This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

2 New Features and Updates

This section contains the new features and updates in this patch release.

Hotel Property Interface Release 8.10.0.1

- This release supports an HTTPS connection with a Transport Layer Security (TLS) version 1.1 or 1.2 to connect with vendors using root certificates and client certificates provided by the vendor.
- You can view the version number for the `IFc8ComEx.dll` file in the Hotel Property Interface application.

This release provides new drivers and an interface controller for the following systems to connect to the Oracle Hospitality OPERA Property Management System or the Oracle Hospitality Suite8 application:

In Germany for the:

- BKShotel Door Locking System by BKS GmbH

In the United States for:

- CVS Video System by Advanced Digital Broadcast
- Mosino Video System by Mosino-Amaya

In Australia for:

- Myport Hi Speed Internet Access System by Myport

In China for:

- Gamma HotelECO Solution Platform Building Management System by Shanghai SIIC-Longchuang Smart Energy Technology Co. Ltd
- efPOS Point-of-Sale System by eframe Sdn Bhd

3 Technology Upgrades

Supported Operating Systems

The following lists contains the supported Microsoft Windows operating systems:

- Microsoft Windows 7 SP1 32-bit and 64-bit
- Microsoft Windows 8.1 32-bit and 64-bit
- Microsoft Windows 10 64-bit
- Microsoft Windows 2008 Server R2 32-bit and 64-bit
- Microsoft Windows 2012 Server

The Oracle Hotel Property Interface supports using a computer running a VMware ESXi release 5.1.0 and higher.

This release supports the following Oracle Hospitality Property Management Systems:

- Oracle Hospitality Suite8 release 8.10 and higher
- Oracle Hospitality OPERA Property Management System release 5.0.4.02 and higher
