34. Transaction Password Behavior

Transaction password is added security measure in mobile banking required for safer execution of any transaction. When transaction password is configured for any transaction, then while accessing that transaction, after selecting Confirm option on the verification screen, the system asks for transaction password.

Following two kind of the transaction password can be configured for Mobile Banking as per requirement:

- Random Transaction Password
- Transaction password

To perform the transaction for which transaction password is configured

1. Log on to the J2ME based Mobile Banking application.
2. Access any transaction for which transaction password is configured. (Below shown is for Pay Bills transaction).
3. Select **Pay Bill** from the menu using up/down arrow key and Select key.
4. Select the **Submit** option. The system displays **Pay Bills** screen.

5. Click the Submit from the options. The displays the set reminder in next screen as shown below.

Reminder

6. Select Exit option to exit.
7. Select Back to navigate to the previous screen.
8. Select View to view that particular selected reminder. The system displays below Display screen.
9. Select Modify/Delete options in order to modify or delete that selected reminder respectively.

Reminder Display

The screenshot shows a mobile application interface for Oracle FLEXCUBE Direct Banking. At the top, there is a status bar with signal, battery, and time indicators. Below it is a header bar with the text "Oracle FLEXCUBE Direct Banking". A "Display" button is located in the top right corner of the main content area. The main content area displays the following information:

- Subject :** Draft Reminder
- Description :** Reminder set for demand draft
- Frequency :** Daily
- End Date :** 30-04-2012 00:00:00

At the bottom of the screen, there is a navigation bar with two buttons: "Options" on the left and "Home" on the right.

36.1. Registration

Here, business user can register reminders. Below shown is the initial screen for Reminder.

Reminder

The screenshot shows a mobile application interface for Oracle FLEXCUBE Direct Banking. At the top, there is a status bar with signal, battery, and time indicators. Below it is a header bar with the text "Oracle FLEXCUBE Direct Banking". The main content area is titled "Display" and contains a "View*" section with three radio button options: "Today" (selected), "Week", and "Month". Below the "View*" section is a "Submit" button and a "Register" button. At the bottom of the screen, there are two buttons: "Select" on the left and "Close" on the right.

1. Select the Register option from the options, in order to register for reminders.
2. Click the Select option. The system displays **Register Reminder** screen.

4. Select OK from the options as shown in screen2 above. The system displays initial screen for Reminders.

37. Offers

Location Based Offers:

You can access Offers from the Offers menu in the menu list.

Business user will be able to receive the offers from the bank based on their physical location. Business user while on move will be able to get the offers available in the specific geo location.

The system will be able to identify the user's geo location using the GPS option available in the user's mobile phone. Location will be maintained in terms of latitude and longitude. Based on the location identified, the offers available in the area will be identified and displayed to the user.

The offers received can have hyperlinks to display more data. On clicking on an offer that has more details, a separate screen external to the user's login window / application will be opened to display the details.

You can also view Personalized Offers under this menu.

38. Live Help/Call

Using this option, you can request for a call by the Oracle ATG agents for online assistance.

This feature provides the options to the business users for interactions with bank officials / call centre executives.

1. Below is shown for Pay Bills transaction. This option will be available for various transactions.
