Copyright © 1995, 2017, Oracle and/or its affiliates. All rights reserved.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Contents

Preface ..... **iv**
Audience iv

Interface 2-2
IslandPOS (7.30.872.1) 2-2
3 Installing the Patch **3-1**
General Upgrade 3-1
.Net Framework 4.5 Compatibility 3-1
Web Service Upgrade 3-2

Preface

This document provides information regarding the patch releases for Release 7.30.0872. Patches can include:

- Defect and performance fixes
- Features and updates
- Technology upgrades

For more information on Shipboard Property Management System (SPMS), refer to the product documentation on the Oracle Help Center and My Oracle Support.

Audience

This document is intended for customers who have installed Release 7.30.0872.

Customer Support

To contact Oracle Customer Support, access My Oracle Support at the following URL:
https://support.oracle.com

When contacting Customer Support, please provide the following:

- Product version and program/module name
- Functional and technical description of the problem (include business impact)
- Detailed step-by-step instructions to re-create
- Exact error message received and any associated log files
- Screen shots of each step you take

Documentation

Oracle Hospitality product documentation is available on the Oracle Help Center at
http://docs.oracle.com/en/industries/hospitality/

Revision History

Date	Description of Change
March 2017	• Initial publication

1 Patch Releases

Table 1-1 - SPMS Patch Releases

Patch	Description	Release Date
7.30.0872.1	• Bug fixes only	March 2017

For a complete list of fixed issues, access https://support.oracle.com.

2 Features and Updates

Interface

IslandPOS (7.30.872.1)

Optimized synchronization performance by reducing the number of records to process to 100 record per loop instead of 23000 per loop.

3 Installing the Patch

General Upgrade

1. Download the appropriate patch at https://support.oracle.com.
2. Run the latest **Database Installer** on the environment that is being upgraded.

   For more detailed steps on how to upgrade, refer to https://mosemp.us.oracle.com/mosspui/src/km/viewers/documentDisplay.html#2216562.1
3. For customers upgrading from version below *.868* and interfacing with **Oracle Hospitality POS**, an ISL update on Oracle Hospitality System and FidelioSPMSInterface.dll v1.08p is required. Please contact Oracle Support for assistance.

.Net Framework 4.5 Compatibility

1. Clients using the following applications are required to install the **Microsoft .Net Framework 4.5.**
   - FC Event
   - FC Ticket
   - FC WPF Security
   - FC WPF Dash
2. Download a copy of the installation file from https://www.microsoft.com/enau/download/details.aspx?id=30653 and manually run the offline Microsoft .NET Framework 4.5 Installer for client using these Operating System:
   - Microsoft Windows Vista SP2
   - Microsoft Windows 7 SP1
   - Microsoft Windows 8
   - Microsoft Windows Server 2008 SP2
   - Microsoft Windows Server 2008R SP1
   - Microsoft Windows Server 2012 x86 bit
   - Microsoft Windows Server 2012 x64 bit
3. For Microsoft Windows 10 user, ensure the **Microsoft .NET Framework 2 and 3.5** is turned on in Window Features.

Web Service Upgrade

1. Download the *Automated Webservices Installer - Installation Guide* from http://docs.oracle.com/en/industries/hospitality/
2. Install according to steps of *'1. Web Services Installation'* in the guide.
