If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

# 1 Introduction

This Licensing Information document is a part of the product or program documentation under the terms of your Oracle services or license agreement and is intended to help you understand the program editions, entitlements, restrictions, prerequisites, special license rights, and/or separately licensed third party technology terms associated with the Oracle services or software program(s) covered by this document (the “Program(s)”). Entitled or restricted use products or components identified in this document that are not provided with the particular Program may be obtained from the applicable cloud service, the Oracle Software Delivery Cloud website (<https://edelivery.oracle.com>), or from media Oracle may provide. If you have a question about your rights and obligations, please contact your Oracle sales representative and/or contact the applicable Oracle License Management Services representative listed on <http://www.oracle.com/us/corporate/license-managementservices/index.html>.

## 2 Licensing Information

### Description of Product Editions

**Oracle Hospitality OPERA Hotel Property Services** - A configurable hosted SaaS (Software as a Service) designed to help meet the varied requirements of any size property or chain. Operates in either single-property or multi-property mode, with all properties in an enterprise sharing a single database. OPERA User Interface functionality is delivered using web services to communicate with the OPERA Database for flexible integration with third-party interfaces using the Service Oriented Architecture (SOA).

Hospitality Product	Subproduct	Description
Oracle Hospitality OPERA Hotel Property Services	<b>Oracle Hospitality OPERA Property Premium Cloud Service</b>  Part Number B81300	Property Premium Cloud Service supports full service hotels (which generally includes larger hotels, luxury hotels, resort hotels, and casino hotels) where guests expect a full spectrum of services and amenities.
	<b>Oracle Hospitality OPERA Property Standard Cloud Service</b>  Part Number B81301	Property Standard Cloud Service supports a feature set for hotels that have need for functionality beyond the base set provided in the Lite Property Management Services, but not all of the features and capabilities appropriate for a full service hotel. Extended stay and residence hotels would likely fall into this category.
	<b>Oracle Hospitality OPERA Property Lite Cloud Service</b>  Part Number B81302	Property Lite Cloud Service supports a base set of Property Service functionality appropriate for limited service/limited facility properties.
Oracle Hospitality OPERA Hotel Central Services	<b>Oracle Hospitality OPERA Room Reservations Cloud Service</b>  Part Number B81303	Room Reservations Cloud Services consist of those features and capabilities needed by a central reservation organization when creating and managing reservations for one or multiple properties. This includes tools for querying availability across properties, accessing profiles, making reservations, and composing stay itineraries.
Oracle Hospitality OPERA Hotel Add-Ons	<b>Oracle Hospitality OPERA Mobile Cloud Service</b>  Part Number B81304	Mobile Cloud Service extends key front desk and housekeeping functionality to wireless devices like the iPad, Smartphone, and other touch devices.
