

# Oracle® Retail Brand Compliance Management Cloud Service

## Release Notes

### Release 1.10.0.1

June 2015

---

---

**Note:** The rebranding for the latest version of this documentation set is in development as part of post MICROS acquisition activities. References to former MICROS product names may exist throughout the existing documentation set.

---

This document highlights the major changes and fixes for Release 1.10.0.1 of Oracle Retail Brand Compliance Management Cloud Service.

## Overview

Oracle Retail Brand Compliance Management Cloud Service is an integrated suite of applications designed to meet all aspects of sourcing, developing, and protecting retailer brands. The suite provides solutions for product development, compliance, quality, and traceability. It is designed specifically for retail, food service, and manufacturing businesses to develop and protect their brands, manage their suppliers, and ensure full end-to-end product lifecycle management.

The suite is composed of the following applications:

- myLibrary - enables the issue, receipt, and acceptance of policies, guidelines, and key working documents.
- myProduct - supports the development of products and production specifications.
- myProject - supports the development of project briefs, plans, and workflow management.
- mySupplier - enables the identification, selection, and approval of suppliers.

## Functional Enhancements

---

**Note:** Where new fields or User Interface (UI) changes are introduced as part of a change, the portal owner may need to set up any new system text and associated translations to support it.

---

The following functional enhancements are included in this release:

## **List View Reset**

Ref TRUNKONEEIGHT-274

Tesseract Ref 94682

This feature can be used when a user has created or amended a List View which becomes unresponsive. In order to release the system from running the view, the user is able to select a new action from their user record called CLEAR SELECTED VIEWS which will reset all List Views back to the systems default or initial view.

### **Impact on Existing Installation**

None expected

## **Library Document Attachment Order**

Ref TRUNKONEEIGHT-282

Tesseract Ref 97153

Attachments in READ mode are ordered by the document Description column in ascending order, then by the File Name or URL column in ascending order.

### **Impact on Existing Installation**

None expected

## **Scroll Bar Provided to See and Manage Languages in the Product Attributes Glossary**

Ref TRUNKONEEIGHT-256

Tesseract Ref 95272

The system now provides a LEFT to RIGHT scroll bar to be able to see and manage translations within the Attribute record located in the Admin / Food / Finished Product Standards area.

### **Impacts on Existing Installation**

None expected

## **Set Default RI Values within a Produce Nutrition Panel**

Ref TRUNKONEEIGHT-286

The Produce Nutrition Panel now uses the Reference Intake values found within the Food Nutrition area.

### **Impacts on Existing Installation**

None expected

## **Fixed Issues**

#### **Value-Added Reseller (VAR) Language**

##### **Oracle Retail VAR Applications**

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via™** licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex™** licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.
