"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or

other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or

malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

ARH Inc.

END-USER LICENSE AGREEMENT

This End-User License Agreement ("AGREEMENT") is a legal agreement between YOU (either an individual or a single entity) as LICENSEE and ARH Informatics Company Limited by Shares ("ARH"), for the use of CARMEN Number Plate Recognition Software or Passport Reader Software identified below, which includes computer software with the associated

media and printed materials and "online" or electronic documentation, hereinafter referred to as the "SOFTWARE PRODUCT" or "SOFTWARE".

By installing, copying, or otherwise using the SOFTWARE, you agree to be bound by the terms of this AGREEMENT.

SOFTWARE PRODUCT LICENSE

The SOFTWARE PRODUCT is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and provisions.

1. GRANT OF LICENSE

In consideration of the license fee ARH, as LICENSER grants you, the LICENSEE the following rights:

- i. You may use one copy of the SOFTWARE identified above on a single computer. The SOFTWARE is in "use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into permanent memory (e.g. hard disk, CD-ROM, or other storage device) of that computer. However, installation on a network server for the sole purpose of internal distribution to one or more other computer(s) shall not constitute "use" for which a separate license is required, provided you have a separate license for each computer to which the SOFTWARE is distributed.
- ii. Solely with respect to electronic documents included with the SOFTWARE, you may make an unlimited number of copies (either as hardcopy or in electronic form), provided that such copies shall be used only for internal purposes and are not re-published or distributed to any third party.

2. UPGRADES

If the SOFTWARE is an upgrade, you may use or transfer the SOFTWARE only in conjunction with the upgraded product. You may use the upgrade and the upgraded product only in accordance with this AGREEMENT.

3. OWNERSHIP

The SOFTWARE is licensed, not sold. As the LICENSEE, you own the magnetic or other physical media on which the SOFTWARE is originally or subsequently recorded, but ARH retains full title and ownership to the SOFTWARE itself, regardless of the form or media in/on which it may exist.

4. COPYRIGHT

All title and copyrights in and to the SOFTWARE PRODUCT (including but not limited to any images, photographs, animations, video, audio, music, text and "applets" incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT are owned by ARH. The SOFTWARE PRODUCT is protected by copyright laws and international treaty provisions. Therefore, you must treat the SOFTWARE PRODUCT like any other copyrighted material except that you may either

- (i) make one copy of the SOFTWARE solely for backup or archival purposes or
- (ii) install the SOFTWARE PRODUCT on a single computer provided you keep the original solely for backup or archival purposes. You may not copy the printed materials supplied with the SOFTWARE PRODUCT.

5. OTHER RIGHTS AND LIMITATIONS

- i. Limitations on Reverse Engineering, Decompilation, and Disassembly: You may not reverse engineer, decompile, or disassemble the SOFTWARE PRODUCT in any case by any means.
- ii. No Separation of Components: The SOFTWARE PRODUCT is licensed as a single product and neither the software programs comprising the SOFTWARE PRODUCT or any UPDATE may be separated for use by more than one user at a time.
- iii. Rental: You may not rent or lease the SOFTWARE PRODUCT.
- iv. Software Transfer: You may permanently transfer all of your rights under this AGREEMENT, provided that you retain no copies, you transfer all of the SOFTWARE PRODUCT (including all components, parts, the media and printed materials, any upgrades, this AGREEMENT, and, if applicable, the Certificate of Authenticity), and the recipient agrees to the terms of this AGREEMENT. If the SOFTWARE PRODUCT is an upgrade, any transfer must include all prior versions of the SOFTWARE PRODUCT.

6. OTHER COMPONENTS

SDK (Software Development Kit): In addition to the license granted in Section 1, ARH grants you the right to use and modify the source code version of those portions of the SOFTWARE which are identified as SDK SAMPLE CODE and located in the appropriate subdirectory on the SOFTWARE's CD-ROM.

You may not distribute the SDK SAMPLE CODE or any modified version of the SDK SAMPLE CODE in source code form.

UTILITIES: In addition to the license granted in Section 1, ARH grants you the right to use and modify the source code version - if any - of those portions of the SOFTWARE which are identified as UTILITIES and located in the appropriate subdirectory on the SOFTWARE's CD-ROM.

You may not distribute the UTILITIES or any modified version of the UTILITIES in source code form.

If you redistribute the components described above, you agree:

- i. to distribute the components in object code form only in conjunction with and as a part of your software application product which adds significant and primary functionality and which is designed, developed, and tested to operate together with the SOFTWARE with the expressed and unquestionable functionality of recognition of number plates,
- ii. to use the name, logo, or trademarks of ARH to market your software application product only with prior written permission of ARH,
- iii. to include a valid copyright notice on your software application product,
- iv. to indemnify, hold harmless, and defend ARH from and against any claim or lawsuit, including attorney's fees, that may arise or result from the use or distribution of your software application product, and
- v. not to permit further distribution by your end user.

7. LIMITED WARRANTY

Except with respect to the SAMPLE CODE and UTILITIES, which are provided "AS IS," without warranty of any kind, ARH warrants that

- i. the SOFTWARE PRODUCT will perform substantially in accordance with the accompanying written materials for a period of ninety (90) days from the date of receipt,
- ii. any hardware and printed material accompanying the SOFTWARE PRODUCT will be free from defects in materials and workmanship under normal use and operation for a period of one (1) year from the date of receipt. To the extent allowed by applicable law, implied

warranties on the SOFTWARE PRODUCT and hardware, if any, are limited to ninety (90) days and one year, respectively.

NO OTHER WARRANTIES: EXCEPT FOR THE LIMITED WARRANTY DESCRIBED ABOVE, ARH EXPLICITLY DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH REGARD TO THE SOFTWARE PRODUCT, AND ANY ACCOMPANYING HARDWARE.

8. LIMITATION OF LIABILITY

ARH's entire liability and your exclusive remedy shall be, at ARH's option, either

- i. to refund the purchase price paid, or
- ii. to repair or replace the SOFTWARE PRODUCT or hardware that does not meet ARH's Limited Warranty and which is properly returned to ARH with a copy of your receipt. This Limited Warranty is void if failure of the SOFTWARE PRODUCT or hardware has resulted from accident, abuse, or misuse. Any replacement SOFTWARE PRODUCT or hardware will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. Neither these remedies nor any product support services offered by ARH are available without proof of purchase from ARH or an authorised source.

NO LIABILITY FOR CONSEQUENTIAL DAMAGES: IN NO EVENT SHALL ARH BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE PRODUCT, EVEN IF ARH HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

9. DURATION OF AGREEMENT

This AGREEMENT is effective from the day you open the package until terminated. You may terminate this AGREEMENT by destroying all copies of the SOFTWARE PRODUCT, returning the hardware elements of the SOFTWARE to ARH and notifying ARH of such destruction. Without prejudice to any other rights, ARH may terminate this AGREEMENT if you fail to comply with the terms and conditions set forth. In such event, you must destroy all copies and hardware elements of the SOFTWARE PRODUCT including the SOFTWARE's CD-ROM and any other ARH related hardware devices.

Restricted countries currently include, but are not necessarily limited to Cuba, Iran, North Korea, Sudan, and Syria. You warrant and represent that neither the U.S.A. Bureau of Export Administration nor any other federal agency has suspended, revoked or denied your export privileges.

11. DISCLAIMER OF WARRANTY.

DEVEXPRESS expressly disclaims any warranty for the SOFTWARE DEVELOPMENT PRODUCT(S). THE SOFTWARE DEVELOPMENT PRODUCT(S) AND ANY RELATED DOCUMENTATION IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. THE ENTIRE RISK ARISING OUT OF USE OR PERFORMANCE OF THE SOFTWARE DEVELOPMENT PRODUCT(S) REMAINS WITH YOU. No oral or written information or advice given by DEVEXPRESS or its employees shall create a warranty or in any way increase the scope of this warranty.

12. LIMITATIONS ON LIABILITY.

To the maximum extent permitted by applicable law, in no event shall DEVEXPRESS be liable for any special, incidental, indirect, or consequential damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use the SOFTWARE DEVELOPMENT PRODUCT(S) or the provision of or failure to provide Support Services, even if DEVEXPRESS has been advised of the possibility of such damages.

Developer End User understands that the SOFTWARE DEVELOPMENT PRODUCT(S) may produce inaccurate results because of a failure or fault within the SOFTWARE DEVELOPMENT PRODUCT(S) or failure by Developer End User to properly use and or deploy the SOFTWARE DEVELOPMENT PRODUCT(S). Developer End User assumes full and sole responsibility for any use of the SOFTWARE DEVELOPMENT PRODUCT(S), and bears the entire risk for failures or faults within the SOFTWARE DEVELOPMENT PRODUCT(S). You agree that regardless of the cause of failure or fault or the form of any claim, YOUR SOLE REMEDY AND DEVEXPRESS'S SOLE OBLIGATION SHALL BE GOVERNED BY THIS AGREEMENT AND IN NO EVENT SHALL DEVEXPRESS'S LIABILITY EXCEED THE PRICE PAID TO DEVEXPRESS FOR THE SOFTWARE DEVELOPMENT PRODUCT(S). This Limited Warranty is void if failure of the SOFTWARE DEVELOPMENT PRODUCT(S) has resulted from accident, abuse, alteration, unauthorized use or misapplication of the SOFTWARE DEVELOPMENT PRODUCT(S).

13. INDEMNIFICATION.

You hereby agree to indemnify DEVEXPRESS and its officers, directors, employees, agents, and representatives from each and every demand, claim, loss, liability, or damage of any kind, including actual attorney's fees, whether in tort or contract, that it or any of them may incur by reason of, or arising out of, any claim which is made by any third party with respect to any breach or violation of this Agreement by you or any claims based on the Applications and the SOFTWARE DEVELOPMENT PRODUCT(S) included herein.

14. SUPPORT SERVICES.

DEVEXPRESS may provide you with support services related to the SOFTWARE DEVELOPMENT PRODUCT(S) ("Support Services"). Use of Support Services is governed by DEVEXPRESS policies and programs described in the user manual, in "on line" documentation and/or other DEVEXPRESS provided materials. Any supplemental SOFTWARE DEVELOPMENT PRODUCT(S) provided to you as part of the Support Services shall be considered part of the SOFTWARE DEVELOPMENT PRODUCT(S) and subject to the terms and conditions of this EULA. With respect to technical information you provide to DEVEXPRESS as part of the Support Services, DEVEXPRESS may use such information for its business purposes, including for SOFTWARE DEVELOPMENT PRODUCT(S) support and development.

15. TERMINATION.

Without prejudice to any other rights or remedies, DEVEXPRESS will terminate this EULA upon your failure to comply with all the terms and conditions of this EULA. In such events, Developer End User must destroy all copies of the SOFTWARE DEVELOPMENT PRODUCT(S) and all of its component parts including any related documentation, and must remove ANY and ALL use of DEVEXPRESS intellectual property from any applications distributed by Developer End User, whether in native, altered or compiled states.

16. TAX.

Licensee will not export or re-export the Product

without both the written consent of Licensor and the appropriate U.S. and/ or foreign government license(s) or license exception(s). Licensor shall have the right to seek injunctive relief against any actual or threatened violation of these restrictions, in addition to any other available remedies. Additional restrictions may apply to certain files, programs or data supplied by third parties and embedded in the Product; consult the Product installation instructions or release notes for details. Licensee agrees to promptly report to Licensor any violations of these provisions by Licensee's employees, consultants or agents of which Licensee is aware.

6. SUPPORT AND MAINTENANCE ("Support"). Licensee is entitled to the Support services defined below as part of an annual Support fee.

6.1 ELECTRONIC SERVICES. To the extent that electronic services are available, Licensee may electronically access, at no charge, Support services which will be available twenty four (24) hours a day, seven (7) days per week. Such electronic services may include, but are not limited to: incident submission, case management and Product Releases.

6.2 SUPPORT. Support shall be applicable only to the Product licensed or sold under this Agreement for which Support fees have been paid. Support will not cover any adaptation or modification of the Product made by Licensee or any third party. Licensor may discontinue Support for any Product at any time provided that Major Releases will be covered for eighteen months after initial release. "Major Release" means a significant release containing new features or functionality and designated as an "upgrade" by Licensor. The email and phone support hours shall be as identified on the Embarcadero support website.

Support shall consist of:

- (b) Make available all updates, upgrades and other changes ("Releases") that Licensor, at its sole discretion, makes or adds to the Product and which Licensor furnishes, without charge, to other licensees of the Product that are enrolled in Support. Requests for Releases will only be honored during the support term. Physical media requires an additional charge.

6.3 TERMINATION OF SUPPORT. Licensee will pay Licensor the applicable Support fees net 30 days from the support effective date and thereafter 30 days prior to each renewal date. Licensee may cancel enrollment in Support upon written notice to Licensor at least thirty (30) days prior to the next Support Anniversary Date. If Licensee's Support has lapsed, Licensee may renew by paying a reinstatement fee as determined by Licensor at its sole discretion. In addition, Licensee must pay the annual charge for Support for the next year in advance. Such reinstatement date shall then be considered the Support Anniversary Date. Licensee agrees not to modify the Product without the prior written approval of Licensor. Unapproved alterations to the Product shall void any obligation by Licensor to provide Support for the Product, pursuant to this Section 6, during the warranty period and any subsequent period in which Licensee is enrolled in Support.

6.4 CHANGE OF SUPPORT FEES. For new license contracts, the support services fee quoted for the initial order period will be the basis for the renewal fee in the two subsequent years, subject to price increases not to exceed 5% per annum. Thereafter Licensor reserves the right to change its then current published list prices for the Products and its charge for Support at any time prior to renewal. Any such change to Support shall not take effect until the completion of the then current support term.

6.5 SERVICES; UPDATES; PRODUCT CHANGES. Licensors are not required under this Agreement to provide any installation, training or other services to licensee. Such services, if available, must be purchased separately. If Licensee purchases support and Licensors provides licensee with a new release, error correction, update, upgrade or other modification to the Product, or Licensee separately purchases an upgrade such modification or upgrade will be deemed part of the Product, and subject to the terms of this License, unless the modification is expressly provided subject to a separate license agreement. If licensee have acquired an upgrade version of the Product (whether through support or purchase of a separate upgrade), such upgrade constitutes a single Product together with the copy of the Product that licensee upgraded. This means that, although Licensee may have two sets of Product media and/or two license keys, licensee still has only one license. Therefore, licensee may not transfer the original copy of the Product or license key to any other party or user. Licensors reserves the right at any time not to release or to discontinue release of any Product and to alter prices, features, specifications, capabilities, functions, licensing terms, release dates, general availability or other characteristics of any future releases of the Product. If licensee acquires a Network Named upgrade or Concurrent upgrade license which includes rights to older product versions, then Licensee must deactivate the upgraded license upon installation of the upgrade license provided that the product version(s) of the upgraded license are also included in the upgrade license.

Licensors shall invoice Licensee for the initial Support fees upon the initial order of the licensed Products (the "Support Anniversary Date"). Sixty (60) days prior to each annual Support Anniversary Date of the licensed Products, Licensors shall invoice Licensee the then-current fee for the next year of Support.

8. LIMITED WARRANTY AND CONDITIONS. Licensors warrants and conditions for a period of sixty (60) days that the media on which the Product is furnished will be, under normal use, free from defects in material and workmanship. Licensors also warrants that the Product will perform in all material respects with the operating specifications contained in the accompanying Product documentation, for a period of sixty (60) days from the date of shipment. Other than with respect to any indemnification hereunder, Licensors's entire liability and Licensee's exclusive remedy under this provision will be for Licensors to use commercially reasonable efforts to remedy defects covered by this warranty and condition within a reasonable period of time or, at Licensors's option, either to replace the defective Product or to refund the amount paid by Licensee to license the use of the Product. Licensors does not warrant or condition that the operation of the Product will be uninterrupted or error free or that all software defects can be corrected. This warranty and condition shall not apply if (a) the Product is not used in accordance with applicable documentation; (b) Product defect has been caused by Licensee's malfunctioning equipment; or (c) Licensee has made modifications to the Product not expressly authorized in writing by Licensors. No employee, agent, or representative of Licensors has the authority to bind Licensors to any oral representations, warranties or conditions concerning the Product. Any written representation, warranty or condition not expressly contained in this Agreement shall not be enforceable.

THIS WARRANTY AND CONDITION IS IN LIEU OF ALL OTHER WARRANTIES AND CONDITIONS. THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING WITHOUT LIMITATION THOSE OF MERCHANTABILITY,

FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, REGARDING THIS AGREEMENT OR ANY PRODUCT (S) LICENSED HEREUNDER.

9. LIMITATION OF LIABILITY. 10. INDEMNIFICATION FOR INFRINGEMENT. Licensor will defend or settle, at its own expense, any claim against Licensee asserting a patent, copyright, trademark, trade secret or proprietary right violation which concerns the Product used within the scope of the License hereunder. Licensor shall indemnify Licensee against any loss, expense or liability including reasonable attorney's fees from any damages alleged against Licensee. However, Licensee must promptly notify Licensor in writing after Licensee first receives notice of any such claim, action or allegation of infringement and, Licensor shall have sole control of the defense of any action and all negotiations for its settlement or compromise, with the reasonable assistance of Licensee. Licensor shall not be liable for any costs or expenditures incurred by Licensee without Licensor's prior written consent. If an injunction or order is obtained against Licensee's use of the Product by reason of the allegations of infringement, or if in Licensor's or Licensee's opinion the Product is likely to become the subject of a claim of infringement, Licensor shall, at its expense:

- (a) Procure for Licensee the right to continue using the Product; or
- (b) Modify or replace the Product with a compatible, functionally equivalent, non-infringing Product(s); or
- (c) If neither (a) nor (b) is reasonably practical in Licensor's judgment, remove the Product and issue Licensee a pro rata credit based upon the License fees paid for the Product prorated over a thirty-six (36) month period from the date of shipment of the Product. Thereafter, termination shall proceed in accordance with the terms of Section 4.

This Section 10 is Licensor's sole liability and Licensee's exclusive remedy in the event of intellectual property infringement of any kind.

11. VERIFICATION. Any such audit shall be conducted during regular business hours at Licensee's facilities and shall not unreasonably interfere with Licensee's business activities. If an audit reveals that LICENSEE has underpaid fees to Licensor, Licensee shall be invoiced for such underpaid fees (based on the list prices in effect at the time the audit is completed); and if the underpaid fees exceed 5% of the License fees already paid, then Licensee shall also pay Licensor the reasonable costs of conducting the audit.

The party facing an event of force majeure shall use its commercially reasonable efforts in order to remedy that situation as well as to mitigate its effects.

18. WAIVER. The waiver by a party of one breach or default by another party under this Agreement will not constitute the waiver of any subsequent breach or default. No waiver shall be effective unless made in writing and signed by an authorized representative of the waiving party.

the Contributor Version) or other devices; or 4) under Patent Claims infringed by Covered Code in the absence of Modifications made by that Contributor.

3. Distribution Obligations.

3.1. Application of License.

The Modifications which You create or to which You contribute are governed by the terms of this License, including without limitation Section 2.2. The Source Code version of Covered Code may be distributed only under the terms of this License released under Section 6.1, and You must include a copy of this License with every copy of the Source Code You distribute. You may not offer or impose any terms on any Source Code version that alters or restricts the applicable version of this License or the recipients' rights hereunder. However, You may include an additional document offering the additional rights described in Section 3.5.

3.2. Availability of Source Code.

Any Modification which You create or to which You contribute must be made available in Source Code form under the terms of this License either on the same media as an Executable version or via an accepted Electronic Distribution Mechanism to anyone to whom you made an Executable version available; and if made available via Electronic Distribution Mechanism, must remain available for at least twelve (12) months after the date it initially became available, or at least six (6) months after a subsequent version of that particular Modification has been made available to such recipients. You are responsible for ensuring that the Source Code version remains available even if the Electronic Distribution Mechanism is maintained by a third party.

3.3. Description of Modifications.

You must cause all Covered Code to which You contribute to contain a file documenting the changes You made to create that Covered Code and the date of any change. You must include a prominent statement that the Modification is derived, directly or indirectly, from Original Code provided by the Initial Developer and including the name of the Initial Developer in (a) the Source Code, and (b) in any notice in an Executable version or related documentation in which You describe the origin or ownership of the Covered Code.

3.4. Intellectual Property Matters

(a) Third Party Claims.

If Contributor has knowledge that a license under a third party's intellectual property rights is required to exercise the rights granted by such Contributor under Sections 2.1 or 2.2, Contributor must include a text file with the Source Code distribution titled "LEGAL" which describes the claim and the party making the claim in sufficient detail that a recipient will know whom to contact. If Contributor obtains such knowledge after the Modification is made available as described in Section 3.2, Contributor shall promptly modify the LEGAL file in all copies Contributor makes available thereafter and shall take other steps (such as notifying appropriate mailing lists or newsgroups) reasonably calculated to inform those who received the Covered Code that new knowledge has been obtained.

(b) Contributor APIs.

If Contributor's Modifications include an application programming interface and Contributor has knowledge of patent licenses which are reasonably necessary to implement that API, Contributor must also include this information in the LEGAL file.

(c) Representations.

Contributor represents that, except as disclosed pursuant to Section 3.4(a) above, Contributor believes that Contributor's Modifications are Contributor's original creation(s) and/or Contributor has sufficient rights to grant the rights conveyed by this License.

3.5. Required Notices.

You must duplicate the notice in Exhibit A in each file of the Source Code. If it is not possible to put such notice in a particular Source Code file due to its structure, then You must include such notice in a location (such as a relevant directory) where a user would be likely to look for such a notice. If You created one or more Modification(s) You may add your name as a Contributor to the notice described in Exhibit A. You must also duplicate this License in any documentation for the Source Code where You describe recipients' rights or ownership rights relating to Covered Code. You may choose to offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Code. However, You may do so only on Your own behalf, and not on behalf of the Initial Developer or any Contributor. You must make it absolutely clear that any such warranty, support, indemnity or liability obligation is offered by You alone, and You hereby agree to indemnify the Initial Developer and every Contributor for any liability incurred by the Initial Developer or such Contributor as a result of warranty, support, indemnity or liability terms You offer.

3.6. Distribution of Executable Versions.

You may distribute Covered Code in Executable form only if the requirements of Section 3.1-3.5 have been met for that Covered Code, and if You include a notice stating that the Source Code version of the Covered Code is available under the terms of this License, including a description of how and where You have fulfilled the obligations of Section 3.2. The notice must be conspicuously included in any notice in an Executable version, related documentation or collateral in which You describe recipients' rights relating to the Covered Code. You may distribute the Executable version of Covered Code or ownership rights under a license of Your choice, which may contain terms different from this License, provided that You are in compliance with the terms of this License and that the license for the Executable version does not attempt to limit or alter the recipient's rights in the Source Code version from the rights set forth in this License. If You distribute the Executable version under a different license You must make it absolutely clear that any terms which differ from this License are offered by You alone, not by the Initial Developer or any Contributor. You hereby agree to indemnify the Initial Developer and every Contributor for any liability incurred by the Initial Developer or such Contributor as a result of any such terms You offer.

3.7. Larger Works.

You may create a Larger Work by combining Covered Code with other code not governed by the terms of this License and distribute the Larger Work as a single product. In such a case, You must make sure the requirements of this License are fulfilled for the Covered Code.

4. Inability to Comply Due to Statute or Regulation.

If it is impossible for You to comply with any of the terms of this License with respect to some or all of the Covered Code due to statute, judicial order, or regulation then You must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and the code they affect. Such description must be included in the LEGAL file described in Section 3.4 and must be included with all distributions of the Source Code. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a recipient of ordinary skill to be able to understand it.

5. Application of this License.

This License applies to code to which the Initial Developer has attached the notice in Exhibit A and to related Covered Code.

6. Versions of the License.

6.1. New Versions.

Netscape Communications Corporation ("Netscape") may publish revised and/or new versions of the License from time to time. Each version will be given a distinguishing version number.

6.2. Effect of New Versions.

Once Covered Code has been published under a particular version of the License, You may always continue to use it under the terms of that version. You may also choose to use such Covered Code under the terms of any subsequent version of the License published by Netscape. No one other than Netscape has the right to modify the terms applicable to Covered Code created under this License.

6.3. Derivative Works.

If You create or use a modified version of this License (which you may only do in order to apply it to code which is not already Covered Code governed by this License), You must (a) rename Your license so that the phrases "Mozilla", "MOZILLAPL", "MOZPL", "Netscape", "MPL", "NPL" or any confusingly similar phrase do not appear in your license (except to note that your license differs from this License) and (b) otherwise make it clear that Your version of the license contains terms which differ from the Mozilla Public License and Netscape Public License. (Filling in the name of the Initial Developer, Original Code or Contributor in the notice described in Exhibit A shall not of themselves be deemed to be modifications of this License.)

7. DISCLAIMER OF WARRANTY.

COVERED CODE IS PROVIDED UNDER THIS LICENSE ON AN "AS IS" BASIS, WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES THAT THE COVERED CODE IS FREE OF DEFECTS, MERCHANTABILITY, FIT FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE COVERED CODE IS WITH YOU. SHOULD ANY COVERED CODE PROVE DEFECTIVE IN ANY RESPECT, YOU (NOT THE INITIAL DEVELOPER OR ANY OTHER CONTRIBUTOR) ASSUME THE COST OF ANY NECESSARY SERVICING, REPAIR OR CORRECTION. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS LICENSE. NO USE OF ANY COVERED CODE IS AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.

8. TERMINATION.

8.1. This License and the rights granted hereunder will terminate automatically if You fail to comply with terms herein and fail to cure such breach within 30 days of becoming aware of the breach. All sublicenses to the Covered Code which are properly granted shall survive any termination of this License. Provisions which, by their nature, must remain in effect beyond the termination of this License shall survive.

8.2. If You initiate litigation by asserting a patent infringement claim (excluding declaratory judgment actions) against Initial Developer or a Contributor (the Initial Developer or Contributor against whom You file such action is referred to as "Participant") alleging that:

(a) such Participant's Contributor Version directly or indirectly infringes any patent, then any and all rights granted by such Participant to You under Sections 2.1 and/or 2.2 of this License shall, upon 60 days notice from Participant terminate prospectively, unless if within 60 days after receipt of notice You either: (i) agree in writing to pay Participant a mutually agreeable reasonable royalty for Your past and future use of Modifications made by such Participant, or (ii) withdraw Your litigation claim with respect to the Contributor Version against such Participant. If within 60 days of notice, a reasonable royalty and payment arrangement are not mutually agreed upon in writing by the parties or the litigation claim is not withdrawn, the rights granted by Participant to You under Sections 2.1 and/or 2.2 automatically terminate at the expiration of the 60 day notice period specified above.

(b) any software, hardware, or device, other than such Participant's Contributor Version, directly or indirectly infringes any patent, then any rights granted to You by such Participant under Sections 2.1(b) and 2.2(b) are revoked effective as of the date You first made, used, sold, distributed, or had made, Modifications made by that Participant.

8.3. If You assert a patent infringement claim against Participant alleging that such Participant's Contributor Version directly or indirectly infringes any patent where such claim is resolved (such as by license or settlement) prior to the initiation of patent infringement litigation, then the reasonable value of the licenses granted by such Participant under Sections 2.1 or 2.2 shall be taken into account in determining the amount or value of any payment or license.

8.4. In the event of termination under Sections 8.1 or 8.2 above, all end user license agreements (excluding distributors and resellers) which have been validly granted by You or any distributor hereunder prior to termination shall survive termination.

9. LIMITATION OF LIABILITY.

UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER TORT (INCLUDING NEGLIGENCE), CONTRACT, OR OTHERWISE, SHALL YOU, THE INITIAL DEVELOPER, ANY OTHER CONTRIBUTOR, OR ANY DISTRIBUTOR OF COVERED CODE, OR ANY SUPPLIER OF ANY OF SUCH PARTIES, BE LIABLE TO ANY PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR ANY

AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES, EVEN IF SUCH PARTY SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY SHALL NOT APPLY TO LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM SUCH PARTY'S NEGLIGENCE TO THE EXTENT APPLICABLE LAW PROHIBITS SUCH LIMITATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION AND LIMITATION MAY NOT APPLY TO YOU.

10. U.S. GOVERNMENT END USERS.

The Covered Code is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire Covered Code with only those rights set forth herein.

11. MISCELLANEOUS.

This License represents the complete agreement concerning subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. This License shall be governed by California law provisions (except to the extent applicable law, if any, provides otherwise), excluding its conflict-of-law provisions.

With respect to disputes in which at least one party is a citizen of, or an entity chartered or registered to do business in the United States of America, any litigation relating to this License shall be subject to the jurisdiction of the Federal Courts of the Northern District of California, with venue lying in Santa Clara County, California, with the losing party responsible for costs, including without limitation, court costs and reasonable attorneys' fees and expenses. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not apply to this License.

12. RESPONSIBILITY FOR CLAIMS.

As between Initial Developer and the Contributors, each party is responsible for claims and damages arising, directly or indirectly, out of its utilization of rights under this License and You agree to work with Initial Developer and Contributors to distribute such responsibility on an equitable basis. Nothing herein is intended or shall be deemed to constitute any admission of liability.

13. MULTIPLE-LICENSED CODE.

Initial Developer may designate portions of the Covered Code as "Multiple-Licensed". "Multiple-Licensed" means that the Initial Developer permits you to utilize portions of the Covered Code under Your choice of the NPL or the alternative licenses, if any, specified by the Initial Developer in the file described in Exhibit A.

## SAP Crystal Reports

Version 2011

SAP Crystal Reports can be used for report design, as well as application and Web report delivery. This is a summary of key licensing terms found in the SAP Product Use Rights document, which is incorporated into your End-User Licensing Agreement (EULA), by reference.

For even more licensing and use rights details, refer to the [SAP Software Use Rights](#) and [EULA](#) documents.

### **Report Design Licensing:**

SAP Crystal Reports is licensed on a named-user basis for report design.

### **Component Engine Redistribution Licensing:**

Unlike previous versions, SAP Crystal Reports 2011 does not include a runtime engine. Developer customers should create their application reports using the powerful SAP Crystal Reports 2011 designer, and then use the free [SAP Crystal Reports, version for Visual Studio 2010](#) or [SAP Crystal Reports, version for Eclipse](#) APIs and runtime engines for integrating reports with applications. Both the .net and Java runtime engines are considered component engines, as they run in-process with a hosting application.

### **Thick-Client Applications for Internal or External Redistribution:**

When component engines are embedded into thick-client applications, they may be freely redistributed both internally and externally to third parties.

### **Web Applications Developed for Internal Business Purposes:**

When component engines are embedded into Web applications used for internal business purposes, they may be freely redistributed internally only.

### **Web Applications for External Redistribution:**

To externally redistribute Web applications with embedded component engines, the application developer must acquire a licensed copy of SAP Crystal Reports each time the application is deployed (installed) by a third party.

Software-as-a-service deployments require an OEM license. For more information on OEM partnership, or to contact the OEM partner team, see the OEM partner brochure.

**Upgrade Licensing:**

If you acquired an upgrade license to SAP Crystal Reports, then you can continue to use your older version simultaneously with the new version. Service packs and patches do not grant additional licenses.

**Use with OEM Products:**

If you acquired your copy of SAP Crystal Reports bundled with a third-party application (e.g., an OEM application), then you have what is known as a restricted license. In this case you can use SAP Crystal Reports only with that bundled application.

For more information on restricted licenses please refer to the [SAP Software Use Rights](#).

## SecureBlackbox Standard VCL edition

### SecureBlackbox Vendor License Agreement version 5.0

[See version 4 of this License Agreement](#)

[See version 3 of this License Agreement](#)

[See version 2 of this License Agreement](#)

[See version 1 of this License Agreement](#)

SecureBlackbox is a commercial product available for use in third-party software according to the terms of the [License Agreement](#) that is stated [below](#).

As the license agreement is written in legal language which is sometimes hard to understand, here's a brief explanation of its terms in plain text.

The rights given by the License Agreement can not be obtained free of charge. If you want to use SecureBlackbox, you have to pay for the license.

According to this license you have the right to use SecureBlackbox **without paying runtime fees** in your end-user applications and web applications or web services.

You have the right to distribute SecureBlackbox in compiled form (or in a form of ActiveX object, DLL library, .NET Assembly etc. which were received from EldoS) with your end-user applications or web services.

If you are a developer of an ActiveX object, shared object, dynamic-link library, Java bean, Delphi component or other similar library that is developed for use by third-parties external to your company, please note that use and distribution of SecureBlackbox in **Middleware is not covered** by this license. If you want to use SecureBlackbox in your Middleware (as named before), please read about [Middleware license](#).

SecureBlackbox is licensed on per-developer basis and one copy of SecureBlackbox can be installed on any number of computers as long as it is used by one developer. Every developer, whose work requires SecureBlackbox to be installed, requires a separate license. Company license can be installed on any number of computers, which belong to the same company/organization, within one country.

The license key is an integral part of SecureBlackbox and must be treated in the same way as a binary code of SecureBlackbox (i.e. the production license key can be distributed only in your software product and only within your company/organization).

SecureBlackbox authors are not responsible for any damage caused by use or impossibility to use SecureBlackbox in your applications. However we engage ourselves to fix the reported bugs if possible.

## EULA

Our demos and component setups include also executables which show the functionality of our components.

This executables are provided for evaluation purpose only – they may not be used in production. The demos come without any warranty of any kind, please use them only to check the capabilities of the components. THE USER ASSUMES THE ENTIRE RISK OF ANY DAMAGE CAUSED BY THIS SOFTWARE.

[>>> .NET, ActiveX Controls and DLLs](#)

[>>> Buy Upgrades](#)

## ONE DEVELOPER LICENSE

This license type allows is sufficient if you have one developer creating the product (not product “module”) which utilizes our component. This kind of licenses are usually bought by companies who have just one developer or who are still in the evaluating phase. If you have 2 or 3 Developers please buy a license for each of them. The license is not transferable after the first executable was brought into circulation.

## MODULAR SOFTWARE

You may use our products to develop modular software – for example one developer could create the reporting using our text and PDF engine, another does the user interface and the third writes the SQL code. This is allowed under our license, but, all developers in the project need a developing license for the used WPCubed Product in this case. This would be three licenses in this example.

If you are working with one license to develop the project, you need the additional licenses the latest when You start distributing the software which also means the inclusion of our copyrighted material.

## TEAM LICENSE

The team licenses are valid for up to 6 developers who are working on a product. Often only one developer of this team is directly involved with developing within the component, the other developers create the modules and all modules together are the product. This license is usually bought by companies who have more than 3 developers. Savings of 33% or more are possible.

## SITE LICENSE

The SITE Licenses are valid for up to 20 developers within the same company at one geographic location (address). Savings of 50% or more are possible.

## CORPORATE LICENSE

The Corporate License is valid for a unlimited number of developers within the same company or corporation within the same country – please request a price quote.

## INTERNETSERVER LICENSE STANDARD/UNLIMITED

This Licenses is for PDF internet server products. (Definition: Server takes input sent through internet and sends out an answer through internet, ie. order and information systems)

The standard license allows it to install your product on one server (IP/domain) while the unlimited license allows the installation on an unlimited count of servers. Unlike with many competing products, the count of concurrent users is not limited.

## DISTRIBUTION LICENSE

This allows you to embed our component within your EXE files or include the redistributable DLLs/OCX with your application. The created product may not be a module of any kind, unless it has been taken care of, that no developer who does not have a valid developing license for the utilized component can access the interface of this module. This limitation explains why you always need at least a “team license” if your product has a modular architecture and is created by several developers.

In general it is not allowed to create ActiveX or programming modules of any kind!

The distribution license is included free – if all involved developers are licensed. So please get a development license for each of your developers or save money with the TEAM or SITE licenses.

**In case you have a single license for WPTools and the company distributed the created application, it is NOT possible to assign the license to a different developer. Any other developer who is working later with WPTools (on the same or a different product) must have a new license.**

Please register your copy with a valid e-mail at your company site.

VCL Products – for Delphi and C++Builder

Our VCL products (WPTools, wPDF, WPForm, WPSpell) have been created for Delphi and C++Builder. You may not alter the source to use it with other compilers. The tools have been created for Windows. It is not allowed to modify the products to work with other operating systems, such as MAC OS.
