## 2. Private Wealth Management

Using this transaction, the business users can view and manage their investment portfolio that is available with the Oracle FLEXCUBE Private Wealth Management application, using single sign-on with the Oracle FLEXCUBE Direct Banking application. This facility is available only for Retail users.

### To access Private Wealth Management option

1. Navigate through the menus to **Wealth Management > View Wealth Management** . The system uses your Oracle FLEXCUBE Direct Banking single signon to log in into the Private Banking application and it displays the **Oracle FLEXCUBE Private Banking** screen as shown below.
2. The system uses your Oracle FLEXCUBE Direct Banking Single Sign ON (User Credentials), to login into Private Banking application.
3. After the SSO Login to Private Banking, both of these applications will function independently. If you log off from Private Banking application, it will not affect your Oracle FLEXCUBE Direct Banking session.

Note: If Wealth Management Customer Id is mapped to your user which is Wealth Management enabled, and wealth management transaction is available to you, then only you will be able to access Wealth Management application.
