July 2014

Copyright ©2013, 2014 Oracle and/or its affiliates. All rights reserved.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information on content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

Introduction

This release notice lists the Resolved and Known PRs for Policy Management Release 8.0.6.

Release Notices are distributed to customers with a new software release at the time of Product Availability. They are updated for each Maintenance Release.

Load Lineup

This version of Policy Management 8.0.6_8.1.0 includes:

Application Lineup

- CMP
- MPE

Platform Lineup

- TPD 5.1.1_73.5.4
- Comcol 6.0p226.8926

PR Severity Definitions

The PR sections in this document refer to PR severity levels. Definitions of these levels can be found in the following publication:

TL 9000 Quality Management System Measurement Handbook

Resolved PRs

Table RN-1. NOTE: Table RN-1 Policy Management 8.0.6 Resolved PRs

PR #	CSR#	Severity	Title
239792	1037182	Major	Incorrect rulebase allocation based on LDAP response

Customer Known PRs

Table RN-2. Policy Management 8.0.6 Customer Known PRs

PR #	CSR#	Severity	Title	Customer Impact
225816	N/A	Minor	If all of the servers in the cluster are in forced standby The server can sync files from the wrong cluster	The server can sync files from the wrong cluster. This can leave logging or policies running with uninitialized values.
230251	N/A	Minor	When SNMPv3 Username is up to 32 characters, snmpwalk on manager get failure.	Customers using full-length usernames with SNMPv3 may encounter failures when trying to use snmpwalk.
231253	101364	Minor	CMP and MPE failover after adding secondary site MRA	No Customer impact as standby blade becomes active
231296	N/A	Minor	[Pooled Quota] MPE sends Out-of-Sync PURs for Pooled Quota	No customer impact, as MPE corrects itself
231349	N/A	Minor	[Pooled Quota] Gy CCA Granted-Service-Unit/CC-Total-Octets does not Correlate to the Subscriber's Pooled Quota Grant	If using Gy, the CCA-I may report an incorrect CC-Total-Octets
231524	N/A	Minor	Cluster Sync Error in platcfg :Failed to sync ./etc/camiant/firewall-settings.properties with XXX"	No Customer impact, as this happens when firewall is turned off
231529	N/A	Minor	[alarm] description of alarm under aggregated results does not match same alarm in individual entries	No Customer impact

Oracle Tekelec References and Services

Customer Care Center

The Oracle Tekelec Customer Care Center is your initial point of contact for all product support needs. A representative takes your call or email, creates a Customer Service Request (CSR) and directs your requests to the Tekelec Technical Assistance Center (TAC). Each CSR includes an individual tracking number. Together with TAC Engineers, the representative will help you resolve your request.

The Customer Care Center is available 24 hours a day, 7 days a week, 365 days a year, and is linked to TAC Engineers around the globe.

Oracle Tekelec TAC Engineers are available to provide solutions to your technical questions and issues 7 days a week, 24 hours a day. After a CSR is issued, the TAC Engineer determines the classification of the trouble. If a critical problem exists, emergency procedures are initiated. If the problem is not critical, normal support procedures apply. A primary Technical Engineer is assigned to work on the CSR and provide a solution to the problem. The CSR is closed when the problem is resolved.

Technical Assistance Centers are located around the globe in the following locations:

Tekelec - Global

Email (All Regions): support@tekelec.com

USA and Canada

Phone:

1-888-FOR-TKLC or 1-888-367-8552 (toll-free, within continental USA and Canada)

1-919-460-2150 (outside continental USA and Canada)

TAC Regional Support Office Hours:

8:00 a.m. through 5:00 p.m. (GMT minus 5 hours), Monday through Friday, excluding holidays

Emergency Response

In the event of a critical service situation, emergency response is offered by the Oracle Tekelec Customer Care Center 24 hours a day, 7 days a week. The emergency response provides immediate coverage, automatic escalation, and other features to ensure that the critical situation is resolved as rapidly as possible.

A critical situation is defined as a problem with the installed equipment that severely affects service, traffic, or maintenance capabilities, and requires immediate corrective action. Critical situations affect service and/or system operation resulting in one or several of these situations:

- **A total system failure that results in loss of all transaction processing capability**
- **Significant reduction in system capacity or traffic handling capability**
- **Loss of the system's ability to perform automatic system reconfiguration**
- **Inability to restart a processor or the system**
- **Corruption of system databases that requires service affecting corrective actions**
- **Loss of access for maintenance or recovery operations**
- **Loss of the system ability to provide any required critical or major trouble notification**

Any other problem severely affecting service, capacity/traffic, billing, and maintenance capabilities may be defined as critical by prior discussion and agreement with the Customer Care Center.

Customer Training

Tekelec offers a variety of technical training courses designed to provide the knowledge and experience required to properly provision, administer, operate, and maintain Tekelec products. To enroll in any of the courses or for schedule information, contact the Tekelec Training Center at (919) 460-3064 or E-mail training@tekelec.com.

A complete list and schedule of open enrollment can be found at www.tekelec.com.
