

Oracle® Hospitality Enterprise Back Office
Patch Release Notes for 8.4.4
E74221-01

April 2017

Copyright © 2003, 2017, Oracle and/or its affiliates. All rights reserved.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Preface

This document provides information regarding the patch releases for Release 8.4.4.

Patches can include:

- Defect and performance fixes
- Features and updates
- Technology upgrades

For more information on Enterprise Back Office, refer to the product documentation on the Oracle Help Center and My Oracle Support.

Audience

This document is intended for customers who have installed Release 8.4.4.

Customer Support

To contact Oracle Customer Support, access My Oracle Support at the following URL:
<https://support.oracle.com>

When contacting Customer Support, please provide the following:

- Product version and program/module name
- Functional and technical description of the problem (include business impact)
- Detailed step-by-step instructions to re-create
- Exact error message received
- Screen shots of each step you take

Documentation

Oracle Hospitality product documentation is available on the Oracle Help Center at
<http://docs.oracle.com/en/industries/hospitality/>

1 Patch Releases

Reporting and Analytics

Patch	Release Date
8.4.4.15	April 2017
8.4.4.14	March 2017
8.4.4.13	March 2017
8.4.4.12	February 2017
8.4.4.11	November 2016
8.4.4.10	May 2016
8.4.4.9	May 2016
8.4.4.8	January 2016
8.4.4.7	December 2015
8.4.4.6	November 2015
8.4.4.5	October 2015
8.4.4.4	September 2015
8.4.4.3	August 2015

Inventory Management

Patch	Release Date
8.4.4.8	December 2016
8.4.4.7	September 2016
8.4.4.6	June 2016
8.4.4.5	April 2016
8.4.4.4	April 2016
8.4.4.3	March 2016
8.4.4.2	January 2016
8.4.4.1	January 2016

For a complete list of fixed issues, access <https://support.oracle.com>.

2 Features and Updates

Reporting and Analytics

Organization-Specific ExactTarget Settings (8.4.4.12)

System administrators can now configure ExactTarget WSDL and FTP settings for their organization.

1. In Reporting and Analytics, click **iCare**, click **iCare GPL**, click **Organization Configuration**, and then click the **ExactTarget** tab.
2. Select **Enable ExactTarget Campaigning**, and then enter the **ExactTarget WSDL URL**, and the **ExactTarget FTP** information.

Inventory Management

Poland Fiscal Inventory Export (8.4.4.7)

You can now configure and run the **Fiscal Export – Poland** job to create fiscal inventory data outputs for legal compliance. The *Oracle Hospitality Inventory Management Poland Fiscal Inventory Export User Guide* contains configuration instructions and references for the exported data.

3 Installing the Patch

Reporting and Analytics

1. Download the file `install_Patch_8.4.x.x.exe` to a local drive on the environment that is being upgraded.
2. Run `install_Patch_8.4.x.x.exe`.
3. The patch installer detects and adds all Oracle Hospitality Reporting and Analytics modules with a registered service to the install set.
4. Select **Yes** to run it and enter to appropriate database connection information to run the database update. You do not need to run the update more than once.
5. Select a backup folder to save the current builds.
6. The patch installer backs up each module in the install set, and then installs the new builds.
7. If any errors were reported, review the `patchInstaller.log` located in the `C:\temp` folder.
8. From the Windows Services Manager, start the associated services for each installed Oracle Hospitality Reporting and Analytics module.
9. Review the logs for each individual module to ensure there are no errors.
10. Review the `versionInfo.txt` file in the install directory to verify that the patch was properly installed.
