Step 10.Underwriting Proposal Preparation

At this stage, the credit admin evaluates the application based on the inputs from the previous stages. The credit admin will review the initial credit write up and decides to support or reject the application. The credit admin will also have the option to send the application to underwriter for revision. The underwriter arrives at the interest rate, tenor and the charges, based on the evaluation of the application with details and analysis performed so far. The

Underwriter prepares the final credit recommendation summary that will include all aspects of the deal like borrower details, finance details, underwriting details, pricing, justification for recommendation and final term sheet.

Step 11. Underwriting Proposal Review

At this stage, the Credit Admin reviews the credit recommendation summary. If there is any error, then the credit admin routes the application back to underwriter for rectification. The system does not allow any modification of details in this stage by the credit admin.

Step 12.Application Modification

At this stage, the user modifies the application details as per the underwriter review comments. The user interacts the customer, in case of additional documents which are required for further processing as mentioned by the reviewer. In case of any additional approval, the modified application is sent back to underwriter for pre-qualification approval. .

The screenshot displays the 'Corporate Ijarah Financing Application Modification' window. The interface includes a top menu bar with options like 'Save', 'Hold', and 'View'. Below this, there are several input fields for application details: 'Application Number', 'Applicant Branch' (set to 000), 'Application Date' (2015-01-03), 'Application Category', 'Application Type' (Ijarah), and 'Asset Type' (Home). Below these fields is a tabbed interface with tabs for 'Applicant', 'Financials', 'Financing', 'Components', 'Charges', 'Limits', 'Asset Details', 'Terms', 'Deviations', 'Summary', and 'Comments'. The 'Financing' tab is active, showing 'Financing Enquiry' fields (Lead Id, Enquiry ID) and 'Preferences' (KYC Required, Collateral Valuation Required, Risk Evaluation Required, Legal Verification Required, External Check). Below this are 'Lessee Details' (Branch, Type, Customer Id, Customer Name, Liability Id) and 'Industry Details' (Industry Category, Main Industry, Sub Industry, Sector, Sub Sector).
