

# Oracle® Retail Xstore Suite

Release Notes

Release 19.0.2

F38589-02

August 2021

---

This document highlights the major changes for Release 19.0.2 of Oracle Retail Xstore Suite.

## Overview

Oracle Retail Xstore Suite 19.0.2 includes the products below.

### Oracle Retail Xstore Point of Service

Oracle Retail Xstore Point of Service is a point-of-sale application that provides the capabilities to carry out day-to-day transactions and conduct daily store activities. Tasks such as scanning items, applying price adjustments, tendering, and printing receipts as well as processing returns and web orders can be performed. Store operations including opening the store, managing registers and tills, and closing the store can be handled through Oracle Retail Xstore Point of Service.

As part of Oracle Retail Xstore Point of Service, these release notes include information about Xstore Point of Service Mobile and Xenvironment.

### Oracle Retail Xstore Office

Oracle Retail Xstore Office is a central web-based management console that provides for the effortless management of the data and configurations that empower your associates. The user interface within Oracle Retail Xstore Office provides streamlined functionality that guides users through configuration changes, data changes, and deployments. Granular security access can create a custom experience for users of all access levels. Multiple support tools and alerts enable IT leaders to take a proactive approach to managing multiple installations.

## Hardware and Software Requirements

See the Oracle Retail Xstore Suite Implementation and Security Guide for information about the following:

- Hardware and software requirements
- Oracle Retail application software compatibility

## Functional Enhancements

This section describes the functional enhancements that have been added to Xstore Suite 19.0.2:

## **Tax Free Shopping**

An additional check for tax free shopping has been implemented in Xstore POS so that tax free invoices can not be issued for Northern Ireland residents, since Northern Ireland is not eligible for Tax Free Shopping.

## **Poland Country Accelerator**

The following functional enhancements have been implemented for the Country Pack Poland.

### **Invoices**

No invoice is issued for sales with a total value PLN 450,-- or higher.

## **Portugal Country Accelerator**

The following functional enhancements have been implemented for the Country Pack Portugal.

### **Tax Free**

The Customer Good Category field has been implemented in the request TFI message to Fintrax, against each item. The new legal requirements for Tax Free in Portugal have been implemented.

### **Check on Fiscal Code**

Xstore is now accepting customer's fiscal codes (NIF) starting with "3".

### **QR Code and ATCUID**

Xstore POS verifies the series validation code (ATS) during fiscal transactions, so that the code can be printed on the receipt.

Xstore POS prints the ATCUD code on receipts (standard and luxury receipts) for both fatura simplificada (FS) and fatura completa (FT) as well as returns (Nota De Credito CB) and shipping documents.

Additionally, Xstore POS generates and prints a QR code on receipts (standard and luxury receipts) for both fatura simplificada (FS) and fatura completa (FT) transactions as well as return (Nota De Credito CB) transactions.

## **France Country Accelerator**

The following functional enhancements have been implemented for the Country Pack France.

### **Certification**

Changes have been implemented to comply with INFOCERT version V2.1. The changes include:

- Event Logs
- Data Purging
- NF252 Certification
- Duplicates

- Legal Entities
- Invoice Duplicates
- Receipt Archiving and Printout
- Invoice Archiving and Printout
- Invoice Signature

## **Italy Country Accelerator**

The following functional enhancements have been implemented for the Country Pack Italy.

### **Lottery**

The Lottery function has been implemented in Xstore POS. This function enables retailers to offer customers the possibility to join the lottery. Additionally, a sanity check has been implemented for the Lottery function.

### **Fiscal Printer Upgrade**

Xstore POS has been changed to comply with fiscal printer Registratore Telematico (RT) version 2.0.

### **Electronic Invoice**

The new 1.2.1 schema is adopted.

### **Cash Limit**

The overridable cash limit has been decreased to 1999.99 to comply with legal requirements.

### **Registratore Telematico (RT) Server Support**

The Registratore Telematico (RT) server support has been removed.

## **Spain Country Accelerator**

The following functional enhancements have been implemented for the Country Pack Spain.

### **Factura Simplificada**

Xstore POS has been updated so that no customer data is included in the Factura Simplificada when sales data is sent to authorities (SII).

### **Self Checkout Sales**

Self Checkout Register Sales higher than Euro 3000,-- are no longer possible.

## **Technical Enhancements**

This section addresses the technical enhancements included in Oracle Retail Xstore Suite System Release 19.0.2.

## Middleware

Oracle Retail Xstore Suite Release 19.0 is supported for use with the following Middleware components:

- Tomcat 9.0.40
- Jetty 9.4.35

## Integration with ORCE Cloud Service 20.0

If a customer is planning to integrate to ORCE Cloud Service 20.0 please contact your Oracle Support Representative to obtain specific configuration changes required for that integration.

## File Transfer Service

A new File Transfer Service (FTS) was implemented with Oracle Retail Customer Engagement Cloud Service (ORCE) v20.0. The File Transfer Service replaces sFTP for retailers that use ORCE. The File Transfer Service moves promotion files between ORCE and Xstore Office On-Premise.

## Defect Fixes and Documentation

A defect fix is a modification to the base Oracle Retail Xstore Point of Service code (for example, a bug fix, a performance enhancement, a functional enhancement, or a technical enhancement). The file named DEFECT MODULE XREF Xstore Suite 19.0.2.xls lists every defect number and the modules and scripts that are added or modified in the release. The file is posted to My Oracle Support at the following location: Oracle Retail Defect Document Listings (Doc ID: 2021275.1).

## Noteworthy Defect Fixes

The following noteworthy defect fixes are included in this release. The following is not a complete list. See **DEFECT MODULE XREF Xstore Suite 19.0.2.xls** for a complete list of the defect fixes for Xstore Suite 19.0.2.

## Supplemental Training

The following documents are available through My Oracle Support. Access My Oracle Support at the following URL:

<https://support.oracle.com>

### Transfer of Information (TOI) Material (Doc ID 732026.1)

For applicable products, online training is available to Oracle supported customers. These online courses provide release-specific product knowledge that enables your

functional and technical teams to plan, implement and/or upgrade and support Oracle Retail applications effectively and efficiently.

## **Oracle Retail Learning Subscriptions at Oracle University**

The Oracle Retail Learning Subscription is a digital training solution for anyone on your team seeking training on Oracle Retail Products. With the learning subscription you get the key elements of an effective learning program and the conveniences of a digital format, making this training unmatched in the industry.

You get modern learning at its best, such as:

- 12 months of 24/7 access to a comprehensive set of high quality videos delivered by Oracle experts.
- Periodic updates for new features and product enhancements.
- Flexibility to search, access and learn about specific topics of interest.

The learning subscription enables current users to continually refresh and upgrade their product skills. It also enables new employees with a self-paced learning guide to help them quickly become proficient on Oracle Retail Products.

For training opportunities, see the following web site:

<http://www.oracle.com/education>

## **Documentation Accessibility**

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

#### Value-Added Reseller (VAR) Language

##### Oracle Retail VAR Applications

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

(i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.

(ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.

(iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.

(iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
