### 3. Source-Beneficiary Account Linkage

Using the **Source Beneficiary Account Linkage** option you as a bank administrator can link the beneficiary account to the source account. Once this linkage is done, the corporate user will be able to debit the source account only to credit the specified beneficiary account. These linkages will be applicable for fixed domestic transfer function in the Corporate side. Fixed Domestic transfer is a variation of normal domestic transfers to achieve the fund flow from specific account to specific beneficiary account as per the linkages.

**To link the beneficiary account to the source account.**

1. Navigate through **Beneficiary Maintenance > Source-Beneficiary Account Linkage**.  
The following page is displayed.
