

Oracle® Airlines Data Model

Release Notes

Release 12.1.1

E57197-01

April 2015

This document contains important information that was not included in the documentation for Release 12.1.1 of Oracle Airlines Data Model.

This document may be updated after it is released. To check for updates to this document and to view other Oracle documentation, refer to the website:

<http://docs.oracle.com>

This document contains the following topics:

- [Section 1, "Known Issues"](#)
- [Section 2, "Related Documentation"](#)
- [Section 3, "Documentation Accessibility"](#)

1 Known Issues

This release has the following known issue:

- [Oracle Airlines Data Model Schema Must Reside on the Same Disk as the Database](#)

1.1 Oracle Airlines Data Model Schema Must Reside on the Same Disk as the Database

The Oracle Airlines Data Model schema needs to reside on the same disk as the Database. When the user chooses a different location, the installation fails.

This issue is documented in Bug 13453903.

Workaround

When installing Oracle Airlines Data Model, choose the same oradata location as the Database for the installation of the Oracle Airlines Data Model schema.

2 Related Documentation

The documentation set for Oracle Airlines Data Model consists of the following manuals:

- *Oracle Airlines Data Model Installation Guide*
- *Oracle Airlines Data Model Reference*
- *Oracle Airlines Data Model Implementation and Operations Guide*

Additional logical data model documentation for Oracle Airlines Data Model is available as an IP (Intellectual Property) Patch. This IP patch includes Logical Data Model figures and a complete/up-to-date description of the Logical Data Model. The documentation provided in the IP Patch is intended for customers who have purchased Oracle Airlines Data Model and need additional details and descriptions for the Logical Data Model.

To obtain the IP Patch and for the latest information about Oracle Airlines Data Model patch sets, go to My Oracle Support at <https://support.oracle.com>.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
