Eclipse Foundation	Infocenter-3.4.2	<p>Eclipse Public License - v 1.0  THE ACCOMPANYING PROGRAM IS PROVIDED UNDER THE TERMS OF THIS ECLIPSE PUBLIC LICENSE ("AGREEMENT"). ANY USE, REPRODUCTION OR DISTRIBUTION OF THE PROGRAM CONSTITUTES RECIPIENT'S ACCEPTANCE OF THIS AGREEMENT.</p> <p>1. DEFINITIONS</p> <p>"Contribution" means:</p> <ul style="list-style-type: none"> <li>a) in the case of the initial Contributor, the initial code and documentation distributed under this Agreement, and</li> <li>b) in the case of each subsequent Contributor: <ul style="list-style-type: none"> <li>i) changes to the Program, and</li> <li>ii) additions to the Program; where such changes and/or additions to the Program originate from and are distributed by that particular Contributor. A Contribution 'originates' from a Contributor if it was added to the Program by such Contributor itself or anyone acting on such Contributor's behalf. Contributions do not include additions to the Program which: (i) are separate modules of software distributed in conjunction with the Program under their own license agreement, and (ii) are not derivative works of the Program.</li> </ul> </li> </ul> <p>"Contributor" means any person or entity that distributes the Program.</p> <p>"Licensed Patents" mean patent claims licensable by a Contributor which are necessarily infringed by the use or sale of its Contribution alone or when combined with the Program.</p> <p>"Program" means the Contributions distributed in accordance with this Agreement.</p> <p>"Recipient" means anyone who receives the Program under this Agreement, including all Contributors.</p> <p>2. GRANT OF RIGHTS</p> <ul style="list-style-type: none"> <li>a) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, distribute and sublicense the Contribution of such Contributor, if any, and such derivative works, in source code and object code form.</li> <li>b) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free patent license under Licensed Patents to make, use, sell, offer to sell, import and otherwise transfer the Contribution of such Contributor, if any, in source code and object code form. This patent license shall apply to the combination of the Contribution and the Program if, at the time the Contribution is added by the Contributor, such addition of the Contribution</li> </ul>

		<p>causes such combination to be covered by the Licensed Patents. The patent license shall not apply to any other combinations which include the Contribution. No hardware per se is licensed hereunder.</p> <p>c) Recipient understands that although each Contributor grants the licenses to its Contributions set forth herein, no assurances are provided by any Contributor that the Program does not infringe the patent or other intellectual property rights of any other entity. Each Contributor disclaims any liability to Recipient for claims brought by any other entity based on infringement of intellectual property rights or otherwise. As a condition to exercising the rights and licenses granted hereunder, each Recipient hereby assumes sole responsibility to secure any other intellectual property rights needed, if any. For example, if a third party patent license is required to allow Recipient to distribute the Program, it is Recipient's responsibility to acquire that license before distributing the Program.</p> <p>d) Each Contributor represents that to its knowledge it has sufficient copyright rights in its Contribution, if any, to grant the copyright license set forth in this Agreement.</p> <p><b>3. REQUIREMENTS</b></p> <p>A Contributor may choose to distribute the Program in object code form under its own license agreement, provided that:</p> <ul style="list-style-type: none"> <li>a) it complies with the terms and conditions of this Agreement;</li> </ul> <p>and</p> <ul style="list-style-type: none"> <li>b) its license agreement: <ul style="list-style-type: none"> <li>i) effectively disclaims on behalf of all Contributors all warranties and conditions, express and implied, including warranties or conditions of title and non-infringement, and implied warranties or conditions of merchantability and fitness for a particular purpose;</li> <li>ii) effectively excludes on behalf of all Contributors all liability for damages, including direct, indirect, special, incidental and consequential damages, such as lost profits;</li> <li>iii) states that any provisions which differ from this Agreement are offered by that Contributor alone and not by any other party; and</li> <li>iv) states that source code for the Program is available from such Contributor, and informs licensees how to obtain it in a reasonable manner on or through a medium customarily used for software exchange. When the Program is made available in source code form: <ul style="list-style-type: none"> <li>a) it must be made available under this Agreement; and</li> <li>b) a copy of this Agreement must be included with each copy of the Program.</li> </ul> </li> </ul> </li> </ul> <p>Contributors may not remove or alter any copyright</p>

		<p>notices contained within the Program.  Each Contributor must identify itself as the originator of its Contribution, if any, in a manner that reasonably allows subsequent Recipients to identify the originator of the Contribution.</p> <p><b>4. COMMERCIAL DISTRIBUTION</b></p> <p>Commercial distributors of software may accept certain responsibilities with respect to end users, business partners and the like. While this license is intended to facilitate the commercial use of the Program, the Contributor who includes the Program in a commercial product offering should do so in a manner which does not create potential liability for other Contributors. Therefore, if a Contributor includes the Program in a commercial product offering, such Contributor ("Commercial Contributor") hereby agrees to defend and indemnify every other Contributor ("Indemnified Contributor") against any losses, damages and costs (collectively "Losses") arising from claims, lawsuits and other legal actions brought by a third party against the Indemnified Contributor to the extent caused by the acts or omissions of such Commercial Contributor in connection with its distribution of the Program in a commercial product offering. The obligations in this section do not apply to any claims or Losses relating to any actual or alleged intellectual property infringement. In order to qualify, an Indemnified Contributor must: a) promptly notify the Commercial Contributor in writing of such claim, and b) allow the Commercial Contributor to control, and cooperate with the Commercial Contributor in, the defense and any related settlement negotiations. The Indemnified Contributor may participate in any such claim at its own expense.</p> <p>For example, a Contributor might include the Program in a commercial product offering, Product X. That Contributor is then a Commercial Contributor. If that Commercial Contributor then makes performance claims, or offers warranties related to Product X, those performance claims and warranties are such Commercial Contributor's responsibility alone. Under this section, the Commercial Contributor would have to defend claims against the other Contributors related to those performance claims and warranties, and if a court requires any other Contributor to pay any damages as a result, the Commercial Contributor must pay those damages.</p> <p><b>5. NO WARRANTY</b></p> <p>EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PROGRAM IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, EITHER EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A</p>

Each Recipient is solely responsible for determining the appropriateness of using and distributing the Program and assumes all risks associated with its exercise of rights under this Agreement , including but not limited to the risks and costs of program errors, compliance with applicable laws, damage to or loss of data, programs or equipment, and unavailability or interruption of operations.</p> <p>6. DISCLAIMER OF LIABILITY EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER RECIPIENT NOR ANY CONTRIBUTORS SHALL HAVE ANY LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OR DISTRIBUTION OF THE PROGRAM OR THE EXERCISE OF ANY RIGHTS GRANTED HEREUNDER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.</p> <p>7. GENERAL If any provision of this Agreement is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this Agreement, and without further action by the parties hereto, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable. If Recipient institutes patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Program itself (excluding combinations of the Program with other software or hardware) infringes such Recipient's patent(s), then such Recipient's rights granted under Section 2(b) shall terminate as of the date such litigation is filed. All Recipient's rights under this Agreement shall terminate if it fails to comply with any of the material terms or conditions of this Agreement and does not cure such failure in a reasonable period of time after becoming aware of such noncompliance. If all Recipient's rights under this Agreement terminate, Recipient agrees to cease use and distribution of the Program as soon as reasonably practicable. However, Recipient's obligations under this Agreement and any licenses granted by Recipient relating to the Program shall continue and survive. Everyone is permitted to copy and distribute copies of this Agreement, but in order to avoid inconsistency the Agreement is copyrighted and may only be modified in the following manner. The Eclipse Foundation may assign the responsibility to serve as the Agreement Steward to a suitable separate entity. Each new version of the Agreement will be given a distinguishing version number. The Program (including Contributions) may always be distributed subject to the version of the Agreement under which it was received. In addition, after a new version of the Agreement is published, Contributor may elect to distribute the Program (including its Contributions) under the new version. Except as expressly stated in Sections 2(a) and 2(b) above, Recipient receives no rights or licenses to the intellectual property of any Contributor under this Agreement, whether expressly, by implication, estoppel or otherwise. All rights in the Program not expressly granted under this Agreement are reserved. This Agreement is governed by the laws of the State of New York and the intellectual property laws of the United States of America. No party to this Agreement will bring a legal action under this Agreement more than one year after the cause of action arose. ## APPENDIX G – Apache License, version 1.1 (APACHE 1.1)

The 1.1 version of the Apache License was approved by the ASF in 2000. The primary change from the 1.0 license is in the 'advertising clause' (section 3 of the 1.0 license); derived products are no longer required to include attribution in their advertising materials, only in their documentation.

Individual packages licensed under the 1.1 version may have used different wording due to varying requirements for attribution or mark identification, but the binding terms were all the same.

<http://www.apache.org/licenses/LICENSE-1.1>

## APPENDIX H – Apache License, version 2.0 (APACHE 2.0)

The 2.0 version of the Apache License was approved by the ASF in 2004. The goals of this license revision have been to reduce the number of frequently asked questions, to allow the license to be reusable without modification by any project (including non-ASF projects), to allow the license to be included by reference instead of listed in every file, to clarify the license on submission of contributions, to require a patent license on contributions that necessarily infringe the contributor's own patents, and to move comments regarding Apache and other inherited attribution notices to a location outside the license terms (the NOTICE file).

The result is a license that is supposed to be compatible with other open source licenses, while remaining true to the original goals of the Apache Group and supportive of collaborative development across both nonprofit and commercial organizations. The Apache Software Foundation is still trying to determine if this version of the Apache License is compatible with the GPL.

All packages produced by the ASF are implicitly licensed under the Apache License, Version 2.0, unless otherwise explicitly stated. More developer documentation on how to apply the Apache License to your work can be found in \* Applying the Apache License, Version 2.0 \*.

## APPENDIX I – MIT License

The MIT License (also known as the X11 license or MIT X license) is a software license that was originally developed at the Massachusetts Institute of Technology.

## APPENDIX J – EPL License, version 1.0 (EPL 1.0)

The Eclipse Public License (EPL) is used by the Eclipse Foundation for its software. It replaces the Common Public License (CPL)

## APPENDIX K – DOC License

[ACE](#)<sup>(TM)</sup>, [TAO](#)<sup>(TM)</sup>, [CIAO](#)<sup>(TM)</sup>, [DAnCE](#)<sup>(TM)</sup>, and [CoSMIC](#)<sup>(TM)</sup> (henceforth referred to as "DOC software") are copyrighted by [Douglas C. Schmidt](#) and his [research group](#) at [Washington University](#), [University of California, Irvine](#), and [Vanderbilt University](#). Copyright (c) 1993-2009, all rights reserved. Since DOC software is open-source, freely available software, you are free to use, modify, copy, and distribute--perpetually and irrevocably--the DOC software source code and object code produced from the source, as well as copy and distribute modified versions of this software. You must, however, include this copyright statement along with any code built using DOC software that you release. No copyright statement needs to be provided if you just ship binary executables of your software products.

You can use DOC software in commercial and/or binary software releases and are under no obligation to redistribute any of your source code that is built using DOC software. Note, however, that you may not misappropriate the DOC software code, such as copyrighting it yourself or claiming authorship of the DOC software code, in a way that will prevent DOC software from being distributed freely using an open-source development model. You needn't inform anyone that you're using DOC software in your software, though we encourage you to let [us](#) know so we can promote your project in the [DOC software success stories](#).

The [ACE](#), [TAO](#), [CIAO](#), [DAnCE](#), and [CoSMIC](#) web sites are maintained by the [DOC Group](#) at the [Institute for Software Integrated Systems](#) (ISIS) and the [Center for Distributed Object Computing](#) of Washington University, St. Louis for the development of open-

source software as part of the open-source software community. Submissions are provided by the submitter "as is" with no warranties whatsoever, including any warranty of merchantability, noninfringement of third party intellectual property, or fitness for any particular purpose. In no event shall the submitter be liable for any direct, indirect, special, exemplary, punitive, or consequential damages, including without limitation, lost profits, even if advised of the possibility of such damages. Likewise, DOC software is provided as is with no warranties of any kind, including the warranties of design, merchantability, and fitness for a particular purpose, noninfringement, or arising from a course of dealing, usage or trade practice. Washington University, UC Irvine, Vanderbilt University, their employees, and students shall have no liability with respect to the infringement of copyrights, trade secrets or any patents by DOC software or any part thereof. Moreover, in no event will Washington University, UC Irvine, or Vanderbilt University, their employees, or students be liable for any lost revenue or profits or other special, indirect and consequential damages. DOC software is provided with no support and without any obligation on the part of Washington University, UC Irvine, Vanderbilt University, their employees, or students to assist in its use, correction, modification, or enhancement. A [number of companies](#) around the world provide commercial support for DOC software, however. DOC software is Y2K-compliant, as long as the underlying OS platform is Y2K-compliant. Likewise, DOC software is compliant with the new US daylight savings rule passed by Congress as "The Energy Policy Act of 2005," which established new daylight savings times (DST) rules for the United States that expand DST as of March 2007. Since DOC software obtains time/date and calendaring information from operating systems users will not be affected by the new DST rules as long as they upgrade their operating systems accordingly. The names ACE<sup>(TM)</sup>, TAO<sup>(TM)</sup>, CIAO<sup>(TM)</sup>, DAnCE<sup>(TM)</sup>, CoSMIC<sup>(TM)</sup>, Washington University, UC Irvine, and Vanderbilt University, may not be used to endorse or promote products or services derived from this source without express written permission from Washington University, UC Irvine, or Vanderbilt University. This license grants no permission to call products or services derived from this source ACE<sup>(TM)</sup>, TAO<sup>(TM)</sup>, CIAO<sup>(TM)</sup>, DAnCE<sup>(TM)</sup>, or CoSMIC<sup>(TM)</sup>, nor does it grant permission for the name Washington University, UC Irvine, or Vanderbilt University to appear in their names. If you have any suggestions, additions, comments, or questions, please let [me](#) know. [Douglas C. Schmidt](mailto:Douglas.C.Schmidt)

YOU ACKNOWLEDGE THAT ADOBE MAKES NO EXPRESS, IMPLIED, OR STATUTORY WARRANTY OF ANY KIND WITH RESPECT TO THE SDK INCLUDING ANY WARRANTY WITH REGARD TO PERFORMANCE, MERCHANTABILITY, SATISFACTORY QUALITY, NONINFRINGEMENT OR FITNESS FOR ANY PARTICULAR PURPOSE. YOU BEAR THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE SDK AND YOUR USE OF AND OUTPUT FROM THE SDK. Adobe is not obligated to provide maintenance, technical support or updates to you for any portion of the SDK. The foregoing limitations, exclusions and limitations shall apply to the maximum extent permitted by applicable law, even if any remedy fails its essential purpose.

**1.2 LIMITATION OF LIABILITY.** IN NO EVENT WILL ADOBE OR ITS SUPPLIERS BE LIABLE TO YOU FOR ANY LOSSES, DAMAGES, CLAIMS OR COSTS WHATSOEVER INCLUDING ANY CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, ANY LOST PROFITS OR LOST SAVINGS, ANY DAMAGES RESULTING FROM BUSINESS INTERRUPTION, PERSONAL INJURY OR FAILURE TO MEET ANY DUTY OF CARE, OR CLAIMS BY A THIRD PARTY EVEN IF AN ADOBE REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES, DAMAGES, CLAIMS OR COSTS. THE FOREGOING LIMITATIONS AND EXCLUSIONS APPLY TO THE EXTENT PERMITTED BY APPLICABLE LAW IN YOUR JURISDICTION. ADOBE'S AGGREGATE LIABILITY AND THAT OF ITS SUPPLIERS UNDER OR IN CONNECTION WITH THIS AGREEMENT SHALL BE LIMITED TO THE AMOUNT PAID FOR THE SDK, IF ANY. THIS LIMITATION ON ADOBE AND ITS SUPPLIERS WILL APPLY EVEN IN THE EVENT OF A FUNDAMENTAL OR MATERIAL BREACH OR A BREACH OF THE FUNDAMENTAL OR MATERIAL TERMS OF THIS AGREEMENT. If you do not agree to the terms of this Agreement, do not use any portion of this SDK. This Agreement shall apply to any portion of the SDK, regardless of whether other software is referred to or described herein.

**1.4 Additional Terms and Agreements.** You may have a separate written agreement with Adobe that supplements or supersedes all or portions of this Agreement. Your use of some third party materials included in the SDK may be subject to other terms and conditions typically found in a separate license agreement or a “Read Me” file located near such materials or in the “Third Party Software Notices and/or Additional Terms and Conditions” found at <http://www.adobe.com/go/thirdparty>. **3.1.1 Build Tools and Documentation.** Subject to the terms and conditions of this Agreement and except as otherwise expressly provided in this Agreement, Adobe grants you a non-exclusive, nontransferable license to (a) use the Build Tools and Documentation for the sole purpose of internally developing Developer Programs, and (b) use the Build Tools and Documentation as part of your website for the sole purpose of compiling the Developer Programs that are distributed through the your website. This Agreement does not grant you the right to distribute the Build Tools, Documentation or Runtime Software. For more information about obtaining the rights to distribute such components with your product or service, please refer to <http://www.adobe.com/go/redistributeairsdk> and <http://opensource.adobe.com/wiki/display/flexsdk/Legal+Stuff>.

**3.1.2 Professional Component Source Files.** With respect to each Professional Component Source Files and subject to the terms and conditions of this Agreement, if your version of the SDK includes Professional Component Source Files, Adobe grants you a non-exclusive, nontransferable license to (a) modify and reproduce such Professional Component Source File for use as a component of your Developer Programs provided that you add Material Improvements to such Professional Component Source File; (b) distribute such Professional Component Source File in object code form and/or source code form only as a component of Developer Programs that add Material Improvements to such Professional Component Source File subject to the requirements in Section 3.2 below; and (c) for the avoidance of doubt, you shall have no rights to the Professional Component Source Files (or the object code form of such files), except to the extent such Professional Component Source Files are provided to you in connection with your licensing of Flash Builder Premium.

#### **3.1.3 Sample Code.**

(a) Distribution with Developer Programs. You may modify the Sample Code solely for the purposes of designing, developing and testing your own Developer Programs. However, you are permitted to use, copy and redistribute its modified Sample Code only if all of the following conditions in 3.2 below are met.

(b) Distribution of Sample Code Stand-Alone. You may distribute Sample Code in source code or object code format on a stand-alone basis or as bundled with other software, as long as you first make modifications to such Sample Code that result in Material Improvements.

#### **3.1.4 SDK Source Files.**

(a) You may modify the SDK Source Files provided to you in human readable (i.e. source code) format. You may incorporate the modified SDK Source Files into your Developer Programs. You may not modify any other portions of the SDK, except as explicitly set forth in in this Agreement. You may not delete or in any manner alter the copyright notices, trademarks, logos or related notices, or other proprietary notices of Adobe (and its licensors, if

any) appearing on or within any portion of this SDK other than Sample Code or SDK Source Files that constitute Material Improvements by you in accordance with this Agreement;

(b) You may distribute SDK Source Files in source code or object code format on a stand-alone basis or as bundled with other components useful to developers, as long as you first make modifications to such files that result in Material Improvements, and provided that you include a copyright notice reflecting copyright ownership in such modified files.

**3.1.5 Flex Framework Binaries.** Subject to the terms and conditions of this Agreement, Adobe grants You a non-exclusive, nontransferable license to: (a) modify those Flex Framework Binaries that have not been digitally signed (signed binaries are denoted by an “.SWZ” extension); (b) internally use and reproduce the Flex Framework Binaries (in modified or unmodified form) for the purpose of developing Developer Programs, (c) internally use and reproduce the Flex Framework Binaries (in modified or unmodified form) as part of Your internal website for the purpose of compiling the Developer Programs, (d) copy and distribute the Flex Framework Binaries (in modified or unmodified form) as compiled into Developer Programs; (e) copy and distribute, through multiple tiers of distribution, the Flex Framework Binaries (in modified or unmodified form) with a Developer Program for use at runtime of such Developer Program, and (f) copy and include the Flex Framework Binaries (in modified or unmodified form) as part of Your public website for use at runtime by the Developer Programs that are distributed from Your website(s). You may in no instance modify Flex Framework Binaries that have been digitally signed.

**3.2 Additional Distribution Requirements.** If you distribute Flex Framework Binaries, Professional Component Source Files, Sample Code or SDK Source Files under this Agreement, you must (a) include a copyright notice in such code, files, the relevant Developer Program or other larger work incorporating such code or files, including every location in which any other copyright notice appears in such application and (b) distribute such object code and/or source code under the terms and conditions of an end user license agreement that provides (i) a prohibition against reverse engineering, decompiling, disassembling or otherwise attempting to discover the source code of the subject Developer Program that is substantially similar to the prohibition set forth in Section 3.3.1 below; (ii) a statement that your suppliers disclaim all warranties, conditions, representations or terms with respect to the subject Developer Program; and (iii) a limitation of liability that disclaims all liability for the benefit of your suppliers. You may not use Adobe’s name, trademarks or logos to market any Developer Program or other software without written permission from Adobe. Adobe is not responsible to you or any other party for any software updates or support or other liability that may arise from your distribution. You may not use “flex,” “flash,” “fl,” “adobe” or “air” in any new package or class names distributed with the Professional Component Source Files, Sample Code, or SDK Source Files. You agree to identify any modified files with a prominent notice stating that you have changed the file. Any Developer Programs developed by you will be designed to operate in connection with Adobe Flash Builder, Adobe Flex Data Services Software, Adobe LiveCycle Data Services, the Runtime Software or with portions of this SDK.

### **3.3 Restrictions.**

**3.3.1 No Modifications, No Reverse Engineering.** Except as specifically provided herein, you shall not (a) modify, port, adapt or translate the any portion of this SDK; (b) add or delete any program files that would modify the functionality and/or appearance of other Adobe software and/or any component thereof; or (c) reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of any portion of this SDK.

Notwithstanding the foregoing, decompiling the SDK is permitted to the extent the laws of your jurisdiction give you the right to do so to obtain information necessary to render the licensed portions of the SDK interoperable with other software; provided, however, that you must first request such information from Adobe and Adobe may, in its sole discretion, either provide such information to you or impose reasonable conditions, including a reasonable fee, on such use of the source code to ensure that Adobe’s and its suppliers’ proprietary rights in the source code for the SDK are protected.

**3.3.2 No Unbundling.** The SDK may include various applications, utilities and components, may support multiple platforms and languages or may be provided to you on multiple media or in multiple copies. Nonetheless, the SDK is designed and provided to you as a single product to be used as a single product on computers and platforms as

permitted herein. You are not required to use all component parts of the SDK, but you shall not unbundle or repackage the component parts of the SDK for distribution, transfer, resale or use on different computers.

**3.3.3 No Transfer.** You shall not sublicense, assign or transfer the SDK or your rights in the SDK, or authorize any portion of the SDK to be copied onto or accessed from another individual's or entity's computer except as may be explicitly provided in this Agreement. Notwithstanding anything to the contrary in this Section 3.3.3, you may transfer copies of the SDK installed on one of your computers to another one of your computers provided that the resulting installation and use of the SDK is in accordance with the terms of this Agreement and does not cause you to exceed your right to use the SDK under this Agreement.

**3.3.4 Prohibited Use.** Except as expressly authorized under this Agreement, you are prohibited from: (a) using the SDK on behalf of third parties; (b) renting, leasing, lending or granting other rights in the SDK, including rights on a membership or subscription basis; and (c) providing use of the SDK in a computer service business, third party outsourcing facility or service, service bureau arrangement, network, or time sharing basis; (d) creating or distributing any software, including any Developer Program, that interoperates with individual Runtime Components in a manner not documented by Adobe; (e) creating or distributing any software, including any Developer Programs, that is designed to interoperate with an un-installed instance of the Runtime Software; (f) distributing your Developer Program as an AIR application, if such application does not interoperate with the Runtime Software; (g) creating or distributing any Developer Program that runs without installation; (h) installing or using the Build Tools or other portions of the SDK to develop software prohibited by this Section 3.3. Failure to comply with this Section 3.3.4 is a breach of this Agreement that immediately terminates all rights granted to you herein.

**3.3.5 Other Prohibitions.** You will not use the SDK to create, develop or use any program, software or service that (a) contains any viruses, Trojan horses, worms, time bombs, cancelbots or other computer programming routines that are intended to damage, detrimentally interfere with, surreptitiously intercept or expropriate any system, data or personal information, (b) when used in the manner in which it is intended or marketed, violates any law, statute, ordinance, regulation or rights (including any laws, regulations or rights respecting intellectual property, computer spyware, privacy, export control, unfair competition, antidiscrimination or false advertising), or (c) interferes with the operability of Adobe or third-party programs or software.

**3.3.6 AVC Codec Use.** PORTIONS OF THIS PRODUCT ARE LICENSED UNDER THE AVC PATENT PORTFOLIO LICENSE FOR THE PERSONAL NON-COMMERCIAL USE OF A CONSUMER TO (i) ENCODE VIDEO IN COMPLIANCE WITH THE AVC STANDARD ("AVC VIDEO") AND/OR (ii) DECODE AVC VIDEO THAT WAS ENCODED BY A CONSUMER ENGAGED IN A PERSONAL NON-COMMERCIAL ACTIVITY AND/OR WAS OBTAINED FROM A VIDEO PROVIDER LICENSED TO PROVIDE AVC VIDEO. NO LICENSE IS GRANTED OR SHALL BE IMPLIED FOR ANY OTHER USE. ADDITIONAL INFORMATION MAY BE OBTAINED FROM MPEG LA, L.L.C. SEE <http://www.mpegla.com>.

#### **4. Indemnification.**

You agree to defend, indemnify, and hold Adobe and its suppliers harmless from and against any and all liabilities, losses, actions, damages, lawsuits, or claims (including product liability, warranty and intellectual property claims, and all reasonable expenses, costs and attorneys fees), that arise or result from the use or distribution of any portion of the SDK or your Developer Programs, provided that Adobe gives you prompt written notice of any such claim, and cooperates with you, at your expense, in defending or settling such claim.

#### **5. Intellectual Property Rights.**

The SDK and any copies that you are authorized by Adobe to make are the intellectual property of and are owned by Adobe Systems Incorporated and its suppliers. The structure, organization and code of the SDK are the valuable trade secrets and confidential information of Adobe Systems Incorporated and its suppliers. The SDK is protected by copyright, including by United States Copyright Law, international treaty provisions and applicable laws in the country in which it is being used. Except as expressly stated herein, this Agreement does not grant you any intellectual property rights in the SDK and all rights not expressly granted are reserved by Adobe.

## **6. MP3 Codec Use.**

You may not modify the runtime libraries or any other Build Tools. You may not access MP3 codecs within the runtime libraries other than through the published runtime APIs. Development, use or distribution of a Developer Program that operates on non-PC devices and that decodes MP3 data not contained within a SWF, FLV or other file format that contains more than MP3 data may require one or more third-party license(s).

## **7. Export Rules.**

You acknowledge that this SDK is subject to the U.S. Export Administration Regulations (the“EAR”) and that you will comply with the EAR. You will not export or re-export this SDK, or any portion hereof, directly or indirectly, to: (1) any countries that are subject to US export restrictions (currently including, but not necessarily limited to, Cuba, Iran, North Korea, Sudan, and Syria); (2) any end user who you know or have reason to know will utilize them in the design, development or production of nuclear, chemical or biological weapons, or rocket systems, space launch vehicles, and sounding rockets, or unmanned air vehicle systems; or (3) any end user who has been prohibited from participating in the US export transactions by any federal agency of the US government. In addition, you are responsible for complying with any local laws in your jurisdiction which may impact your right to import, export or use the SDK.

## **8. Adobe AIR Trademark Guidelines.**

“Adobe®AIR®” is a trademark of Adobe that may not be used by others except under a written license from Adobe. You may not incorporate the Adobe AIR trademark, or any other Adobe trademark, in whole or in part, in the title of your Developer Programs or in your company name, domain name or the name of a service related to Adobe AIR. You may indicate the interoperability of its Developer Program with the Adobe AIR Runtime Software, if true, by stating, for example, “works with Adobe® AIR®” or “for Adobe® AIR®.” You may use the Adobe AIR trademark to refer to your Developer Program as an “Adobe® AIR® application” only as a statement that your Developer Program interoperates with the Adobe AIR Runtime Software.

## **9. Governing Law.**

If you are a consumer who uses the SDK for only personal non-business purposes, then this Agreement will be governed by the laws of the state in which you purchased the license to use the SDK. If you are not such a consumer, this Agreement will be governed by and construed in accordance with the substantive laws in force in: (a) the State of California, if a license to the SDK is obtained when you are in the United States, Canada, or Mexico; or (b) Japan, if a license to the SDK is obtained when you are in Japan, China, Korea, or other Southeast Asian country where all official languages are written in either an ideographic script (e.g., Hanzi, Kanji, or Hanja), and/or other script based upon or similar in structure to an ideographic script, such as hangul or kana; or (c) England, if a license to the SDK is obtained when you are in any jurisdiction not described above. The respective courts of Santa Clara County, California when California law applies, Tokyo District Court in Japan, when Japanese law applies, and the competent courts of London, England, when the law of England applies, shall each have non-exclusive jurisdiction over all disputes relating to this Agreement. This Agreement will not be governed by the conflict of law rules of any jurisdiction or the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

## **10. Non-Blocking of Adobe Development.**

You acknowledge that Adobe is currently developing or may develop technologies and products in the future that have or may have design and/or functionality similar to products that you may develop based on your license herein. Nothing in this Agreement shall impair, limit or curtail Adobe’s right to continue with its development, maintenance and/or distribution of Adobe’s technology or products. You agree that you shall not assert in any way any patent owned by you arising out of or in connection with this SDK or modifications made thereto against Adobe, its subsidiaries or affiliates, or their customers, direct or indirect, agents and contractors for the manufacture, use, import, licensing, offer for sale or sale of any Adobe products.

## **11. Term and Termination.**

This Agreement will commence upon the Effective Date and continue in perpetuity unless terminated as set forth herein. Adobe may terminate this Agreement immediately if you breach any of its terms. Sections 1, 2, 3.3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 13 will survive any termination of this Agreement. Upon termination of this Agreement, you will cease all use and distribution of the SDK and return to Adobe or destroy (with written confirmation of destruction) the SDK promptly at Adobe's request, together with any copies thereof.

## **12. General Provisions.**

If any part of this Agreement is found void and unenforceable, it will not affect the validity of the balance of this Agreement, which shall remain valid and enforceable according to its terms. Updates may be licensed to you by Adobe with additional or different terms. The English version of this Agreement shall be the version used when interpreting or construing this Agreement. This is the entire agreement between Adobe and you relating to the SDK and it supersedes any prior representations, discussions, undertakings, communications or advertising relating to the SDK. The use of "includes" or "including" in this Agreement shall mean "including without limitation."
