ORACLE®

4. Financing Schedule

Customers may have financing accounts pertaining to different products, amounts and variants. This option allows you to view individual loan parameters.

This is similar to the amortization schedule prepared for every loan. Every equated monthly installment consists of two components:

- Principal
- Interest

The schedule shows how every installment is part profit and part principal.

To view financing schedule

1. Navigate through the menus to **Islamic Finance > Financing Details**. The system displays the **Financing Details** screen.

ORACLE®

Financing Details

2. Click the **Financing Schedule** hyperlink on the pop up of a particular loan account. The system displays the **Financing Schedule** screen with details.

OR

3. Navigate through the menus to **Loans > Islamic Finance > Financing Schedule**. The system displays the **Financing Schedule** screen.

6. Financing Settlement

This option allows you to pay off outstanding balance in your financing account. You can transfer funds from another account to pay off the balance amount.

You can settle the finance by repaying the amount from the account and thus the settlement will be done. This settlement could be the settlement of complete amount or the partial amount as per the amount of repayment done.

To do financing settlement

1. Navigate through the menus to **Islamic Finance > Financing Details**. The system displays the **Financing Details** screen.
