Single Sign-On user name and password to sign in." There are two input fields: "User Name" containing "ss" and "Password" which is empty. There are "OK" and "Cancel" buttons at the top right and bottom right of the sign-in area. At the bottom of the page, there is a footer with the text: "Unauthorized use of this site is prohibited and may subject you to civil and criminal prosecution. Copyright © 1999, 2006 Oracle. All rights reserved."

- Click **OK** and retype your user id and password. If problems signing on persist, contact your system administrator.

IMPORTANT:

The length of a password is established during system setup. Special characters (&, @, #, \$, %, ^, &, *, and so on) cannot be used to create a password. To prevent others from seeing your password, your password does not appear in the Password field as you type it. Instead, your keystrokes appear as bullet points. Keep your password confidential to prevent access to Oracle FLEXCUBE Lending and Leasing by unauthorized users.

If Oracle FLEXCUBE Lending and Leasing recognizes your user id and password, the Oracle FLEXCUBE Lending and Leasing Suite home page appears. Your user id and other information appear in the My Info section.

ORACLE FLEXCUBE Lending and Leasing - Propelling you forward

ORACLE FLEXCUBE LENDING AND LEASING IS A COMPREHENSIVE SOLUTION THAT ADDRESSES EVERY REQUIREMENT OF THE LENDING AND LEASING SPACE. ITS UNIQUE VALUE LIES IN ITS ABILITY TO PROVIDE YOUR BUSINESS WITH PRE-DEFINED PROCESSES, AND A WORLD-CLASS FRAMEWORK THAT ADDRESSES ALL YOUR RISK AND COMPLIANCE NEEDS. ORACLE FLEXCUBE LENDING AND LEASING IS A SINGLE SOURCE FOR ALL LENDING AND LEASING PROCESSES - FROM DESIGN TO EXECUTION. IN A NUTSHELL, OUR SOLUTION IS A ONE-STOP-SHOP FOR ALL YOUR LENDING AND LEASING NEEDS.

ORACLE FLEXCUBE LENDING AND LEASING AUTOMATES THE ENTIRE LIFECYCLE OF LENDING -- ACROSS ORIGINATION, SERVICING AND COLLECTIONS -- FOR MULTIPLE LENDING AND LEASING PRODUCTS. IT MAKES YOUR SOLUTION STAND OUT FOR ITS INTEGRATED APPROACH. IT ALSO HAS THE UNIQUE ABILITY TO INTEGRATE WITH OUR GOVERNANCE, RISK AND COMPLIANCE (ORC) FRAMEWORK AND IMPROVES INTERNAL POLICY, REGULATORY COMPLIANCE AND RISK MANAGEMENT.

SOME OF THE BENEFITS YOU CAN GAIN FROM THE ORACLE FLEXCUBE LENDING AND LEASING ARE:

- BUSINESS PROCESSES DESIGNED TO REMAIN CONNECTED WITH A COMMON THREAD
- SOFTWARE COMPONENTS ALIGNED TO YOUR BUSINESS PROCESSES
- TOOLS TO MEASURE PERFORMANCE, RISK AND COMPLIANCE
- INTEGRATED APPLICATIONS
- REDUCED TIME-TO-MARKET

Documentation

THE ORACLE FLEXCUBE LENDING AND LEASING DOCUMENTATION SET CONSISTS OF THE SETUP GUIDE AND USER GUIDE.

- THE ORACLE FLEXCUBE LENDING AND LEASING SETUP GUIDE LIBRARY CONTAINS ADMINISTRATION, CONFIGURATION, AND DEVELOPMENT DOCUMENTATION. THE DOCUMENTATION LIBRARY IS ON ITS OWN CD-ROM IN THE ORACLE FLEXCUBE LENDING AND LEASING BUNDLE CD PACK.
- THE ORACLE FLEXCUBE LENDING AND LEASING USER GUIDE DOCUMENTATION INCLUDES HOW TO USE THE PRODUCT. THE USER GUIDE DOCUMENTATION IS ON THE ORACLE FLEXCUBE LENDING AND LEASING CD-ROM IN THE ORACLE FLEXCUBE LENDING AND LEASING BUNDLE CD PACK.

Your User Id now appears in the page's My Info section.

- 2 Click **Yes, sign me off**.

Oracle FLEXCUBE Lending and Leasing closes the session, releases any accounts you may have been working on, and returns to the Sign In page.

CHAPTER 2 : CUSTOMER SERVICES AND COLLECTIONS

After an application has cycled through the line origination process, it becomes an account. Account maintenance and collections tasks can be performed with Oracle FLEX-CUBE Lending and Leasing's Customer Service window.

The Customer Service window enables you to view and manage all customer information in a centralized location to assure data integrity and provide better service. Oracle FLEX-CUBE Lending and Leasing provides online real-time information about the applicant(s), contract, account balances, dues, transactions, call activities, and comments. Oracle FLEX-CUBE Lending and Leasing also supports back-dating of financial transactions up to the account's opening date.

The Customer Service window uses a link bar to open pages that perform the following tasks:

- Search for and load accounts on the Customer Service window
- View comprehensive account and customer details, including status, balances, transaction histories, payoff quotes, statements, escrow information, insurance information, and vendor work orders.
- Track attributes associated with an account
- View vendor work orders
- Record call activities, promises to pay, comments, and references
- Use checklists to perform customer service tasks
- View payment rating history and due date history
- Perform monetary and nonmonetary maintenance on a line of credit
- Record information concerning bankruptcies, repossessions, foreclosures, and account deficiencies
- View contract information recorded during the funding process
- View information regarding account collateral
- Perform a credit bureau pull
- Add comments to an account during any time of the customer service process.

This chapter explains how to do all of this.

Activating an Account

An account is automatically activated when you fund the contract with the Funding window or convert from a legacy system. You cannot activate an account with the Customer Service window.

Posting and Reversing Payments

A payment can be posted and reversed on the Payments window. You cannot post and reverse the payment in Customer Service window. (For more information, see the **Payment Processing** chapter.)

A Note About Account Numbers

After an application completes the line origination cycle and is funded or is ported into Oracle FLEXCUBE Lending and Leasing, it becomes an account and receives an account number.

Oracle FLEXCUBE Lending and Leasing assigns account numbers using the following logic:

YYYYMMNNNNNNNX

where:

YYYYMM = contract date

NNNNNNN = serial number

X = check digit

Oracle FLEXCUBE Lending and Leasing sorts accounts using the **NNNNNN** portion only. That portion is referred to as the account ID.

Searching for a Customer

There are a number of different ways to load the customer details on the Customer Service window.

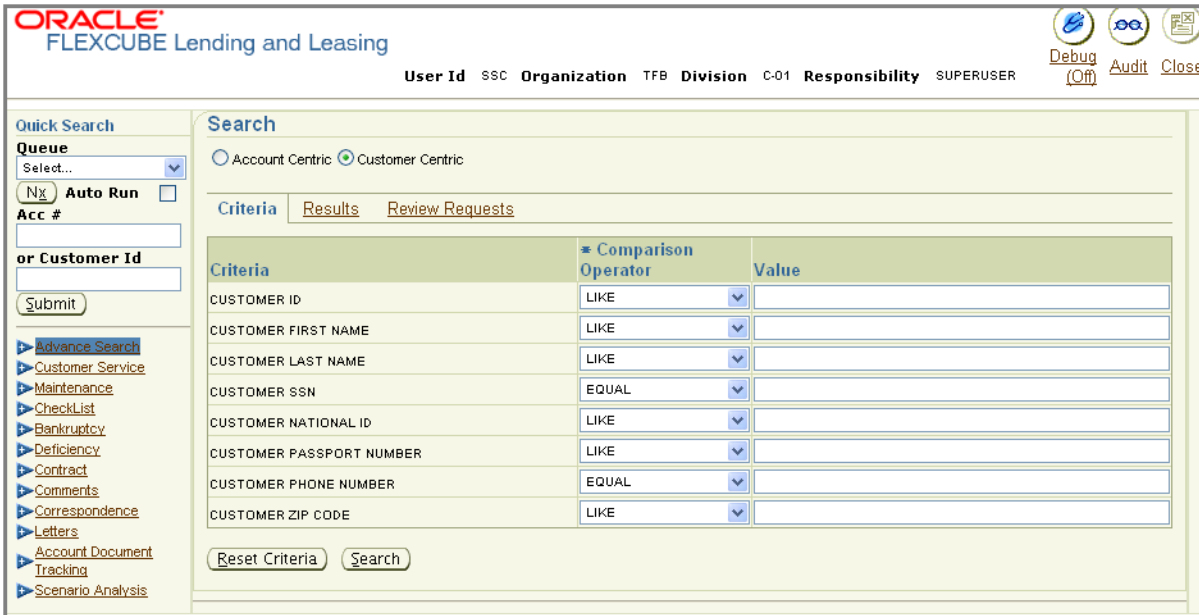

- Use the Search page by selecting Customer Centric option.
- Use the Quick Search section to search for the customer by account number.
- Use the Quick Search section to search for the customer by Customer Id.
- Use the Next Account feature to load the customer from a predefined queue.

To search for and load the customer details with the Search page

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Collections** master tab.
- 2 Click **Collections** on the bar link.

The Customer Service window appears, opened at the Search page's Criteria page.

- 3 Select **Customer Centric** option to view the total liabilities(of all accounts) of a customer.

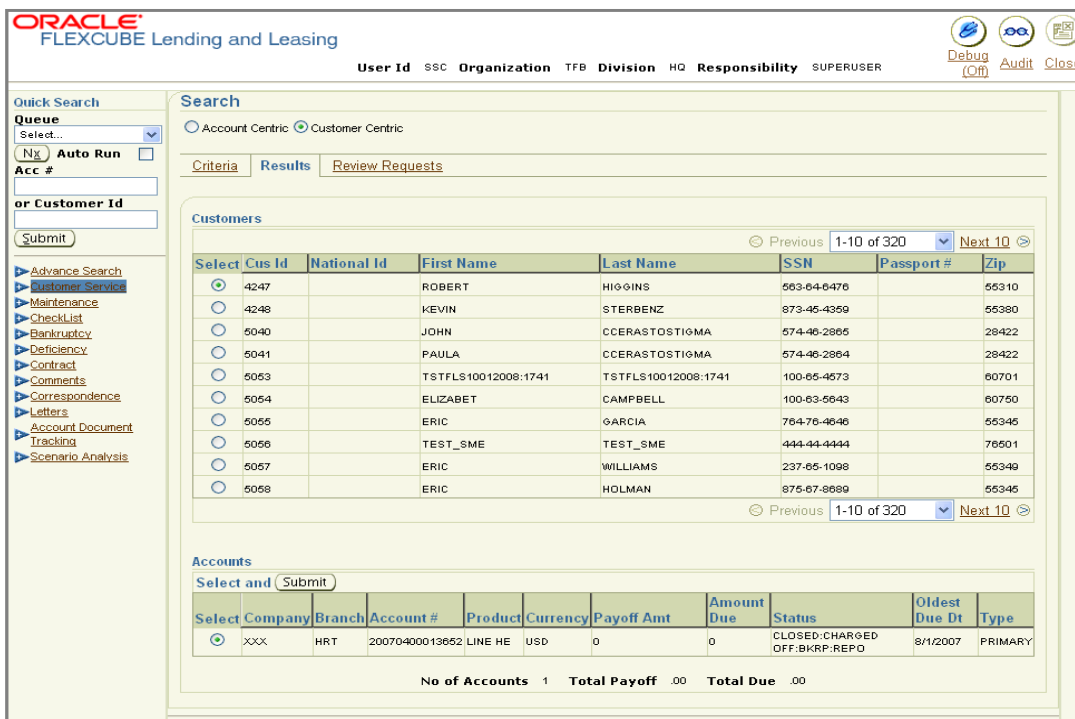

- On the **Criteria** page, use the **Comparison Operator** and **Values** columns to create the search criteria you want to use to find the customer.

Note: Click **Reset Criteria** at any time to clear the **Comparison Operator** and **Values** columns.

- Click **Search**.

Oracle FLEXCUBE Lending and Leasing locates and displays on the Results page all the accounts that meet your search criteria on the Criteria page.

- 6 On the Results page, view the following information for the list of accounts of a customer:

In this field:	View this:
<u>Customers section</u>	
Select	If selected, indicates that this is the current record.
Cus Id	The customer identification number.
National Id	The national identification number (for non US members).
First Name	The customer's first name.
Last Name	The customer's last name.
SSN	The customer SSN number (for US members only).
Passport #	The customer's passport number.
Zip	The zip code of the customer.

Accounts section

The account section will display the list of accounts for the customer selected.

Company	The company of the account.
Branch	The branch of the account
Account #	The account number.
Product	The product for the account.
Currency	The currency for the account.
Payoff Amt	The current payoff amount for the account.
Amount Due	The current delinquent amount due for the account.
Status	The account's status.
Oldest Due Dt	The oldest due date.
Type	The account type.

- 7 On the **Results** page, select the customer you want to retrieve and click **Submit**.

Oracle FLEXCUBE Lending and Leasing loads the customer's details on the Collections link bar's Account Details page

Searching for an Account

There are a number of different ways to load an account on the Customer Service window.

- Use the Search page.
- Use the Quick Search section to search for an account by account number.
- Use the Quick Search section to search for an account by social security number.
- Use the Next Account feature to load an account from a predefined queue.

To search for and load an account with the Search page

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Collections** master tab.
- 2 Click **Collections** on the bar link.
The Customer Service window appears, opened at the Search page's Criteria page.
- 3 Select **Account Centric** option to view the total liabilities(of all accounts) of an account.

<input checked="" type="radio"/>	XXX	HRT	20070400013652	LINE HE	USD	\$0.00	\$0.00	CLOSED-CHARGED OFF:BKRFP:REPO	8/1/2007
- Customer(s) Section:** Shows details for the customer:

Select	Details	Customer Id	Name	Type	Language
<input checked="" type="radio"/>	Show	4247	ROBERT N HIGGINS SR	PRIMARY	ENGLISH
- Account Details Section:** A vertical list of links for account management:
 - Dues
 - Delinquency Information
 - Activities
 - Promises
 - Call Activities
 - Payment Rating History
 - Due Date History
 - Repayment Schedule
 - Rate Schedule
 - ACH
 - Card Details
 - References
 - Post Date Check
 - Payment Arrangement
- Alerts and Conditions Sections:** Provide additional monitoring and criteria options.

You are now ready to begin work on the account.

A note about conditions and queues

During the line application process, accounts do not have sub statuses; instead, accounts use *conditions*. Conditions further define the status of an account; for example: delinquent, bankruptcy, and scheduled for charge off. Conditions can be applied automatically by Oracle FLEXCUBE Lending and Leasing based on set up and manually by Oracle FLEXCUBE Lending and Leasing users with the Customer Service window.

Oracle FLEXCUBE Lending and Leasing can assign accounts to specific users by way of *queues*. Queues are a workflow management tool that allow Oracle FLEXCUBE Lending and Leasing users to work on accounts sequentially from a prioritized list, rather than having to manually search for and load them. Queues are created and sorted during nightly processing. Examples of customer service queues include due date change requests, delinquent accounts, deferment requests, and title and insurance follow-up.

Account conditions serve as default queues; that is, an account's condition determines which queue the account is in.

In the following example, the account has a condition of DELINQUENT, noted in the Conditions section and Status field. The account was loaded from the delinquent queue, DELQ (D).

A queue can be associated with only one condition. In the following example, the Delinquent queue is associated with the Delinquent condition.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes the Oracle logo, the text 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. On the right, there are icons for 'Debug (Off)', 'Audit', and 'Close'. The main interface is divided into several sections:

- Quick Search:** A dropdown menu for 'Queue' is set to 'DELQ (D)'. Below it are fields for 'Acc #' (20090200023411) and 'or SSN', with a 'Submit' button.
- Account(s):** A table with columns: 'Select', 'Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due', 'Status', and 'Oldest Due Dt'. A single row is visible: 'XYZ', 'HQ', '20090200023411', 'LINE HE', 'USD', '\$12,020.00', '\$4,000.00', 'ACTIVE:DELQ', and '3/8/2009'. A red box highlights the 'Status' field.
- Conditions:** A table with columns: 'Condition', 'Start', and 'Followup'. A single row is visible: 'DELINQUENT', '3/19/2009', and '6/19/2009'. A red box highlights this table.
- Customer(s):** A table with columns: 'Select', 'Details', 'Customer Id', 'Name', 'Type', and 'Language'. A single row is visible: 'Show', '24206', 'GOPI GOPINATH', 'PRIMARY', and 'ENGLISH'.

Red arrows point from the 'Queue' dropdown to the 'Status' field and from the 'Status' field to the 'Conditions' table.

However, an account can have more than one condition, so an account can be in more than one queue. In the following example, the single account for Steven A Jones has two different conditions, SCHEDULE FOR CHARGE OFF and DELINQUENT. It can appear in two different queues, one for SCHEDULE FOR CHARGE OFF condition (the SCHGOFF (D) queue) and one for the DELINQUENT condition (the DELQ (D) queue).

Multiple queues can be created for a single condition. Account attributes (such as number of days delinquent and product code) can be used for assigning accounts to a queue and sorting accounts within a queue.

In the following example, two queues have been set up for the single condition of DELINQUENT, based on the number of days the account is delinquent. One queue contains accounts that are delinquent zero to 30 days (the DELQ-DELQ_DAYS_0_30 queue) and one

queue contains accounts that are delinquent zero more than 30 days (the DELQ-DELQ_DAYS_30+ queue).

You can quickly load an account from a queue using the Next Account feature in the Quick Search section.

Customer Service window's Account(s) and Customer(s) sections

Most pages on the Customer Service window contain the Account(s) and Customer(s) sections as a header. The Account(s) section provides a quick overview of an account by displaying its company, branch, account number, product, payoff amount and amount due, status, and oldest due date. The information on the Customer Service window always refers to the account selected in this section.

The Customer(s) section displays information about the customer(s) attached to the account. The information on the Customer Service window always refers to the customer selected in this section.

To view an account's details in the Account(s) and Customer(s) sections

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service window's **Account(s)** section, view the following information:

With this command button: **Oracle FLEXCUBE Lending and Leasing does this:**

Current	Displays the current search account only. It does not matter how that account was searched like using account search screen or selected a queue from drop-down and pressed "Next" button or account number was directly pasted in Acc# text box and pressed Submit button. Note: This is the default option.
Show All	Displays the related accounts based on current selected customer's SSN #. To view the details of account number(s) other than current account, select the account in the Account(s) section and click Submit.
Group Follow-up	Displays the set of accounts that share the same account condition as the selected account and bear the same SSN #. Other than having same account condition and SSN #, the queue currently selected should have the Group Follow-up Indicator enabled in queue setup and the follow-up date should fall in range of the organization level system parameter UCS_GROUP_FOLLOWUP_DAYS.

In this field:

View this:

Select	If selected, indicates that this is the current record.
Company	The company of the account.
Branch	The branch of the account.
Account #	The account number.
Product	The product for the account.
Currency	The currency for the account.
Payoff Amt	The current payoff amount for the account.
Amount Due	The current delinquent amount due for the account.
Status	The account's status.
Oldest Due Dt	The oldest due date.

- 3 On the Customer Service window's **Customer(s)** section, select the record you want to work with, click **Show** in the **Details** column, and view the following information:

In this field:	View this:
<u>Customers (s) section</u>	
Select	If selected, indicates that this is the current record.
Customer Id	Customer identification number (unique customer identifier).
Name	Customer's relationship to the account.
Type	Customer
Language	Language spoken by the customer.
<u>Customer Details section</u>	
Gender	Customer's gender.
Marital St	Customer's marital status.
Time Zone	Customer's time zone.
Email	Customer's e-mail address.
Birth Dt	Customer's date of birth.
Nationality	Customer's nationality.
SSN	Customer's social security number. Note: If the organizational parameter <code>UIX_HIDE_RESTRICTED_DATA</code> is set to <code>Y</code> , this appears as a masked number; for example, <code>XXX-XX-1234</code> .
Stop Correspondence	Stop correspondence indicator. If selected, Oracle FLEXCUBE Lending and Leasing will not send correspondence to customer. This is selected using the Maintenance page.
Privacy Opt-Out	Privacy opt-out indicator. If selected, indicates that the applicant has elected to refrain from the non-public sharing of information (optional).
Disability	Customer disability indicator. If selected, this indicates that the customer is disabled.
Skip	Customer's skip indicator. If selected, this indicates that the customer is a skip debtor. This is selected using the Maintenance page.
Active Military Duty	Active military duty indicator. If selected, indicates that the customer is on active military duty and may qualify for the rates in accordance with the Servicemembers Civil Relief Act of 2003 (SCRA).
Existing CIF	If selected, indicates that the customer is an existing CIF.
National ID	Customer's national identification number.
<u>Address Details section</u>	
Type	Address type.
Current	If selected, indicates that this is the current address.
Mailing	If selected, indicates that this is the mailing address.
Phone	Phone number.
Address	Address details.

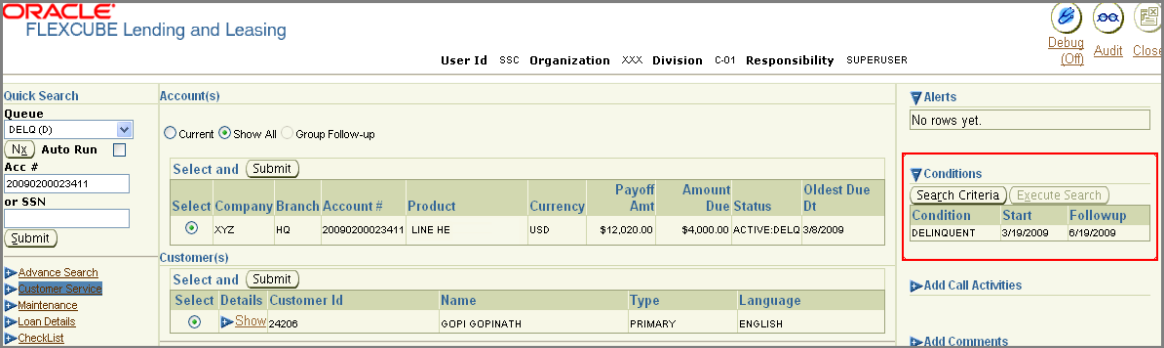

Conditions section

Oracle FLEXCUBE Lending and Leasing enables you to quickly view an account's condition in the Conditions section. An account can have more than one condition. You can

manually change the condition of the account using the Add Call Activities section's Action field by selecting QR QUEUE CONDITION REQUEST.

To view an account's condition

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 In the right column, click the **Conditions** section drop-down link.

In this field:

Condition
Start
Followup

View this:

The condition.
The start date of the condition.
The next follow-up date.

Add Call Activities section

With the Add Call Activities section, Oracle FLEXCUBE Lending and Leasing enables you to record the details of all actions you performed regarding this account. This includes calls from the customer, calls you make regarding the account, or changes to the condition of the account. Entries in the Call Activities section are listed in reverse chronological order of follow-up date.

Note: Call activity action codes (Action field) and call activity results codes (Results field) are user-defined.

Each action and result has a code and description. The code for the call action and call result is what appears on the Call Activity sub page.

To record a call activity

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 In the right column, click the **Add Call Activities** section drop-down link.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The 'Add Call Activities' section is highlighted with a red box. This section contains the following fields:

- Action:** A text input field with a dropdown arrow.
- Result:** A text input field with a dropdown arrow.
- Contact:** A dropdown menu with 'Select...'.
- Reason:** A dropdown menu with 'Select...'.
- Promise Dt:** A date input field.
- Promise Amt:** A text input field.
- Condition:** A dropdown menu with 'Select...'.
- FollowUp:** A dropdown menu with 'Select...'.
- Time Zone:** A dropdown menu with 'Select...'.
- Appn't:** A checkbox.
- Group Follow-up Ind:** A checkbox.
- Submit** and **Cancel** buttons.

- 3 In the **Action** field, select the action performed.
- 4 In the **Result** field, select the result of the action.
- 5 If you choose, complete the following optional fields:

In this field:

Do this:

Contact

Select who you contacted.

Reason

Select the reason for the communication.

- 6 In the **Condition** field, select the condition or queue type. The LOV that is used in the Condition field is the intersection of the list of condition setups for what is entered in the Action and Result fields and the open conditions on the account.
- 7 In the **Followup Dt** field, type the next follow-up date; that is, when FLS will next place this account in a queue. (This may automatically default based on setup.)

- 8 In the **Time Zone** field, select the time zone for the customer.
- 9 In the **Add Call Activities** section, click **Submit**.

Oracle FLEXCUBE Lending and Leasing creates two entries on the Customer Service window for the call activity.

The codes for the Action and Result appear as a record on the Account Detail page's Call Activities section.

The description for the Action and Result appear as a system generated comment the Comments page.

The screenshots illustrate the flow of data from a call activity to a system-generated comment. In the top screenshot, the 'Call Activities' table shows a record with Action 'AT', Result 'HU', Reason 'ATY', and Time Zone 'US/EASTERN'. In the bottom screenshot, the 'Comments' table shows a corresponding system-generated comment: 'ATTORNEY GENERAL TELEPHONE HUNG UP-CONTACTED ATTORNEY'.

Making an Appointment

The Appn'mt box on the Add Call Activities section enables you to schedule an account to appear in a particular queue at a future date and time. When you make an appointment, the account will appear in the front of the queue listed in the Conditions field at the time listed in the FollowUp Dt field.

Note: You must be working that queue at the followup time in order to view the account. Refer the 'To record a call activity section'.

To make an appointment

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 In the right column, click the **Add Call Activities** section drop-down link.
- 3 Complete the fields on the **Add Call Activities** section (see above, **To record a call activity**).
- 4 In the **Condition** field, select the condition for the queue you want the account to appear in.
- 5 In the **FollowUp Dt** field, select the date and time you want the account to appear. This can be either the current day or a day in the future.
- 6 Select the **Appn'mt** box.

Note: If account is not worked within the queue on day of the appointment, the nightly jobs will cancel the appointment. Also, if the account's queue condition changes during the nightly batch jobs, the outstanding appointments are cancelled.

Canceling an Appointment

Using the Add Call Activities section page, you can cancel an appointment for an account. The account will still appear in the queue on the follow up date, but no longer receive a priority.

To cancel an appointment

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 In the right column, click the **Add Call Activities** section drop-down link.
- 3 **If you need to change the time for the appointment**, create a new entry on the account's **Add Call Activities** section with the same condition, but enter a new followup date.

If you need to cancel the appointment, create a new entry on the account's **Add Call Activities** section with the same condition, but don't check the **Appointment** check box.

- 4 In the **Add Call Activities** section, click **Submit**.

Recording a Promise to Pay

If you record an action on the Add Call Activities section as a “promise to pay,” it appears as a record on the Account Details page’s Promises section. The Promises section enables you to quickly view these actions without searching for them individually.

To record a promise to pay

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 In the right column, click the **Add Call Activities** section drop-down link.
- 3 In the **Action** field, select the action performed.
- 4 In the **Result** field, select a result involving a promise to pay, such as PP PROMISE TO PAY.
- 5 If you choose, complete the following optional fields:

In this field:	Do this:
Contact	Select the contact type. (Who was the person you communicated with?) (optional).
Reason	Select the reason, as stated by the contacted person. (What is the reason for this contact?) (optional).

- 6 In the **Promise Dt** field, record the date when the person you spoke with promises to make payment (optional).
- 7 In the **Promise Amt** field, record the amount of the payment the person you spoke with promises to pay (optional).
- 8 In the **Condition** field, select the condition or queue type.
- 9 In the **Followup Dt** field, enter the next follow-up date for the promise-to-pay or accept the default date.
- 10 In **Add Call Activities** section, click **Submit**

Oracle FLEXCUBE Lending and Leasing automatically notes this information as an entry on the Promises and Comments sub pages.

Canceling a Promise to Pay

Oracle FLEXCUBE Lending and Leasing enables you to cancel promises to pay with the Account Detail’s page Call Activities section. You might do this when a customer informs you prior to the promise date that he or she cannot make the payment.

To cancel the existing promise to pay

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the **Account Details** page, click the **Call Activities** section drop-down link
- 3 In the **Call Activities** section, select the call activity entry for the promise to pay you want to cancel.
- 4 Click the **Cancel** box.

The promise is marked as canceled and will not be considered when processing promises; in other words, it will not be counted as either satisfied or broken.

Add Comments section

Oracle FLEXCUBE Lending and Leasing enables you to record comments on the Customer Service window using the Add Comments section. These comments can also appear on the Comments page.

To record an additional comment

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 In the right column, click the **Add Comments** section drop-down link.

The screenshots show the Oracle FLEXCUBE Lending and Leasing interface. The top screenshot displays the 'Add Comments' section with the following details:

- Alert:** * Type: REGULAR
- * Sub Type:** COLLECTION
- Comment:** CHECK LOCATION OF COLLATERAL

The bottom screenshot shows the 'Alerts' section with the comment 'CHECK LOCATION OF COLLATERAL' displayed.

- 3 If you want to tag this comment as important, select the **Alert** box.

Note: If you select the Alert box, the comment appears on the Customer Service window's Alerts section when you click **Submit**.

- 4 In the **Type** field, select what type of comment you are adding.
- 5 In the **Sub Type** field, select what sub type of comment you are adding.
- 6 In the **Comment** field, type your comment.
- 7 When you are finished, click **Submit**.

Comments can be viewed on the Comments link's Comments page. (For more information, see the **Comments page** section of this chapter.)

Collections link bar

The Customer Service window uses a link bar as its main navigational tool to open pages used by the wide array customer service personnel. The link bar contains the following links:

- Advance Search
- Customer Service (drop-down link)
- Maintenance
- Details
- Checklist
- Bankruptcy
- Repo/Foreclosure (drop-down link)
- Deficiency
- Contract
- Collateral
- Bureau
- Comments
- Correspondence
- Letters
- Account Document Tracking (drop-down link)

Note: The Collections master tab enables you to open four different Customer Service windows with link bars tailored to perform the tasks of general collections, bankruptcy, repossession/foreclosure, and deficiency. (For more information, please see the following chapter, **Collections**.)

Customer Service drop-down link

The Customer Service drop-down link contains the following links:

- Account Details
- Customer Details
- Balances
- Transactions
- Tracking Attributes
- Statements
- Escrow (available if this account contains escrow information)
- Insurances
- Vendor Work Orders
- Business.

Account Details link (Account Details page)

The Account Details page displays information about the current state of the account. It's a quick snapshot of the most important account-related information, including:

- Customer and contact information
- Dues (including delinquencies, late charges, and nonsufficient funds)
- Number of delinquencies by length of overdue payment
- Dates of activities and payments, as well as payment amounts
- History of promises to pay, broken promises, and call activities
- Payment rating and due date history
- Repayment and rate change schedules
- ACH, credit card, and reference information

To view the Account Details page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Customer Service** drop-down link, then click **Account Details**.

The screenshot displays the Oracle Flexcube Lending and Leasing interface. At the top, it shows the user ID as SSC, Organization as TFB, Division as HQ, and Responsibility as SUPERUSER. The main content area is divided into several sections:

- Quick Search:** Includes a Queue dropdown, a search field, and an Auto Run checkbox.
- Account(s):** Shows a table of dues with columns: Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. The status is 'CLOSED-CHARGED OFF-BKRP-REPO'.
- Customer(s):** Shows a table with columns: Select, Details, Customer Id, Name, Type, and Language. The customer is ROBERT N HIGGINS SR, PRIMARY, ENGLISH.
- Account Details:** A list of expandable links: Dues, Delinquency Information, Activities, Promises, Call Activities, Payment Rating History, Due Date History, Repayment Schedule, Rate Schedule, ACH, Card Details, References, Post Date Check, and Payment Arrangement.
- Alerts:** Shows a 'TEST TESTING' alert.
- Conditions:** Shows a table with columns: Condition, Start, Followup. Conditions include REPOSSESSION and BANKRUPTCY.

- 3 On the Account Details page, view the following information in the **Dues** section:

In this field:

Delq Due
LC Due
NSF Due
Other Due

View this:

The delinquent amount.
The late charges due.
The nonsufficient funds fee due.
The other dues.

- 13 The **References** section enables you to view the references attached to the account during the line origination cycle.

In this field:	View this:
Relationship	The reference type.
Name	The reference name.
Country	The country.
City	The city.
State	The state.
Address	The address line.
Zip	The zip code.
Years	The number of years.
Months	The number of months.
Phone	The reference's primary phone number.
Extn	The reference's primary phone extension.
Phone	The reference's secondary phone number.
Extn	The reference's secondary phone extension.
Comment	The comments regarding the reference.

- 14 The **Post Date Check** section enables you to view any post dated check information for the account, if PDC is a method of repayment.

In this field:	View this:
Select	If selected, indicates that this is the current record.
PDC Type	The type of post dated check in use.
Status	The status of the post dated check.
Check #	The check number of the post dated check.
Check Dt	The check date of the post dated check.
Check Amt	The check amount of the post dated check.
Bank Name	The bank name of the post dated check.
Account Type	The account type of the post dated check.
Account #	The account number of the post dated check.

- 15 The **Payment Arrangement** section enables you to define and calculate the payment amount for the account with status Charge-off.

In this field:	Do this:
Frequency	Displays the payment frequency.
Start Date	Enter the start date from when the customer pays.
Terms	Enter the number of payments.

- On Clicking **Calculate**, view the following details:

End Date View the end date of the payment.
 Plan Amount View the payment amount which the customer plans to pay.
 Outstanding Amount View the outstanding amount.

- On Clicking **Activate**, view the following details:

Select If selected, indicates that this is the current record.
 Date View the start date of the payment plan.
 Frequency View the payment frequency.
 Plan Amount View the planned payment amount.
 Paid Amount View the paid amount..
 Satisfied Ind Indicates that the customer done the payment arrangements.
 Broken Ind Indicates that the customer didnt make the payment arrangement.
 Enabled Ind Indicates that the arrangement is active.

The screenshot shows a 'Payment Arrangement' form with the following details:

- Frequency: M
- Start Date: 10/22/2009
- End Date: 11/22/2009
- Terms: 2
- Plan Amount: 65695.745
- OutStanding Amount: 65695.745

Buttons: Calculate, Activate, DeActivate

Select	Date	Frequency	Plan Amount	Paid Amount	Satisfied Ind	Broken Ind	Enabled Ind
<input checked="" type="radio"/>	10/22/2009	M	65695.745		N	N	Y
<input type="radio"/>	11/22/2009	M	65695.745		N	N	Y

- On Clicking **DeActivate**, the account will be deactivated.

Notes :

- An alert message will be displayed in the Customer Service screen when the user tries to view the payment arrangement for account other than charged off status.
- The Payment Arrangement section is enabled only when the Payment Arrangement Batch job is posted.

Customer Details link (Customer Details page)

Information gathered on the application entry process regarding the customer and the customer's address, employment data, and phone numbers appears on the Customer Details page. Using the Customer Service window's Customer Details page, you can update or add to a customer's address, employment information, or phone listing.

Note: Information about the customer can be changed using the Maintenance page.

To view or edit customer information

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the Customer Service drop-down link, then click **Customer Details**.

End Time	Enter the best time to call end time (optional).
Time Zone	Select the applicant's time zone (optional).
Current	Select if this telecom number is current (required).

You can add tracking attribute information to an application at any time on the Customer Details page's Customer Tracking Attributes section.

- When you click **Create Tracking**, Oracle FLEXCUBE Lending and Leasing loads the tracking parameters.
 - If you want to reduce the list of parameters, select a sub-attribute in the **Sub Attribute** box.
 - If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the Parameter display.
 - Enter the requested parameter in the **Value** field and click **Save**.
- 4 Save any changes you made to the account.

Balances link (Account Balances page)

Details of an account's balance can be viewed on the Account Balance page. The Account Balances page contains four action buttons in the Balance Group section: Current, Deficiency, Non-Performing, and Terminate.

Depending on which one you select, a different set of balance information appears. In all cases, the Balance page can be viewed in two transaction period modes: ITD/CTD (Inception-to-date: loans)/Cycle-to-date: line of credit) and YTD (year-to-date).

To view account balance information

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Customer Service** drop-down link, then click **Balances**.
- 3 In the **Balance Group** section, select the balance you want to view.

Current displays the current balances for accounts with an status of ACTIVE. If you click **Current**, the following information appears:

End Dt	The balance promotion end date.
<u>Credit Insurance section</u>	
Insurance	The balance insurance.
Status	The balance insurance status.
Sub Type	The balance insurance sub type.

Transactions link (Transactions page)

The Transactions page displays all transactions that have occurred over the life of the account. Transactions can be sorted by when the transaction was created (Post Dt) or the effective date of transaction (Txn Dt). You can also choose to view all transactions or reverse certain transactions. This information comes from the payments and advances applied to the account, maintenance tasks, and nightly processes such as billing.

To view the transaction history of an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the Customer Service drop-down link, then click **Transactions**.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top header displays the user ID as SSC, Organization as XXX, Division as C-01, and Responsibility as SUPERUSER. The main content area is divided into several sections:

- Accounts(s):** A table with columns: Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due Status, and Oldest Due Dt. One row is visible: XYZ, HQ, 20090200023411, LINE HE, USD, \$12,020.00, \$4,000.00 ACTIVE:DELO, 3/8/2009.
- Customer(s):** A table with columns: Customer Id, Name, Type, and Language. One row is visible: 24206, GOPI GOPINATH, PRIMARY, ENGLISH.
- Transactions:** A section with a 'Sort By' dropdown set to 'Post Dt' and 'View Options' set to 'Good Payments'. Below this is a table with columns: Post Dt, Txn Dt, Description, Currency, Amount, Details, and Balance Amt. The table is currently empty, showing 'No rows yet.'

- 3 In the **View Options** section, select the type of transactions in this account's history you want to view on the **Transactions** page.

If you select this:

Good Payments
All Payments
Good Txns
All Txns

Oracle FLEXCUBE Lending and Leasing displays:

All valid payments that were neither voided nor reversed.
All transaction involving payments.
All transactions that were neither voided nor reversed.
All transactions.

- 4 In the **Sort By** section, choose **Post Dt** to sort the entries on in the **Transactions** section in order of when the transaction was made effective.

-or-

Choose **Txn Dt** to sort the entries on in the **Transactions** section in order of when the transaction was created.

In either case, Oracle FLEXCUBE Lending and Leasing displays the following information:

In this field:	View:
<u>Transactions section</u>	
Select	If selected, indicates that this is the current record.
Post Dt	The transaction posting date.
Txn Dt	The transaction effective date.
Description	The transaction details.
Currency	The currency of the transaction.
Amount	The transaction amount.
Details	The transaction details.
Balance Amt	The balance amount. Note: This is the principal balance, not the total balance amount.
<u>Description section</u>	
Payment Currency	The payment currency.
Payment Amount	The payment amount.
Payment Type	The payment type.
Reference	The reference number associated with the transaction.
Mode	The mode of the transaction.
Reason	The reason for the transaction.
<u>Details</u>	
Txn	The transaction allocation details.
Amt	The transaction allocation amount.

To reverse (or void) a transaction

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Customer Service** drop-down link, then click **Transactions**.
- 3 In the **Transactions** section, select the transaction you want to reverse.
- 4 Click **Reverse**.

Note: Some transactions cannot be reversed. If a transaction cannot be reversed, the Reverse button will be dimmed when the transaction is selected.

In this example, the Reverse button is available. The transaction CHANGE BALLOON EXPENSES can be reversed.

Access to the Reverse button can be restricted by user responsibility and the account's product type using the PAYMENT_REV transaction code (Super Group: ACCOUNT MONETARY TXN) on the Administration window. (For more information, see the **Txn Codes tab (Transaction Super Group page)** section of the **Administration (System) Setup** chapter in the **Oracle FLEXCUBE Lending and Leasing Suite Setup Guide**).

To void an account

Oracle FLEXCUBE Lending and Leasing can be configured to void an account using the Reverse button on the Transaction page.

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Customer Service** drop-down link, then click **Transactions**.
- 3 In the **Transactions** section, select the ACTIVE entry in the **Description** field.
- 4 Click **Reverse**.

On the Transactions page, Oracle FLEXCUBE Lending and Leasing creates an entry of REVERSE ACTIVE and reverses all transactions. Oracle FLEXCUBE Lending and Leasing also changes the status of the account to CLOSED: VOID and changes the status of the application to APPROVED-VOID (or whatever the account's last status was before funding).

Note: To use this feature, the ACTIVE_REV transaction code must be enabled and set to manual on the Transaction Super Group page for your user responsibility and account's product type. (For more information, see the **Txn Codes tab (Transaction Super Group page)** section of the **Administration (System) Setup** chapter in the **Oracle FLEXCUBE Lending and Leasing Suite Setup Guide**).

Tracking Attributes link (Tracking Attributes page)

The Tracking Attributes page enables you to link information to an account that is not tracked by default in the Oracle FLEXCUBE Lending and Leasing system, but is part of your company's business practices; for example, the location of important documents, how customers receive paychecks, or the hint questions for remembering a PIN number. Such attributes are defined during system setup.

To use the Customer Service window's Tracking Attributes page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Customer Service** drop-down link, then click **Tracking Attributes**.
- 3 Click **Create Tracking**.

Oracle FLEXCUBE Lending and Leasing loads the tracking parameters.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. The top header shows the Oracle logo and 'FLEXCUBE Lending and Leasing'. Below this, user information is displayed: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. On the right, there are icons for 'Debug (Off)', 'Audit', and 'Close'.

The main content area is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, an 'Auto Run' checkbox, and input fields for 'Acc #' (20090200023411) and 'or SSN'.
- Accounts(s):** Features a 'Select and' button and a table with columns: 'Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due Status', and 'Oldest Due Dt'. A row is selected with values: XYZ, HQ, 20090200023411, LINE HE, USD, \$12,020.00, \$4,000.00 ACTIVE:DELO, 3/8/2009.
- Customer(s):** Features a 'Select and' button and a table with columns: 'Details', 'Customer Id', 'Name', 'Type', and 'Language'. A row is selected with values: Show, 24208, GOPI GOPINATH, PRIMARY, ENGLISH.
- Tracking Attributes:** Contains a 'Search Criteria' field, an 'Execute Search' button, and a 'Save' button. Below this is a 'Sub Attribute' dropdown menu set to 'ALL', with 'Create Tracking', 'Edit', and 'Cancel' buttons. A table with columns 'Parameter' and 'Value' is shown, currently containing 'No rows yet.'

The right-hand sidebar contains several tool buttons: 'Alerts' (CHECK LOCATION OF COLLATERAL), 'Conditions' (Search Criteria, Execute Search), 'Add Call Activities', 'Add Comments', and 'Date Converter'.

- 4 If you want to reduce the list of parameters, select a sub-attribute in the **Sub Attribute** box.

If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the Parameter display.

- 5 Complete the **Tracking** section by entering the requested parameter in the **Value** field.
- 6 Save any changes you made to the account.

Statements link (Statements page)

The Statements page contains three display only sections. The Statements section displays a list all the statements generated during the life of the account. The Transaction section displays monetary transactions applied to the account from the closing date of the previous statement through the closing date of the current statement. The Messages section displays the user-defined message that appears in the statement.

To view the Statements page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Customer Service** drop-down link, then click **Statements**.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top header displays "User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER". The left navigation menu includes "Customer Service" and "Statements". The main content area is divided into several sections:

- Account(s)**: A table with columns: Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due Status, and Oldest Due Dt. One record is shown for company XYZ, branch HQ, account 20090200023403, product LINE HE, currency USD, payoff \$12,020.00, amount \$4,000.00, status ACTIVE:DELQ, and due date 3/15/2009.
- Customer(s)**: A table with columns: Customer Id, Name, Type, and Language. One record is shown for customer 24205, name GOPI GOPI, type PRIMARY, and language ENGLISH.
- Statements**: A table with columns: Closing Dt, Due Dt, and Generation Dt. Three records are shown:

Select	Closing Dt	Due Dt	Generation Dt
<input checked="" type="radio"/>	8/20/2009	7/11/2009	1/1/1900
<input type="radio"/>	5/22/2009	6/12/2009	1/1/1900
<input type="radio"/>	4/27/2009	5/18/2009	1/1/1900
- Transactions**: A table with columns: Txn Dt, Description, and Amount. It shows "No rows yet."
- Messages**: A table with columns: Seq # and Message. It shows "No rows yet."

- 3 In the **Statements** section, view the following information:

In this field:

Select
Closing Dt
Due Dt
Generation Dt

View:

If selected, indicates that this is the current record.
The statement closing date.
The statement due date.
The statement generation date.

- 4 In the **Statements** section, select the statement you to view.

Oracle FLEXCUBE Lending and Leasing displays the following information for the selected statement in the **Transactions** and **Messages** sections.

In this field:

View:

Transactions section

Txn Dt	The transaction effective date.
Description	The transaction.
Amount	The transaction amount.

Messages section

Seq #	The sequence number.
Message	The message.

The Statements pages has one sub page: **Line of Credit** which will appear depending on what kind of account you have loaded.

- View the statement details on the available sub page.
- If the **Line of Credit** sub page is available, view the following details in the Statement Details section:

Loan	Line of Credits	Lease	
Statement Details			
Previous Balance(+)	\$5,114.47	Past Due	\$2,879.47
New Advances(+)	\$0.00	Minimum Due	\$2,207.53
Fees(+)	\$0.00	Credit Limit	\$10,000.00
Finance Charge(+)	\$47.53	Credit Available	\$6,000.00
Other Charges(+)	\$0.00	Avg Daily Balnce	\$4,000.00
Payment/Credits	\$0.00	Daily Periodic Rate	\$0.04
New Balance =	\$5,162.00	Annual Rate	\$13.99
		Days in Cycle	31

In this field:

View:

Previous Balance (+)	The previous balance.
New Advances (+)	The advances.
Fees (+)	The fees due.
Finance Charge (+)	The finance charge.
Other Charges (+)	The other charges due.
Payments/Credits	The payments/credits.
New Balance =	The new balance.
Past Due	The past due amount.
Minimum Due	The minimum amount due.
Credit Limit	The credit limit.
Credit Available	The available credit.
Avg Daily Balance	The average daily balance.
Daily Periodic Rate	The daily periodic rate.
Annual Rate	The annual rate.
Days In Cycle	The number of days in cycle.

Insurances link (Insurances page)

If insurance information was entered on the Funding window during line origination, you can view the financed insurance information on the Customer Service window's Insurances page. The Insurances page displays the details of all financed insurances, including cancellation and refund information whenever applicable. It also displays the insurances that were financed after funding of the loan using the Customer Service window's Maintenance page.

To view the Insurances page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the Customer Service drop-down link, then click **Insurances**.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The top navigation bar includes 'User Id', 'SSC Organization', 'XXX Division', 'C-01 Responsibility', and 'SUPERUSER'. The main content area is divided into several sections: 'Quick Search', 'Account(s)', 'Customers(s)', and 'Insurances'. The 'Insurances' section is currently selected and displays a table with the following data:

Select	Company	Branch	Account #	Product	Currency	Payoff Amt	Amount Due Status	Oldest Due Dt
<input type="radio"/>	XYZ	HQ	20090200023403	LINE HE	USD	\$12,020.00	\$4,000.00 ACTIVE:DELO	3/15/2009

Below the table, the 'Policy Information' section is expanded, showing fields for Contractual, Insurance Type, Insurance Plan, Company, Policy Number, Effective Dt, Premium Amt, Commission Rule, Primary Beneficiary, Secondary Beneficiary, Status, Sub Type, Insurance Mode, Phone No, Itemization, Expiration Dt, Term, Commission Amt, and Comments. The 'Cancellation / Refund' section includes fields for Policy Cancellation Dt, Refund Allowed, Grace Days Cancellation Fee Allowed, Cancellation Fees, Complete Refund, Term Remaining, Refund Method, Grace Days, Estimated Refund Amt, and Received Refund Amt. The 'Insurance Tracking' section has a search criteria field and a table with columns for Parameter and Value.

- 3 On the **Insurances** page, view the following display only information:

In this field:

View:

Policy Information section:

Contractual

If selected, indicates that the insurance policy is required by contract.

Insurance Type

The insurance type.

Insurance Plan

The insurance plan.

Company

The insurance company.

Policy Number

The insurance policy number.

Effective Dt

The insurance effective date.

Premium Amt

The insurance premium amount.

Commission Rule

The rule of commission.

Primary Beneficiary

The primary beneficiary of the insurance.

Secondary Beneficiary

The secondary beneficiary of the insurance.

Status

The insurance status.

Sub Type	The sub type.
Insurance Mode	The insurance mode.
Phone No	The insurance company's primary phone number.
Phone No	The insurance company's alternate phone number.
Itemization	The contract itemization.
Expiration Dt	The insurance expiry date.
Term	The insurance term.
Commission Amt	The insurance commission amount.
Comments	The comments regarding the insurance policy.

Cancellation/Refund section:

Policy Cancellation Dt	The insurance cancellation date.
Refund Allowed	If selected, a refund is allowed. A selected box indicates that the insurance premium can be rebated to the customer in case of early payoff.
Grace Days Cancellation Fee Allowed	If selected, indicates that cancellation fees during grace period is allowed.
Cancellation Fees	View the amount of the cancellation fee to be charged when the insurance is cancelled.
Complete Refund	If selected, a complete refund is allowed.
Term Remaining	The remaining term on the insurance at cancellation.
Refund Method	The refund calculation method.
Grace Days	View the number of grace days allowed for cancellation without charging a cancellation fee.
Estimated Refund Amt	The estimated insurance refund.
Received Refund Amt	The insurance refund received.

- 4 In the **Insurance Tracking** section, click **Create Tracking**.

Oracle FLEXCUBE Lending and Leasing loads the insurance tracking parameters in the Insurance Tracking section.

- 5 If you want to reduce the list of parameters, select a sub attribute in the unlabeled **Sub Attribute** box next to the Create Tracking button.

If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the parameter display.

- 6 Complete the **Insurance Tracking** section's Parameter and Value fields.

- 7 In the **Insurance Tracking** section, click **Save**.

Vendor Work Order link (Vendor Work Order page)

To expedite repossessions and foreclosures, the display only Vendor Work Order page enables you to view all the work orders issued to different vendors for an account.

To view the Statements page

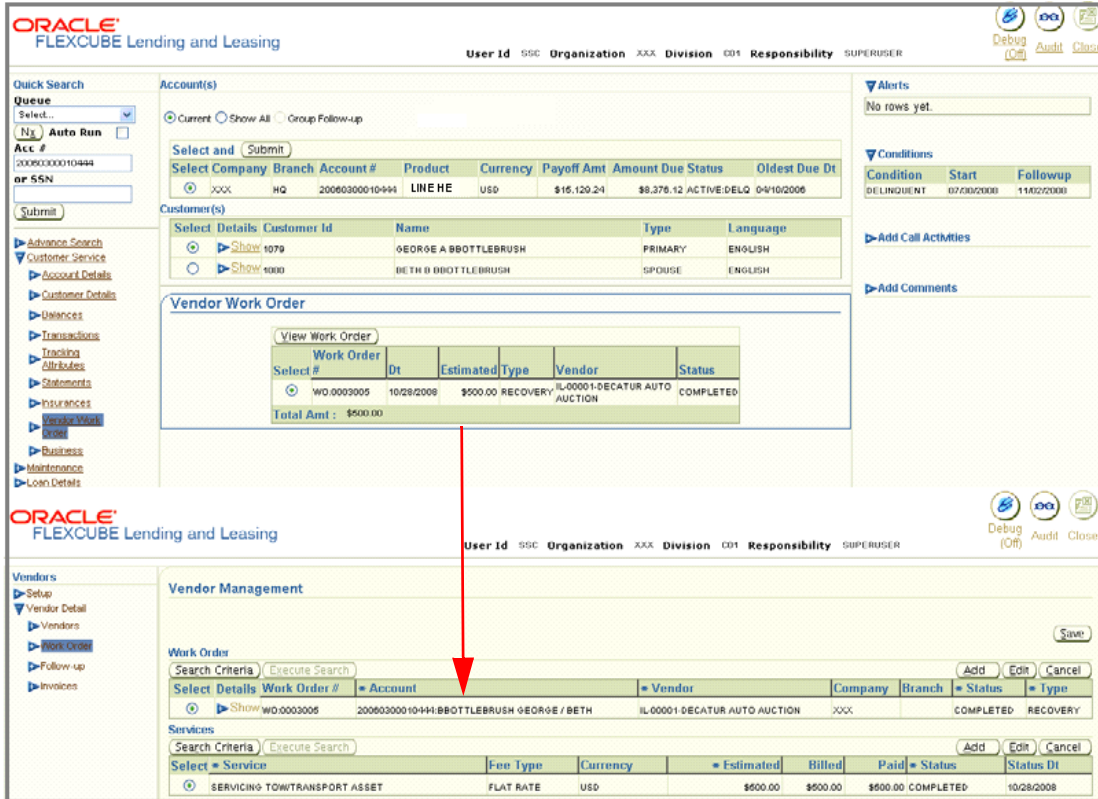

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the Customer Service drop-down link, then click **Vendor Work Order**.
- 3 On the **Vendor Work Order** page, view the following display only information:

In this field:	View this:
Select	If selected, indicates that this is the current record.
Work Order #	The work order number.
Dt	The assignment date.
Estimated	The estimated dollar amount of work order.
Type	The assigned type.
Vendor	The vendor number and name.
Status	The assigned status.
Total Amt	The total estimated dollar amount of all work orders.

- 4 To view more detailed information about the work vendor work order, select the work order you want to view and click **Vendor Work Order**.

Note: The View Work Order button appears dimmed if your responsibility does not allow access to the Vendor Work Order page.

Oracle FLEXCUBE Lending and Leasing opens the Vendor Management page. You can perform tasks and record additional information, such as changing the work order's status and adding comments in the Work Orders section.

- 5 Click **Close** on the Vendor Management page to return to the Customer Service window.

Note: For more information about using the Vendor Management window, please refer to the **Vendor** chapter in this document.

Business link

If this is a SME loan, information gathered on the application entry process regarding the business and the business's address, partners and affiliates data, and phone numbers appears on the Customer Service window's Business page. Using the Business page, you can update or add to a business's address, partners and affiliates information, or phone listing.

To view or edit business information

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the Customer Service drop-down link, then click **Business**.

Maintenance link (Maintenance page)

The Customer Service window's Maintenance page acts as a single command stations that enables you to post a wide array of monetary and nonmonetary transactions for any given account. Transaction available is based on the account's line produce and the user's responsibility. This section explains how to complete the following tasks:

Monetary tasks

Line of Credit:

- Apply, adjust, or waive servicing expenses
- Adjust or waive late charges
- Adjust or waive nonsufficient funds
- Apply, adjust, or waive repossession expenses
- Apply, adjust, or waive bankruptcy expenses
- Apply or adjust phone pay fees
- Change an index/margin rate
- Apply, adjust, or cancel financed insurance
- Payoff an account
- Charge-off an account
- Close an account
- Adjust, charge-off, or waive the advance/principal balance
- Adjust the interest balance
- Stop interest accrual
- Indicate a borrower as on or off active military duty
- Post a credit limit
- Activate, adjust, cancel, or waive a credit insurance disability
- Activate, adjust, cancel, or waive a credit insurance life
- Adjust or waive an advance transaction fee
- Adjust or waive a membership fee
- Adjust or waive an over limit fee

Nonmonetary tasks

Line of Credit:

- Update a customer's name
- Maintain customer details
- Mark a customer as a skipped debtor
- Change a customer's Privacy Opt-Out indicator
- Stop correspondence
- Modify financed insurance information
- Start or stop an ACH
- Reprint a statement (batch only)
- Add or stop servicing of accounts with post dated checks as a repayment method

Oracle FLEXCUBE Lending and Leasing enables you to post a monetary transaction immediately or submit it for nightly processing. The transaction is identified as either a "real-time" or nightly batch transaction in Oracle FLEXCUBE Lending and Leasing's transaction setup codes. Oracle FLEXCUBE Lending and Leasing also enables you to cancel the future dated transactions or the transaction that have been submitted for nightly processing. All the activity on the account, including who performed it and a date and time stamp, is captured in the audit trail.

Using the Maintenance page for Monetary and Nonmonetary Transactions

All of the monetary and nonmonetary tasks listed in the appendix **Transaction Parameters** are available for use on the Maintenance page. Each task requires a Transaction value and a Parameter value.

To use the Maintenance page to complete monetary transactions

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Maintenance**.
- 3 On the Maintenance page's **Action** section, click **Add**.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes 'User Id', 'SSC Organization', 'XXX Division', 'C-01 Responsibility', and 'SUPERUSER'. The main content area is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, 'Auto Run' checkbox, and 'Acc #' field with value '20088700328473'.
- Account(s):** Shows a table with columns: Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, Oldest Due Dt. A row is visible for 'PDR ABC 20088700328473 LINE HE EUR €73,223.89 €0.00 ACTIVE 10/19/2008'.
- Customer(s):** Shows a table with columns: Select, Details, Customer Id, Name, Type, Language. A row is visible for 'SUCHI KARRA PRIMARY ENGLISH'.
- Maintenance:** Contains an 'Action' section with 'Load Parameters', 'Post', and 'Void' buttons. Below this is a 'Search Criteria' field and a table of transactions.

Select Date	Monetary	Transaction	Status	Batch
11/23/2009	<input checked="" type="checkbox"/>	ADD ACH BANK	POSTED	<input type="checkbox"/>
11/23/2009	<input type="checkbox"/>	ACH MAINTENANCE	ERROR	<input type="checkbox"/>
- Parameter Section:** A table with columns: Parameter, Value, and Required.

Parameter	Value	Required
ACH BANK NAME	YES	<input checked="" type="checkbox"/>
ACH BANK ROUTING NUMBER	23001	<input checked="" type="checkbox"/>
ACH ACCOUNT TYPE CODE	C	<input checked="" type="checkbox"/>
ACH ACCOUNT NUMBER	998415	<input checked="" type="checkbox"/>
ACH PAYMENT DAY	1	<input checked="" type="checkbox"/>
ACH PAYMENT AMOUNT	1000	<input checked="" type="checkbox"/>
ACH PAYMENT AMOUNT EXCESS	500	<input checked="" type="checkbox"/>
ACH PAYMENT FREQUENCY CODE	M	<input checked="" type="checkbox"/>
ACH START DATE	4/23/2010	<input checked="" type="checkbox"/>
ACH END DATE		<input type="checkbox"/>
ACH FEE INDICATOR	N	<input checked="" type="checkbox"/>
ACH DEFAULT INDICATOR	N	<input checked="" type="checkbox"/>
ACH STATUS CODE	ACTIVE	<input checked="" type="checkbox"/>

- 4 In the **Action** section:
 - Select the **Monetary** box to complete a monetary transaction
 - or-
 - Clear the **Monetary** box to complete a nonmonetary transaction.
- 5 In the **Transaction** field, select the transaction for the task you want to complete. Transaction availability depends on the type of account (line of credit), whether the transaction is monetary or nonmonetary, and user responsibility.

Note :During set up, transactions are configured to be processed either in real time or as a batch transaction.

- If a transaction will be performed in a batch transaction, the **Batch** box appears selected.
 - If a transaction will be performed in real time, the **Batch** box appears cleared.
- 6 Click **Load Parameters**.
 - 7 Enter all the required parameter values and click **Post**.

Oracle FLEXCUBE Lending and Leasing displays the results (success or failure) in the Results section.

Transactions page (A reminder)

As discussed earlier in this chapter, the Transactions page displays transactions with a monetary impact that have occurred over the life of the account. The Transaction page also enables you to view all transactions or reverse certain transactions you manually perform on the Maintenance page. For more information, see the **Transaction page** section of this chapter.

Loc Details link (LOC Details page)

The LOC Details page contains further information about the line of credit; including interest and accruals, extensions and due dates, and credit details.

To view the LOC Details page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Loc Details**.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The top navigation bar includes the Oracle logo, 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. There are also icons for 'Debug (Off)', 'Audit', and 'Close'.

The main content area is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, 'Acc #', 'or SSN', and a 'Submit' button.
- Account(s):** Shows a table with columns: 'Select Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due', 'Status', and 'Oldest Due Dt'. A row is selected for company 'XYZ', branch 'HQ', account '20080600025585', product 'LINE UNSECURED', currency 'USD', payoff amt '\$5,646.42', amount due '\$983.37', status ':DELQ', and oldest due dt '7/10/2008'.
- Customer(s):** Shows a table with columns: 'Select Details', 'Customer Id', 'Name', 'Type', and 'Language'. Two rows are listed: one for 'STEVEN A JONES' (PRIMARY, ENGLISH) and one for 'JENNIFER B JONES' (SPOUSE, ENGLISH).
- LOC Details:** This section is expanded to show:

CheckList link (Checklist page)

Oracle FLEXCUBE Lending and Leasing enables you to use checklists to ensure that procedures are followed to complete various tasks. This instructional information appears on the Checklist page.

To complete a checklist for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Checklist**.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes 'User Id', 'SSC Organization', 'Division', 'C-01', and 'Responsibility SUPERUSER'. The main content area is divided into several sections:

- Quick Search:** Includes fields for 'Queue', 'Acc #', and 'or SSN'.
- Account(s):** A table with columns: Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. A row is visible for company 'XYZ', branch 'HQ', account '20090200023411', product 'LINE HE', currency 'USD', payoff '\$12,020.00', amount '\$4,000.00', status 'ACTIVE:DELQ', and oldest due date '3/8/2009'.
- Customer(s):** A table with columns: Customer Id, Name, Type, and Language. A row is visible for customer '24206', name 'GOPI GOPINATH', type 'PRIMARY', and language 'ENGLISH'.
- Checklist:** A section with a 'CheckList Type' dropdown menu and a 'Load Checklist' button. Below it is a table with columns: 'Select CheckList', 'Comment', and 'Complete'. The table is currently empty with the text 'No rows yet.'
- Checklist Action:** A section with a 'Checklist Action' dropdown menu and a 'Load Checklist' button. Below it is a table with columns: 'Select Action', 'Yes No NA', and 'Comment'. The table is currently empty with the text 'No rows yet.'

- 3 In the **CheckList Type** field, select the type of checklist you want to complete and then click **Load Checklist**.

Oracle FLEXCUBE Lending and Leasing loads the checklist in the Checklist and Checklist Action sections.

- 4 As you follow the actions in the Checklist Action section, note your work with the **Yes/No/NA** option buttons.

Note: You can add comments to each action on the checklist in the **Comment** column.

- 5 In the **Checklist Action** section, click **Save**.
- 6 When you complete the actions for the selected checklist, select **Complete** in the **Checklist** section.
- 7 In the **Checklist** section, click **Save**.

Bankruptcy link (Bankruptcy page)

The Bankruptcy page enables you to record the details of a bankruptcy. This information usually is supplied from the customer or customer's attorney. You can track each stage of the bankruptcy process based on its follow-up date and record information using the Details and Tracking sections.

As there are occasions when a borrower files bankruptcy more than once during the tenure of the loan, you can record information for multiple bankruptcies. The **Create New Bankruptcy** button enables you to create a new bankruptcy record with different start and end dates. You can also use the Bankruptcy page to view the previous bankruptcy record using the Next and Previous buttons in the Detail section. The Current box in the Detail section indicates the current bankruptcy details.

To enter bankruptcy details for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Bankruptcy**.
- 3 In the **Details** section, select the bankruptcy record you want to work with -or- Choose **Create New Bankruptcy** to refresh the Bankruptcy page to create a new record.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes the Oracle logo, 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. There are also icons for 'Debug (Off)', 'Audit', and 'Close'.

The main content area is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, 'Auto Run' checkbox, 'Acc #' field (20090200023411), and 'or SSN' field.
- Account(s):** Includes radio buttons for 'Current', 'Show All', and 'Group Follow-up'. Below is a table with columns: Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. A row is visible with values: XYZ, HQ, 20090200023411, LINE HE, USD, \$12,020.00, \$4,000.00, ACTIVE:DELD, 3/8/2009.
- Customer(s):** Includes a table with columns: Select, Details, Customer Id, Name, Type, and Language. A row is visible with values: Show, 24206, GOPI GOPINATH, PRIMARY, ENGLISH.
- Bankruptcy:** Includes a 'Detail' section with a 'Save' button. Below it are buttons for 'Create Bankruptcy', 'Edit', and 'Cancel'. There are several input fields: 'Current' (checkbox, checked), 'FollowUp Dt' (calendar icon), 'Disposition' (dropdown), 'Type' (dropdown), 'Comment' (text area), 'File Received Dt' (calendar icon), 'Bankruptcy Start Dt' (calendar icon), and 'Bankruptcy End Dt' (calendar icon) with a tooltip 'Enter the bankruptcy start date'. Navigation buttons 'First', 'Previous', 'Next', and 'Last' are also present.
- Create Tracking:** Includes a 'Search Criteria' field, 'Execute Search' button, 'Sub Attribute' dropdown, and 'Create Tracking', 'Edit', and 'Cancel' buttons. Below is a table with columns 'Parameter' and 'Value', showing 'No rows yet'.
- Alerts:** Includes a 'CHECK LOCATION OF COLLATERAL' field.
- Conditions:** Includes a 'Search Criteria' field, 'Execute Search' button, and a table with columns 'Condition', 'Start', and 'Followup'. A row is visible with values: DELINQUENT, 3/19/2009, 6/19/2009.
- Right Sidebar:** Includes buttons for 'Add Call Activities', 'Add Comments', and 'Date Converter'.

- 4 In the **Details** section, enter, view or edit the following information:

In this field:

Current box
Followup Dt
Disposition

Do this:

Select to indicate this is the current bankruptcy record.
Enter the follow-up date for the bankruptcy.
Select the bankruptcy disposition.

Type	Select the bankruptcy type.
Comment	Enter a comment.
File Received Dt	Select the file received date for the bankruptcy.
Bankruptcy Start Dt	Select the bankruptcy start date.
Bankruptcy End Dt	Select the bankruptcy end date.

- 5 In the **Create Tracking** section, click **Create Tracking**.

Oracle FLEXCUBE Lending and Leasing loads the bankruptcy tracking parameters.

- 6 If you want to reduce the list of parameters, select a sub attribute in the **Sub Attribute** field.

If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the parameter display.

- 7 Complete the **Create Tracking** section by entering information regarding the bankruptcy in the Value field for each corresponding Parameter, then click **Save** on the Bankruptcy page.

Repo/Foreclosure link > Repossession link (Repossession page)

The Repossession page enables you to record information regarding repossessions in a manner similar to how bankruptcies are recorded on the Bankruptcy page. You can track each stage of the repossession process based on the follow-up date and record information using the Details and Tracking section.

On occasion, a lender performs multiple repossessions for the same loan. The Create New Repossession button on the Repossession page enables you to create a new repossession record for a different collateral and different start and end dates. You can also use the Repossession page to view the previous repossession information using the Next and Previous buttons in the Details section. The Current box in the Details section indicates the current repossession record for each asset.

You can update the current record, but previous records cannot be modified.

To enter repossession details for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Repo/Foreclosure** drop-down link, then click **Repossession**.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The top header displays 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. The left navigation menu includes options like 'Advance Search', 'Customer Service', 'Maintenance', 'Lease Details', 'CheckList', 'Bankruptcy', 'Repo/Foreclosure', and 'Repossession'. The main content area is divided into several sections:

- Account(s)**: Includes a 'Queue' dropdown, 'Auto Run' checkbox, and 'Acc #' field with value '20060500010301'. Below is a table with columns: Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, Oldest Due Dt. A row is visible with values: PFR, C01, 20060500010301, LINE HE, INR, Rs.0.00, Rs.0.00, .TIP, 1/10/2009.
- Customer(s)**: Includes a 'Select and' dropdown and a table with columns: Select, Details, Customer Id, Name, Type, Language. Two rows are visible: one for PIERRE J CCINQUWFOIL (PRIMARY, ENGLISH) and one for JEAN B CCINQUWFOIL II (SPOUSE, SPANISH).
- Repossession**: Contains a 'Details' section with a 'Current' checkbox, 'Followup Dt' field, 'Disposition' dropdown, 'Type' dropdown, and 'Collateral' field. It also has 'File Recieved Dt', 'Repo Dt', 'Repo End Dt', and 'Comment' fields. Buttons for 'Create Repossession', 'Edit', and 'Cancel' are present. Navigation buttons 'First', 'Previous', 'Next', and 'Last' are also shown.
- Tracking**: Includes a 'Sub Attribute' dropdown, 'Search Criteria' field, and 'Execute Search' button. Below is a table with columns: Parameter, Value. The table is currently empty.

- 3 In the **Details** section, select the repossession record you want to work with
-or-
Click **Create Repossession** to refresh the Repossession page to create a new record.
- 4 In the **Details** section, enter view or edit the following information:

In this field:

Current box
Followup Dt
Disposition

Do this:

Select to indicate this is the current repossession record.
Enter the follow-up date for the repossession.
Select the repossession disposition.

Type	Select the repossession type.
Collateral	Select the collateral involved in the repossession.
File Received Dt	Select the file received date for the repossession.
Repo Start Dt	Select the repossession start date.
Repo End Dt	Select the repossession end date.
Comment	Enter a comment.

- 5 In the **Tracking** section, click **Create Tracking**.
Oracle FLEXCUBE Lending and Leasing loads the repossession tracking parameters.
- 6 If you want to reduce the list of parameters, select a sub attribute in the **Sub Attribute** box.
If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the parameter display.
- 7 Complete the **Tracking** section by entering information regarding the repossession in the Value field for each corresponding Parameter, then click **Save** on the Repossession page.

Repo/Foreclosure link > Foreclosure link (Foreclosure page)

The Foreclosure page enables you to record information regarding foreclosure in a manner similar to how bankruptcies are recorded on the Bankruptcy page. You can track each stage of the repossession process based on the follow-up date and record information using the Details and Tracking section.

On occasion, a lender performs multiple foreclosures for the same loan. The Create New Foreclosure button on the Foreclosure page enable you to create a new foreclosure record for a different collateral and different start and end dates. You can also use the Foreclosure pages to view the previous foreclosure information using the Previous and Next buttons in the Details section. The Current box in the Details section indicates the current foreclosure record for each asset.

You can update the current record, but previous records cannot be modified.

To enter foreclosure details for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Repo/Foreclosure** drop-down link, then click **Foreclosure**.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes 'User Id', 'SSC', 'Organization', 'Division', 'C-01', 'Responsibility', and 'SUPERUSER'. The main content area is divided into several sections:

- Account(s):** Includes a 'Quick Search' section with 'Queue' and 'Acc #' fields. Below it is a table with columns: 'Select', 'Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due', 'Status', and 'Oldest Due Dt'. A row is visible with values: XYZ, HQ, 20090200023411, LINE HE, USD, \$12,020.00, \$4,000.00, ACTIVE:DELQ, 3/8/2009.
- Customer(s):** Includes a 'Select Details' section with a table with columns: 'Select Details', 'Customer Id', 'Name', 'Type', and 'Language'. A row is visible with values: Show, 24206, GOPI GOPINATH, PRIMARY, ENGLISH.
- Foreclosure:** Includes a 'Details' section with a 'Current' checkbox, a 'File Received Dt' field, and a 'Foreclosure Dt' field. Below this is a 'Tracking' section with a 'Sub Attribute' dropdown and a 'Search Criteria' field.

- 3 In the **Details** section, select the foreclosure record you want to work with -or- Click **Create Foreclosure** to refresh the Foreclosure page to create a new record.
- 4 In the **Details** section, enter view or edit the following information:

In this field: **Do this:**

Current box	Select to indicate this is the current repossession/foreclosure record.
Followup Dt	Select the follow-up date for the repossession/foreclosure.
Disposition	Select the foreclosure disposition.
Type	Select the foreclosure type.
Collateral	Select the foreclosure asset.
File Received Dt	Enter the file received date for the foreclosure.
Foreclosure Start Dt	Enter the foreclosure start date.
Foreclosure End Dt	Enter the foreclosure end date.
Comment	Enter a comment.

- 5 In the **Tracking** section, click **Create Tracking**.
Oracle FLEXCUBE Lending and Leasing loads the foreclosure tracking parameters.
- 6 If you want to reduce the list of parameters, select a sub attribute in the **Sub Attribute** box.
If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the parameter display.
- 7 Complete the **Tracking** section by entering information regarding the foreclosure in the Value field for each corresponding Parameter, then click **Save** on the Foreclosure page.

Repo/Foreclosure link > Analysis link (Analysis page)

The Analysis page enables you to create and analyze possible scenarios for the remarketing and the sale of the asset. This enables you to calculate the possible gain or loss in the sale of an asset. Expenses already incurred on the asset are displayed on Expenses sub page. You can change the numbers if you expect more expenses by the time the asset is sold.

Note: You can have up to three Repo/Foreclosure and three Sales analyses on each Analysis page.

To complete a repossession/foreclosure analysis or sales analysis for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click the **Repo/Foreclosure** drop-down link, then click **Analysis**.

The screenshot displays the Oracle Flexcube Lending and Leasing interface. At the top, it shows the user's session information: User Id SSC, Organization XXX, Division C-01, Responsibility SUPERUSER. The main content area is divided into several sections:

- Quick Search:** Includes fields for Queue, Acc # (20060100019594), and or SSN.
- Account(s):** Shows a table with columns: Select Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due Status, and Oldest Due Dt. A row is visible for XYZ HQ with Account # 20060100019594.
- Customer(s):** Shows a table with columns: Select Details, Customer Id, Name, Type, and Language. A row is visible for Customer Id 18026, Name HARISH KUMAR, Type PRIMARY, and Language ENGLISH.
- Analysis:** Contains sub-sections for Repo/Foreclosure and Sales. The Sales section has a table with columns: Analysis1, Analysis2, Analysis3, Bid1, Bid2, Bid3. The table includes rows for Sale Price, Expenses(-), Refunds(+), Net Proceeds(=), Balance(-), Net Gain/Loss(=), Recovery %, and Analysis By (Status, Verified Dt). Below the table are buttons for Load1 through Load6 and a Save button.
- Expenses/Refunds:** A section at the bottom with a table for tracking expenses across different analyses and bids.

- 3 In the **Analysis** section, select the analysis record you want to work with
-OR-
Click **New** to refresh the Foreclosure page to create a new record.
- 4 In the **Analysis** section, select the **Current** box if you wish to indicate that this is the current analysis worksheet.

5 In the **Analysis** section, use the **Level** field to select the analysis level you want to use, ACCOUNT or ASSET.

- Choose **Account** if you want the analysis to use the value of the entire account.
- or -
- Choose **Asset** if you want the analysis to use the value of a particular asset.

6 In the **Analysis** section, enter, view, or edit the following information:

In this field:	Do this:
Balance %	Enter balance allocation percentage.
Analysis Dt	View the analysis date.
Current Value	View the asset current total value.
Asset	If you want to perform an analysis for a particular asset, select the asset.
Comment	Enter comment associated with the analysis.

7 Enter all the required information in the **Repo/Foreclosure** or **Sales** section, depending on the type of incident you are analyzing.

8 Complete the details in the **Expenses** and **Refunds** sub pages, corresponding to the analysis or bid number on the **Analysis** page. The data here is loaded to the analysis and bid columns as “expenses” and “refunds.”

- To complete the **Expenses** sub page:

In this field:	Do this:
Expense Type	Select the expense type.
Manual	Indicates that the expense was entered manually.
Analysis1 Amt	Enter the expense amount for analysis1.
Analysis2 Amt	Enter the expense amount for analysis2.
Analysis3 Amt	Enter the expense amount for analysis3.
Bid1 Amt	Enter the expense amount for bid1.
Bid2 Amt	Enter the expense amount for bid2.
Bid3 Amt	Enter the expense amount for bid3.

- To complete the **Refunds** sub page:

In this field:	Do this:
Refund Type	Select the refund type.
Manual	Indicates that the refund was entered manually.
Analysis1 Amt	Enter the refund amount for analysis1.
Analysis2 Amt	Enter the refund amount for analysis2.

Analysis3 Amt	Enter the refund amount for analysis3.
Bid1 Amt	Enter the refund amount for bid1.
Bid2 Amt	Enter the refund amount for bid2.
Bid3 Amt	Enter the refund amount for bid3.

- 9 If you are analyzing a repossession/foreclosure, click the corresponding **Load (#)** button on the Repo/Foreclosure section to load details on the Repo/Foreclosure section.

If you are analyzing a sale of an asset, click the corresponding **Load (#)** button on the **Sales** section to load details on the Sales section.

If this is a sales analysis and you know who is bidding, complete the **Bid By** fields.

- 10 Repeat steps 4 to 8 with information regarding other repossession/foreclosure or sales analysis.
- 11 In the **Status** field, select the status of the analysis: APPROVED or REJECTED.
- 12 When you have decided which analysis or which sale bid you want to approve, select your choice in the either the **Final Analysis** or **Final Sales** section.

Note: You can approve only one analysis.

- 13 Click **Save** in the Sales section.

Deficiency link (Deficiency page)

The Deficiency page enables you to record information about deficiency accounts - accounts that are no longer collectable. You can create and track specific details on the status of the charged-off account for timely follow-up and analysis. You can also track each stage of the deficiency process based on its follow-up date and record information using the Details and Tracking sections.

The Create New Deficiency button enables you to create a new deficiency record with different start and end dates. You can also use the Deficiency page to view the previous deficiency information using the scroll bar in the Detail section. The Current box in the Details section indicates the current bankruptcy details.

Note: To view the balance of a charged off account, click the **Customer Service** drop-down link on the Customer Service link bar, then click **Balances**. On the **Account Details** page's **Balance Group** section, click **Deficiency**. For more information on Deficiency Balance, see "**To view account balance information**" section in this chapter.

To enter deficiency details for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Deficiency**.

- 3 In the **Detail** section, select the deficiency record you want to work with -or-
Click **Create Deficiency** to refresh the Deficiency page to create a new record.
- 4 In the **Detail** section, enter, view, or edit the following information:

In this field:

Do this:

Current	Select to indicate this is the current deficiency record.
Followup Dt	Enter the follow-up date for the deficiency.
Disposition	Select the deficiency disposition.
Type	Select the deficiency type.
Comment	Enter a comment.
File Received Dt	Enter the file received date for the deficiency.
Charge Off Dt	Enter the deficiency start date.
Deficiency End Dt	Enter the deficiency end date.

- 5 In the **Tracking** section, click **Create Tracking**.

Oracle FLEXCUBE Lending and Leasing loads the deficiency tracking parameters that track actions taken to collect on the account.

- 6 If you want to reduce the list of parameters, select a sub attribute in the **Sub Attribute** field.

If your system has been configured to use the Sub Attribute field, only attributes in a particular group appear in the parameter display.

- 7 Complete the **Tracking** section by entering information regarding the deficiency in the Value field for each corresponding Parameter, then click **Save**.

Contract link (Contract page)

The Customer Service window Contract page enables you to view the contract and truth-in-lending information recorded during the funding process. It's a display only version of the same information found on the Funding window's Contract page.

To view an account's contract information

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Contract**.

Depending on what type of account you selected, the Contract page opens at the Line of Credit tab.

- 3 Use the following sub pages to view more information about the contract, if available:
 - Schedule
 - Itemization
 - Trade-In
 - Insurance
 - ESC
 - Escrow
 - Proceeds
 - Disbursement to Others
 - Fee

Collateral link (Collateral page)

The Collateral page displays information regarding any assets associated with an account. Collateral can be a vehicle, home, or something else, such as household goods. The Collateral page contains the Valuation and Tracking sub page.

To view the collateral details

- 1 Open the **Customer Service** window and load the account you want to work with.
 - 2 On the Customer Service link bar, click **Collateral**.
- If the account's collateral is a vehicle, the **Collateral** page opens at the **Vehicle** tab:

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The main content area displays details for a vehicle collateral asset. The interface includes a navigation menu on the left, a top header with user information, and a right sidebar with various toolbars.

 - Navigation buttons: First, Previous, Next, Last.
- Addons:** Search Criteria, Execute Search, Addons/Attributes table with columns Value, Amount. No rows yet.

On the right side, there are sections for Alerts (No rows yet), Conditions (Search Criteria, Execute Search, Condition Start Followup: DELINQUENT 3/28/2009 6/18/2009), Add Call Activities, Add Comments, and Date Converter.

- If the account's collateral is neither a vehicle nor a home, the **Collateral** page opens at the **Other** tab:

Valuation sub page

With the Valuation sub page, you can view the collateral or asset valuation for an account.

To view the collateral or asset valuation for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Collateral**.
- 3 On the available page (**Vehicle**, **Home**, or **Other**), click the **Valuation** sub tab.
- 4 Use the **First**, **Previous**, **Next**, and **Last** buttons to select the value record you want to view.
- 5 On the **Valuation** sub page, view the following information:

In this field:

View this:

Value section

Current

Select if this is the current valuation.

Source

The valuation source.

Edition

The valuation edition.

Valuation Dt

The valuation date.

Supplement

The valuation supplement.

Wholesale section

Base

The wholesale value.

Usage

The usage.

Retail section

Base (+)

The retail value.

Addons (+)	The add-ons value.
Usage Value (+)	The usage value; that is, the monetary effect that the current mileage has on the value of the vehicle.
Total Value (=)	The total value.
<u>Addons section</u>	
Addons/Attributes	Select the add-on/attribute.
Value	The value of the attribute.
Amount	The dd-on amount.
Note: Assets can have exactly one current valuation.	

Tracking sub page

With the Tracking sub page, you can view collateral or asset tracking details to an account, such as the location of the title, liens, and insurance information.

To view the collateral or asset tracking for an account

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Collateral**.
- 3 On the available page (**Vehicle, Home, or Other**), click the **Tracking** sub tab.

- 4 Use the **First, Previous, Next,** and **Last** buttons to select the value record you want to view.
- 5 On the Tracking sub page, enter, view, or edit the following information:

In this field:	View this:
<u>Tracking Items section</u>	
Select	If selected, indicates that this is the current record.
Tracking Item	The tracking type.
Disposition	The disposition.
Start Dt	The tracking start date.
End Dt	The tracking end date.
Followup Dt	The next follow-up date.
Enabled	Select to track the information from the start date in the Start Dt field.
Comment	The comment.
<u>Tracking Items Details section</u>	
Parameter	The parameter.
Value	The tracking parameter value.

Collateral link (Seller Details)

The Collateral link's Seller Details page enables you to view the seller details of the collateral of the line. You cannot edit or modify the details of the seller.

The screenshot displays the Oracle Flexcube Lending and Leasing interface. The top navigation bar includes the Oracle logo, 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. On the right, there are icons for 'Debug (On)', 'Audit', and 'Close'.

The main content area is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, an 'Auto Run' checkbox, and input fields for 'Acc #' (20090200023403) and 'or SSN'. A 'Submit' button is located below.
- Account(s):** Features radio buttons for 'Current', 'Show All', and 'Group Follow-up'. Below is a table with columns: 'Select', 'Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due', 'Status', and 'Oldest Due Dt'. A single row is visible with values: XYZ, HQ, 20090200023403, LINE HE, USD, \$12,020.00, \$4,000.00, ACTIVE:DELD, 3/15/2009.
- Customer(s):** Includes a 'Show' button and a table with columns: 'Select Details', 'Customer Id', 'Name', 'Type', and 'Language'. A row is shown for customer ID 24205, name 'GOPI GOPI', type 'PRIMARY', and language 'ENGLISH'.
- Seller Details:** This section contains three sub-tables:
 - Seller Information:** A search table with columns: 'Select Seller Type', 'Seller Name', 'Nationality', 'National Id', 'Education', and 'Authorized Signatory'. It currently shows 'No rows yet.'
 - Address:** A search table with columns: 'Select Details Mailing', 'Current', 'Country', 'Address #', 'City', and 'State'. It also shows 'No rows yet.'

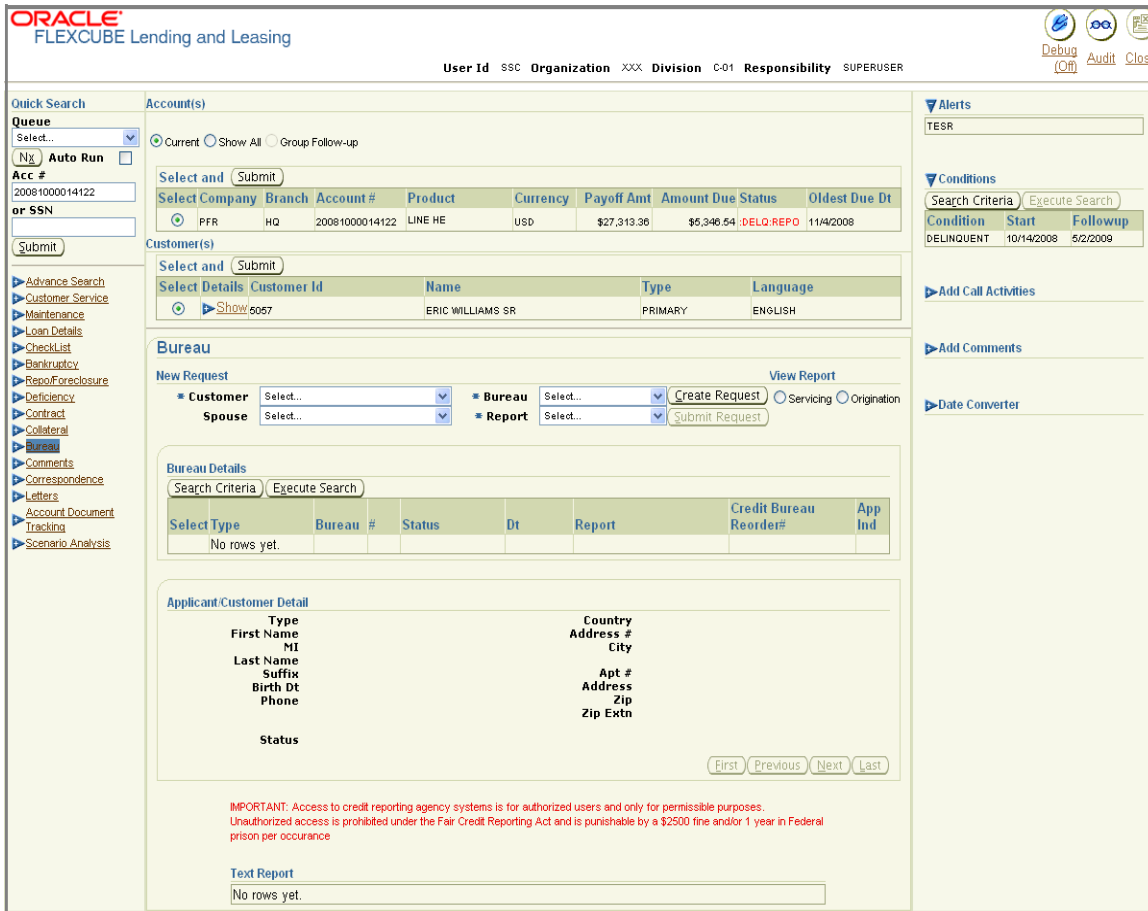

On the left side, there is a vertical navigation menu with links such as 'Advance Search', 'Customer Service', 'Maintenance', 'Loan Details', 'Check List', 'Bankruptcy', 'Repo/Foreclosure', 'Deficiency', 'Contract', 'Collateral', and 'Seller Details' (which is highlighted). On the right side, there are sections for 'Alerts' (No rows yet), 'Conditions' (with search criteria and a table for Condition, Start, and Followup), and buttons for 'Add Call Activities', 'Add Comments', and 'Date Converter'.

Bureau link (Bureau page)

The Customer Service window Bureau page enables you to view credit bureau reports associated with the account that were pulled during servicing for the account. You can also use the Bureau page to create and pull additional credit bureau reports and view the results as a text only file.

To view an existing credit bureau report

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Bureau**.

3 In the **View Report** section:

Click **Servicing** to view credit reports generated with the Customer Service window.

-OR-

Click **Origination** to view credit reports generated during line origination.

4 In the **Bureau Details** section, select the report you want to view.

Oracle FLEXCUBE Lending and Leasing displays the report as a text file in the Text Report section.

To request a manual credit bureau report

1 Open the **Customer Service** window and load the account you want to work with.

2 On the Customer Service link bar, click **Bureau**.

3 On the Bureau page's **New Request** section, complete the following fields:

In this field:

Do this:

Customer

Select the customer (required).

Spouse

Select the applicant's spouse (if applicable).

Bureau

Select the credit bureau (required).

Report

Select the credit bureau report type (required).

4 In the **New Request** section, click **Create Request**.

Oracle FLEXCUBE Lending and Leasing displays this information in the Bureau Details section and further information about the customer in Applicant/Customer Detail section.

- 5 If you want to receive a copy of a previously pulled credit bureau report, enter the credit bureau reorder number in the **Credit Bureau Reorder #** field on the **Bureau Details** section (optional).
- 6 In the **New Request** section, click **Submit Request**.

Oracle FLEXCUBE Lending and Leasing displays the latest status of the currently requested bureau report in the Bureau Details section.

When the report pull process is complete, the Status field in the Applicant/Customer Detail section changes to COMPLETED. The results of the credit bureau pull appear in the Text Report section at the bottom of the Bureau page.

Comments link (Comments page)

The Customer Service window Comments page enables you to view free-form text notes regarding an account at any time. This tab contains the comments entered on Customer Service window's Add Comments section.

The Type field enables you to classify comments in user-defined categories. Oracle FLEXCUBE Lending and Leasing assigns each comment a time-date stamp and records the User Id of who made the comment.

To use the Customer Service window Comments page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Comments**.
- 3 In the **Comments** page, view the following information:

In this field:	View this:
Alert	If selected, Oracle FLEXCUBE Lending and Leasing to recognizes this comment as an alert and displays it in the Customer Service window's Alerts section.
Comment Date	The date the comment was entered in the Add Comments section.
Comment By	The user ID of the person who entered the comment in the Add Comments section.
Type	The type of comment.
SubType	The sub type of comment.
Comment	The text message entered in the Add Comments section.

Note: If the Alert box is selected, the comment appears on the Customer Service window's Alerts section.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. At the top, it displays 'ORACLE FLEXCUBE Lending and Leasing' and 'User Id SSC Organization MET Division C01 Responsibility SUPERUSER'. The main area is divided into several sections: 'Quick Search', 'Account(s)', 'Customer(s)', 'Comments', and 'Alerts'. The 'Alerts' section contains a table with columns for Alert Type, Sub Type, Comment, Comment By, and Comment Date. Two rows are highlighted with red boxes and red arrows pointing to them from the 'Correspondence' link in the table below. The first row has a checked checkbox, 'REGULAR' type, 'ACCOUNT MAINTENANCE' sub-type, and the comment 'VERIFY ADDRESS OF CUSTOMER'. The second row has a checked checkbox, 'REGULAR' type, 'COLLECTION' sub-type, and the comment 'CHECK LOCATION OF COLLATERAL'.

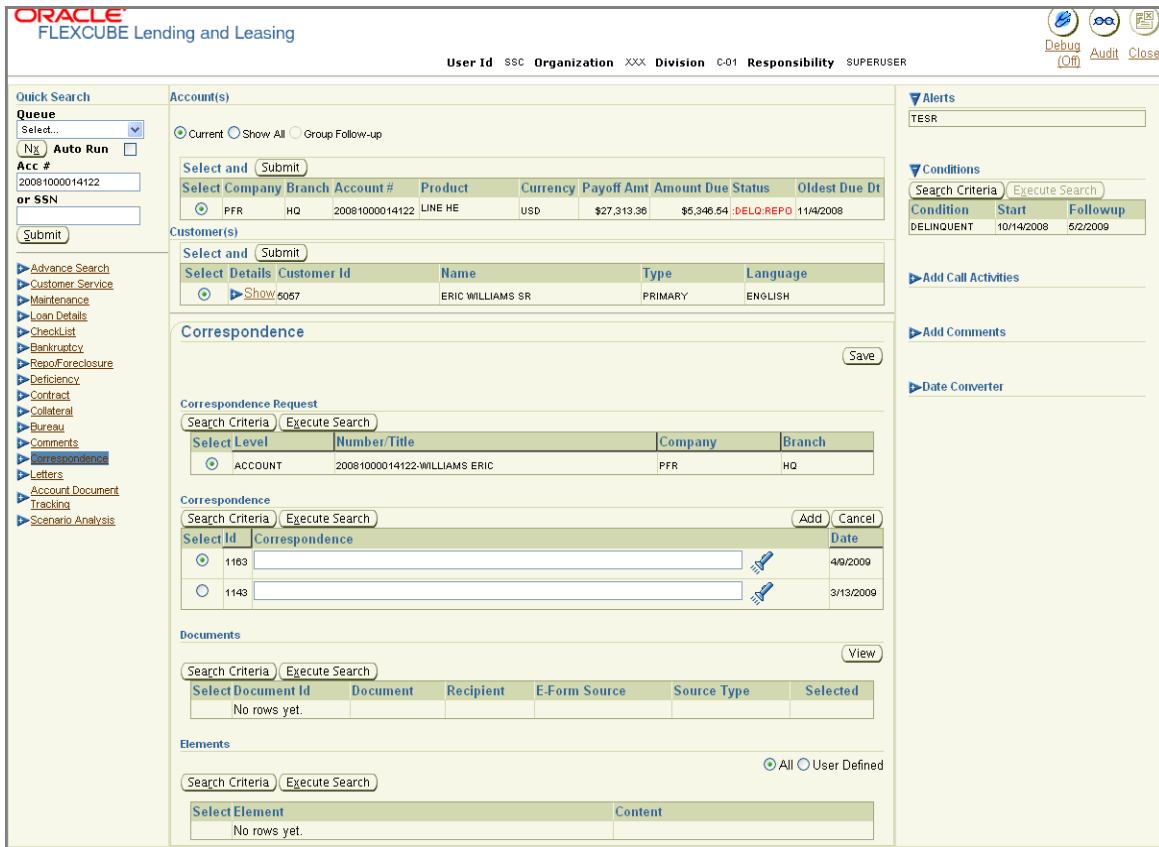

Correspondence Type link (Correspondence page)

Ad-hoc correspondence enables you to include information from accounts in document templates you create yourself without manually transferring the data. Ad-hoc documents can be generated as either Microsoft Word or PDF files.

Ad-hoc correspondence can be viewed on the Correspondence page when you have opened an account. The page enables you to generate a new letter or view a previously generated letter.

To generate an ad hoc correspondence

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Correspondence**.

- In the **Correspondence Request** section, the following information appears regarding the account currently loaded on the Customer Service window:

In this field:

View this:

Select
Level
Number/Title
Company
Branch

If selected, indicates that this is the current record.
The correspondence type.
The account number and title.
The account company.
The account branch.

- In the **Correspondence** section, click **Add**.
- In the **Correspondence** section, use the **Correspondence** field to select the type of correspondence you want to generate.

Oracle FLEXCUBE Lending and Leasing displays the following information in the Correspondence page for the selected type of correspondence:

In this field:

View this:

Select
Id
Correspondence
Date

If selected, indicates that this is the current record.
The correspondence id.
The correspondence you want to generated.
The correspondence generation date.

- 6 In the **Correspondence** section, click **Save**.

The **Documents** section displays all the types of documents available for the type of correspondence you selected.

- 7 In the **Documents** section, view the following information for each document:

In this field:	View this:
Select	If selected, indicates that this is the current record.
Document Id	The document Id.
Document	The document description.
Recipient	The recipient description.
E-Form Source	The e-form source.
Source Type	The source type.
Generated	If selected, indicates that Oracle FLEXCUBE Lending and Leasing generated the document.
Selected	If selected, indicates that this document is selected to be included in the correspondence.

- 8 In the **Documents** section, select the correspondence you want to view.
- 9 The **Elements** section displays the elements Oracle FLEXCUBE Lending and Leasing used to generate the correspondence.
- Click **All** to view all elements in the correspondence.
 - or -
 - Click **User Defined**, to view user-defined elements in the correspondence.

- 10 In the **Elements** section, view the following information:

In this field:	Do this:
Select	If selected, indicates that this is the current record.
Element	View the element description.
Content	Enter/view the value of the element.

- 11 In the **Elements** section, click **User Defined** and complete the **Content** fields for the **Element** fields you want to include in the correspondence.
- 12 In the **Elements** section, click **Save**.
- 13 In the **Documents** section, click **View**.

Oracle FLEXCUBE Lending and Leasing displays a PDF of the ad hoc correspondence.

Letters link (Letters page)

The Oracle FLEXCUBE Lending and Leasing Customer Service window's correspondence address matters regarding collections for accounts. They also enable financial organizations to manage bulk mailings. The Letters page enables you to create and view the following types of correspondence:

Collection: COLLECTION LETTER - 1
 COLLECTION LETTER - 2
 COLLECTION LETTER - 3

Note: If correspondence to the customer has been stopped using the Maintenance, the Letters page will be unavailable, and a Warning section appears with the message, "Primary Customer has stop correspondence indicator ON."

To use the Letters page

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Letters**.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing Customer Service window. The interface includes a top navigation bar with the Oracle logo and the text "FLEXCUBE Lending and Leasing". Below this, there is a user information bar showing "User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER".

The main content area is divided into several sections:

- Quick Search:** Includes a "Queue" dropdown menu, an "Auto Run" checkbox, and input fields for "Acc #", "or SSN", and a "Submit" button.
- Account(s):** Features radio buttons for "Current", "Show All", and "Group Follow-up". Below this is a table with columns: "Select", "Company", "Branch", "Account #", "Product", "Currency", "Payoff Amt", "Amount Due", "Status", and "Oldest Due Dt". A single row is visible with values: "PFR", "HQ", "20081000014130", "LINE HE", "USD", "\$25,744.79", "\$5,246.54", "DELO:REPO", and "11/28/2008".
- Customer(s):** Includes a "Show" button and a table with columns: "Select", "Details", "Customer Id", "Name", "Type", and "Language". A single row is visible with values: "Show", "5058", "ERIC HOLMAN SR", "PRIMARY", and "ENGLISH".
- Letters:** A section with a "Servicing" and "Collections" sub-section. Under "Servicing", there is a list of letter types: "Welcome Letter", "Paid in Full Letter", "Payoff Quote Letter", "Rate Change Intimation Letter", and "PDC Renewal Letter". Under "Collections", there is a list: "Collection Letter - 1", "Collection Letter - 2", and "Collection Letter - 3".
- Alerts:** A section with a "No rows yet." message.
- Conditions:** A section with a "Search Criteria" input field and an "Execute Search" button. Below this is a table with columns: "Condition", "Start", and "Followup". Two rows are visible: "PENDING PDC" with start "7/11/2009" and followup "7/11/2009", and "DELINQUENT" with start "10/14/2008" and followup "5/2/2009".

On the right side of the window, there are several utility buttons: "Add Call Activities", "Add Comments", and "Date Converter".

Collections: Collection letter 1

The predefined Collection letter 1 is automatically sent a configurable number of days after an account becomes delinquent (receives a condition of ACTIVE: DELQ on the Customer Service window).

To generate the Collection letter 1

- 1 Open the **Customer Service** window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Letters**.
- 3 On the **Letters** page' **Collections** section, click **Collections Letter - 1**.

Example

ABC HOME FINANCE
SETME
SETME ZZ 55344 7255
Phone: #####
Fax: #####

Account number : 20060100010123
Amount past due: \$13,737.49

-or-
- Click **Save** to download the document to a location of your choice.

8 If you want, add comments to the **Comments** field in the **Account Document** and **Account Document Details** sections.

9 Save your entry.

Collections master tab

The Collections master tab provides access to Customer Service windows tailored to perform specific collections tasks. These tasks include:

- Collections
- Bankruptcy
- Repossession/Foreclosure
- Deficiency

These Customer Service windows have a limited link bar in which links unnecessary for the task at hand have been removed. For details on using each available link, please see the **Customer Service** chapter.

To open a Customer Service window designed for collections

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Collections** tab.
- 2 Click the **Collections** bar link.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. At the top, the Oracle logo and "FLEXCUBE Lending and Leasing" are displayed. Below this, the user information "User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER" is shown. On the right, there are icons for "Debug (Off)", "Audit", and "Close".

The main area is divided into two sections. On the left is the "Quick Search" section, which includes a "Queue" dropdown menu, a "Next" button, an "Auto Run" checkbox, and input fields for "Acc #", "or SSN", and a "Submit" button. Below these is a list of links: "Advance Search", "Customer Service", "Maintenance", "CheckList", "Contract", "Comments", "Correspondence", "Letters", "Account Document Tracking", and "Scenario Analysis". The "Customer Service" link is highlighted with a red box.

The right section is the "Search" section, which has tabs for "Criteria", "Results", and "Review Requests". Below the tabs is a table with the following structure:

Criteria	* Comparison Operator	Value
ACCOUNT #	LIKE	
ACCOUNT STATUS	LIKE	Select...
PRODUCT	LIKE	
CUSTOMER SSN	EQUAL	
CUSTOMER LAST NAME	LIKE	
CUSTOMER FIRST NAME	LIKE	
CUSTOMER ID	EQUAL	
VIN	LIKE	
YEAR	EQUAL	
MAKE	LIKE	
MODEL	LIKE	
ASSET TYPE	LIKE	
PRODUCER #	LIKE	
PRODUCER NAME	LIKE	
ACCOUNT CONDITION	LIKE	Select...
QUEUE NAME (UNDEFINED FOR DEFAULT)	LIKE	
QUEUE DESCRIPTION	LIKE	

At the bottom of the search section, there are "Reset Criteria" and "Search" buttons.

Oracle FLEXCUBE Lending and Leasing opens a Customer Service window designed for basic collection tasks, such as recording promises to pay. The Customer Service link bar contains the following:

- Advance Search
- Customer Service
- Maintenance
- LoC Details

- Checklist
- Contract
- Collateral
- Bureau
- Comments
- Correspondence
- Letters
- Account Document Tracking

Note that the Bankruptcy, Repossession/Foreclosure, and Deficiency links have been removed.

To open a Customer Service window designed for bankruptcy

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Collections** tab.
- 2 Click the **Bankruptcy** bar link.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing Suite interface. The top navigation bar includes 'User Id', 'SSC Organization', 'TFB Division', 'C-01 Responsibility', and 'SUPERUSER'. The left sidebar contains a 'Quick Search' section with a 'Queue' dropdown, 'Auto Run' checkbox, and 'Acc #' field. Below this is a 'Customer Service' link bar with a red box highlighting the following links: Advance Search, Customer Service, Maintenance, Checklist, Bankruptcy, Contract, Comments, Correspondence, Letters, Account Document Tracking, and Scenario Analysis. The main search area is titled 'Search' and has radio buttons for 'Account Centric' (selected) and 'Customer Centric'. It features a table of search criteria with columns for 'Criteria', 'Comparison Operator', and 'Value'. The table lists various fields like ACCOUNT #, ACCOUNT STATUS, PRODUCT, CUSTOMER SSN, etc., with dropdown menus for operators and values. At the bottom of the search area are 'Reset Criteria' and 'Search' buttons.

Criteria	Comparison Operator	Value
ACCOUNT #	LIKE	
ACCOUNT STATUS	LIKE	Select...
PRODUCT	LIKE	
CUSTOMER SSN	EQUAL	
CUSTOMER LAST NAME	LIKE	
CUSTOMER FIRST NAME	LIKE	
CUSTOMER ID	EQUAL

MODEL	LIKE	
ASSET TYPE	LIKE	
PRODUCER #	LIKE	
PRODUCER NAME	LIKE	
ACCOUNT CONDITION	LIKE	Select...
QUEUE NAME (UNDEFINED FOR DEFAULT)	LIKE	
QUEUE DESCRIPTION	LIKE	

At the bottom of the search criteria table, there are 'Reset Criteria' and 'Search' buttons.

Oracle FLEXCUBE Lending and Leasing opens a Customer Service window focussing on repossessions and foreclosures. The Customer Service link bar contains the following:

- Advance Search
- Customer Service
- Maintenance
- LoC Details
- Checklist
- Repo/Foreclosure
- Contract
- Collateral
- Bureau
- Comments
- Correspondence
- Letters
- Account Document Tracking

Note that the Bankruptcy and Deficiency links have been removed.

To open a Customer Service window designed for deficiency

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Collections** tab.
- 2 Click the **Deficiency** bar link.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing Suite interface. At the top, the Oracle logo and 'FLEXCUBE Lending and Leasing' are visible. The user is logged in as 'SUPERUSER' with responsibility 'C-01'. The interface includes a 'Quick Search' section on the left with a 'Queue' dropdown, 'Auto Run' checkbox, and 'Acc #' field. Below this is a navigation menu with links: Advance Search, Customer Service, Maintenance, Checklist, Deficiency, Contract, Comments, Correspondence, Letters, Account Document Tracking, and Scenario Analysis. The 'Deficiency' link is highlighted with a red box. The main area is a 'Search' window with 'Account Centric' selected. It features a 'Criteria' table with columns for 'Criteria', 'Comparison Operator', and 'Value'. The table lists various search criteria such as ACCOUNT #, ACCOUNT STATUS, PRODUCT, CUSTOMER SSN, CUSTOMER LAST NAME, CUSTOMER FIRST NAME, CUSTOMER ID, VIN, YEAR, MAKE, MODEL, ASSET TYPE, PRODUCER #, PRODUCER NAME, ACCOUNT CONDITION, QUEUE NAME (UNDEFINED FOR DEFAULT), and QUEUE DESCRIPTION. Each row has a dropdown for the comparison operator and a text input for the value. At the bottom of the search window are 'Reset Criteria' and 'Search' buttons.

Criteria	Comparison Operator	Value
ACCOUNT #	LIKE	
ACCOUNT STATUS	LIKE	Select...
PRODUCT	LIKE	
CUSTOMER SSN	EQUAL	
CUSTOMER LAST NAME	LIKE	
CUSTOMER FIRST NAME	LIKE	
CUSTOMER ID	EQUAL	
VIN	LIKE	
YEAR	EQUAL

QUEUE NAME (UNDEFINED FOR DEFAULT)	LIKE	
QUEUE DESCRIPTION	LIKE	

Oracle FLEXCUBE Lending and Leasing opens a Customer Service window focussing on deficiencies. The Customer Service link bar contains the following:

- Advance Search
- Customer Service
- Maintenance
- LoC Details
- Checklist
- Deficiency
- Contract
- Collateral
- Bureau
- Comments
- Correspondence
- Letters
- Account Document Tracking

Note that the Bankruptcy and Repo/Foreclosure links have been removed.

CHAPTER 3 : REVIEW REQUESTS

The Review Requests page is primarily a workflow tool used to flag an account for the attention of another Oracle FLEXCUBE Lending and Leasing user and ask for feedback. It allows Oracle FLEXCUBE Lending and Leasing users to send and receive messages (including e-mail) commenting on a specific account.

In this chapter, you will learn how to:

- Review a request
- Send a review request
- Respond to a review request
- Close a review request.

Review Requests page

The Review Requests page contains the following:

- Originator/receiver buttons
- Action buttons
- Email buttons
- Review request record
- Originator/receiver comment fields

The **Query** section contains the following:

If you choose this:	Oracle FLEXCUBE Lending and Leasing:
Originator	Displays the active messages with your user id in the Originator column of the Review Request record. These are the review requests you created.
Receiver	Displays the active messages with your user id in the Receiver column of the Review Request record. These are the messages you received.
Both	Displays in the Review Requests record all the active messages you created and received with a status other than CLOSED.
View All	Displays in the Review Requests page all the messages you sent and received, both the active and closed.

The **Action** section contains the following command buttons:

If you choose this:	Oracle FLEXCUBE Lending and Leasing:
Send Request	Sends a review request to another Oracle FLEXCUBE Lending and Leasing user.
Send Response	Sends a response to a review request from another Oracle FLEXCUBE Lending and Leasing user.
Close	Changes the status of the message to CLOSED and removes it from the Review Request page. Note: You can view messages with a CLOSED status by selecting View All in the Query section.

The **Email** section contains these command buttons:

If you choose:	Oracle FLEXCUBE Lending and Leasing:
Originator	Sends an email of the review request information to the person listed in the Originator column on the Review Request page.
Receiver	Sends an email of the review request to the person listed in the Receiver column on the Review Request page.

Note: The email recipient cannot respond or reply to e-mails with the email system.

Reviewing a Request (Account)

The Number of Pending Review Requests section in the Servicing displays the number of requests ready for review based on your user id.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes Home, SalesLead, Origination, Servicing, Collections, WFP, Documents, Reports, Interfaces, Producers, Vendor, Tools, and Setup. The user is logged in as SSC, Organization XXX, Division C-01, and Responsibility SUPERUSER. A red box highlights the 'Number of Pending Review Requests' section, which displays the number '1'. Below this, there are two tables: 'My User Queues' and 'My Responsibilities Queues', both showing a single entry for 'NEW APPLICATIONS QUEUE' with a count of 296.

To review requests

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click **Servicing**.
- 2 If the **Number of Pending Review Requests** section contains a number, click **Customer Service** in the bar link.
The Customer Service window appears, opened at the Search page
- 3 On the Customer Service window's Search page, click the **Review Requests** master tab.
- 4 In the **Query** section, click **Receiver**.

In the Review Request record, Oracle FLEXCUBE Lending and Leasing displays all open messages you have received.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface with the 'Review Requests' section open. The user is logged in as SSC, Organization XXX, Division C-01, and Responsibility SUPERUSER. The 'Quick Search' section on the left includes a 'Queue' dropdown, 'App #' field, and 'Submit' button. The 'Criteria' section shows 'Query' with 'Receiver' selected. The 'Action' section includes 'Send Request', 'Send Response', and 'Close' buttons. The 'Email' section includes 'Originator' and 'Receiver' buttons. The 'Review Requests' table displays the following data:

Select Details	Originator	Priority	Receiver	Application #	Status	Date
<input checked="" type="radio"/> Show	VINAY	HIGH	SSC	213	New	11/10/2008 10:37:14 AM
<input type="radio"/> Show	SSC	HIGH	SSC	226	New	10/21/2008 01:15:23 PM

- 5 In the Review Request record, select the message you want to view and click **Show** in the **Details** column.

The receiver comment.

Note: If you click **View Account**, Oracle FLEXCUBE Lending and Leasing loads the account in the review request and displays the Account Details page.

Sending a Review Request (Account)

The Send Request button enables you to send a review request to another Oracle FLEX-CUBE Lending and Leasing user. However, you must save your review request before this button is available.

To send a review request

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Servicing** master tab.
- 2 Click **Customer Service** on the bar link.
On the Customer Service window, load the account you want to work with.
- 3 On the Customer Service link bar, click **Advance Search**.
- 4 On the **Search** page, click **Review Requests**.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes the Oracle logo, the text 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. There are also icons for 'Debug (Off)', 'Audit', and 'Close'.

On the left side, there is a 'Quick Search' section with a 'Queue' dropdown, a 'Next' button, and an 'App #' field. Below this is a 'Submit' button and a list of navigation links: 'Advance Search', 'Customer Service', 'Maintenance', 'Check List', 'Bankruptcy', 'Deficiency', 'Contract', 'Comments', 'Correspondence', 'Letters', 'Account Document Tracking', and 'Scenario Analysis'.

The main content area is titled 'Review Requests' and has tabs for 'Criteria' and 'Results'. Below the tabs, there is a 'Query' section with radio buttons for 'Originator', 'Receiver', and 'Both', and a 'View All' checkbox. There are also 'Action' buttons: 'Send Request', 'Send Response', and 'Close'. An 'Email' section has 'Originator' and 'Receiver' buttons. At the bottom of the query section are 'Add', 'Save', 'Cancel', and 'View Application' buttons.

The main table displays review requests with the following columns: 'Select Details', 'Originator', 'Priority', 'Receiver', 'Application #', 'Status', and 'Date'. The table contains two rows of data:

Select Details	Originator	Priority	Receiver	Application #	Status	Date
<input type="radio"/> Show	VINAY	HIGH	SSC	213	New	11/10/2008 10:37:14 AM
<input type="radio"/> Show	SSC	HIGH	SSC	225	New	10/21/2008 01:15:23 PM

- 5 On the Review Requests page **Query** section, click **Originator**.
- 6 On the **Review Requests** record, click **Add**.

- In the **Details** column of the new record, click **Show**.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The user is logged in as SUPERUSER. The main section is titled 'Review Requests'. It includes a 'Quick Search' sidebar on the left with a 'Queue' dropdown and 'Auto Run' checkbox. The main form has a 'Search' section with 'Criteria', 'Results', and 'Review Requests' tabs. Below this is a 'Query' section with radio buttons for 'Originator', 'Receiver', and 'Both', and a 'View All' checkbox. The 'Action' section contains buttons for 'Send Request', 'Send Response', and 'Close'. The 'Email' section has buttons for 'Originator' and 'Receiver'. There are also buttons for 'Add', 'Edit', and 'Cancel'. A table below the form shows a list of review requests with columns for 'Show', 'Originator', 'Priority', 'Receiver', 'Account #', 'Status', and 'Date'. The table contains two rows of data.

Select Details	Originator	* Priority	* Receiver	* Account #	Status	Date
<input type="radio"/> Hide	SSC	Select...				7/16/2009
* Reason REVIEW BALANCES						
Originator Comment		Receiver Comment				
<input type="radio"/> Show	SSC	HIGH	AMIT		NEW	4/25/2009
<input type="radio"/> Show	SSC	HIGH	AMIT	20090200023403	NEW	4/17/2009

- In the **Priority** field, select the priority of the review request: **High**, **Normal**, or **Low**.
Note: This Priority field helps guide the recipient in responding to requests. It does not affect the order in which messages are sent or received.
- In the **Receiver** field, select the person you want to receive the message.
- In the **Account #** field, select the account involved with the review request.
The default values NEW appears in the Status field.
- In the **Reason** field, select the purpose for the review request.
- In the **Originator Comment** field, type any additional message you want to send.
- In the **Review Request** record, click **Save**.

“Transaction completed successfully” appears in the Information section and the Send Request button is available in the Action section.

14 In the **Action** section, click **Send Request**.

Responding to a Review Request (Account)

When you receive a review request, Oracle FLEXCUBE Lending and Leasing will notify you by creating an entry in the Number of Pending Review Requests section with the number of unseen messages. In the following example, one review request is waiting on the Review Request page.

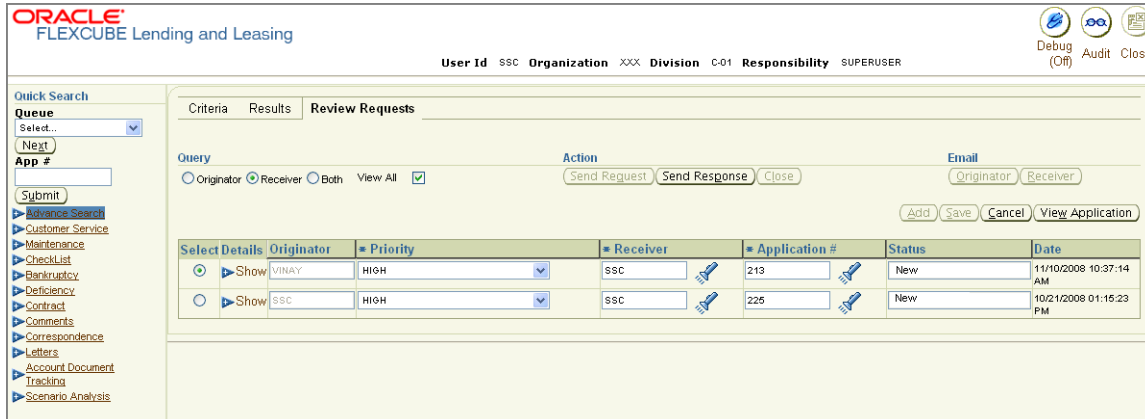

To respond to a review request

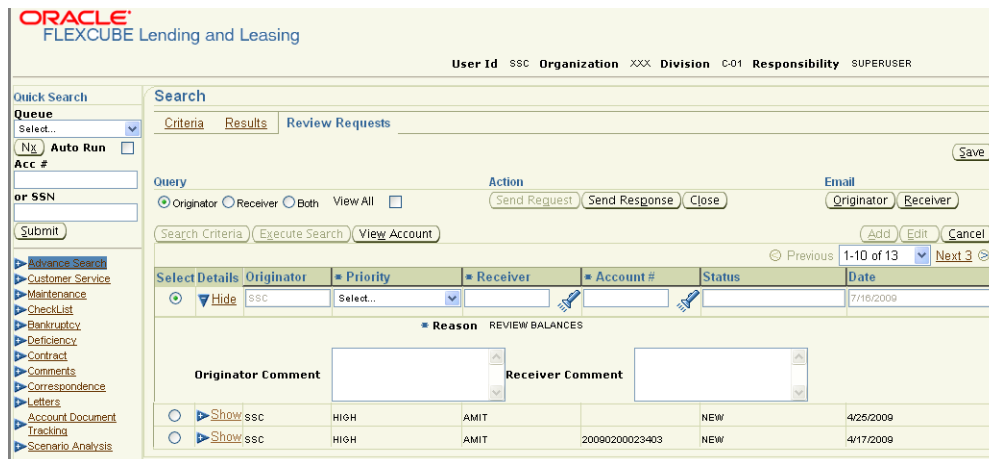

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click **Servicing**.
- 2 If the **Number of Pending Review Requests** section contains a number, click **Customer Service** in the bar link.
- 3 On the Customer Service link bar, click **Advance Search**.

- 4 On the **Search** page, click **Review Request**.
- 5 On the Review Request page **Query** section, click **Receiver**.

Oracle FLEXCUBE Lending and Leasing displays the unread messages in the Review Request record.

- 6 In the **Review Request** record, select the message you want to view and click **Show** in the **Details** column.

- 7 Click **View Account**.
- 8 Oracle FLEXCUBE Lending and Leasing loads the account on the Customer Service window and displays the Account Details page.
- 9 Perform the requested task on the review request on the account.
- 10 When you have finished, click **Advance Search** in the **Customer Service** link bar.
- 11 On the **Search** page, click **Review Request** and select the message.
- 12 Type your response in the **Receiver Comment** field.

12 In the **Action** section, click **Send Response**.

Oracle FLEXCUBE Lending and Leasing sends your response to the originator’s workstation, where it appears on the Review Request page with the status RETURN TO ORIGINATOR.

The recipient can view the sent response by clicking **Receiver** and **View All** in the **Query** section. (The message has a status of RETURN TO ORIGINATOR.)

Back on the originator’s Review Request page, the message appears when **Originator** is selected in the **Query** section. The message has a status of RETURN TO ORIGINATOR.

Note: Choose **Close** in the **Action** section to remove the message from the Review Request section.

E-mailing a Review Request (Account)

While Oracle FLEXCUBE Lending and Leasing updates the Number of Pending Review Requests section on the Servicing master tab to alert you of new messages, you can also e-mail a review request to either the originator or a receiver. Oracle FLEXCUBE Lending and Leasing will use the e-mail address recorded in the User Definition section on the Administration window's User page.

Note: E-mail addresses must be recorded for both the originator and receiver for this feature to work.

To e-mail a review request

- 1 Open the Customer Service window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Advance Search**, then click the **Review Requests** master tab.
- 3 Select the message you want to e-mail in the **Review Request** section.
- 4 In the **Email** section, click **Originator** to send the message to the person listed in the Originator field.
-or-
Click **Receiver** to send it to the person listed in the **Receiver** field.

Oracle FLEXCUBE Lending and Leasing emails the contents of the selected entry to the e-mail address recorded in the user setup.

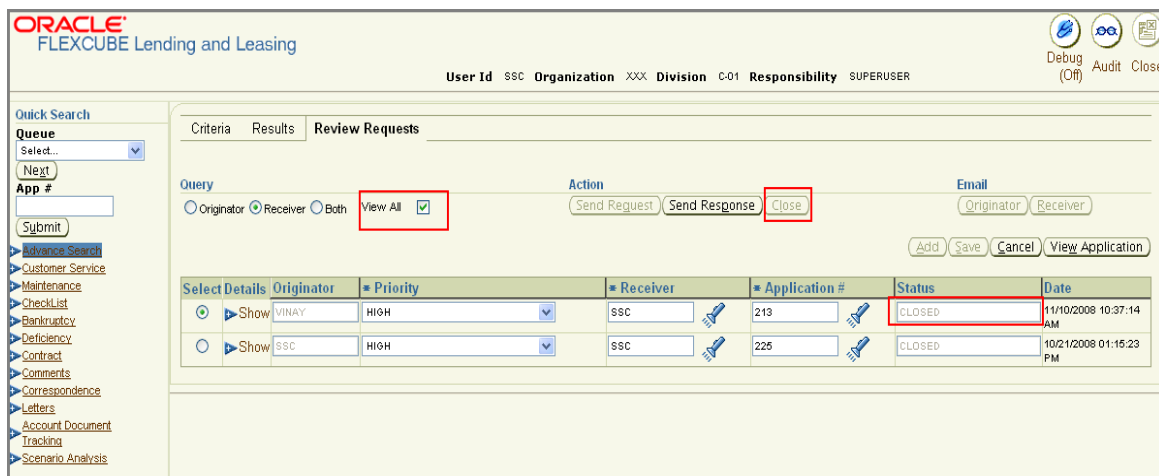

Closing a Review Request (Account)

You can close a review request you created at anytime, regardless of status. However, you can only close review requests that have your user id in the Originator field. When you close a review request, Oracle FLEXCUBE Lending and Leasing removes it from the Review Request record.

To close a review request

- 1 Open the Customer Service window and load the account you want to work with.
- 2 On the Customer Service link bar, click **Advance Search**, then click the **Review Requests** master tab.
- 3 Select the message you want to close in the **Review Request** section.
- 4 In the **Action** section, click **Close**.

Oracle FLEXCUBE Lending and Leasing assigns the message the status of CLOSED and removes it from your Review Request record.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar shows the user ID as SSC, Organization as XXX, Division as C-01, and Responsibility as SUPERUSER. The main content area is titled 'Review Requests' and includes a 'Query' section with radio buttons for 'Originator', 'Receiver', and 'Both', and a checked 'View All' checkbox. The 'Action' section contains buttons for 'Send Request', 'Send Response', and 'Close'. The 'Email' section has buttons for 'Originator' and 'Receiver'. Below these sections is a table with columns: 'Select Details', 'Originator', 'Priority', 'Receiver', 'Application #', 'Status', and 'Date'. Two rows are visible in the table, both with a 'Status' of 'CLOSED'. The first row has an originator of 'VINAY', priority of 'HIGH', receiver of 'SSC', application # of '213', and date of '11/10/2008 10:37:14 AM'. The second row has an originator of 'SSC', priority of 'HIGH', receiver of 'SSC', application # of '225', and date of '10/21/2008 01:15:23 PM'. The 'Close' button and the 'CLOSED' status in the first row are highlighted with red boxes.

Note: You can review closed accounts anytime by selecting **View All** in the **Query** section.

CHAPTER 4 : DOCUMENT MANAGEMENT

The Documents master tab opens the Account Document Tracking window. It allow for the paperless storage of documents within Oracle FLEXCUBE Lending and Leasing with accounts during customer service.

It also explains how to use the Account Document Tracking window to attach documents to accounts and then view these documents in a browser.

Account Document Tracking window

The Account Document Tracking window contains two links: the Document Tracking and the Document Maintenance link. The Document Maintenance page allows you to attach documents to an account in the form of GIF files, PDF files, DOC files, XLS files, and TXT files. The Document Tracking link allows you to view these documents. Any documents that were attached to the account when it was still an application, (such as the application received as a fax and saved as a GIF file), also appear on the Document Tracking link.

Account Document Tracking window

The Account Document Tracking window contains two pages: the Document Tracking page and the Document Maintenance page. The Document Maintenance page enables you to attach documents to an account in the form of GIF files, PDF files, DOC files, XLS files, and TXT files. The Document Tracking page enables you to view these documents. Any documents that were attached to the account when it was still an application, (such as the application received as a fax and saved as a GIF file), also appear on the Document Tracking page.

Document Tracking page (Account Document Tracking window)

You can view the documents attached to a particular account by loading the account on the Customer Service window, then clicking Account Document Tracking in the link bar. You can also open the Account Document Tracking window and select from a list of all accounts with documents attached on the Document Tracking page.

To locate an account document (method one)

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Documents** master tab.
- 2 Click the **Account** bar link.
- 3 In the Account Document Tracking link bar, click the **Documents** drop-down link, then click **Document Tracking**.

The Account Document Tracking window's Document Tracking page appears.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing Suite interface. At the top, it shows the user's session information: User Id SSC, Organization XXX, Division 001, and Responsibility SUPERUSER. The main content area is titled "Document Tracking" and includes a "Save" button in the top right corner. Below the title, there is a search section for accounts with an "Enter Acc #" field and a "Search" button. A "View All" link is also present. A table lists three accounts with columns for "Select", "Account #", "Account Status", and "Account Title". The table shows three rows of data. Below the table, there are sections for "Account Document" and "Account Document Details", both of which currently show "No rows yet." and include "Edit" and "Cancel" buttons. The page footer indicates it is best viewed in 1280 x 1024 screen resolution.

Select	Account #	Account Status	Account Title
<input checked="" type="radio"/>	20060300021005	ACTIVE:DELD	CCINQUEFOIL EVE / DALE
<input type="radio"/>	20060200021074	ACTIVE:DELD	CCOTONEASTER MARIE / HANK
<input type="radio"/>	20060500021080	ACTIVE:DELD	CERASTOSTIOMA PAULA / JOHN

- 4 In the **Account** section, enter the account you want to view in the **Enter Acc #** field and click **Search**.
-OR-
Select **View All** to view all accounts.

Information about the documents attached to the account appears in the Account Document and Account Document Details sections.

To locate an account document (method two)

- 1 Open the **Customer Service** window and load the account with the attached document you want to view.
- 2 On the **Customer Service** window link bar, click **Account Document Tracking**.

The Document Tracking page appears with the application loaded in Account section and information about the document in the Account Document and Account Document Details sections.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The main content area is titled "Account Document Tracking" and contains several sections:

- Account(s):** A table with columns: Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, Oldest Due Dt. A row is selected with Account # 20090400023211, Product LOAN VEHICLE, Currency USD, Payoff Amt \$0.00, Amount Due \$0.00, Status ACTIVE.TIP, and Oldest Due Dt 06/08/2009.
- Customer(s):** A table with columns: Select, Details, Customer Id, Name, Type, Language. A row is selected with Customer Id 3923, Name JOE ANDERS ROOEE, Type PRIMARY, and Language ENGLISH.
- Account:** A table with columns: Select, Account #, Account Status, Account Title. A row is selected with Account # 20090400023211, Account Status ACTIVE.TIP, and Account Title ROOEE JOE.
- Account Document:** A table with columns: Select, Document Type, Comments. A row is selected with Document Type CONTRACT and Comments TEST.
- Account Document Details:** A table with columns: Select, Details, Document Sub Type, Version, Page #, Document File Type, Status. Two rows are listed:

Select	Details	Document Sub Type	Version	Page #	Document File Type	Status
<input type="radio"/>	Show	CONTRACT DOCUMENT A	1	1		
<input type="radio"/>	Show	CONTRACT DOCUMENT A	2	1	TEXT FILE	

To view a document attached to an account

- 1 Using one of the two methods above, load the account with the document you want to view.
- 2 In the **Account** section, view the following display information:

In this field:

Select
Account #
Account Status
Account Title

View this:

If selected, indicates that this is the current record.
The account number.
The account status.
The account title.

- 3 In the **Account Document** section, view the following display only information:

In this field:

Select
Document Type
Comment

Do this:

If selected, indicates that this is the current record.
View the document type (display only).
Enter any comments regarding the image (optional).

- 4 In the **Account Document Details** section, select the record you want to work with and click **Show** in the **Details** column.

- 5 In the **Account Document Details** section, view the following display only information:

In this field:	View this:
Select	If selected, indicates that this is the current record.
Document Sub Type	The document sub type.
Version	The version (version numbers will be incremental by batch job, first version will start with 1.0).
Page #	The page number.
Document File Type	The document file type.
Status	The status.
Tracking #	The tracking number of the image.
Docket #	The docket number of the image.
Location	The location of the of the image.
Received Dt	The effective date of the image.
Effective Dt	The effective date of the image.
Expiry Dt	The expiration date of the image.
Comment	Any comments regarding the image.

- 6 Use the **Account Document** and **Account Document Details** section to select the document you want to view.

- In multiple paged documents, choose **1** in the **Page #** field on the **Account Document Details** section to view the all the pages in the document
- or-
- Choose a specific page number to view only that page.

- 7 Choose **View Document**.

Oracle FLEXCUBE Lending and Leasing opens a browser to display the actual document (which browser appears depends on what type of document you selected and what browsers are set up to work in conjunction with your Oracle FLEXCUBE Lending and Leasing system).

- 8 If you want, add comments to the **Comments** field in the **Account Document** and **Account Document Details** sections.
- 9 Click **Save** on the Document Tracking page.

Document Maintenance page (Account Document Tracking window)

Oracle FLEXCUBE Lending and Leasing supports the online attachment of document images to an account with the Document Maintenance page. You can attach the documents from either a client machine or server. A default image directory can be maintained in Oracle FLEXCUBE Lending and Leasing using the system parameter: `UIX_DEFAULT_IMAGE_PATH`.

When you click List File in the Select Document section on the Document Maintenance page, Oracle FLEXCUBE Lending and Leasing displays all available files in the selected directory in the Directory Path field. You can use the Document Maintenance and Action sections to attach selected documents to a particular account.

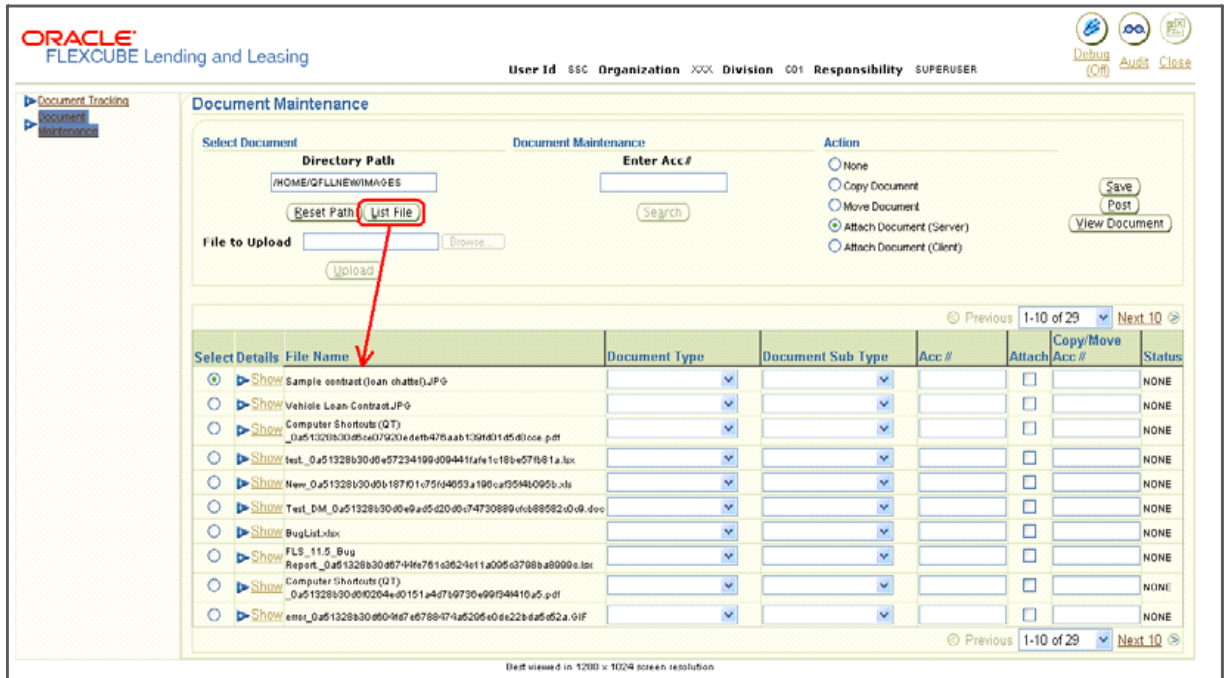

To attach a document to an account from a server

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Documents** master tab.
- 2 In the bar link, click **Account**.
- 3 In the Account Document Tracking link bar, click **Document Maintenance**.

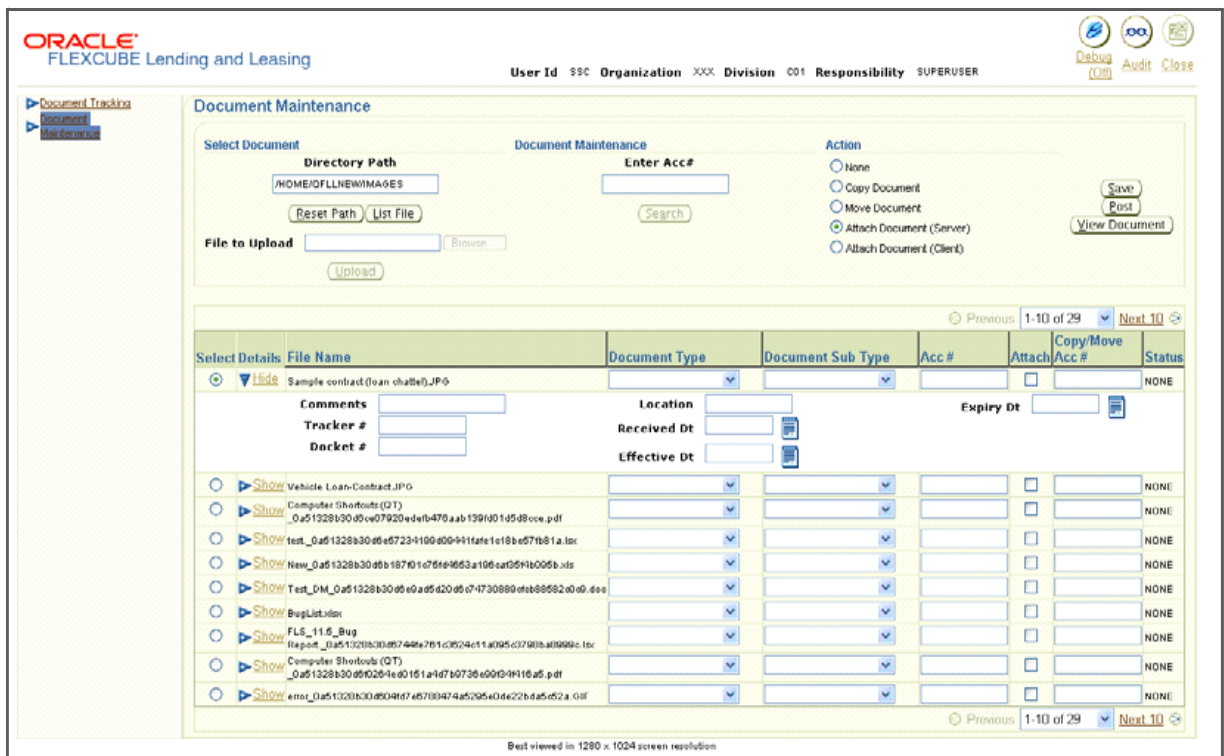

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. At the top, the Oracle logo and 'FLEXCUBE Lending and Leasing' are visible. The user's session information is shown as 'User Id SSC Organization XXX Division 001 Responsibility SUPERUSER'. On the right, there are icons for 'Debug (Off)', 'Audit', and 'Close'. The main content area is titled 'Document Details' and is divided into two main sections: 'Select Document' and 'Action'.
In the 'Select Document' section, there is a 'Directory Path' field containing '/home/qfllnewfimages', a 'Reset Path' button, and a 'List File' button. Below this is a 'File to Upload' field with a 'Browse...' button and an 'Upload' button. To the right, there is an 'Enter Acc #' field and a 'Search' button.
The 'Action' section contains five radio button options: 'None', 'Copy Document', 'Move Document', 'Attach Document (Server)', and 'Attach Document (Client)'. The 'Attach Document (Server)' option is selected. To the right of these options are 'Save', 'Post', and 'View Document' buttons.
Below the form is a table with the following columns: 'Select Details File Name', 'Document Type', 'Document Sub Type', 'Acc #', 'Attach Copy Move Acc #', and 'Status'. The table currently displays 'No rows yet.'

- 4 In the **Action** section, click **Attach Document (Server)**.
 - 5 In the **Select Document** section, use the default image directory in the **Directory Path** field. (The default path is the value for the system parameter `UIX_DEFAULT_IMAGE_PATH`).
-or-
In the **Directory Path** field, enter the full path name to the document on the server that you want to attach to an account.
- Note:** You can click **Reset Path** at any time to return to the default image directory.
- 6 In the **Select Document** section, click **List File**.

Oracle FLEXCUBE Lending and Leasing displays the files from the entry in the Select Document section Directory Path in the Document Maintenance record.

- In the **Document Maintenance** record, select the record you want to work with and click **Show** in the **Details** column.

- In the **Document Maintenance** record, enter, view or edit the following information:

In this field:

Do this:

Select

If selected, indicates that this is the current record.

File Name	View the file name for the document (display only).
Document Type	Select the type for the document (required).
Document Sub Type	Select the sub type for the document (required).
Acc #	Select the application number to attach/copy/move the document image (optional).Comments Enter any comments regarding the document (optional).
Document File Type	View the document file type (display only).
Status	View the status of the document (display only).
Comment	Enter any comments regarding the document (optional).
Tracker #	Enter the tracking number of the document (display only).
Docket #	Enter the docket number of the document (display only).
Location	Enter the location of the document (display only).
Received Dt	Enter the received date of the document (display only).
Effective Dt	Enter the effective date of the document (display only).
Expiry Dt	Enter the expiration date of the document (display only).

9 Select the **Attach** indicator to attach the file to the account.

10 In the **Action** section, click **Save**.

11 In the **Action** section, click **Post**.

Oracle FLEXCUBE Lending and Leasing attaches the document to the application.

You can view the document in a browser by choosing **View Document** in the Action section.

To attach a document to an application from a client machine

1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Documents** master tab.

2 Click the **Account** bar link.

3 In the Account Document Tracking link bar, click the **Document Maintenance** dropdown link, then click **Document Maintenance**.

4 In the **Action** section, click **Attach Document (Client)**.

5 In the **Select Document** section, click **Browse**.

Oracle FLEXCUBE Lending and Leasing opens a Choose File dialog box.

- In the **Choose File** dialog box, use the **Look in:** list box to locate the document you want to attach to the account.

Note: You can select multiple files by holding the **CTRL** or **SHIFT** key on your keyboard.

- When you have located the document you want to attach to the account in the **Open** dialog box's **File name:** field, choose **Open**.

The selected files appear in the Select Document section's File to Upload field.

- In the Select Document section, click **Upload**.

- In the **Document Maintenance** record, select the file uploaded from your server and click **Show** in the **Details** column.

- In the **Document Maintenance** record, enter, view or edit the following information:

In this field:

Do this:

Select	If selected, indicates that this is the current record.
File Name	View the file name for the document (display only).
Document Type	Select the type for the document (required).
Document Sub Type	Select the sub type for the document (required).
Acc #	Select the application number to attach/copy/move the document image (optional).Comments Enter any comments regarding the document (optional).
Document File Type	View the document file type (display only).
Status	View the status of the document (display only).
Comment	Enter any comments regarding the document (optional).
Tracker #	Enter the tracking number of the document (display only).
Docket #	Enter the docket number of the document (display only).
Location	Enter the location of the document (display only).
Received Dt	Enter the received date of the document (display only).
Effective Dt	Enter the effective date of the document (display only).

Expiry Dt Enter the expiration date of the document (display only).

- 11 Select the **Attach** indicator to attach the file to the account.
- 12 In the **Action** section, click **Save**.
- 13 In the **Action** section, click **Post**.

Oracle FLEXCUBE Lending and Leasing attaches the document to the application.

You can view the document in a browser by choosing **View Document** in the Action section.

Copying a Document

The Action section's Copy Document command copies the document image from one account to another account. This command has no impact on the source account's document image.

To copy a document to an application from another application

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Documents** master tab.
- 2 Click the **Account** bar link.
- 3 In the Account Document Tracking link bar, click the **Document Maintenance** dropdown link, then click **Document Maintenance**.
- 4 In the **Action** section, click **Copy Document**.
- 5 In the **Document Maintenance** section, use the **Enter App#** field to enter the account with the image you want to copy.
- 6 In the **Document Maintenance** section, choose **Search**.

Oracle FLEXCUBE Lending and Leasing displays the files attached to that application in the Document Maintenance record.

- 7 In the **Document Maintenance** record, select the document you want to copy and click **Show** in the **Details** column.
- 8 In the **Copy/Move App #** field, enter the application number of the application to which you want to copy the document.
- 9 In the **Action** section, click **Save**.
- 10 In the **Action** section, click **Post**.

Moving a Document

The Action section's Move Document command moves an existing document image from one application to another application. This command detaches the document image from the source application and attach to second application.

To move a document to an application from another application

- 1 On the Oracle FLEXCUBE Lending and Leasing Suite home page, click the **Documents** master tab.
- 2 Click the **Account** bar link.

- 3 In the Account Document Tracking link bar, click the **Document Maintenance** drop-down link, then click **Document Maintenance**.
- 4 In the **Action** section, click **Move Document**.
- 5 In the **Document Maintenance** section, use the **Enter App#** field to enter the account with the image you want to move.
- 6 In the **Document Maintenance** section, choose **Search**.

Oracle FLEXCUBE Lending and Leasing displays the files attached to that application in the Document Maintenance record.

- 7 In the **Document Maintenance** record, select the document you want to move and click **Show** in the **Details** column.
- 8 In the **Copy/Move App #** field, enter the application number of the application to which you want to move the document.
- 9 In the **Action** section, click **Save**.
- 10 In the **Action** section, click **Post**.

APPENDIX A: ORACLE FLEXCUBE LENDING AND LEASING INTERFACE

This appendix explains Oracle FLEXCUBE Lending and Leasing’s graphical user interface (GUI). It defines the components commonly found on a GUI, provides an overview of their functions, and explains how to use Oracle FLEXCUBE Lending and Leasing’s windows and pages.

Oracle FLEXCUBE Lending and Leasing’s windows

Oracle FLEXCUBE Lending and Leasing uses windows as its primary user interface. Windows can be maximized, minimized, opened, closed, and repositioned. More than one window can be opened on your desktop and windows can overlap or appear adjacent to each other. The window that you are currently using, or is currently selected, is the “active” window. It appears on the top of the overlapping windows. Windows that are open but not selected are “inactive.” The title bar of an active window is a different color than the other inactive windows.

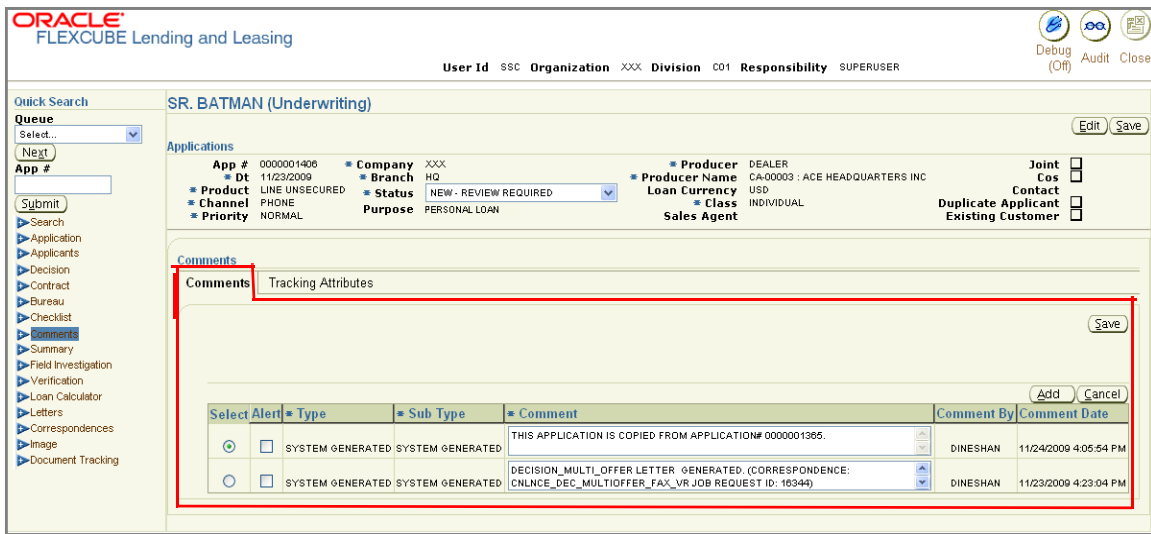

Window components

This section presents an overview of the components found on windows and how to use them.

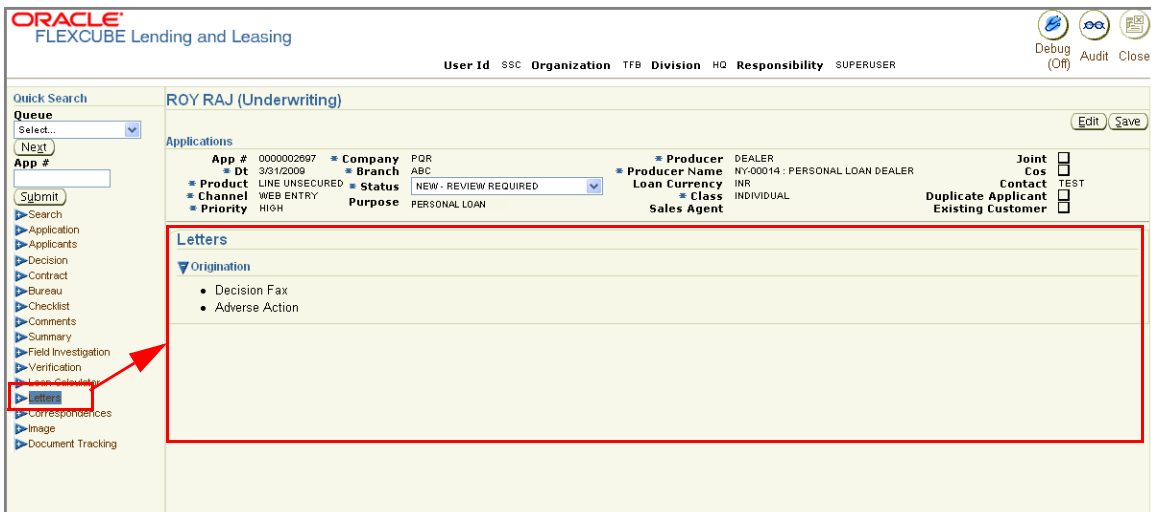

Page

A collection of information items (sections, records, check boxes, command buttons, and so on) contained within a single window. Oracle FLEXCUBE Lending and Leasing uses pages to complete tasks. Pages allow you to enter, view, and update information in the Oracle FLEXCUBE Lending and Leasing system. There are several ways to navigate between pages in the Oracle FLEXCUBE Lending and Leasing system, including tabs, links, and process trains. The pages that are available to you are based on your assigned responsibility.

In the following example, the Comments tab is opening the Comments page.

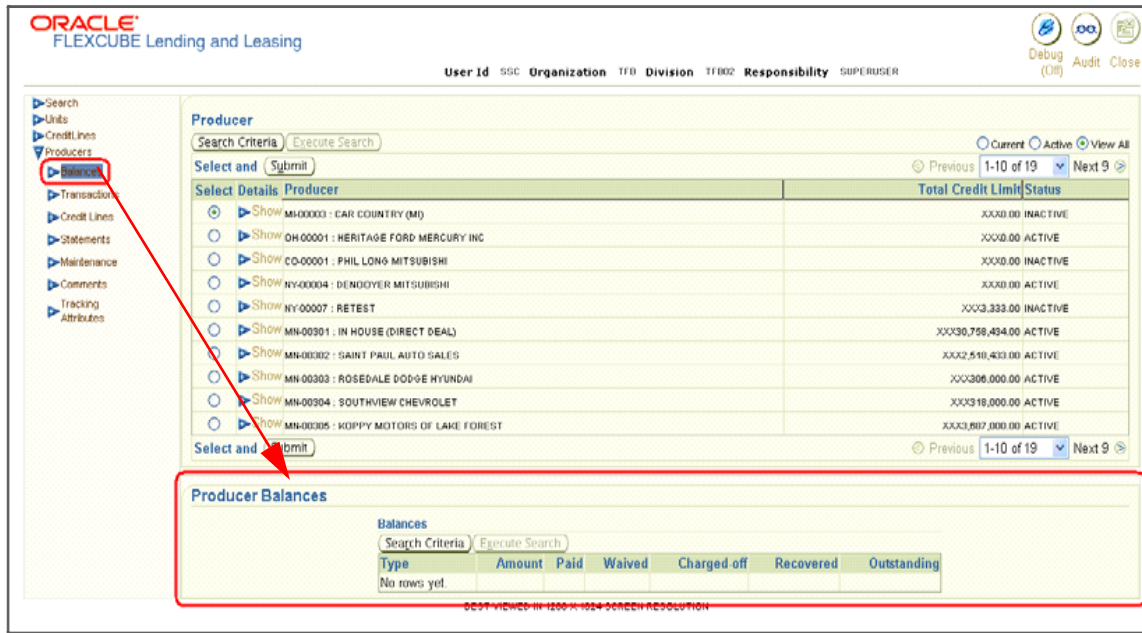

When pages opened from a link bar are also frequently enclosed in a yellow frame with the title in large, blue text. In following example, the Letters page is opened from the Letters link on the Underwriting link bar.

Master page

A reoccurring higher level page that appears above information opened from a link. Note in the following example, the Balances link opens the Producer Balances page.

In this example, the Transactions link opens the Producer Balances page.

Note that in both examples, the Producer master page appears above the pages opened from either link.

Tab

Oracle FLEXCUBE Lending and Leasing uses tabs as a primary navigation tool. Tabs are small flaps used for quick access to pages of information, not unlike the tabs on a folder in your file

cabinet. There are three types of tabs in Oracle FLEXCUBE Lending and Leasing system: master tab and sub tab. **Master tabs** are the highest level of tab and are used to navigate to other windows and pages. **Master tabs** and **sub tabs** open pages that contain information. Sub tabs, if present, appear at the bottom of the page.

Bar Link

A link located in the bar below master tabs that enables you to navigate to other pages to view, enter and edit information.

Dashboard

A page or section of information displayed opened from a master tab and displayed below the bar link. In the example below, the Setup dashboard contains the Current GL Post Date, Products Expiring in Next One Month, Number of Users Currently Logged In, and Critical Job Status sections.

Link Bar

A list of links with drop-down links on the left of many Oracle FLEXCUBE Lending and Leasing windows that enables you to navigate to other pages to view, enter and edit information. Link bars allow you to move between links and pages as you please.

Drop-Down Link

A blue triangle pointed to the left of a link containing a “positive” sign (+) that signals additional links not currently on display are available.

When clicked, the triangle rotates to point downward, the plus sign becomes a “negative” sign (-), and Oracle FLEXCUBE Lending and Leasing displays the additional links.

In the example below, the Applicant Details drop-down link has been clicked to view additional information about the applicant.

In the example below, the System link has a drop-down link. When clicked, it displays additional links about the applicant. This is referred to as a **Drop-Down Link**. Drop-down links appear in link bars.

Drop-Down List Box A text field with an arrow next to it indicating that predefined entries are available.

Click the arrow to view the available entries in a scroll box below the field.

Command Button A rectangle button that initiates a predefined action. Buttons do not contain values as fields do. A button is usually labeled with text noting the action that it performs. In the illustration below, the Lead Entry page contains four command buttons: “View All,” “Save,” “Add,” and “Cancel.” The Save command button is dimmed and hence unavailable.

You can select a command button by clicking it or pressing (**ALT +** the underlined letter in the label).

Record

A logically related collection of columns within a page about a person, place, or thing. In the following example, the Applicants Details record displays the applicant's type, first name, middle name, last name, suffix, and social security number.

Entry

A related collection of fields providing details about a selected record. In the following example, the Applicants Details record contains two entries, Paula A Ccerastostigma and John B Ccerastostigma. The entry for Paula A Ccerastostigma is selected.

Option button

A round button used to select an item from a group of items, such as an entry in a record. You can select only one option button in a group at a time. In the illustration below, option buttons are used to select a city from a list of cities that share the same zip code.

Check box

A square box you select or clear to turn on or turn off an option. A check denotes that the check box is selected. Click a selected check box to “clear” it.

Note: One or more check boxes can be selected, since each one acts independently.

Calendar icon

A calendar shaped icon next to a date field that, when clicked, opens the Pick a Date window.

The Pick a Date window enables you to choose a date that appears in the date field by day, month, and year.

Flashlight icon

A flashlight shaped icon next to a text field that when clicked, opens a corresponding window containing available entries for the field.

The window corresponding to the field enables you to choose an entry from a predefined record.

Error icon

A red circled X that appears next to a field to indicate an error (usually missing information) after you save your entry or attempt to move to another page.

Red text appears below the field to describe the error.

Blue asterisk

A blue asterisk next to a field indicates a required field. You must complete this field before moving to another page.

If you do not complete a required field, Oracle FLEXCUBE Lending and Leasing displays an Error message when you attempt to move to another page.

Hint box

A yellow box that appears when the mouse pointer is moved over a feature in Oracle FLEXCUBE Lending and Leasing, such as a direction button. The hint box displays a description of the field's content or purpose.

APPENDIX B : COMMON ORACLE FLEXCUBE LENDING AND LEASING TASKS

This appendix explains how to use Oracle FLEXCUBE Lending and Leasing to complete these frequently completed tasks:

- Cut, copy, and paste data
- Save an entry
- Cancel an entry
- Print a window
- Use a drop-down field
- Use a drop-down link
- Complete a field with a flashlight icon
- Complete a field with a calendar icon
- Use a bar link
- Close a window.

Cutting, Copying, and Pasting Data

The cut, copy, and paste commands on the Oracle FLEXCUBE Lending and Leasing Edit menu bar allow you to move and edit highlighted text. You can also complete these commands with the following keystroke combinations.

To cut, copy, and paste with Oracle FLEXCUBE Lending and Leasing

These three tasks can be completed with the keyboard by doing the following:

Press this:

To do this:

CTRL+X

Cut

CTRL+C

Copy

CTRL+V

Paste

Saving an Entry

When you save your work, the database is updated with all changes made since the last time the data was saved.

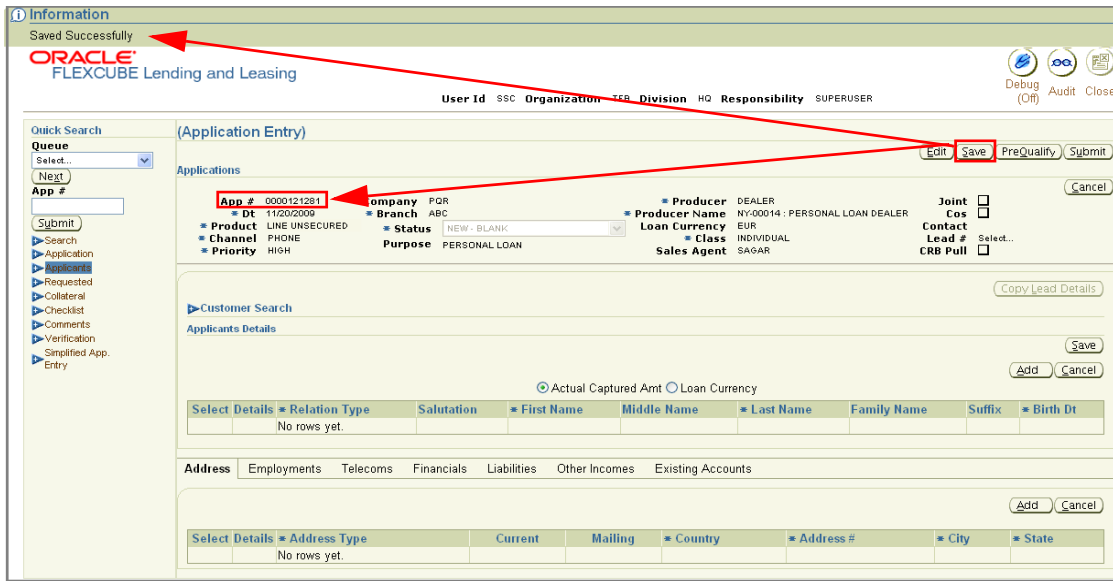

To save your work in Oracle FLEXCUBE Lending and Leasing

- 1 Enter the information in the fields you want to complete.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing application interface. At the top, the Oracle logo and 'FLEXCUBE Lending and Leasing' are visible. Below this, the user's session information is shown: 'User Id SSC Organization TFB Division HQ Responsibility SUPERUSER'. On the right side, there are icons for 'Debug (Off)', 'Audit', and 'Close'. The main area is titled '(Application Entry)' and contains a form with various fields. The 'Save' button is highlighted with a red box. Other buttons include 'Edit', 'PreQualify', 'Submit', and 'Cancel'. The form fields include: 'App #', 'Dt' (11/20/2009), 'Product' (Select...), 'Channel' (WEB ENTRY), 'Priority' (NORMAL), 'Company' (PQR), 'Branch' (ABC), 'Status' (Select...), 'Purpose' (VEHICLE LOAN OR LE), 'Producer' (DEALER), 'Producer Name' (with a flashlight icon), 'Loan Currency' (EUR), 'Class' (Select...), 'Sales Agent', 'Joint' (checkbox), 'Cos' (checkbox), 'Contact' (text field), 'Lead #' (Select...), and 'CRB Pull' (checkbox).

- 2 When you are finished, click the **Save** button.

When you save an entry, an Information section appears at the top of the page a message such as “Saved Successfully.”

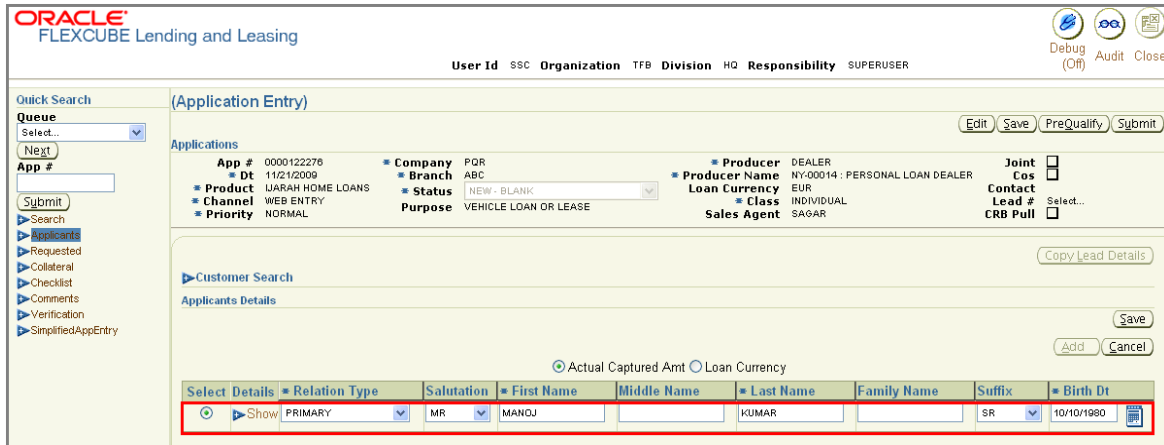

Canceling an Entry

You can close a window and return to the previous page without saving data at any time by clicking the Cancel button.

To cancel your entry

- 1 Enter the information on the fields you want to complete.
- 2 If you want to cancel your entry, click **Cancel**.

Depending on the window or page you are working with, Oracle FLEXCUBE Lending and Leasing either:

- Closes the window and returns to the previous page without saving any data.
- or -
- Cancels the record and displays the message “Cancelled Successfully” in the Information section.

Printing a Window

You can print a window at any time. Make sure a printer driver is installed and at least one printer is defined before printing. (Contact your system administrator for information on how to install printer drivers and define printers.)

To print a window

On the **File** menu, choose **Print**.

Using a Drop-down Field

Drop-down fields are fields with a drop-down link to their right, indicating a predefined list of possible entries can be used to complete the field. Clicking the drop-down link displays all possible entries in a drop-down list below the field.

To complete a drop-down field

- 1 Move the cursor to the field with the drop-down link.

- 2 Click the arrow to the right of the field.

Oracle FLEXCUBE Lending and Leasing displays a drop-down list below the field of all possible entries.

3 If necessary, use the scroll bar to search for an entry currently not in view.

4 Click the entry you want to appear in the field.

Oracle FLEXCUBE Lending and Leasing closes the drop-down list and the selected entry appears in the field.

Note: If you type a character matching the first letter of an entry in the drop-down list, Oracle FLEXCUBE Lending and Leasing automatically completes the field with first entry beginning with that letter. The following example shows what happens when you type “I” in the State field.

When you then click the drop-down link, Oracle FLEXCUBE Lending and Leasing opens the drop-down list beginning at that entry.

If you type a character that does not match the first letter of an entry in the drop-down list, the drop-down field remains blank.

Completing a Field with the Flashlight Icon

Many fields on Oracle FLEXCUBE Lending and Leasing pages are followed by a flashlight icon. A flashlight icon opens a window that displays all the possible entries that Oracle FLEXCUBE Lending and Leasing will accept for a particular field. You can select data from the window to complete the field. Likewise, a field with a flashlight icon only accepts entries from the flashlight window. Using the flashlight icon increases accuracy and productivity, as it ensures uniformity and efficiency during data entry.

The title bar of the flashlight window indicates the type of entry that will appear in the corresponding field.

In the following example, clicking the flashlight icon next to the Producer Name field opens the Dealer flashlight window. You can then select an entry from the Dealer flashlight window to appear in the Producer Name field.

To select data from a flashlight icon field

- 1 Move the cursor to an entry field with a flashlight icon.
- 2 Click the flashlight icon

-or-
Press **ENTER** when the flashlight icon is selected.

The flashlight window appears.

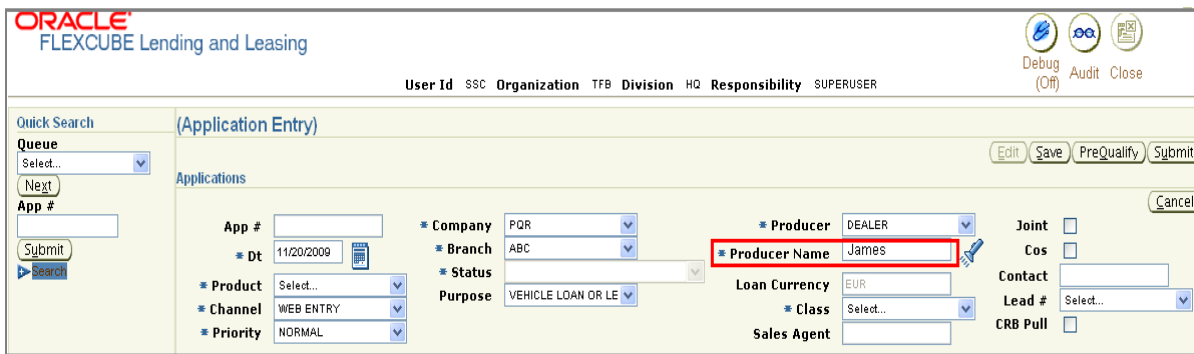

- 3 In the flashlight window, use the record to select the entry you want to appear in the field with the flashlight icon.

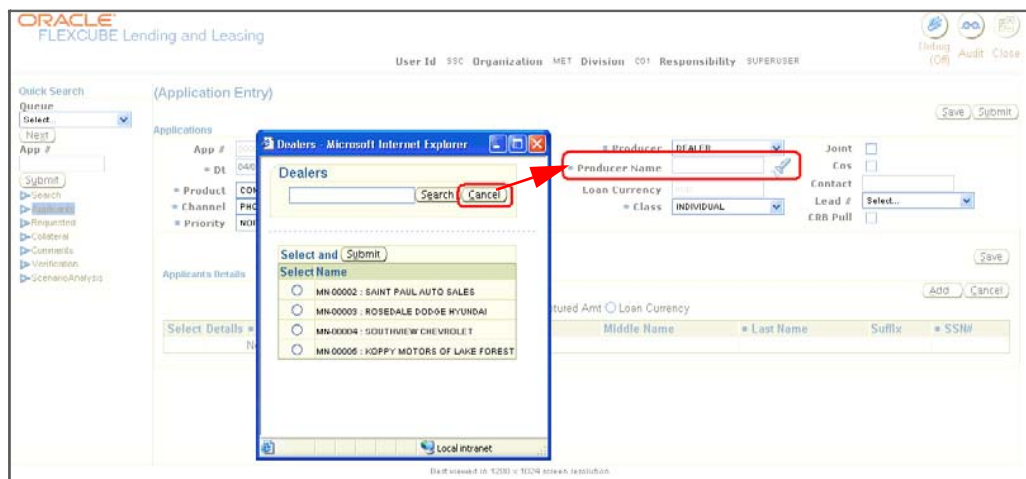

4 Click **Submit** in the flashlight window.

Oracle FLEXCUBE Lending and Leasing closes the flashlight window and your selected entry now appears in the field.

If you click **Cancel** in the flashlight window, the flashlight window closes and no entry appears in the field with the flashlight icon.

Using a Navigation Drop-down Field

The total number of entries in a record can be quite large. To keep the display of entries manageable, you can view the contents of the record in smaller portions. The navigation drop-down field and previous and next links allow you to view other entries that are not currently displayed.

To use a navigation drop-down

A navigation drop-down field above a record indicates that other entries exist that are not currently in view. The navigation field lists the total number of entries and what portion of the total is currently in view. In the following example, the record contains a total of 28 entries, the first ten of which are currently on display.

- Click the drop-down link of the navigation field and select the range of entries you want to view.

The new entries appear in the record.

You can also view other entries by clicking the Previous and Next links. The numbers following the Previous and Next labels varies depending on the total number of entries.

Using a Record Search Field

A search field at the top of a record enables you to locate a particular entry. In the example below, the field labeled Product Name is a search field. You can use it to search for producer entries in the record below it.

- Type the entry you want to locate in the search field and click **Search**.

Oracle FLEXCUBE Lending and Leasing displays the entry and selects it in the record.

If more than one entry in the record begin with the characters you typed in the search field, Oracle FLEXCUBE Lending and Leasing displays all the entries beginning with those characters when you click **Search**.

If no entry in the record matches the characters you typed in the search field, Oracle FLEXCUBE Lending and Leasing displays the message “No rows yet” in the record.

Completing a Date Field with the Calendar Icon

Fields requiring a date are followed by a calendar icon. You can complete date fields manually or click the calendar icon to open the Pick a Date window and select a date. When you manually enter a date, you must use the following format: DD/MM/YYYY.

To select a date using calendar icon

- 1 Move the cursor to a date field with a calendar icon.

Note: Some date fields use today’s date as the default value.

- Click the calendar icon
-or-
Press **ENTER** when the calendar icon is selected.

The Pick a Date window appears with today's date as the default.

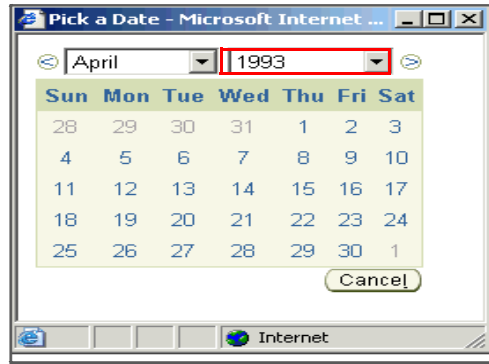

- Use the month drop-down field to select the month of the date you want to enter.
The month you selected appears in the month drop-down field.

- Use the year drop-down field to select the year of the date you want to enter.

The year you selected appears in the year drop-down field.

- You can click the right arrow button to advance the current date on display by one month.

- You can click the left arrow button to regress the current date on display by one month.

- After selecting the month and year of the date, click the day you want on the calendar display.

The Pick a Date window closes and the date you selected appears in the date field.

Note: If you click **Cancel**, the Pick a Date window closes and no date appears in the date field.

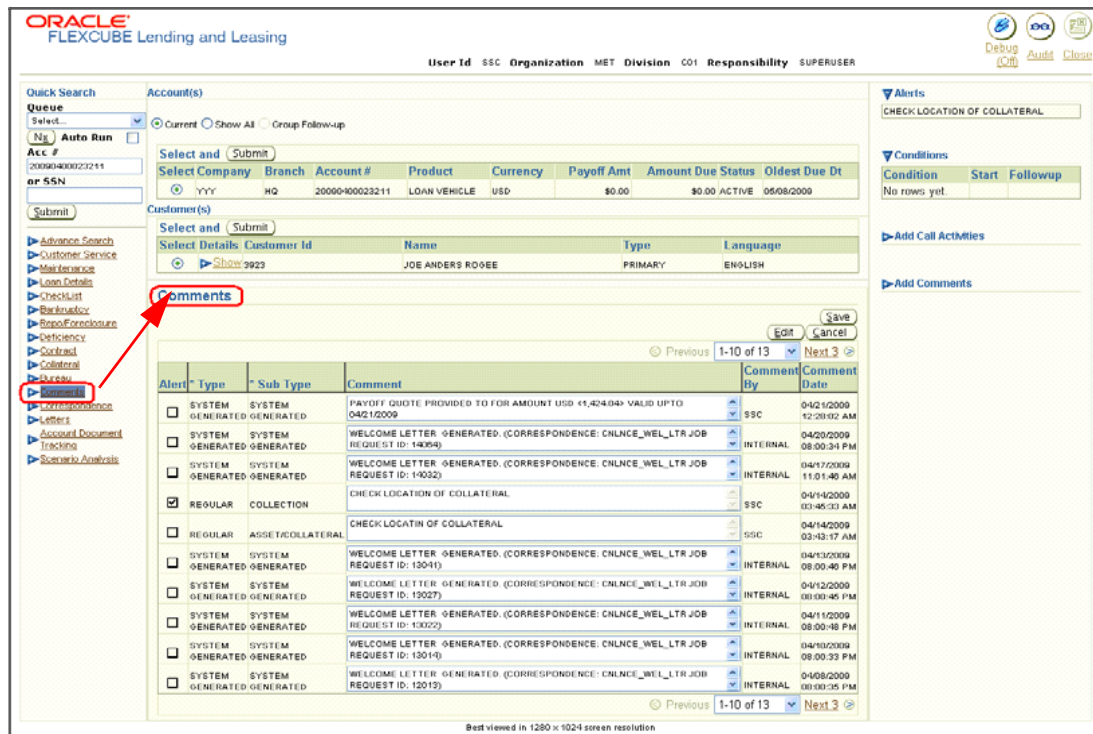

Using a Link Bar

Oracle FLEXCUBE Lending and Leasing uses link bars to organize pages on the many of its windows. A link bar is a list of links on the left margin of the window. Link bars open pages and sub pages allowing you to enter, view, and edit information and allow you to skip from page to page in no particular order.

Clicking a link in the link bar opens a page. In the following example, the Comments link on the Customer Service window's link bar opens the Comments page.

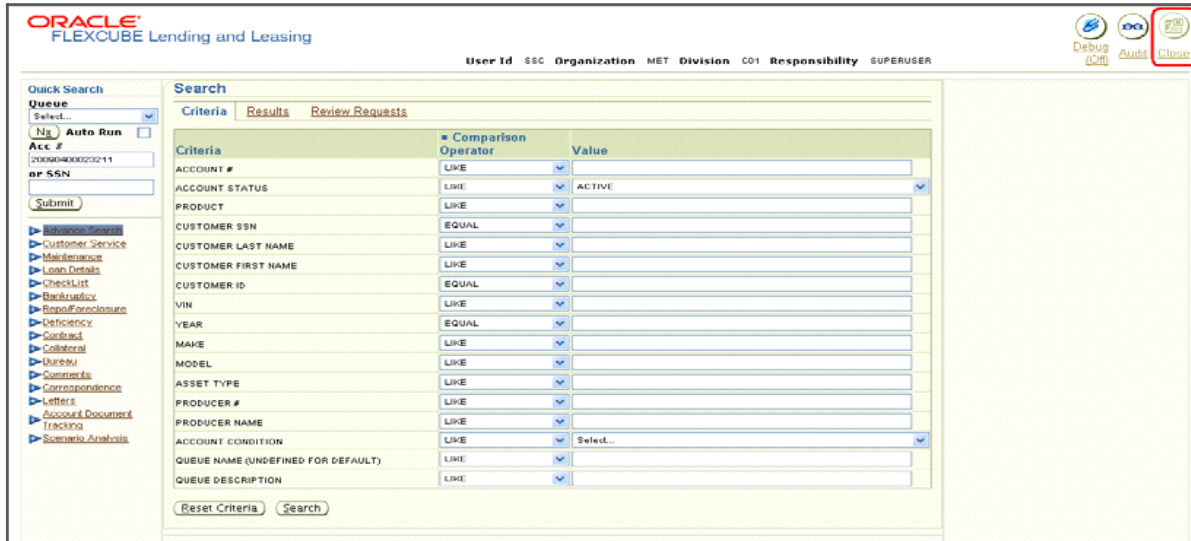

Closing a Window

The Close icon contains a boxed X and is located in the upper right corner of Oracle FLEXCUBE Lending and Leasing windows opened from the Oracle FLEXCUBE Lending and Leasing launch page. You can click it to close a window at anytime.

To close an Oracle FLEXCUBE Lending and Leasing window

- On the Oracle FLEXCUBE Lending and Leasing window you want to close, click **Close** in the upper right corner.

Oracle FLEXCUBE Lending and Leasing closes the window and returns to the Oracle FLEXCUBE Lending and Leasing Lending Suite launch page.

APPENDIX C : TRANSACTION PARAMETERS

The Customer Service window Maintenance page enables you to post an array of monetary and nonmonetary transactions for any given account. The transactions that are available depend on the responsibility of the Oracle FLEXCUBE Lending and Leasing user, the nature of the account, and whether the account is a line of credit.

This appendix catalogues the baseline transaction codes and parameters available on the Customer Service form's Maintenance page. Instructions on how to use the Maintenance page are located in the Customer Service chapter of this User Guide.

Line of Credit Monetary Transactions

This section catalogues the transaction codes and parameters required to complete the following monetary tasks for lines of credit:

- Apply, adjust, or waive servicing expenses
- Adjust or waive late charges
- Adjust or waive nonsufficient funds
- Apply, adjust, or waive repossession expenses
- Apply, adjust, or waive bankruptcy expenses
- Apply or adjust phone pay fees
- Change an index/margin rate
- Apply, adjust, or cancel financed insurance
- Generate a payoff quote
- Payoff an account
- Charge-off an account
- Close an account
- Adjust, charge-off, or waive the advance/principal balance
- Stop interest accrual
- Indicate a borrower as on or off active military duty
- Post a credit limit
- Activate, adjust, cancel, or waive disability insurance
- Activate, adjust, cancel, or waive life insurance
- Adjust or waive an advance transaction fee
- Adjust or waive a membership fee
- Adjust or waive an over limit fee

Servicing Expenses

Service expenses are any expenses incurred to service an account; for example, employing a courier to send documents, such as payoff quotes or balance statements. Servicing expenses appear in the Other Due field on the Dues section of the Account Details page of the Customer Service link. This is the first page to appear on the Customer Service window when you load an account.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The 'Account Details' section is expanded to show 'Dues'. The 'Dues' table lists various due amounts and dates:

Delq Due	LC Due	NSF Due	Other Due	Total Due
\$5,346.54	\$222.75	\$0.00	\$0.00	\$5,569.29

The 'Other Due' value of \$0.00 is highlighted in red. The 'Today's PayOff' is \$27,313.36 and the 'Oldest Due Dt' is 11/4/2008. The 'Delinquency Information' table shows counts for late payments across different days (30, 60, 90, 120, 150, 180).

Late Charges

Late charges occur when payment is not made within the grace period or by the day after payment is due. The due date is determined by the contract.

Late charges appear in the LC Due field on the Dues section of the Account Details page of the Customer Service link. This is the first page to appear on the Customer Service window when you load an account.

The screenshot displays the Oracle Flexcube Lending and Leasing Customer Service interface. The top navigation bar includes the Oracle logo, 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. There are also utility icons for 'Debug (Off)', 'Audit', and 'Close'.

The main interface is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, 'Auto Run' checkbox, 'Acc #' field (20081000014122), and 'or SSN' field.
- Account(s):** Features radio buttons for 'Current', 'Show All', and 'Group Follow-up'. Below is a table for selecting accounts with columns: 'Select', 'Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due', 'Status', and 'Oldest Due Dt'. One account is selected: PFR, HQ, 20081000014122, LINE HE, USD, \$27,313.36, \$5,346.54, DELQ.REPO, 11/4/2008.
- Customer(s):** Includes a 'Show' button and a table with columns: 'Select', 'Details', 'Customer Id', 'Name', 'Type', and 'Language'. One customer is shown: Show, 6057, ERIC WILLIAMS SR, PRIMARY, ENGLISH.
- Account Details:** Contains two sub-sections:
 - Dues:** A table with columns: 'Delq Due', 'Due Date', and 'Amt'.

Delq Due	Due Date	Amt
Contract	1 4/4/2009	\$0.00
LC Due	2 3/4/2009	\$0.00
Collateral	3 2/4/2009	\$0.00
Bureau	4 1/4/2009	\$0.00
Other Due	5 12/4/2008	\$0.00
Total Due		\$5,869.29
 - Delinquency Information:** A table with columns: 'Late', '30', '60', '90', '120', '150', '180'.

Nonsufficient Fund Fees

Nonsufficient fund fees are posted when a payment does not cover the amount owed. The fee that Oracle FLEXCUBE Lending and Leasing automatically applies to an account is recorded during setup.

Nonsufficient fund fees appear in the NSF Due field on the Dues section of the Account Details page of the Customer Service link. This is the first page to appear on the Customer Service window when you load an account.

Phone Pay Fees

Phone pay fees are where a borrower calls the lender and arranges for a debit to their checking or savings account to make a payment on a line account.

Phone pay fees appear in the Other Due field on the Dues section of the Account Details page of the Customer Service link. This is the first page to appear on the Customer Service window when you load an account.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The user is logged in as SUPERUSER. The main section displays account details for a customer named ERIC WILLIAMS SR. The 'Dues' section is expanded, showing a table of due amounts and dates. The 'Other Due' field is highlighted with a red box, indicating a phone pay fee of \$0.00. The 'Delinquency Information' section shows various metrics like BP(Life), NSF(Life), and BP(Year).

Due Type	Amount	Due Date	Amt

Financed Insurances

You can add financed insurance to an existing account with the INSURANCE ADDITION transaction. This transaction adds the insurance premium amount to advance/principal balance on the loan and adjusts the loan receivables accordingly. The transaction also triggers the process to re-compute the repayment amount for the loan. After you post the transaction, the loan will be billed for the newly computed payment amount and will be considered for delinquencies and fees calculations based on information on the Contract link's Contract page. The newly added insurance information can be viewed on Customer Service drop-down link's Insurances link.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The top header displays 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. The main content area is divided into several sections:

- Quick Search:** Includes a 'Queue' section with a 'Select and (Submit)' button and a table with columns: Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. A row is visible with values: XYZ, HQ, 20090200023403, LINE HE, USD, \$12,020.00, \$4,000.00, ACTIVE:DELQ, 3/15/2009.
- Customer(s):** Includes a 'Select and (Submit)' button and a table with columns: Customer Id, Name, Type, and Language. A row is visible with values: 24205, OPI OPI, PRIMARY, ENGLISH.
- Insurances:** This section is currently active and contains:
 - Policy Information:** A form with fields for Contractual (checkbox), Insurance Type, Insurance Plan, Company, Policy Number, Effective Dt, Premium Amt, Commission Rule, Primary Beneficiary, and Secondary Beneficiary. It also has fields for Status, Sub Type, Insurance Mode, Phone No, Itemization, Expiration Dt, and Term.
 - Cancellation / Refund:** A form with fields for Policy Cancellation Dt, Refund Allowed (checkbox), Grace Days, Cancellation Fee Allowed (checkbox), Cancellation Fees, Complete Refund (checkbox), Term Remaining, Refund Method, Grace Days, Estimated Refund Amt, and Received Refund Amt.
 - Insurance Tracking:** A table with columns: Parameter and Value. It currently shows 'No rows yet.'
- Alerts:** Shows 'No rows yet.'
- Conditions:** Includes a 'Search Criteria' field and an 'Execute Search' button. A table below has columns: Condition, Start, and Followup. A row is visible with values: DELINQUENT, 3/25/2009, 6/15/2009.

 COMMENT

You can cancel financed insurance on an existing account with the INSURANCE CANCELLATION transaction. When you post this transaction, Oracle FLEXCUBE Lending and Leasing computes the premium refund amount based on the refund method associated with the insurance item. If you enter a value for the PREMIUM AMOUNT parameter, Oracle FLEXCUBE Lending and Leasing overrides the calculated refund amount and adjusts the advance/principal balance and the loan receivables accordingly. The INSURANCE CANCELLATION transaction re-computes the repayment amount for the loan based on remaining balances. After posting the transaction, the loan will be billed for the newly computed payment amount according information on the Contract link's Contract page. The insurance cancellation information can be viewed on the Contract link's Insurances sub page.

To cancel a financed insurance

Transaction	Parameters
INSURANCE ADDITION	TXN DATE INSURANCE TYPE POLICY EFFECTIVE DATE INSURANCE REFUND AMOUNT INTEREST REFUND AMOUNT PAYMENT AMOUNT CANCELLATION REASON

You may rectify possible errors resulting from incorrect information entered on the INSURANCE ADDITION transaction (such as an incorrect premium account) with the monetary transaction INSURANCE MODIFICATION.

When you post the INSURANCE MODIFICATION transaction, Oracle FLEXCUBE Lending and Leasing re-computes the repayment amount using the new premium amount and adjusts the advance/principal balance on the loan and the loan receivables.

To modify financed insurance information

Transaction	Parameters
INSURANCE MODIFICATIONS	TXN DATE INSURANCE TYPE POLICY EFFECTIVE DATE PREMIUM AMOUNT

Payoff Quotes

A payoff quote is the amount still owed on the account or the amount needed to satisfy the loan. It can be generated anytime and may be requested during a call from a customer, dealer, or insurance agent. The payoff quote appears in the Results section of the Maintenance page.

Account Payoff

An account is automatically paid off or marked for payoff processing by Oracle FLEX-CUBE Lending and Leasing with a batch transaction when the account balance is \$0.00. You can also manually payoff an account with the Maintenance page. **Note:** You can also pay off an account using the Consumer Lending (Advance and Payment) form. (For more information, see the **Payment Processing** chapter.)

When you payoff an account, Oracle FLEXCUBE Lending and Leasing changes the account's status to PAID OFF. The date the account was paid off appears in the Activities section's Paid Off Dt field on the Account Details page.

Oracle FLEXCUBE Lending and Leasing also notes the amount of the principal that was waived when the account was paid off in the Waived column on the Account Balances page.

To pay off an account

Transaction

Parameters

PAID OFF

TXN DATE

If you reverse the payoff payment using the Customer Service form, then the pay-off is automatically reversed. Oracle FLEXCUBE Lending and Leasing changes the account's status from PAID OFF to ACTIVE when you refresh the account.

Account Charge Off

Charging off an account refers to when a lender decides to take a loss on an account, signaling that attempts to recover the loan have failed. In calculating a charge off, Oracle FLEXCUBE Lending and Leasing considers the total compensation amount (up front compensation plus remaining compensation amount).

When you charge off account, Oracle FLEXCUBE Lending and Leasing changes the status to CHARGED OFF. The balance on the account appears on the Customer Service form's Balance page when you choose Deficiency Balance in the Balance Group section.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. At the top, the user is identified as 'SUPERUSER' with various organizational details. The main area is divided into several sections:

- Quick Search:** Includes fields for Queue, Acc # (20090200023411), and or SSN.
- Account(s):** A table listing account details. The 'Status' column for the selected account is highlighted in red and shows 'CHARGED OFF'.
- Customer(s):** A table showing customer information for 'GOPI GOPINATH'.
- Account Balances:** A table with columns for Balance Type, Opening Balance, Posted, Ab, Bal, Pd, Waived, Charged Off, Adjusted(-), Adjusted(+), and Balance. The 'Charged Off' column is highlighted in red.
- Summary:** Shows 'Current Balance Total' as \$12,020.00 and 'Deficiency Balance Total' as \$0.00.
- Promotion and Credit Insurance:** Details for promotion (Type: NONE, Rate: 0) and credit insurance (Status, Sub Type).

The date of the charge off appears on the Account Details page in the Activity section's Chargeoff Dt field.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The top navigation bar includes the Oracle logo, 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division 001 Responsibility SUPERUSER'. There are also icons for 'Debug (Off)', 'Audit', and 'Close'.

The main content area is divided into several sections:

- Account(s):** A table with columns: Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. Two rows are shown. The first row has Status 'CHARGED OFF' and Oldest Due Dt '07/28/2009'. The second row has Status 'PENDING'.
- Customer(s):** A table with columns: Customer Id, Name, Type, and Language. Two rows are shown for STEVEN A. JONES and JENNIFER B. JONES.
- Account Details:**
 - Dues:** A table with columns: Due Date, Amt. Rows include Delq Due, LC Due, NSF Due, Other Due, and Total Due.
 - Delinquency Information:** A table with columns: Late, 30, 60, 90, 120, 150, 180. Values are all 0.
 - Today's PayOff:** \$0.00
 - Oldest Due Dt:** 07/28/2009
 - Activities:** A table with columns: Active Dt, Last Activity Dt, Due Day, Last Pmt Dt, Customer Grade, App #, PaidOff Dt, Producer, Effective Dt, Current Pmt, Last Bill Amt, Last Pmt Amt, Customer Score, Behavior Score, Military Duty, and ChargeOff Dt. The ChargeOff Dt is highlighted in red and shows '07/10/2009'.
 - PDC Details:** Fields for PDC Ind, PDC Security Ind, and PDC End Dt.
 - Promises:** A table with columns: Promise Amt, Promise Dt, Taken By, Taken Dt, Collected Amt, Broken, and Cancelled. It shows 'No rows yet.'

Note: Charging off is a process of writing off a loss on a line which is not repaid by the customer. It is different from the waive off process since a waive off is a concession offered to the customer on payment of some component, such as a late fee. The repayment of the original loan still continues in waive off process.

To charge off an account

Transaction	Parameters
CHARGED OFF	TXN DATE

Account Closure

Oracle FLEXCUBE Lending and Leasing automatically closes an account when its status changes to PAID or VOID. It is manually closed on charge off accounts. Accounts marked as CLOSED are not processed and after a period of time are purged from Oracle FLEXCUBE Lending and Leasing.

The screenshot shows the Oracle FLEXCUBE Lending and Leasing interface. The user is logged in as SUPERUSER. The main workspace is divided into several sections:

- Accounts:** A table listing accounts with columns for Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. One account is highlighted with a red box, showing a status of 'CLOSED:CHARGED OFF'.
- Customer(s):** A table listing customer details with columns for Select, Details, Customer Id, Name, Type, and Language.
- Maintenance:** A section for performing actions on accounts. It includes a table for selecting dates and transactions, and a parameter table for TXN DATE.

The 'Maintenance' section shows a table with the following data:

Select	Date	Monetary	Transaction	Status	Batch
<input checked="" type="checkbox"/>	07/21/2009	<input checked="" type="checkbox"/>	ACCOUNT CLOSE	POSTED	<input type="checkbox"/>
<input type="checkbox"/>	07/21/2009	<input checked="" type="checkbox"/>	ACCOUNT CLOSE	ERROR	<input type="checkbox"/>

Below the table, there is a parameter table:

Parameter	Value	Required
TXN DATE	7/21/2009	<input checked="" type="checkbox"/>

The 'Results' section at the bottom shows: ***** TRANSACTION POSTING SUCCESSFUL *****

Note: The ACCOUNT CLOSE transaction can not be processed on accounts with an ACTIVE status. Accounts with a status of CHARGE OFF can be closed.

Advance (Principal) Balance

The advance (or principal) balance is posted automatically when you fund the contract on the Funding window. You are not allowed to post the advance with the Customer Service window. However, you can waive, charge off or adjust the advance or principal.

The adjustments will appear in the corresponding column of the Customer Service window's Account Balances page for the ADVANCE / PRINCIPAL Balance Type-- Waived,

Charged Off, Adjusted (-), or Adjusted (+) -- depending on which of the following the transactions you perform.

The screenshot displays the Oracle Flexcube Lending and Leasing interface. The top navigation bar includes the Oracle logo, the product name 'FLEXCUBE Lending and Leasing', and user information: 'User Id SSC Organization XXX Division C-01 Responsibility SUPERUSER'. There are also icons for 'Debug (Off)', 'Audit', and 'Close'.

The interface is divided into several sections:

- Quick Search:** Includes a 'Queue' dropdown, 'Auto Run' checkbox, 'Acc #' field (20090200023411), and 'or SSN' field.
- Account(s):** Features radio buttons for 'Current', 'Show All', and 'Group Follow-up'. Below is a table with columns: 'Select', 'Company', 'Branch', 'Account #', 'Product', 'Currency', 'Payoff Amt', 'Amount Due', 'Status', and 'Oldest Due Dt'. A row is selected with values: XYZ, HQ, 20090200023411, LINE HE, USD, \$12,020.00, \$4,000.00, ACTIVE:DELQ, 3/8/2009.
- Customer(s):** Includes a 'Show' button and a table with columns: 'Details', 'Customer Id', 'Name', 'Type', and 'Language'. A row shows: Show, 24206, G O P I G O P I N A T H, PRIMARY, ENGLISH.
- Account Balances:** Contains a 'Balance Group' section with radio buttons for 'Current', 'Deficiency', 'Non-Performing', and 'Terminate'. It also has a 'Txn Period' section with radio buttons for 'ITD/ICTD' and 'YTD'. Below is a search criteria box and a table with columns: 'Balance Type', 'Opening Balance', 'Posted', 'Ab', 'Bal', 'Pd', 'Waived', 'Charged Off', 'Adjusted(-)', 'Adjusted(+)', and 'Balance'. The 'ADVANCE / PRINCIPAL' row is highlighted in red.
- Promotion Details:** A table with columns: 'Promotion Type', 'Rate', 'Term', 'Start Dt', and 'End Dt'. Values include: NONE, NONE, 0, 2/28/2009, 12/31/4000.
- Credit Insurance:** A table with columns: 'Insurance Status' and 'Sub Type'.
- Alerts:** A section titled 'CHECK LOCATION OF COLLATERAL'.
- Conditions:** A section with 'Search Criteria' and 'Execute Search' buttons, and a table with columns: 'Condition', 'Start', and 'Followup'. A row shows: DELINQUENT, 3/19/2009, 6/19/2009.
- Right Sidebar:** Contains buttons for 'Add Call Activities', 'Add Comments', and 'Date Converter'.

Interest

The interest is accrued or posted automatically when you post the payment on the Advance window's Advance Entry link. You cannot post the interest in the Customer Service window; however, you can adjust or waive interest.

The adjustments will appear in the corresponding column of the Customer Service form's Account Balances page for the INTEREST Balance Type-- Waived, Adjusted (-), or Adjusted (+) -- depending on which of the following the transactions you perform.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The main window displays the 'Account Balances' section for a customer account. The account details include: Company: XYZ, Branch: HQ, Account #: 20090200023411, Product: LINE HE, Currency: USD, Payoff Amt: \$12,020.00, Amount Due: \$4,000.00, Status: ACTIVE:DELQ, and Oldest Due Dt: 3/8/2009. The customer is identified as G O P I G O P I N A T H (G O P I G O P I N A T H), PRIMARY, ENGLISH.

The 'Account Balances' table shows the following data:

Active Military Duty

The Servicemembers Civil Relief Act of 2003 (SCRA), formerly known as the Soldiers and Sailors Civil Relief Act of 1940 (SSCRA), is a federal law that gives military members some important rights as they enter active duty military service. The law is designed for active duty military personnel and reservists (and their spouse -- if applicable for joint credit accounts) to receive, as a result of military service economic hardship(s), an interest rate reduction (currently at 6.000%) for certain consumer and mortgage-related debt that was incurred prior to entering military service, for the period of time that the servicemember is on active duty. Under the law, the term's interest includes service charges, renewal charges, fees, or any other charges (except bona fide insurance) with respect to an obliga-

tion or liability. The law also provides protection against certain legal actions during the term of active duty military service. The SCRA function is currently available in Oracle FLEXCUBE Lending and Leasing for simple interest line of credit accounts.

Any account that has been identified under SCRA requirements as eligible for the allowable benefits of active military duty for its primary borrower/spouse will have a new interest rate calculation based upon the 6.000% limit set by the SCRA. However, this change is subject to exception in case of accounts that already have an interest rate less than 6.000%. In such cases, the original interest rate that is less than 6.000% will continue.

To indicate that a borrower is on active military duty

Transaction	Parameters
BORROWER ON MILITARY DUTY	TXN DATE BORROWERS RELATION WITH ACCOUNT ACTIVE DUTY ORDER REFERENCE

After you post this transaction, the Military Duty box (Account Details page Activities section) and Active Military Duty box (Customer Details page Military Service section) are selected. Oracle FLEXCUBE Lending and Leasing changes the condition of the account to ON ACTIVE DUTY. Details of the transaction appear in the Military Services section on the Customer Details page.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. The top navigation bar includes 'User Id', 'SSC', 'Organization', 'XXX', 'Division', 'C-01', 'Responsibility', and 'SUPERUSER'. The main content area is divided into several sections:

Line of Credit Nonmonetary Transactions

This section catalogues the transaction codes and parameters required to complete the following nonmonetary tasks for lines of credit:

- Update a customer’s name
- Maintain customer details
- Mark a customer as a skipped debtor
- Change a customer’s Privacy Opt-Out indicator
- Stop correspondence
- Modify financed insurance information
- ACH Maintenance
- Reprint a statement (batch only)
- Add or stop servicing of accounts with post dated checks as a repayment method
- Stop an ACH for an account
- Add ACH bank

Customer Name Maintenance

You can update and change a customer’s name.

To update a customer’s name

Transaction	Parameters
CUSTOMER NAME MAINTENANCE	TXN DATE RELATION TYPE CODE CUSTOMER FIRST NAME CUSTOMER MIDDLE NAME CUSTOMER LAST NAME CUSTOMER GENERATION CODE

The new details appear throughout the Oracle FLEXCUBE Lending and Leasing system; for example, in the Customer Service window’s Customer(s) section and Customer Details page’s Customer section.

The screenshot displays the Oracle FLEXCUBE Lending and Leasing interface. The main content area is divided into several sections:

- Account(s):** A table with columns: Select, Company, Branch, Account #, Product, Currency, Payoff Amt, Amount Due, Status, and Oldest Due Dt. A row is selected for XYZ HQ 20090200023411 LINE HE USD \$12,020.00 \$4,000.00 ACTIVE:DELQ 3/8/2009.
- Customer(s):** A table with columns: Select, Details, Customer Id, Name, Type, and Language. A row is selected for Show 24206 with Name \$GPI, Type PRIMARY, and Language ENGLISH.
- Customer Details:** A form showing details for Customer # 24206. The Name field is highlighted with a red box and contains the value \$GPI. Other fields include Birth Dt (12/1/1980), Marital Status (SINGLE), Language (ENGLISH), and Relation Class (PRIMARY).

Customer Details Maintenance

You can update and change the following details regarding a customer: social security number, marital status, disability indicator, driving license number, number of dependents, and email address.

COMMENT

ACH Maintenance

The ACH maintenance transaction is for updating the existing ACH Banks details and not to define a new Ach Bank. The transaction is effective provided the ACH account no, ACH routing no, account type are matching with the existing Ach Banks details. On successful posting, the confirmation number will be generated.

To update the existing ACH bank details

Transaction

ACH MAINTENANCE

Parameters

ACH ACCOUNT NUMBER
 ACH ACCOUNT TYPE CODE
 ACH PAYMENT FREQUENCY CODE
 ACH STATUS CODE
 ACH BANK NAME
 ACH BANK ROUTING NUMBER
 ACH DEFAULT INDICATOR
 ACH END DATE
 ACH PAYMENT AMOUNT
 ACH PAYMENT AMOUNT EXCESS
 ACH PAYMENT DAY
 ACH START DATE
 TXN DATE

This information appears in the ACH section of the Account Details page.

The screenshot shows the Oracle Flexcube Lending and Leasing interface. The user is logged in as SUPERUSER. The main content area displays account details for a customer named WILLIAM SUSAN SR. The ACH section is highlighted with a red box and contains the following table:

Bank	Account Type	ACH Account #	Debit Day	Start Dt	Routing #	Debit Amt	Debit Freq
STATE BANK OF INDIA	CHECKING	<input checked="" type="checkbox"/>	12	1/20/2003	44423	Rs.64,301.00	MONTHLY

Stop an ACH

To stop an ACH for an account

Transaction	Parameters
STOP ACH MAINTENANCE	TXN DATE

Oracle FLEXCUBE Lending and Leasing clears the information on the ACH section of the Account Details page.

Statement Reprinting (batch only)

You can reprint a statement of account activity by defining the starting and closing dates included within the statement.

To reprint a statement

Transaction	Parameters
STATEMENT REPRINT MAINTENANCE	TXN DATE STATEMENT CLOSING DATE

Add ACH Bank

You can add a new ach bank . This enables the customer to make a single payment from more than one bank or monthly payments from different banks. On succesful posting, the confirmation number will be generated.

The STOP POST DATED CHEQUE MAINTENANCE transaction stops processing the payments on an account using Post dated checks. Once this transaction is posted, the status of all the PDCs attached to a loan account changes to VOID, indicating that the PDCs are of no use.

To stop post dated checks as a method of repayment

Transaction	Parameters
STOP POST DATED CHEQUE MAINTENANCE	TXN DATE

APPENDIX D : PAYMENT AMOUNT CONVERSIONS

The following table contains the calculations Oracle FLEXCUBE Lending and Leasing uses to convert the different payment frequencies (weekly, biweekly, semimonthly, and so on) to standard monthly values for installment accounts.

Payment Frequency:	Scheduled Monthly Income Amount:
D = Deferred	Zero fill
P = Single payment loan	Zero fill
W = Weekly (due every week)	Multiple by 4.33
B = Biweekly (due every two weeks)	Multiple by 2.16
E = Semimonthly (due twice a month)	Multiple by 2
M = Monthly (due every month)	As given
L = Bimonthly (due every two months)	Divide by 2
Q = Quarterly (due every three months)	Divide by 3
T = Triannually (due every four months)	Divide by 4
S = Semiannually (due twice a year)	Divide by 6
Y = Annually (due every year)	Divide by 12

APPENDIX E : ORACLE FLEXCUBE LENDING AND LEASING SUITE REPORTS

The Reports master tab in Oracle FLEXCUBE Lending and Leasing allow you to select a report in the Reports section, then the values you want to use to generate the report in the Report Parameters section and generate a report using that information.
