Contributors:

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information on content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

## Value-Added Reseller (VAR) Language

### Oracle Retail VAR Applications

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

(i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.

(ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.

(iii) the software component known as **Access Via**<sup>TM</sup> licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.

(iv) the software component known as **Adobe Flex**<sup>TM</sup> licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.

# MICROS dStore POS System Software

## Funktionen

Die MICROS dStore POS System Software verfügt über folgende Funktionen:

- Funktionalität für den Markt und die Zentrale
- Promotion Engine für eine flexible Abwicklung von Promotionen/Rabatten etc.
- Vielfältige Zahlungsmittel (EFT, Handyzahlung, NFC)
- Waagenbonauflösung
- Mobile Couponing, Checkout-Couponing
- Kundenkarte, Giftcard
- International ausgerichtet (Fiskalversionen)
- Self Checkout - Self Payment – Mobile POS
- Fingerprint
- Checkout-Waagen

## Integration

- Prozess- und Datenintegration von der Filiale bis zur Zentrale, End-to-End Integration
- Anbindung von Subsystemen wie EFT, Waagen, Leergutautomaten, ESL, Geldwaagen etc.
- Zentrale Parameterverwaltung
- Datenbanken mit ODBC-Schnittstellen (z. B. Oracle, SQL Server, DB2, Pervasive).
- Schnittstellen zu zahlreichen WWS-Systemen im Standard, offene Standards

## Netzausfall

Sollte das Netzwerk ausfallen, unterstützt MICROS dStore POS System Software einen komplett autarken Kassenbetrieb für einen beliebig langen Zeitraum mit automatischer Resynchronisation.

## Anpassung

- Modulare Architektur
- Anpassung an geänderte Abläufe
- Vollständig gesteuert über Tabellen und Parameter
- Multilingual - Sprache im laufenden Betrieb umschaltbar

## Einsatzbereich

- Plattformunabhängig (LINUX / Windows)
- Hardwareunabhängig
- Unterstützung von Standards (ARTS, XML)
- Skalierbarkeit (1-250 Kassen pro Markt)

## Backoffice

Die Java-Anwendung ist eine plattformunabhängige Anwendungsbibliothek, die alle im Markt auftretenden Anforderungen abdeckt.

Neben der kompletten Marktabrechnung, dem gesamten Berichtswesen und dem elektronischen Journal beinhaltet das Backoffice folgende Module:

- Rollenorientiertes Berechtigungssystem
- Auskunftssystem
- Verwaltungssystem
- Wartungssystem
- Kommunikationsmodule
- ERP-Schnittstellen

## Erweitertes Backoffice

Folgende Funktionen sind in diesem Modul enthalten:

- Stammdatenpflege
- Etikettendruck
- Plakatdruck
- Waagenversorgung
- MDE Unterstützung

## Cash Management

Folgende Funktionen sind in diesem Modul enthalten:

- Transparenz und Überwachung der Geldflüsse im Markt
- Lückenlose Dokumentation aller geldrelevanten Prozesse innerhalb eines Marktes bis zur Übergabe an das Geldtransportunternehmen
- Unterstützt die neueste Generation von Cash-Handling-Maschinen, Kassierabrechnung und die Geldzählung dadurch automatisiert werden
- Physischen Filialtresor innerhalb des Kassensystems
