## Functional Enhancements

### New Mastercard Bank Identification Number Ranges

Xstore POS now supports the new BIN ranges for Mastercard that became effective in October 2016.

## Resolved Issues

The noteworthy defect fixes described below are included in this release.

Resolved Issue	Defect Number
Xstore POS no longer reports a help desk error when creating a customer in training mode.	22218464
When cancelling an Order Broker order in Xstore POS, refund tenders are the same as those for verified returns.	22492753
Xstore POS is able to scan gift receipts for returns.	22640736
When voiding an item in Xstore POS, the translations are displayed correctly.	22928360

The Amount Due prompt on an iOS system running Xstore POS Mobile displays the full amount for a transaction when the system is configured for a language other than English.	22949799
House account balances are recorded correctly in Xstore POS.	23050573
When opening a pre-loaded shipping document in Xstore POS, the Change Quantity button is enabled.	23063208
If Xstore POS cannot connect to Customer Engagement Cloud Service when a customer record is created or edited, the changes will be sent to Customer Engagement Cloud Service when the connection is resumed.	23085566
Xstore POS displays the correct amount due after a canceling out of a manual authorization prompt when gift card authorization fails.	23098656
When a user attempts to transfer more items than their permitted limit in Xstore POS, only one warning message appears.	23101094
The Send Sale recently shipped list is displayed if the Xstore POS is configured to do so.	23101430
The RETURN_ITEM privilege is obeyed when a receipt is scanned to initiate a return in the POS.	23125275
When a customer has multiple addresses, Xstore POS sets the ship-to address for a send sale to the customer address selected in the customer search screen.	23130215
After completing setup of a presale order in Xstore POS, the transaction log populates all the fields correctly for the transaction.	23175872
All manually entered item IDs are put into uppercase prior to performing an item lookup.	23230273
During store close in Xstore POS, orphaned transactions are included in the transaction log.	23266924
The Category column in the Posted Time Card report translates correctly in Xstore POS.	23267345
When Xstore Office receives a print gift receipt transaction before the original sale transaction with which it is associated, the original sale transaction can be successfully saved in the Xstore Office database.	23269330
Item properties with different expiration dates will now print on receipts.	23291259
The customer contact flag for mail is now correctly updated in Customer Engagement when it is set in Xstore POS.	23299901
When a layaway deposit is greater than 50% of the layaway total, the balance due is displayed correctly in Xstore POS.	23340484
When changing a register ID in Xstore Mobile POS, the ID is updated in the server without restarting the Xstore Mobile POS application.	23479757
Xstore Mobile POS displays French translations correctly.	23480001
Xstore POS can successfully start up when fiscal calendar is enabled.	23505950
When setting up a Pre-Sale in Xstore POS, the quantities of the items in the Pre-Sale can be changed.	23506013

Transaction sequence numbers are not skipped when a deposit transaction is canceled during the store close.	23511863
If a customer without a tax exemption uses a gift receipt when returning an item that was sold with a tax exemption, Xstore POS will not ask for the signature of the customer returning the item.	23536609
When attempting to email a receipt in Xstore POS while the system is not connected to the network, will email the receipt after the system is back online.	23542752

---

AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

**Value-Added Reseller (VAR) Language**

**Oracle Retail VAR Applications**

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
