Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

Table of Contents

- 1. Preface..... 4
- 2. Electronic Clearing Reports 6
 - 2.1. Adhoc Reports..... 7
 - 2.1.1. ECS Adhoc Listing 8
 - EC001 - Records Maintenance report..... 9
 - EC002 - ECS Upload Maintenance Reject..... 12
 - EC003 - Records Success report 14
 - EC004 - Records Reject report 17

1. Preface

1.1. Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2. Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3. Access to OFSS Support

<https://support.us.oracle.com>

1.4. Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the Reports Manual

Introduction provides brief information on the overall functionality covered in the Reports Manual

Chapters are dedicated to individual reports and its details, covered in the Reports Manual

1.5. Related Information Sources

For more information on Oracle FLEXCUBE Core Banking Release 11.5.0.0.0, refer to the following documents:

- Oracle FLEXCUBE Core Banking Licensing Guide

2. Electronic Clearing Reports

A report is a document that is illustrated with the help of information, and tailored to a given situation and audience. The primary purpose of a report is to provide information. However, reports may also include additional information, such as suggestions or conclusions that indicate possible future actions which the report reader might take. Reports can be public or private.

Advice is generally a written proof of a service performed, funds transferred, or a payment that is received or made. It can also be a recommendation that advises a customer about specific investment asset allocations based on age and circumstances.

Oracle Flexcube supports report generation in PDF, HTML and Excel formats. Based on the system configuration the reports can be generated in any of the above mentioned format.

Note 1: Reports can be generated by using the **Report Request** (Fast Path: 7775) option. Reports can be viewed/printed using the **Advice/Report Status Inquiry** (Fast Path: 7778) option. The above screens can be accessed by navigating through the following path: **Transaction Processing > Internal Transactions > Reports**.

Note 2: Report Codes precede the Report Names. Unlike the User Manual where the Fast Path preceding the Topic Title indicates the access for the screen, the Report Code is simply a unique code for the report.

Reports are categorized under:

- Adhoc Reports

2.1. Adhoc Reports

Adhoc reports are generated on demand or on request. Reports and advices can be requested from the Report Request screen. Adhoc reports can be viewed and generated using the teller login or the system operator login.

List of Adhoc Reports

- ECS Adhoc Listings

2.1.1. ECS Adhoc Listing

The ESC adhoc listing reports includes those reports that are generated at the time of ECS.

List of ECS Adhoc Listing Reports:

- EC001 - Records Maintenance report
- EC002 - ECS Upload Maintenance Reject
- EC003 - Records Success report
- EC004 - Records Reject report

EC001 - Records Maintenance report

Using this report you can track the ECS transactions. The system will generate a report on the daily basis for ECS Maintenance / Cancellation i.e. addition, modification or deletion for that particular day (i.e. the current process date). It also states the reason for the same. This is an adhoc report generated for all the branches.

Each column of the report provides information on Account Number, Account Name, Branch Code, ECS Mandate Maintenance Type, Company Code, Consumer Number, Upper Limit, Mandate End Date, Mandate Stop Beginning Date, Mandate Stop End Date, Mandate Stop Reason Description, Input ID and Authorisation ID.

To generate the record maintenance report

1. Access the **Report Request** (Fast Path: 7775) screen.
2. Ensure that the **Adhoc Reports** button is selected.
3. Navigate through **Electronic Clearing > ECS Adhoc Listings > EC001 - Records Maintenance report**.
4. The system displays the **EC001 - Records Maintenance report** screen.

EC001 - Records Maintenance report

Input Parameters

Branch Code

Posting Date :

Action

Waived Service Charge:

Generate

Field Description

Field Name	Description
Branch Code	[Mandatory, Numeric, Five] Type the valid code of the branch for which the report needs to be generated.
Posting Date	[Mandatory, dd/mm/yyyy] Type the valid date on which the general ledger account wise transactions were posted.
Action	[Mandatory, Alphanumeric, Five] Type the maintenance action for the record.
Waived Service Charge	[Optional, Check Box] Select the check box to waive the service charge.

5. Enter the appropriate parameters in the **EC001 - Records Maintenance report** screen.
6. Click the **Generate** button.
7. The system displays the message "Report Request Submitted". Click the **OK** button.
8. The system generates the **Records Maintenance report**. For reference, a specimen of the report generated is given below:

EC002 - ECS Upload Maintenance Reject

Using the file upload option the ECS mandates can be maintained in the system. The system will track for successfully uploaded records and the rejected records.

This report will be generated for the rejected ECS Mandate records uploaded for the process day. Each column of the report provides information on Account Number, Account Name, Company Code, Amount, Consumer Number, Reject Reason Description and User ID.

To generate the ECS upload maintenance reject report

1. Access the **Report Request** (Fast Path: 7775) screen.
2. Ensure that the **Adhoc Reports** button is selected.
3. Navigate through **Electronic Clearing > ECS Adhoc Listings > EC002 - ECS Upload Maintenance Reject**.
4. The system displays the **EC002 - ECS Upload Maintenance Reject** screen.

The screenshot shows a web application window titled "EC002 - ECS Upload Maintenance Reject". Inside the window, there is a checkbox labeled "Waived Service Charge:" which is currently checked. At the bottom center of the window, there is a button labeled "Generate".

5. By default, the **Waived Service Charge** check box is selected. Clear the check box if you want to apply the service charge for the report.
6. Click the **Generate** button.
7. The system displays the message "Report Request Submitted". Click the **OK** button.
8. The system generates the **ECS Upload Maintenance Reject**. For reference, a specimen of the report generated is given below:

*** End of Report ***						

EC003 - Records Success report

The report will be developed for PASSED ECS records. This report will accept branch code as input parameter. If branch code specified as '0' then it will display all the records. This will be adhoc report with ECS passed records for the day. This report will be generated after Clearing Branch Cut off, till then the report will be blank.

Each column of the report provides information on Account Number, Account Name, Company Code, Amount, ECS Reference Number, Consumer Number, Passed Reason Description, User ID, Transaction Batch Name and Inputter Authoriser ID.

To generate the record success report

1. Access the **Report Request** (Fast Path: 7775) screen.
2. Ensure that the **Adhoc Reports** button is selected.
3. Navigate through **Electronic Clearing > ECS Adhoc Listings > EC003 - Records Success report**.
4. The system displays the **EC003 - Records Success report** screen.

The screenshot shows a web application window titled "EC003 - Records Success report". At the top left, there is a section labeled "Input Parameters". Below this label, there is a text input field for "Branch Code" and a checkbox for "Waived Service Charge" which is currently checked. At the bottom center of the window, there is a button labeled "Generate".

Field Description

Field Name	Description
Branch Code	[Mandatory, Numeric, Five] Type the valid code of the branch for which the report needs to be generated.
Waived Service Charge	[Optional, Check Box] Select the check box to waive the service charge.

5. Enter the appropriate parameters in the **EC003 - Records Success report** screen.
6. Click the **Generate** button.
7. The system displays the message "Report Request Submitted". Click the **OK** button.
8. The system generates the **Records Success report**. For reference, a specimen of the report generated is given below:
